

JEFFRIES IS FIT AND EAGER TO GO AFTER JOHNSON

Big Fighter Lands in New York in Prime Shape for Work.

Condition Surprises Those Who Meet Him—Shy on Talk of Weight.

He Denies Story of Big Purse Demanded—Will Fix Terms Soon.

New York, Oct. 22.—James J. Jeffries has come back from his European trip, ready and fit to fight Jack Johnson for the heavyweight championship of the world.

In the quiet environs of Carlstadt, Bohemia, and unobserved by the visitors to that watering place, the one-time blemished pugilist has been training vigorously without giving the slightest hint to his friends in America of what he was doing.

It was in fighting trim that Jim Jeffries walked down the gang plank of the steamship Lusitania, which arrived today. His solid bulk of frame was without superfluous flesh and his complexion was clear. A host of admirers at the dock were amazed at the physical condition of the retired champion.

He is ready to fight Johnson tomorrow, said the big fellow, and the sooner the articles are signed the better. He will live up to the Berge agreement, but as to details they can take care of themselves.

"What about Johnson?" was asked.

"Jeffries" frowned and snarled, and with a shrug of his massive shoulders he replied:

"I care nothing about Johnson. That's his business."

EARTHQUAKE TAKES CUE FROM HIS WORDS

FRANK A. PERRET, American seismologist, of whose prediction of telluric convulsions about this time has frightened Italians.

SEVERE TEST OF WIRELESS

Naval Department Plans Final Tryout of System Over the Sea.

Demand Constant Means of Communication at 3,000 Miles.

Washington, Oct. 22.—The navy is soon to conduct experiments in long distance wireless telegraphy. Impressed with the importance of a system which will in cases of necessity transmit messages from some place on the Atlantic seaboard for a distance of 3,000 miles, the subject was taken up in earnest almost a year ago.

Such long distance communication, the officials say, will prove invaluable to the government in times of war. The navy department will be able to control and direct readily from shore the movements of the fleet. This, together with the proposition to install wireless apparatus on ships so that they may be able to communicate with each other at a distance of 1,000 miles, will put the government in a position

(Continued on page 20, sixth column.)

SAY MC'CARREN CANNOT LIVE

Doctors Declare His Death Is Only a Matter of a Few Hours.

New York, Oct. 22.—Senator Patrick H. McCarren's fight for life is believed to be nearing its end. This morning his pulse rose to 120 and it was announced at the Brooklyn hospital where he was operated on for appendicitis a week ago that the patient probably had only a few hours left to live. Hypodermic injections are being given to stimulate his rapidly failing heart motion, but with little success.

This afternoon, Dr. Hughes said: "Senator McCarren is in a frightful condition. There is no hope. The latest ray of hope. When I say that I mean we will not give up at the end. The patient is still conscious and is now trying to sleep. We are unable to sustain the heart action."

THREE SENT TO THE GALLIES

One Hanging Takes Place in Chicago and Two in Alabama.

Chicago, Oct. 22.—Andrew Williams, colored, was hanged here today for the murder of his wife. The murder was committed nearly two years ago. The hanging was the first here in two years.

Colored Preacher Hanged.

Groverville, Ala., Oct. 22.—Louis Ball, a negro preacher, was hanged here today for the murder of a deputy sheriff last August.

Slayer of Two Executed.

Montgomery, Ala., Oct. 22.—William Stevenson, murderer of his wife and daughter in Crenshaw county a few months ago, was hanged today at Luverne.

KNUD RASMUSSEN WRITES THAT ESKIMOS SAY COOK REACHED POLE

Copenhagen, Oct. 22.—In a letter to his wife, Knud Rasmussen tells of meeting Dr. Cook and relates how he got to the pole.

The letter is dated Julianaholm, Greenland, Sept. 25, and says:

"The last post from Denmark tells that there has been some surprise among my countrymen that I have not sent any statements to civilization about my impressions of Dr. Cook's North Pole trip, therefore have I to take this opportunity, which is afforded me by the accidental meeting of the steamer Expedient, to send my opinion to Denmark."

I left on a voyage to Umanak bay, North Greenland, when Cook passed Umanak going south by way of plowing, where he was going to wait for the steamer Hans Egede to take him to Copenhagen."

Predicted the Dispute.

"Just before I left from Umanak on July 18, I wrote a letter to Cook, the contents of which were as follows: 'My heartiest congratulations on your happy North Pole journey. Your victory is the greatest in the history of Arctic explorations, and will bear

its reward in itself, but great victories always bring envy to the daylight, and you will on your return have to reckon with a big fight with the always ready doubters.

"I, therefore, mean to be a great help to you if I can. When I am visiting the polar Eskimos at Cape York I will take a thorough interview with your companions if I happen to meet them. In order to help me in getting the interview as complete as possible, I ask you to give a short resume of your journey before you leave Greenland, and I ask you to send these to Umanak by the Hans Egede."

Will Add to Statement.

"After talking with Dr. Cook I decided that a defense from him would be out of place.

"But now, after the information which I have from the newspapers, I think the moment has come to speak. My report will be supplemented when I arrive at Copenhagen at the beginning of November.

"The polar Eskimos are, of course, on the way to the pole or if he has really reached the 90th deg., but

FORECAST COMES TRUE

American's Prediction of Seismic Troubles Is Verified.

Earth Shakes at Messina and Mount Vesuvius Is in Eruption.

Messina, Oct. 22.—Earth shocks felt in the vicinity of Mount Etna yesterday, coinciding with the renewed activity of Mount Vesuvius, have caused much alarm here. The fact that such seismic disturbances had been predicted by Frank A. Perret, the American seismologist, formerly assistant director of the Royal observatory on Mount Vesuvius, does not lessen the uneasiness.

Mr. Perret was in the city the last week of September, and at that time pointed out that Sept. 28 would be a

WALKS OFF DOCK; ENGINEER LOST

Employee of Northwestern Road at Ashland Drowns in the Bay.

Ashland, Wis., Oct. 22.—(Special to The Herald.)—Napoleon Harriman of Wausau, a Northwestern engineer, perished by falling from an ore dock here.

His engine stopped on the ore dock to oil up, when the signal was given for the train to move. The engineer was missed. An hour later his body was found floating in the water. He had evidently walked on the dock in the darkness.

ADDITIONS TO THE LIST

Raise the Sum for Governor Johnson Memorial to Nearly \$1,275.

Only One More Week Left to Complete the Fund.

The Johnson Memorial Fund today stands as follows:

Previously acknowledged...\$1,262.72
Received up to noon today... 12.00

Total to date...\$1,274.72

The contributions to the Governor Johnson Memorial fund did not show as large an increase today as was recorded yesterday, but this is due in a great measure to the large sum received from the Duluth public schools swelling yesterday's list to unusual proportions. The aggregate amount

JUSTICE PECKHAM IS SERIOUSLY ILL

Member of Federal Supreme Court at His Home in Altamont.

Albany, N. Y., Oct. 22.—Rufus W. Peckham, justice of the United States supreme court, is seriously ill at his summer home in Altamont, Albany county. Justice Peckham is suffering from a circulatory disturbance with which he has been troubled for a long time. Of late, however, the condition has grown worse. His physicians said today that he passed a comfortable night and was resting easily this morning.

HOME RULE HOPES GROW

O'Connor Gives Interview in New York—Says Crisis Is Near.

Election Predicted By Irish Leader Is Feared By the King.

New York, Oct. 22.—Budding hopes for home rule for Ireland are held out by E. P. O'Connor, member of parliament for Liverpool and one of John Redmond's chief lieutenants, who arrived here today on the Lusitania to spend a short time in this country raising funds to aid the Irish parliamentary party.

As the situation now stands everything hinges on the action to be taken

FLESH REDUCER MAKES HIM SICK

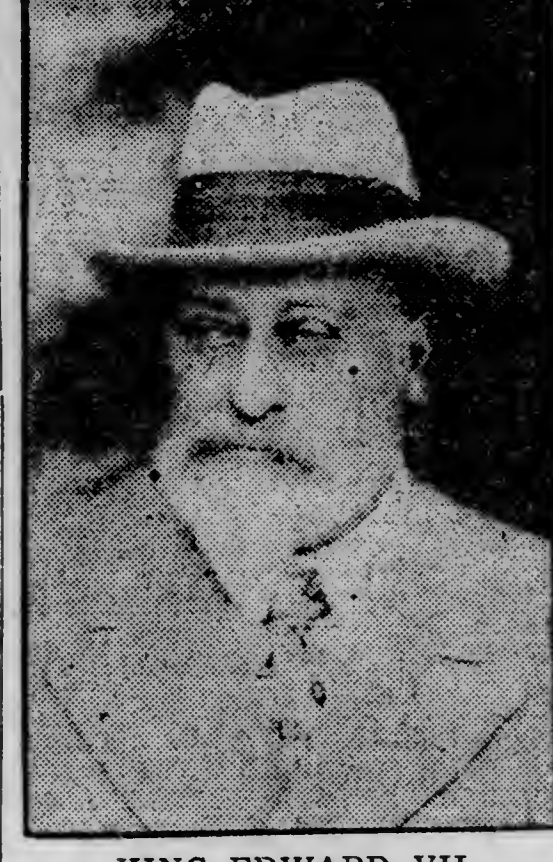

Papal Secretary Suffers From Overdose of Cure for Obesity.

Rome, Oct. 22.—Papal Secretary Merry Del Val is recovering from the effects of an overdose of an obesity cure, which threw him into violent convulsions Wednesday evening. The pope hastily summoned the Vatican surgeon, who revived Del Val after several hours' hard work.

The secretary has been taking a mixture designed to relieve him of superfluous flesh, and Dr. Apecci said that the violent attack was undoubtedly the result of an overdose of the preparation.

OVERTHROW OF MAURA'S REGIME TO BE COMPLETE

WARNS HOUSE OF LORDS AGAINST AN ELECTION

KING EDWARD VII OF ENGLAND. Reproduced from his latest photograph.

CAN PREVENT EPIDEMICS

Nathan Straus Tells of What Pasteurized Milk Has Accomplished.

Makes Report at Richmond on Checking Disease in New York.

Richmond, Va., Oct. 22.—That typhoid fever, as well as other diseases, including tuberculosis, scarlet fever and diphtheria, can be prevented by the thorough pasteurization of the milk supplies, was the forceful declaration of Nathan Straus of New York, a statesman from whom, upon what he termed the "milk-borne epidemic of typhoid fever in New York city," was read before the American Public Health association today.

The origin of the seven weeks' epidemic during the last summer in New York, where 1,424 cases of typhoid fever were reported within that brief period, was disclosed by Mr. Straus, who said

(Continued on page 20, sixth column.)

New Spanish Premier Promises Total Reversal of Policy.

Press of Madrid Divides on Predictions of Peace and Revolution.

France Is Pleased at Fall of Clerical Rule in Neighbor Nation.

Madrid, Oct. 22.—The fall of Premier Maura and the Conservative cabinet has produced a feeling of relief and encourages the hope that a period of internal tranquility has been ushered in. It is now an open secret that Maura's refusal to give King Alfonso an opportunity to pardon Perez is regretted by his majesty.

In an interview today, Senor Moret y Prendergast, premier of the new Liberal cabinet, explained that because of recent personal bereavements, he having lost by death his wife, his son and a daughter, and the fact of his advancing years, he had not wished to assume power. Nevertheless, the unfortunate situation at home, and the distrust of the Spanish government, as manifested abroad, had convinced him that it was his patriotic duty to accept the leadership.

Will Reverse Policy.

He declared that the Liberal government would exactly reverse the policy of Maura and maintain social order with due respect for the law.

Most of the Republican senators and deputies express themselves as satisfied with the latest turn of events, particularly as they believe that it marks the end of clerical influence with the government. One of these said today:

"The new cabinet contains elements

(Continued on page 20, sixth column.)

BIG VICTORY FOR THE SOCIALISTS

Sixteen of the New Diet at Dresden Elected By That Party.

Dresden, Oct. 22.—The Conservative party in the diet has shattered by the sweeping victories of the Socialists at yesterday's elections. Out of the thirty-four definite elections to the diet sixteen of the chosen members are Socialists, while the Conservatives have fourteen and the National Liberals four.

TAFT CALLS ON WATERWAY MEN

Ends His Few Days of Seclusion on His Brother's Ranch.

Corpus Christi, Tex., Oct. 22.—President Taft, after three days of golf, rest and practical seclusion at his brother's ranch in La Quinta, came here today and, once more in the public eye, made an address to the convention of the Interstate Inland Waterways league, which began sessions here yesterday.

Governor Campbell and other state officials and a number of congressmen were among the delegates to welcome the president.

Mr. Taft made the ten-mile trip from La Quinta to Corpus Christi on a revenue cutter Windom. Secretary of War Dickinson accompanied him.

The president returned to La Quinta this afternoon for a match game of golf, and will leave Gregory at 8 p. m. for Houston.

Saturday will be spent at Dallas, the president leaving there Sunday for St. Louis to make a four days' trip down the Mississippi to New Orleans.

SAYS HE GOT \$500 FOR FALSE WEIGHT

Customs Employee Tells of Having Deal Over Imported Cheese.

New York, Oct. 22.—William N. Hutchison, an assistant weigher of the United States customs service, testified today at the trial of Antonio and Philip Musca, charged with defrauding the government on importations of cheese, that he received on one occasion about \$500 from Philip Musca for shortening the weights on a consignment.

"Did you go to others to get money under such circumstances as in the case of Musca?" he was asked.

"Well I did go to another man," the witness admitted. "If you show me the books I worked on, I will show you when they were right and when they were not."

TRAGEDY OF THE MOJAVE DESERT IS DISCOVERED BY RANCHER

San Bernardino, Cal., Oct. 22.—Somewhere along the ancient trails of the Mojave desert a man and his wife and their three children are lying dead or dying.

Who they are or what led them to cross the menacing desert is not known, but their trail has told a pitiful story, and today searching parties are after them in a real race against death.

The story came from T. H. Kellogg, a rancher. He was riding across the Carisho creek country yesterday when he came across the tracks of two teams. The wandering trails indicated to his experienced eyes that the drivers of the teams either were lost or did not have control of mind left.

Trail Tells Story.

He followed the trails for some distance, and finally came on a camp wagon and a buggy, and further away a horse dying of thirst.

Here was the starting point of a great tragedy, for death was close on the heels of the drivers of these teams.

Following the trail further he discovered the tracks of a man and a woman and three children. Uneven at times, retreating and wavering in purpose as though the travelers did not know which way to turn, the footprints on the sand told of a search for water and a desperate need of it.

Sometimes the trail of one or the other children disappeared, indicating that the father or the mother had expended a last drop of energy in carrying their dying little ones.

Searching Parties Sent.

The trail followed the bed of a dry creek for many miles, and then led off to that country from which few travelers return.

Kellogg returned to civilization, and searching parties were started at once, but no word has been received from them.

ENGLISH OPINIONS OF YANKEE MANUFACTURES AND METHODS

Written for The Evening Herald by Zach McChesney.

(Copyright, 1909, by Zach McChesney.)

London, Oct. 7.—These British people, you know, do not change their color like the chameleon, nor their current with every change of the weather vane. Now bicycles. Fashionable folk did not quit riding bicycles here, as in America, when the messenger boy, the shop girl and the bill collector began.

As I have cycled all over this country I have watched with great interest the thousands of men, women and children of all classes of society whirling along the magnificent roads, seeking health and finding it, enjoying the invigorating outdoor exercise and the beautiful scenery, and taking advantage of the simple yet ingenious contrivance for moving and for on the earth, by which, as Prof. Means Davis writes in "The Bicycle," "the man is loath to give up a good thing just because other people, be they kings, dukes, or money monarchs, have given them up."

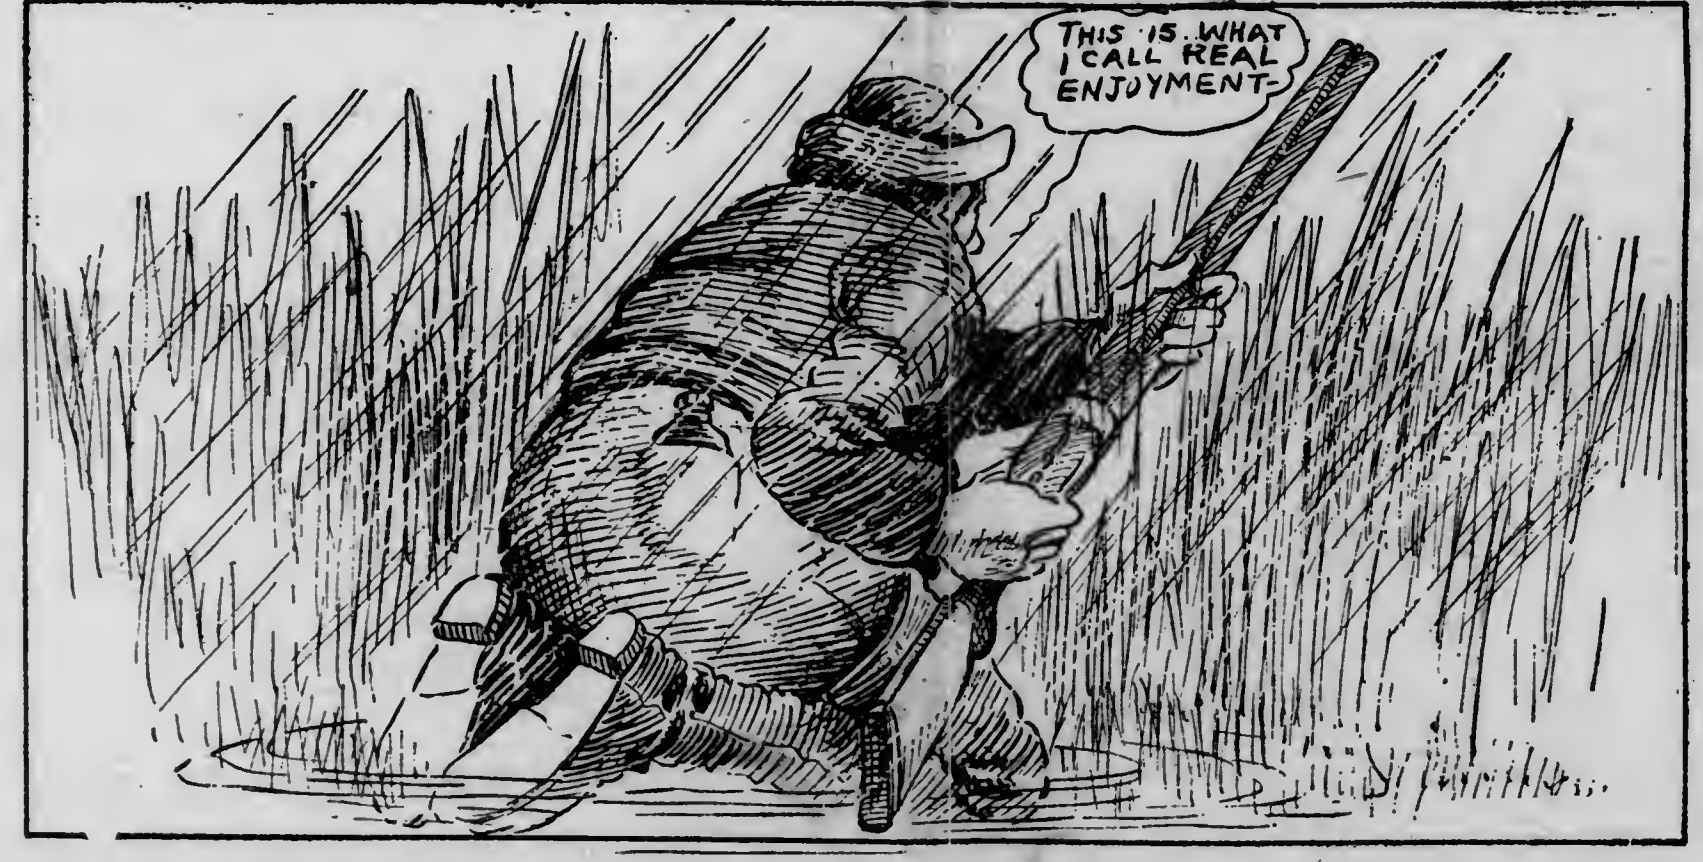

Bicycles in England.

The bicycle in our country held its own pretty well till the automobile came in. Then those who were able to buy automobiles began to use them; the other people went back to walking. Over here, those who were able to buy automobiles bought them, and other folks, who were able to buy only the bicycle, swung onto the next best thing, and some of these latter view to this day that the bicycle is the better of the two.

Now we have heard much about American manufacturers, given high bonuses through the tariff, selling their products over here cheaper than at home. The American manufacturer gets 45 per cent protection, but that does not enable him to sell over here cheaper for the reason that he can't sell bicycles over here at any price. Every time you mention to a dealer here the American bicycle, he will tell you the result of an overdose of the preparation.

The cost of living will be reduced if you buy groceries at wholesale of Barthel-Martin Co.

RAILROAD SHIPPERS ARE INVITED

Are Asked to Tell Troubles to the Railroad Club.

Open Meeting of Latter Organization Will Be Held.

A meeting of the Northern Railway club will be held Saturday evening, with the avowed purpose of arriving at a better understanding between the shippers of this territory and the railroad operators.

Many of the problems that are attracting a great deal of attention at the present time, in the controversy over actions of the railways, will be taken up at the meeting tomorrow evening. It is the aim of the officers of the club to have the shippers give their side of the story.

The meeting will be held in the rooms of the Commercial club, and special trains will be run from Proctor and Two Harbors. A delegation of shippers and railroad men is expected from Superior. It is aimed to make the meeting one of the largest ever held by the club.

The question of demurrage, one that is attracting a great deal of attention at the present time, will come before the club. The meeting will be an open one, where each shipper and operator will be given an opportunity to tell his side of the story. Shippers are especially urged to be present and present any grievance that they have against the railways.

President J. W. Kretter, superintendent of the Duluth, Sisseton & Northern railway, has issued a special call for a large attendance of railroad men, and he has also requested that a large number of shippers be present so as to get into closer touch with the railroad men.

There will be a musical program after the business of the evening.

ZENITH CITY'S NEW NEIGHBORS

Two New Towns Will Be Opened By Soo Railroad Company.

With the coming of the Soo railroad to the head of the Lakes, new towns will soon begin to spring up, and the number of Duluth's neighbors will increase.

Two new towns have already been reported. They are Lawler and Palsado.

Lawler is located about twenty miles west of Moose Lake at a junction with the Cuyuna Iron Range and Soo railways and will accommodate an extensive territory now without market facilities.

Palsado is located about twenty miles northwest of Atkin, at a point where the new line crosses the Mississippi and will become the gateway for up the river trade and afford market facilities to immense territory heretofore too remote for settlement. The other towns along this line, about a dozen in number will be made ready for occupancy as rapidly as possible.

LUMBER RATES ARE LOWERED

South Shore Gives Notice of Cut in New York Tariff.

W. W. Walker, general freight agent of the Duluth, South Shore & Atlantic railway, returned from an Eastern trip this morning with the information that the South Shore had taken the initiative in reducing the freight rate on lumber from Duluth to New York. The present rate on lumber from this point to New York is 32 cents. The reduction will bring the rate to 30 cents. The present rate to Boston is 32 cents. The reduced tariff will cut the schedule to 32 cents.

A notice was served upon the other Eastern lines of the intention of the South Shore. Just what action will be taken by the other railroads in the matter is not known at this time. A good guess is that they will follow the lead of the South Shore.

The new rate will not go into effect before the first of December. In changing rates, either increasing or lowering them, it is necessary to serve a thirty-days' notice with the interstate commerce commission. The tariff must be prepared and the proper notice filed. It will require over thirty days from the date to put in force the new schedule of lumber rates.

Other points will be affected by the South Shore reduction. New York is the basic rate point. Baltimore, Philadelphia and other Eastern cities, will receive the benefit of the same proportionate reduction that is accorded to New York.

Mr. Walker was struck with the immense amount of business that is being handled by railroads all over the country. Down East the cry is that there is a shortage of cars, according to the information that was given to Mr. Walker.

MUSIC AT THE SPALDING

Sunday, Wednesday and Saturday evenings of each week, during the dinner hour.

TWO NEW COMPANIES.

Corporations Formed to Deal in Real Estate in Hibbing and Duluth.

The Cook Investment company filed articles of incorporation with the register of deeds this morning. Hugh J. McClearn, E. H. Mather and Fred Reynolds are the incorporators. The principal place of business will be in the city of Duluth, and the capital

SILBERSTEIN & BONDY CO.

SILBERSTEIN & BONDY CO.

TOMORROW--SALE of COATS**\$15.00 IN THREE BIG LOTS! \$15.00****\$21.50****\$25.00****The Coats at \$15.00**

Think of stately full length, seven-eighths and semi-fitting models, strictly tailored in every sense of the term, materials of classy English worsteds, both plain and novelty weaves and a full line of wanted colors, and you have a word picture of these splendid garments. Remember we have coats much lower in price should you want them—coats as low as \$12.50, but see these at \$15.00 and compare them with any coat shown elsewhere at a much higher figure.

The Coats at \$21.50

There is one splendid feature about the coats at \$21.50. There are few coats that look alike, the fabrics being a widely diversified selection of those rich imported worsteds made for both style and warmth. Many of these coats are lined with pretty novelty cloths, in English and Scotch flannels, checks, plaids, etc., and are handsomely tailored and are actually worth a great deal more than the price fixed for tomorrow—\$21.50.

The Coats at \$25.00

These coats at \$25.00 include a wide range for selection, a rare assemblage of full length garments which have that shapely, swagger effect so pronounced in custom tailored lines. The most critical woman may select from this assortment and find a worthy representation of the best of the winter coat models. Plain and fancy English and Scotch worsteds, new military effects, tailored velvet collars and cuffs, etc., and only \$25.00.

DISTINCTIVE STYLES IN LONG COAT SUITS!

Many New Models at \$25.00, \$35.00 and \$40.00.

Tomorrow we will offer a special showing of advance winter models in mannish worsted suits at \$25.00 and \$35.00. The great variety of the styles gives ample opportunity to select just what pleases you most. All are smartly tailored from such popular fabrics as wide wale diagonals, homespun, serges and worsteds. The long coats are made in the plain tailored lines, with the new touches of the winter modes on collar, pockets and revers in evidence. Skirts are advance winter models, correctly plaited.

At \$40.00, \$45.00 and \$50.00 there is an almost endless assortment of really exclusive styles, each suit with a distinctive individuality of its own whether in fabric, cut or mode of trimming. There is an unusually strong display of beautiful novelty suits, braided or embroidered effects, embodying the latest conceits of trimming. A great number of these models have but recently arrived and form a display of style elegance approach only by the fashion shops in the great style centers. The fabrics are two-toned worsteds, fine broadcloths, plain and fancy imported weaves of many kinds, etc.

**S. & B. Hats in High Favor!**

Correct Hats for Street and Dress Wear

\$6.50, \$7.50, \$10 and \$12.50

S. & B. Hats have scored a splendid triumph with women who keep in touch with the style changes. By our being in constant touch with Paris we were ready with

THE NEW PARIS TURBANS. Which have become more popular than ever. Of special interest will be an extensive showing of these new models TOMORROW at the above-mentioned prices.

A Showing of Misses' Hats Priced Tomorrow at \$4.50

This is an exceptionally strong display—there being so many distinctly new effects to choose from.

**FOR SATURDAY!****Leather Bag Specials**

Every demand for the long knit auto coats, pony coats, 36 and 27-inch models, the many styles, perfect fitting garments, made from finest yarns. Full line of the wanted shades and many pretty color combinations.

Complete lines of misses' sweater coats.

The New Gloves

Complete showing of new Fall styles and shades, in "Pownes" La Tosca, Paris point backs, plique seams, all wanted colors—\$2 a pair. "Pownes" Dagmar, plique seams, two-class, all shades—\$1.50 per pair. "Pownes" Eugene, overseams—all shades—\$1.50 a pair.

stock is placed at \$50,000. The company will deal in real estate, farm lands, care for rentals, improve property and conduct a general land business.

The Merchants & Miners Improvement company, with William Harrison, S. T. Harrison and E. H. Mather as the incorporators, filed articles with the register of deeds this morning. The principal place of business will be in Hibbing, Minn., and the company will deal in all kinds of property. The capital stock is placed at \$100,000.

The cost of living will be reduced if you buy groceries at wholesale of Barthel-Martin Co.

WILL ALLOW DE LARA TO GO FREE UNDER BOND.

Washington, Oct. 22.—The department of commerce and labor today telegraphed to Los Angeles, Cal., authority for the release of Gutierrez de Lara. He was arrested as an anarchist and an alien, who entered this country without inspection. The department's authority to release is on condition of De Lara's furnishing \$3,000 bond.

IS WATCHING THE MILKMEN

Health Department Is Busy Testing Milk and Inspecting Dairies.

The health department is waging determined war against the milk dealers who fail to supply the public with wholesome milk, which will stand the test required by the law. Yesterday afternoon three men paid fines of \$10 and costs each for selling milk that was not up to test. They were O. B. Potts, Helmer Bomberg and Henry Thimmon. R. W. Luxon, milk inspector, is constantly dodging from one end of the city to the other checking up the dairymen. He requires them to keep their stables clean, as well as all utensils. A short time ago a West end milk-

man paid a heavy fine for allowing his barn to stay dirty. The court warned him that next time he was brought in he would get a straight jail sentence.

WILL SPEND DAY IN DULUTH

Dr. Cook Coming on the Early Morning Train.

Dr. Frederick A. Cook will be in Duluth tomorrow. Word was received by Dr. Cook's manager today that he will probably reach the city on the early Omaha train. The coming of the great explorer has aroused a degree of curiosity and interest that few public men could evoke. It may be stated that he does not come pleading his cause. He has told

his story to the American people, and he has left the people to judge of the merits of his statements. In his lecture tomorrow evening Dr. Cook will omit no details of the thrilling story of the trip to the highest point of the world. He will tell the remarkable story from the first, and when he has finished, his auditors can judge for themselves, impartially and fairly, of the claims Dr. Cook has submitted to scientists, army men, and the people of the country.

REACHED VERDICT ON THE FIRST BALLOT.

The jury which heard the suit of Mrs. E. P. Wise against Madam Mary Gain brought in a verdict in her favor for the full amount, \$20, after a few minutes' deliberation this morning. Mrs. Wise sued for work that she had done for Madam Gain. She said she secured the position when answering a newspaper advertisement. During the testimony Madam Gain said that she did considerable work herself, among other things, doing all the cooking. The cost of living will be reduced if you buy groceries at wholesale of Barthel-Martin Co.

A LITTLE RED SPOT.

Novel Experiment By Which It May Be Made to Disappear.

A peculiar feature about psoriasis, the new skin disease, is that no one is asked to buy it without first sending to the Emergency Laboratory, No. 32 West Twenty-fifth street, New York city, for an experimental sample and applying same to an affected part of the skin, about the size of a silver dollar. It will clear the spot so treated in twenty-four hours.

A remarkable visual demonstration of its powers.

While psoriasis has been mentioned principally in connection with the cure of eczema, the most stubborn of skin diseases, it must be remembered that when used for it, hives, pimples, blotches, acne, itching feet, scaly scalp, chafing of infants and similar minor skin troubles its action is all the more pronounced, results being seen after an overnight application. As only a small quantity of psoriasis is necessary to cure such cases, a special fifty-cent package, usually sufficient, has been placed on sale at the Lyceum Pharmacy, 1001 W. A. Abbotts in Duluth, the A. E. Holmberg Drug company in Superior, and other leading drug stores throughout the country.

TWENTY YEARS A SPECIALIST

TREATING SPECIAL DISEASES ONLY.

DR. REA

DISEASES OF MEN
DISEASES OF WOMEN
CHRONIC DISEASES
NERVOUS DISEASES

At Duluth, St. Louis Hotel, Saturday, Oct. 23, from 9 a. m. until 8 p. m.

EMINENTLY SUCCESSFUL IN

Ear, Nose and Throat Diseases, such as deafness, partial deafness, roaring ringing noises in the head. Many cases that have been improperly treated can be restored.

Eye Diseases, catarrh, granulated lids, weak and watery eyes, inflammation and the itching of the eyes, carefully considered and treated with the latest and most modern methods.

Catarrh Diseases, venereal catarrh, catarrh of the lungs, nasal catarrh, forced breathing and obstructed breathing in the nostrils can be in most cases completely cured.

Diseases of the Lungs, early consumption, pleurisy, asthma, shortness of the breath treated with the latest tubercular treatment.

CELEBRATE BIRTHDAY OF THE KAISER'S QUEEN.

San Francisco, Cal., Oct. 22.—Every

warship in the harbor joined the German

cruiser Arcona today in celebrating the

51st birthday of Victoria Augusta, em-

press of Germany and queen of Prussia.

All the ships broke out flags with the

German ensign at the main and united

with the Arcona in firing twenty-one

guns in honor of the kaiser's queen.

"DO IT FOR DULUTH"

Some Surprises for Man Compiling

List of the Duluth Made Goods.

In compiling a list of articles manu-

factured in Duluth, the amateur in-

vestigator meets with many surprises.

Unexpected industries are discovered

and little enterprises are unearthed

that the investigator never dreamed

of.

Even the most enthusiastic Duluth

booster would hardly advocate hav-

ing one's leg or arm cut off for the

sake of patronizing a Duluth industry,

but if a man does have the misfor-

tune to lose a limb, he can have it re-

placed in Duluth.

For Duluth has an artificial limb

company, where you may be supplied

with lost parts if you should happen

to lose an arm or a leg or a foot. This

substitute to the tragedy of wrecks

and accidents is located on First ave-

nue east between Superior and First

streets. It is not housed in a palace,

but in a small store building on the

hillside. And the business that is done

in that same small store building is

surprising. If one forgets the pathos

of the story connected with every cus-

tomer that enters the doors,

And there are other stories that do

not enter the doors except in the shape

of correspondence. For artificial limbs

are sent the year around to far away

Austria, Germany, France and other

European countries as well as to all

points in the East and West in the

United States.

An officer of the company has a

patent on an artificial limb. It is

claimed to be the easiest that can be

secured, being made soft and pliable

by a special process. Besides, limbs

the company supplies fixtures for

shortened limbs, elevators, feet, trusses,

inset supports, apparatus for hip dis-

eases, and weak ankles and knees.

Further, officers of the company tell

the same story that many other manu-

facturers have told. People take

hours of their time to find out what

they want and then send away to

other cities to supply their needs. And

to cap the climax they come back to

the local house, after sending their

money to outsiders, to get whatever

they may have needed fitted and ad-

justed. Sounds strange, but that's

what the man who owns the patent

forementioned told a Herald repre-

sentative, and in view of the corrob-

orating evidence there is no occasion

to doubt the veracity of the state-

ment.

HOLDS HEARING AS TO PEONAGE

Committee Meets in St. Paul

and Will Go From There to Fargo.

St. Paul, Minn., Oct. 22.—(Special to

The Herald.)—A committee consisting

of John C. Ellner of Washington, D. C.,

chairman; Congressman John L. Bur-

nett of Alabama and Charles F. Neill

of Chicago is taking testimony be-

hind closed doors in the federal build-

ing here, to ascertain whether a con-

dition of peonage exists and if so, to

bring about its termination. The com-

mittee is taking testimony here today,

but nothing as to the nature of

their testimony is being made pub-

lic.

Not Criminal Procedure.

It was learned that it is a part of

a general investigation of the subject,

without regard to any criminal pro-

secution.

The committee will leave tonight for

Fargo, N. D., and then will go to

South Dakota points to investigate the

condition of harvest hands that they

were compelled by threats and intimi-

dation to work out debts to employing

farmers, some of whom had paid fines

in order to get them to work in the

harvest fields.

THIRTEEN PASSED.

That Number of New Pharmacists

Registered in North Dakota.

Fargo, N. D., Oct. 22.—(Special to

The Herald.)—Thirteen of the appli-

cants for registration passed the state

board of pharmacy at the examination

held here this week, while seven of

those in the assistant class got

through as follows:

Register pharmacists.—A. H. As-

ness, Nome; Alfred O. Ekersen, Rock

Lake; J. Fitzgibbons, Dubuque, Iowa;

J. L. Green, Hankinson; Jacob Hooser,

Wahpet; J. J. Justice, Casselton; A. J.

Aged Woman Breaks Fast Walking Record

MRS. JANE EDWARDS ROOT.

And the Winner, Mrs. Jane Edwards Root, of 1605 E. 30th St., Cleveland, O., 80 Years Old, Whose Picture Appear in the Illustration, Won the Race by Walking 2½ Miles in 26 Minutes. Mrs. Root Attributes Her Vigor, Health and Staying Powers to Duffy's Pure Malt Whiskey, Which She Has Taken for Years.

In a recent interview Mrs. Root said: "I seldom take medicine, but two years ago at my home in Cleveland I felt not very strong, so bought one bottle of Duffy's Pure Malt Whiskey. I was benefited by it. I am 80 years old, and won the championship in the great walking contest for aged people in Cleveland. I came out winner of 28 contestants over 75 years of age (14 women and 14 men). I beat the world's record, and now hold the championship for the United States and Europe. I walked 2½ miles in 26 minutes, and was not at all tired; could have walked it right over again. One paper gave the account as two miles in 26 minutes; all the other papers were right. When I reached the end, not another walker was anywhere near me, and the enthusiasm was great. I have had an immense mail ever since from professors in colleges and prominent men all over, wishing to know how I lived, what my diet was, what caused this wonderful strength and endurance at 78 years of age. I take good care of my health, have camped out every summer for the past 25 years, live well, and use as my only medicine Duffy's Pure Malt Whiskey. I have known during the past two years several wonderful cures from Duffy's Malt Whiskey. It is a remarkable medicine for Rheumatism and Stomach Trouble. Two instances have come to my notice of permanent cures. My wonderful health and ability to walk long distances I attribute to using it as a medicine."

Duffy's Pure Malt Whiskey

If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It tones and strengthens the heart action and purifies the entire system. It is recognized as a family medicine everywhere. It is invaluable for overworked men, delicate women and sickly children. It is a promoter of health and longevity; makes the old feel young and keeps the young strong.

CAUTION—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only; never in bulk. Price \$1.00. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Consulting Physician, Duffy Malt Whiskey Co., Rochester, N. Y., for a free illustrated medical booklet and free advice.

BARBER BUSINESS HOLDING ITS OWN

The safety razor has evidently come to stay, but the barbers say their shops are still doing business at a profit. "It is true that the popularity of the safety razor has lost many customers to us," said a local barber today, "but not to the extent you would imagine from the advertisements of the safety razor people. Most barber shops in the city are doing a good business. I think 'Business is just about stationary. It is just about the same as it was before the safety came into use and I, for one, have no cause for complaint at the present time. You must remember that many of

the men now using safety razors formerly shaved themselves with the old-fashioned kind, so the only part of their business we have lost is the job of honing their razors and keeping them in good condition. Then, too, some young men who would have started in being shaved by us, have adopted the safety and are doing the work themselves, but others are coming to us and we are not being driven out of business by competition with the safety."

"Even those men who shave with safety razors occasionally are caught downtown in need of a shave and come to us. They must come to us for hair cuts and for little luxuries with which the modern barber is fully equipped and which men demand more and more."

"The merchant who was sure that he had something important to say to you used enough space today in which to say it."

ROSE WREATH FOR MOTHER.

Vienna Introduces a New Mode at Its Fashionable Weddings.

Vienna, Oct. 22.—A new mode, seen for the first time in Vienna at a fashionable wedding, is the wearing of a wreath of roses by the mother of the bride. On arriving home after the ceremony the bride's mother removes her hat and puts on a half circle of roses, composed of buds, with silver petals and foliage. These wreaths cost about \$15.50 each.

Mothers-in-law who have experienced with the wreath say it has great advantages, since it renders the wearer unmistakable to guests who are strangers to the family.

"I Have a Story to Tell"

I have just come from the one-night stands and I have had some experiences! That's how she begins her story—"The True Story of a Young Actress," a remarkable human document, with all the glamour rubbed off and all the real experiences rubbed in. It is a graphic picture of life on the road, in cheap hotels, behind the scenes—a life that demands constitution as well as temperament.

Anna Katharine Green

has written for the same number the most exciting story you ever read, "Room Number Three"; and in the same number you will find "Votes for Women from the Inside," "How a Woman Built an Aeroplane," "Why I Left the Women's Club," the last writing of Edward Everett Hale, and seventy pages of practical departments—all in the November

WOMAN'S HOME COMPANION

At All News-stands.

RECEPTION WAS GREAT

Tribute to Samuel Gompers By the Craftsmen of Washington.

Ten Thousand Union Men in Line to Honor Leader.

Washington, Oct. 22.—(Special to The Herald.)—The reception and parade recently accorded Samuel Gompers, president of the American Federation of Labor, by the craftsmen of Washington was significant not only in the number of participants in the street demonstration but in the enthusiasm shown Mr. Gompers at the reception in the Washington hall. Washington has never seen a larger outpouring of union labor than on this occasion. The trade organizations, represented by the State Printers' union, particularly those connected with the bureau of printing and engraving, was as fine a body of men as might be expected. That which struck the spectator most was the orderly character of the procession. Ten thousand men in line is an army, and as these trade organizations marched to the music of the many bands the sight was not only interesting but the demonstration was impressive.

Samuel Gompers, an English Jew, has had a very remarkable career. From the earliest days when he was learning his trade as a cigar maker he was preaching the gospel of unionism, and since his elevation to the head of an organization that numbers 2,000,000 he has emphasized with voice and pen the demands that union labor is making upon the commercial world. Gompers has been numerous times in not only in the public prints, but by the leaders in business, but he has gone on undiminished notwithstanding that he is facing a jail sentence because of violation of a court order. The circuit court of appeals, it is expected will next week affirm the remand for a new trial the opinion of Justice Wright of the supreme court of the District of Columbia sentencing Gompers to one year's imprisonment in the district jail for or against a court order growing out of the Bucks Stove case.

In a recent bulletin issued by the bureau of animal industry, department of agriculture, it is admitted, practically, that owing to climatic conditions in the various portions of the United States efforts to manufacture that delicious, if somewhat odoriferous after-dinner cheese, Camembert, has been a failure. The bureau of animal industry does not, however, consider the failure to successfully manufacture Camembert, but it amounts to practically a confession of failure. That this condition, it appears, is largely due to the fact that climatic conditions are unfavorable during the greater part of the year in most of the regions where factories have been located. It is believed, however, that the climatic disadvantages can be overcome by constructing factories in such a manner as to provide proper control of temperature, humidity and ventilation. The home of Camembert cheese is in France, especially in the northwestern section—the province of Normandy—and here are found the ideal natural conditions for its production. Most of the companies undertaking the manufacture of this cheese in America established plants with the object of reproducing as nearly as possible the building and equipment successfully used in France, and employed experienced cheesemakers from that country. At one time the product of these American factories made up one-fourth of the total amount of Camembert consumed here. The production and sale of this cheese was, however, attended with uncertainties as to market and by numerous losses in the factory. So much difficulty and discouragement have attended these enterprises that some of them have been entirely abandoned and the product from all has been greatly reduced.

The demands of the process of ripening of Camembert cheese are such that to insure success, both temperature and relative humidity must be kept within certain recognized limits. Nature has furnished the French climatic a getting working conditions which require only the opening and closing of windows, with at times a moderate amount of artificial heat. A comparison of meteorological records of cities in Northern France and certain American cities in dairy regions shows that in America mean temperatures are either too high or too low for Camembert cheese to ripen except during the months of September, October and November, while the mean relative humidity is too low in nearly every month of the year. San Francisco alone of the American cities studied has a climatic condition close to similar to those of Northern France. Factories built in the United States for French conditions have actually produced fine results a few weeks each year and have experienced difficulties and losses at other seasons. The successful Camembert season in the eastern states is but about six weeks from Oct. 15 to Dec. 1.

Since French factory construction has failed in America in the hands of the experienced Camembert makers from France, some have concluded that either the location of the factory must be determined by the unique conditions required climatic conditions, or the construction of the factory itself must make possible the reproduction of those conditions when necessary. There is reason to believe that the Pacific coast affords favorable climatic conditions. Factories built in the Eastern states must provide control of temperature and relative humidity within closer limits than those obtainable with the French plans hitherto used. This may be obtained by better insulation of the rooms already built or by the construction of new rooms which may be partly or entirely below the surface of the ground. In either case the building must provide ventilation sufficient to carry off moisture as fast as required.

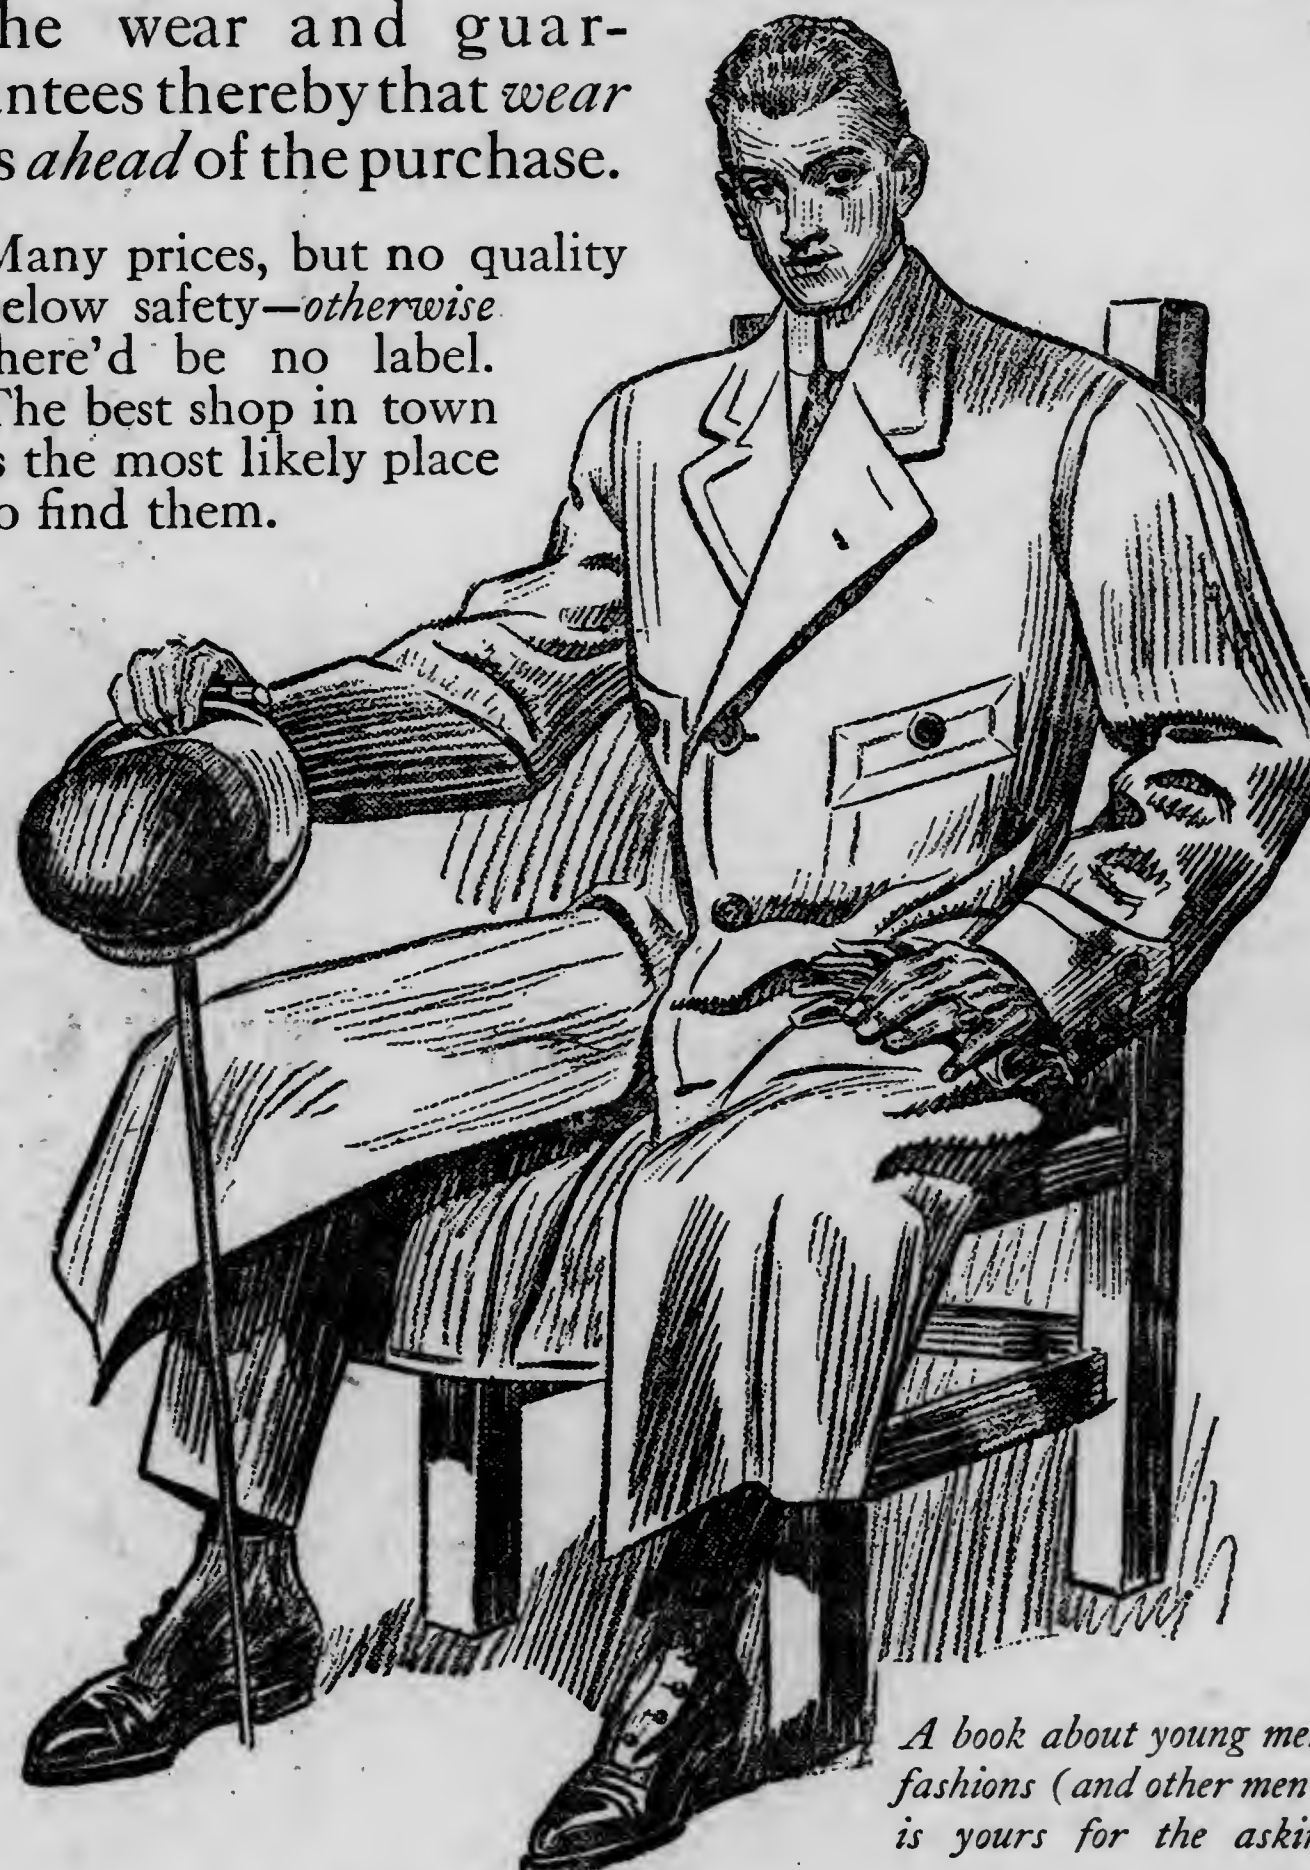

The Guides' Labor Union of the Capitol is the newest organization in trade unionism. For many years the guides, a dozen in number, have flourished in and about the halls of legislation. They are an exclusive bunch of men, their appointment coming from the speaker of the house, the vice president or the sergeant-at-arms of the two legislative bodies. Later these guides, who are permitted to charge a certain fixed price for "guiding," have formed an organization, having an absolute monopoly of the business. No other guides than the twelve mentioned are allowed in the building, and these twelve guides ply their offices during life or good behavior. Millions of people have been above the treasures of art and architecture which are displayed in the corridors of the massive building. They have seen presidents come and go, administrations change, but like the brook they go on forever. Ben Cady, one of the old-timers, in the general manager of the Capitol guide, his business being to keep an accurate account of the tourists who are escorted through the structure. At the closing hour—4 o'clock—each guide lays into his flock the sum of money he may have collected during the day. The guides are stationed at the senate entrance and there tackle everybody having the looks of tourists and offers to guide them through the

There's a Sincerity overcoat for every sort of climate. Your dealer has chosen fabrics heavy enough for any local weather—thick, firm cloths, which good tailoring has rendered shapely at lapel and collar and shoulder, without burdening the garment with bulk and padding.

Your undercoat can't show above a Sincerity great coat. It won't work away later on, because it has been felled by hand, to keep precisely as you find it the day you buy it. Plenty of fancy materials, and young men have a bountiful choice of extreme ideas; for their elders there are plainer and simpler models.

The retailer is glad to leave in the Sincerity label; it lightens his personal responsibility; it stands for stability; it means that the makers are back of the wear and guarantees thereby that wear is ahead of the purchase.

Many prices, but no quality below safety—otherwise there'd be no label. The best shop in town is the most likely place to find them.

A book about young men's fashions (and other men's) is yours for the asking.

Kuh, Nathan & Fischer Co.

MAKERS

CHICAGO

FOR WATERWAY IMPROVEMENT

Big Crowd Expected at National Rivers and Harbors Congress.

Washington, Oct. 22.—John A. Fox, special director of the National Rivers and Harbors congress, which holds its sixth national convention in this city Dec. 8, 9 and 10, is enthusiastic over the prospects for the biggest gathering of the waterway advocates this country has ever seen. Mr. Fox, who is an engineer of distinction, having been connected with many of the big waterway projects of the country, is just completing a tour of the United States and Harbors congress, whose cardinal plank is "a policy and not a project" in so far as the waterways of the United States are concerned. Mr. Fox, who is an earnest advocate for a bond issue of \$500,000,000 to be spent upon his tour of education for better waterways.

"I have just completed practically the same circuit of the United States that President Taft is now making, having traveled over 15,000 miles since going south out of this city last De-

cember. It took me down the Atlantic seaboard to Florida; through the Southern states to the Mexican border on the Rio Grande; up the Pacific coast states from San Diego on the south to Bellingham on the north of Puget sound, back through the valley of the Columbia and Missouri rivers, east along the lakes, down to the Ohio and Tennessee rivers and now again to the Atlantic seaboard."

Throughout that entire journey the pulse of the nation has been quickened for a bigger, better and broader system of waterway improvement.

LURE OF GOLD HIS RUIN.
French Government Official Who Could Not Resist Temptation.

Paris, Oct. 22.—Fascinated by the sight of a pile of gold a young official of the government department of fine

art, who was temporarily in charge of the cash, could not resist the temptation to gamble with money belonging to the ministry.

On Sunday, he went to the Casino at Enghien, where he says, the lures of gold on the gambling tables absolutely fascinated him. He hurried back to Paris, went to his office, collected the whole of the money in the safe, amounting to \$3,400, returned by the first train to Enghien and lost all the money in a few hours. As he failed to appear at the office on Monday morning, the cash was examined and the defalcation discovered.

The official, who has a wife and children, made a full confession when he was arrested.

S.S.S. CURES BLOOD POISON

Removing the outward symptoms is not all that is necessary to cure Contagious Blood Poison. The virulent germs which produce these external manifestations must be completely driven from the blood before a real cure can be effected. The least taint left in the circulation will sooner or later cause a fresh outbreak of the trouble, with all its hideous symptoms of ulcerated mouth and throat, copper-colored spots, falling hair, sores and ulcers, etc. Only a blood purifier can cure Contagious Blood Poison. Medicines which merely check the symptoms for a time, because of their strong mineral nature, and leave the poison smoldering in the system, have brought disappointment to thousands. The disease always returns after such treatment. S.S.S. cures Contagious Blood Poison and cures it permanently. It goes into the blood, and removes every particle of the poison, making the circulation pure, rich and healthy, nor does S.S.S. leave the slightest trace of the disease for future outbreaks. S.S.S. does not contain any mineral ingredient, but is made entirely of roots, herbs and barks, which are most valuable in their blood-purifying properties, and at the same time specifically adapted to building up the entire system. If you have Contagious Blood Poison S.S.S. will cure you because it will thoroughly purify your blood. Home Treatment Book and any medical advice free to all.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

DIVIDEND ON AMALGAMATED

Regular Quarterly Amount Is Declared—The Market Is Weak.

Copper stocks were weak and rather uninteresting today. The regular quarterly dividend on Amalgamated was declared today. It is the same as last time, 2 per cent, and is payable Nov. 29. The stock went off from \$2.75 to \$2.60, and closed at \$2.60 bid and \$2.62 asked. Greene-Cannan was active around \$1.10 and \$1.12, but declined to \$1.05. Most of the stocks declined during the latter part of the session. Total sales on the Duluth exchange were 2,325 shares. Black Warrior Development, a new Hovland-Smith Division, was traded in at \$6.00 and \$6.37 1/2. Shattuck sold at \$2.40 and \$2.42. Superior at \$2.45 and \$2.37 1/2. Following are the closing prices on the Duluth exchange:

WILL COMPARE MARKET PRICES

Commercial Club Committee Has Minneapolis and Duluth Figures.

At a meeting of the open market committee, to be held this afternoon at the Commercial club, the question of prices of fruit and vegetables at the Minneapolis and Duluth markets will be investigated by the committee members. Tabulations of prices at thirty-five different periods for the year of the committee. These price lists are on various fruits, vegetables and produce that form the principal sales in both the Minneapolis and Duluth markets. By means of the comparative prices of the two markets, the committee hopes to be able to form a definite opinion as to the fairness of the prices charged by the Duluth commission merchants.

The cost of living will be reduced if you buy groceries at wholesale of Barthe-Martin Co.

CONTRACT LET FOR NEW SCHOOL

Hugh Fawcett Will Erect New Building for \$47,190.

The contract for the construction of the new Fairmont school building was awarded at the meeting of the school board today. Hugh Fawcett secured the contract, his bid of \$47,190 being the lowest. The contract calls for the immediate beginning of the work of construction, specifying that the building shall be completed by the first of April. The building will contain twelve rooms. W. A. Hunt is the architect.

WILL TRANSLATE MASONIC RITUAL

Scottish Rite Supreme Council Authorizes Use in Spanish.

Washington, Oct. 22.—The supreme council of the Southern Jurisdiction Scottish Rite Masons, in executive session this morning, considered confidential reports from committees. A resolution was adopted making two jurisdictions of China and Japan. Heretofore three countries have been under one jurisdiction, in charge of a deputy. In the case of Porto Rico, the letters temporary creating new bodies were continued for two years, and authorization was made to translate the ritual of the rite into Spanish, the bodies there using both English and Spanish. The translation will be made under the direction of Deputy C. B. Parker, who was the chief clerk of the war department of Porto Rico, and will be submitted to the grand commander for his endorsement. An amendment to the statutes was adopted concerning the status of those bodies operating under letters temporary, and prescribing the form in which permanent letters shall be granted.

DANISH CABINET QUILTS.

Copenhagen, Oct. 22.—The cabinet of which Count Holstein-Ledebour

was premier, resigned today, following a vote in the chamber of deputies expressing want of confidence in the government. The cabinet, which was formed on Aug. 16 last, has been subjected to sharp criticism in the matter of the budget, which showed a large deficit.

CITY BRIEFS

Printing and Bookbinding, Thwing-Stewart Co., Phone 114.

Send It Over To the Service Engraving Co., or call up 4452-D, 1617 Tower Ave., Superior.

The Spaulding Cafes. Modern every detail. Orchestra Sunday, Wednesday and Saturday evenings of each week during the dinner hour.

Cameron Sells the Best Furniture Coverings. Newest colors and patterns, leathers etc. correct workmanship; use both phones for estimates.

Labor Mass Meeting. Saturday evening there will be a mass meeting at Patten's hall, 212 West First street, at 8 o'clock. Special delegate from the Swedish strikers will speak in the English language. He will tell of labor conditions in Sweden. There will also be speaking in the Swedish language and the Swedish club will render several selections. The admission is free.

On Trial for Larceny. Harriet Hamm, colored, was placed on trial in police court today before a jury on the charge of stealing \$7 from John Peter, a laborer. It is alleged that she dragged him into a house and deliberately went through his pockets, after which she threw him out.

Slightly Injured. Joseph Hecox was injured early this morning by falling into a pocket at the ore dock. He was taken to St. Mary's hospital and will be out today or tomorrow.

Advertise Once More. The health department readjusted today for bids to grade and level the grounds about the new contagious disease hospital at Fourteenth avenue west. No responses were received from local contractors when the bids were advertised a short time ago.

Trades Assembly Meeting. The Duluth Federated Trades assembly will hold its regular meeting this evening in Kalamazoo hall. A communication from the American Federation will be opened and read. That it contains the revocation of the assembly's charter is certain, as a telegram from the secretary of the American Federation read at the last meeting stated that the Duluth body would immediately lose its federation affiliations if insurgent electrical workers were allowed to remain in the fold. The electricians remain.

Temple Services. "The Blessing of a Child" will be the subject of a sermon by Rabbi Leikowitz at Temple Emanuel this evening.

Travels Men Meet. A meeting of the travel committee of the Commercial club was held this afternoon at the Commercial club. The committee is being organized at the present time and will be discussed by the members of the committee. It is believed that the members of the committee will be able to make a report within the next few days.

Go to Prison. Sheriff Bates left this afternoon for Stillwater with James Boye, who has been sentenced to three years there.

Dr. A. E. Walker Has Moved. To 2103 East First street. Both phones. Duluth phone now 225-M.

To the Public. Notice is hereby given that on Feb. 19th, 1909 I sold my phonograph business to E. C. Foley, who, without authority, has since done business in the name of B. F. Hathaway & Co. Notice is further given that I am in no way connected with said business and will not be responsible for any contracts made in above name.

B. F. HATHAWAY.

PERSONALS

Mrs. L. D. Lake of Madison is in Duluth, called here by the serious illness of her sister, Mrs. T. M. Pugh.

Miss Marie Chambers is spending the week in Winona.

Judge William A. Cant of the district court, who at the present time is in Washington, is expected home Saturday.

Mr. and Mrs. August Holmquist of the corner of Twenty-first street and Mrs. Slossum, Mr. Holmquist is a well known lumber operator on the coast.

SUPERIOR NEWS

Rumor of New Dock. There is a rumor at Superior that the Soo may buy a site for an ore dock at a point in the vicinity of the Alouez ore docks of the Great Northern. It is said that building operations may begin this winter. It has been understood that the Soo will have its ore docks in Superior and will handle the output of the Cuyuna range which will be hauled over the new line, now being built.

To Build Waiting Room. Billings Park residents who are patrons of the street car company, may not have to wait out in the cold for a car this winter according to a communication which was yesterday placed in the hands of the city attorney. The letter was from the street car officials and stated that the company was willing to build a shelter on the corner of Twenty-first street and Iowa avenue for the benefit of the patrons of the company. The agitation for this has been active for a number of years.

Tried to Kill Himself. Mrs. Matt Dobson, 318 John avenue, attempted to commit suicide last evening at her home by drinking carbolic acid. She runs a boarding house and was in the act of being seen by her roomers who notified a physician. Her mouth was badly burned but it is not thought that death will result. Her husband left her about a year ago.

Holds Dock Site Option. The Pittsburg Coal company is said to have an option on the site of the old Murray-McCann mill at Central Park, owned by W. B. McCord of Portland. The desire at which the property is optioned are said to be close to \$100,000. It is understood that a new coal dock is to go up there.

Cleopatra's Needle, the famous obelisk on the Thames embankment, London, is one solid piece of stone, 70 feet high and 186 tons in weight.

Magic lanterns were invented in the seventeenth century.

Our 89c Rubber Gloves, 59c. They're the famous Nonpareil Rubber Gloves, which most stores sell for one dollar!

Seconds of Rubber 17c 17c for 25c Euthymol Completion Brushes Tooth Paste

The Witch Hazel, special... 10c Colgate's Talcum Powder... 15c Gilbert's 50 Violet Water, tomorrow... 35c

Gray-Sallant Co. 117-119 WEST SUPERIOR STREET, DULUTH, MINN. FOR QUICK, SATISFACTORY SERVICE.

OUR BIG STOCKS ARE AT THEIR BEST

CHOOSE YOUR SUIT—YOUR COAT—YOUR FURS—HERE NOW!

Magnificent Furs—Moderate Prices

A mink coat at five hundred dollars—or a set of brown or blackoney, consisting of pillow mink and stock collar, complete for five dollars!

Those two extremes indicate about the range of prices in our fur department!

And quality for quality—neither can be matched at stores not so ambitious as we are! Why even the five dollar set will give better service than you'd expect at the price—and it looks well, too!

And the five hundred dollar mink coat is as fine fur as woman can wish for.

But it is of Our Medium-Priced We Are Most Proud

Fur Sets at \$18.50 to \$150.00—and good fur coats at \$40.00 to \$150.00—styles which appeal to all—and select qualities which good judges will tell you may be depended on to wear!

We are building up a great fur business by selling on closer margins than most houses consider worth while!

Another Petticoat Sale

A special purchase—we couldn't regularly give such values as these!

\$1.50 for \$2.00 Skirts. \$2.00 for \$2.00 Skirts. Made of best black hatterbloom and satine.

Artistic Hats for Good Dressers

Gold Roses give a rich elegance to hats for women who desire individuality, yet simplicity of trimming. If you prefer, we can give you some very choice willow plumes, in black or colors, at very reasonable prices!

We have the newer shapes in beavers and in other materials—those "picture" hats and "moss" hats, high-topped turbans.

Very particular women will probably be better suited here than elsewhere! And prices are uncommonly reasonable!

See Our Tailor-Made Hats at \$5.00 to \$12.00. Thank the poor millinery weather of the first of the week for tomorrow's opportunity—last week's big business took about all we had ready!

A new lot—new styles, cleverly different—yet most practical for all occasions—now ready at \$5.00 to \$12.00!

Girls' Hats. Just in styles just right prices—See those at \$1.50 to \$3.50.

Fine Shoes for Women

The newest styles and latest lasts and the best of leathers and the finest of fittings. Discriminating trade throughout the country know them and consider them well worth their usual price of \$5.00 the pair. However, we sell \$4.00 them at \$1.00 less than the price charged in most cities—take your choice of Gray Bros.' usual \$5.00 styles at \$4.00 the pair. Gun metal, fine kid and patent leather shoes. Some have tops of black or of gray cloth. They are tipped and plain toes, button or lace models. The particular woman will find the shoe exactly suited to her needs—here only \$4.00 the pair.

\$2.50 for WOMEN'S NOBBY SHOES. The best values we ever saw—sell nowhere for \$2.50 less than \$3.00—in fact, they're good as many \$3.50 shoes—good styles—button or lace, patent leather, dull calf and fine kid—on sale here at \$2.50 the pair!

MISSSES' AND CHILDREN'S SCHOOL SHOES at \$1.50 to \$2.50. Wide toe lasts conforming to the natural shape of the foot—sure to give comfort—made in dull and patent leathers—button or blucher models—\$2.50 at \$1.50 to \$2.50 the pair—the values are not duplicated elsewhere.

The New Fall Gloves

The early season's selling is a fine compliment to our glove stock—it proves that women realize glove quality on sight—and there are some of the gloves which are favorites with Duluth's best dressers.

AT \$1.50—Women's very heavy Street Gloves—the name is Elite make, the popular two-clasp style, unlined, in tan and black. AT \$1.25—Women's heavy Street Gloves, one-clasp style, quality similar to above.

It's Time for Heavier Hosiery.

AT 25c—Women's medium weight cotton hose—fast black, with split toes—the regular \$35 value; we have many customers who will tell you these are the best wearing Stockings they have ever seen at 25c.

Women's Indestructible Black Lisle Stockings—very fine gage, which looks very silky on the leg—guaranteed to give satisfaction by the makers. At 50c the pair—Women's medium weight fast black Lisle Stockings—lacy toe and a lavender heel gives these stockings a smartly different tone.

"THREE FOR A DOLLAR"

Children's splendid Indestructible Cotton Hose—full guarantee—sure to wear well—3 pairs for \$1.00.

Women's Black Cotton Hose, linen soles, toes and heels—the linen makes them wear three times as long as ordinary stockings—3 pairs for \$1.00.

Imported Drawn Scarfs and Squares

Special tomorrow—at Art Department, on Third floor—pretty drawn work—50c Scarves, size 16 45c 50c Squares, size 30 by 50 inches, 45c. Both squares and scarves are finished with one row hemstitching and five rows drawn work!

When traveling men repeatedly tell us, as they have done during the last ten days, that we cannot be making money in selling such fine coats at

\$15, \$18.50 and \$25

Then you may know the values must be very unusual. But unusual good fortune favored us, and these prices are continued because they beat newspaper advertising in making new friends for us!

The Suit Stock at Its Height

This week's arrivals make our assortments most complete! The season offers its best—no such chance later to select from such varied assortments.

Every garment is made as carefully as America's best tailors can make it!

And clever newspaper talk can make no garments better than ours, though it may jolly those who do not take the trouble to make comparisons, into paying the higher prices some stores ask for equally good garments!

Save \$7.50 to \$8.50 on Your Choice of 6 Lots of Suits

The sale opened a week ago—all new and clever styles—dozens from regular lines that

Were \$25.00 to \$55.00—Now \$15.00 to \$47.50

On the first lot only is the saving ten dollars—on the others it is \$7.50 and \$8.50!

More of Those \$2 Corsets

Copied From \$8.00 Models. They come just in time for tomorrow's selling! We sold out almost completely a week ago!

It is a Warner Rust-Proof Corset, with fashionable, medium low bust and very long hip. It is especially adapted for the medium figure, to wear under the jersey one-piece Mogen-Age dress. If interested, ask to see style No. 73, which is very similar to cut.

Other new models in Warner Rust-Proof Corsets at \$1 to \$5.00.

A complete line and full range of sizes—most fashionable models for the prevailing styles in dress, at prices ranging from

\$1.00 to \$5.00

The numbers offered at \$1.00 and \$1.50 are unequalled values in popular priced corsets.

30c for 45c Imported Madras Shirtings

These goods are rightly considered shams at their regular price of 45c the yard. They are 32 inches wide and have been shrunk until they will not shrink any more, and the colors are firmly set. For tailored waists and men's shirts they are the best of wash goods. Special for one day—Saturday only—30c the yard.

50c Silk CREPE METEORS—Saturday 45c the yard. This new wash fabric is two-thirds silk—it will always look silky. We show it in the new shades and most desirable staple colors for shirts and fancy gowns. Those who desire a pretty little dancing frock should buy this 50c goods here tomorrow at the special price of 45c the yard.

10c DRESS GINGHAMS—Special Saturday 8c the yd. We have just about 1,000 yards of these popular 10c dress gingham—quality which will not fade—Saturday we will sell them at 8c the yard.

8c for 10c OUTING FLANNELS. We have secured another case of mill-ends in the best 10c Outing Flannels. Lengths run from 10 to 20 yards. We will cut them to suit your needs. Buy it here tomorrow at the special price of 8c the yard.

What Paris wears must find favor in the eyes of all who would be fashionable, and the indications are strongly in favor of such pretty things as these:

STORM VEILS, all colors, several styles in veils for fall and winter wear. Prices range \$1.50 to \$3.00 for uncommon kinds in qualities not duplicated elsewhere in this city.

NEW RUCHINGS. The most desired narrow widths in chiffon and net, in white and cream, the color effects, also the new gold effect.

TOURIST RUCHINGS—Very popular and inexpensive, yet dainty, collar finished, five styles—25c the box.

MALINE RUCHINGS—All colors for neckwear and for the new bows—very pretty styles—25c the yard.

LACE SETS for brides. Beautiful novelties, six complete model sets, ten different widths to each set. These were imported by us especially to meet the exacting demands of brides and other particular people. Prices range 12 1/2c to 75c yard.

Dress Goods Remnant Sale!

Prices 1/3 to 1/2 Less Than Regular

ON THE BARGAIN SQUARE TOMORROW!

Almost every weave and color—choose lengths for one-piece gowns, for waists, for skirts, sacques, girdle dresses, boys' waists and suits, etc! They're the board ends from our regular stock.

Pick from serges, broadcloths, panamas, striped and checked suitings, velvets, tailor cloths, balistics, honettas! Rich bargains here Saturday. Savings that are worth while! Save from one-third to one-half.

1/3 1/2

Our underwear business is growing tremendously. A good reason—values such as undermentioned are not found elsewhere.

AT \$1.00—Women's Vests and Pants, in white, all sizes—famous Globe make—here tomorrow. A full line, on sale at \$1.00 per garment.

AT \$1.25—Women's extra fine, white cotton Union Suits—long sleeves, ankle length and medium weight—very daintily finished—a full line of sizes—only \$1.25 garments.

Fashionable Fixings for Mi-Lady

What Paris wears must find favor in the eyes of all who would be fashionable, and the indications are strongly in favor of such pretty things as these:

Great Reduction Sale of Fine Tailoring Begins Saturday Morning at 9 o'Clock

I always do as I say I will do. I told you in my last night's ad. that I will cut my prices and unload my heavy stock of fine Winter Woolens. Now I intend to keep my word. Here is the evidence that I have cut my prices so low that no matter what you can buy clothes for elsewhere, not even counting on hand-me-down store prices, I can give you a better bargain.

I expect to do a tremendous business tomorrow. I have a big force of good tailors, and I know I can do the work and give perfect satisfaction.

AT \$17.00 I will make a suit or overcoat that I regularly charge \$25.00 for, and guarantee to equal any other tailor's suit or overcoat at \$25.00. All this big lot is of the highest grade of woolens and my personal guarantee of fit and satisfaction goes with each order. This lot is marked with red tags for the convenience of the buyer. AT \$21.00 I will make a suit or overcoat that I regularly charge \$35.00 for, and you can't equal the quality at any other tailor's under \$45.00. All this lot is marked with green tags for the convenience of the buyer.

Perfect fit, finish, linings and trimmings, and satisfaction guaranteed. Be on hand early Saturday morning and get your order in so as to avoid the evening's crowd. Yours truly,

HARRY MITCHELL,

My New Store—123 West Superior Street, Duluth.

The Most remarkable sale of fine tailoring ever held in America opens here at 123 West Superior St., at 9 o'clock Saturday morning, Oct. 23.

Suit or Overcoat Made to Order

Goods Marked With Red and Green Tags, Show the Savings in Plain Figures.

My \$25 Suit to Order, Now

\$17

My \$35 Suit to Order, Now

\$21

You can be your own salesman.

Pick the fabrics yourself.

Thousands of pieces of fancy and staple woolens to select from.

No matter what you can buy clothes for elsewhere, I will give you a better bargain.

Perfect fit and satisfaction guaranteed.

Harry Mitchell Caught With the Goods

It's very seldom that I miscalculate but this time I sure did. Everybody talked so much prosperity this year that I figured myself wise to stock up heavily on the more expensive grades of woolens and worsteds for the winter trade, but I was too optimistic.

Now this is no wolf cry, for I haven't any kick coming, as my business has increased over 30 per cent over last year. I have a nice trade on the \$25 and \$35 goods and that's why I bought so heavy on these grades and now I am overstocked.

These goods have got to go regardless of price, for I never carry any goods over. I am going to make the prices to remove them.

Tomorrow, Saturday, I will lay aside a choice line of these fine suit patterns, regularly sold at \$25 and \$35 in my store, and agree to make a suit or overcoat out of any of these goods at \$17.00 and \$21.00, lined and trimmed with the best material, and guaranteed perfect in style, fit and workmanship.

These goods are mostly all in single patterns, bought especially for my fine trade. They are beauties and I guarantee every one of them.

This is a grand opportunity for the man who wants the best, the man who ordinarily pays \$30 to \$50 for a suit, but who would be glad to save from \$15 to \$20 and get the same service.

All these fine goods are divided into two lots and marked with red and green tags.

Red Tags \$17.00, Green Tags \$21.00—for the convenience of the buyer. Yours truly,

HARRY MITCHELL,

123 West Superior Street.

JUNIOR SENATOR FROM NORTH DAKOTA IS DEAD

Martin N. Johnson Succumbs Suddenly to Bright's Disease.

Democrat May Be Picked to Succeed Him at Washington.

Fargo, N. D., Oct. 22.—United States Senator Martin N. Johnson of this state died from an attack of acute Bright's disease at his hotel in this city last night at 7:29 o'clock. A week ago he submitted to a second operation for a nasal trouble and was thought to be doing well. He had been a sufferer from the fatal disease for years and had complained during the last two days, but reports early yesterday were reassuring.

He was suddenly attacked late in the afternoon, gradually growing worse, and died without warning. His wife and his brother, a resident of this city, were present when he died. The body will be taken to his home at Petersburg, Nelson county, where the interment will take place.

Senator Johnson was 59 years old. He was born on a farm in Racine county, Wis., and was a son of Rev. Nelson Johnson, a native of Norway.

Senator Johnson was a graduate of the Wisconsin State university and came to this state in 1882, devoting his attention to farming. He was a member of the constitutional convention in 1889.

He was a candidate for United States senator and received the party vote in caucus, but was defeated in the joint session in 1895.

Eight Years in Congress. In 1899 he was sent to congress, and was three times reelected by acclamation, making his service eight years in the lower house. He was a member of the Methodist Episcopal church, and had been a member of the general conference of that body. Senator Johnson was elected at the last general election

MARTIN N. JOHNSON.

for a full term. Senator Johnson's death leaves a vacancy to be filled by appointment by Governor Burke, a Democrat.

Senate Is Notified. Washington, Oct. 22.—News of the death of United States Senator M. N. Johnson was conveyed to Daniel M. Handell, sergeant-at-arms of the senate, by telegraph. Mr. Handell immediately notified Vice President Sherman, who is at his home in Utica, and also inquired of the relatives of the statesman whether they desired for him an official funeral.

Burke Declines Forensic. Bismarck, N. D., Oct. 22.—When questioned last evening regarding a possible successor to the late M. N. Johnson, United States senator of this state, Governor Burke said:

"It would be unseemly at this time to discuss the question of a successor to the late senator. I have positively nothing to say regarding any appointment that may be made by me in the future."

SIX-RIDE ISSUE IS UP AGAIN IN PHILADELPHIA.

Philadelphia, Oct. 22.—In an effort to deprive the enemies of the local Republican organization of one of their most effective campaign arguments, both branches of the city council yesterday adopted resolutions looking toward the annulment of the contract which exists between the city and the Philadelphia Rapid Transit company.

A petition bearing the signatures of 55,128 voters, and insisting that the council make an immediate demand for the restoration of the strip tickets, was received by the council, and was referred to a committee. Ever since the company abolished the sale of six strip

On Keeping Sponges Sanitary

On account of the difficulty of keeping sponges in a sanitary condition, many people have discarded them entirely. However, it is easy to keep them clean and sweet if, in addition to rinsing in clean, warm water after being used, they are boiled once a week in water to which has been added a teaspoonful of Gold Dust washing powder, and then rinsed through several clear, warm waters. Wash cloths should also be boiled in Gold Dust suds and thoroughly rinsed, sunned and ironed. Those of thin linen crash are more desirable than heavy ones.

OKLAHOMA MEN SCORE BANK LAW

Guaranty Plan Is Declared Failure at Meeting of Bankers.

Tulsa, Okla., Oct. 22.—With but one dissenting voice, the members of group four of the State Bankers' association, representing sixty banks in the eastern part of the state, in a meeting here last night denounced the state banking board for its methods in dealing with the affairs of the Columbia Bank & Trust Company of Oklahoma City. They also demanded that the state bank examiner issue a statement regarding the condition of the bank, the guaranty law was declared a failure.

The resolutions also recommended that the state banking board as it now exists be abolished and that the guaranty fund be re-deposited with the banks from which it originally originated and no interest be paid by banks while deposited with them.

Changed To National. Washington, Oct. 22.—The story of a first change in sentiment to the state guaranty bank system of Oklahoma was told in a brief announcement at the treasury department yesterday. Under the Oklahoma system the state banks stand together to help one another in time of stress and the workings of that state-wide guaranty have attracted wide interest. Today the treasury approved an application to convert a state bank in Oklahoma into a national institution. The institution seeking the conversion was the Farmers State Bank of Oklahoma City, Okla., with a capital of \$100,000. Its new name will be the Farmers' National Bank of Oklahoma City.

HAMBURG POLICE AT WORK ON MYSTERY.

Hamburg, Oct. 22.—The Hamburg police, who, under instructions from the German government, have been investigating the various clues in connection with the finding of the body of a young woman near Isip, L. I., are convinced that the body is that of Anna Latter, who formerly lived at Al-

tona in Schleswig-Holstein, Prussia. She was married in February, 1908, to an architect named Mueller and the couple started for New York. The police say that both are missing.

MASONS ADVANCE FOUR DULUTH MEN

Are Chosen Among 300 Who Are Raised to Thirty-Second Degree.

Washington, Oct. 22.—The fourth day's session of the supreme council of Scottish Rite Masons for the southern

jurisdiction was taken up in considering the nominations for knights commander of the Court of Honor. About 800 thirty-second degree Masons were advanced to this honorary degree, a stepping stone to the highest degree in Scottish Rite Masonry, that of the thirty-third degree. Among those elected were:

Iowa—G. E. Hamilton, H. K. Hornung and W. H. Stoner, Des Moines; Davenport, F. Wernentine, and S. S. T. White; Clinton, F. Fellow, F. J. Item and H. S. Wilson; Cedar Rapids, M. Evans and C. D. Huston; Sioux City, A. L. Friberg, J. E. Garber, G. J. Jepson and A. E. McManus; Anamosa, G. L. Schoonover.

Minnesota—Minneapolis, G. G. Pittel, J. G. Morrill and C. C. Reynolds; St. Paul, J. T. Christison, G. Herbert, and H. M. Tisdler; Duluth, E. Forbes, W. H. Hoyt, W. B. Patton and C. W. Stilson; Winona, C. A. Bond; Rochester, J. W. Peck; Wadena, G. M. Stowe.

Montana—Butte, A. Van Corey, A. Gray and G. W. Mikel; Livingston, F. H. Payne.

North Dakota—Mapleton, S. Dunlop,

Buffalo, S. G. More; Langdon, J. McAvan; Fargo, C. K. Stone.

South Dakota—Aberdeen, A. C. Fogsum and G. F. Hopkins; Sioux Falls, S. A. Brown and P. S. Knowles; Yankton, I. Piles and F. L. Vantassel; Deadwood, G. M. Reeves and S. W. Russell; Fort Pierre, G. F. Phillips; Del Rapids, J. E. Irwin.

A resolution was adopted providing for a memorial service in commemoration of the 100th anniversary of the birth of Albert Pike, the Scottish rite's patron saint, on Dec. 29 next.

BUILDING BIG RURAL TELEPHONE SYSTEM.

Grafton, N. D., Oct. 22.—(Special to The Herald.)—One of the largest rural telephone systems heretofore state is being constructed out of Grafton. The organization is made up of over fifty farmers residing west of the city and the system will be perfect in every particular. This line will ultimately connect with Park River and several other points to the west.

PENNSYLVANIA OFFICIALS ARE GUESTS OF THE CITY

Officers and Directors of Road Entertained By Commercial Club.

Tour Is One of Pleasure and to Gather Information.

"No, no, nothing like that," said President James McGraw of the Pennsylvania lines last evening, when asked if the visit of the officers of the Pennsylvania road to Duluth did not signify that the road had some intention of getting better connections with the head of the Lakes. "Our trip up here is simply a pleasure trip. The officers of the road take a trip of this kind at least once a year for pleasure and for information, and that is all that this trip is."

Mr. McGraw stated that aside from keeping the Pennsylvania line in touch with a first-class standard, the road had no plans for Duluth or the head of the Lakes.

Mr. McGraw, however, stated that the Pennsylvania road was indirectly interested in the head of the Lakes, owing to the fact that the road handles about 10 per cent of the coal that is shipped to Lake Superior points, and probably 20 per cent of the ore that is shipped to Lake Erie points.

"We have had a delightful trip," he said, "and also a most instructive one. I have been to the head of the Lakes a number of times before, but this was my first visit to the Mesaba range, and it was most interesting."

The party was taken about the harbor this morning on the steamer Flamingo, leaving at 7 o'clock, and at 9 o'clock they were met by the train. Paul, Howard Elliott, president of the Northern Pacific, and General Manager Shale joined the party here. Milton S. Mead, the local agent of the Anchor line, had charge of the arrangements for the entertainment of the party this morning. Those in the party were: James McGraw, president of the Pennsylvania line; Joseph Wood, first vice president of the Pennsylvania company; J. J. Turner, second vice president; E. B. Taylor, third vice president; S. R. Liggett, secretary; J. J. Brooks, general counsel; Thomas D. Smith, chief engineer. These are all officers of the Pennsylvania line. The officers of the Pennsylvania railroad, of which Mr. McGraw is also president, who were here yesterday were: Charles E. Fugh, first vice president; Samuel K. Rice, second vice president; Henry Tappan, fourth vice president; Louis Nelson, secretary, and Directors N. P. Shortridge, George Wood, J. C. Witt, C. A. Lincoln, and C. C. Ingersoll and J. P. Greene.

Other members of the party were: E. A. Dawson of Chicago, manager of the Star & Union line; J. G. Rogers, assistant to the general manager of the lines west of Pittsburgh; J. H. O'Donnell, superintendent of the R. & A. V. division; Gamble A. Trower, superintendent of the Baltimore division, and R. S. Newhall, purchasing agent.

The visitors were guests of honor at a banquet at the Commercial club last evening. William A. McGonagle, president and general manager of the Duluth, Missabe & Northern Railroad, acted as toastmaster, and a number of short addresses were made by the visitors and the Duluthians present.

After a few introductory remarks by Mr. McGonagle, Mayor Haven was called upon, and he extended the visitors to the Commercial club.

when they build anything, you know, build it to last, and to last forever. If they can, like their houses, and they haven't much respect for the man who has any other idea of making. That at least, is their own idea of themselves. They have talked with men who have employed both British and American labor who say that the American workman is far superior both in intelligence and skill to the Briton.

This much is true, that the average Briton prefers British machines of all kinds to those made in America. As to bicycles, there is no manner of doubt that the British-made machine is far superior to the American, superior in material and workmanship. I bought a bicycle in Manchester for \$25, of standard make, though not of course, of the first grade. The same machine is not sold in America at all, and its like is not made there. It corresponds to the ones made and sold here for \$40 and \$45.

Grounds For Divorce. Grafton, N. D., Oct. 22.—(Special to The Herald.)—Alleging cruelty, drunkenness and desertion as causes for divorce, Mrs. Johanna Holt of Edinburg

was granted a decree by Judge Kneeshaw. The case came up at a special session. Holt is at present residing in Edinburg, Alta.

RAPS COMMISSION PLAN. Head of System in Mandan, N. D., Not in Favor of It. Fargo, N. D., Oct. 22.—(Special to The Herald.)—The commission form of government is not endorsed by President Packard of the commission system in Mandan, the first city in the state to adopt the plan. Later Blinnmark and Minot also voted favorably on it, while Fargo rejected it. Mr. Packard is a veteran newspaper man. He is a student of municipal government, and his conclusions have been reached after a thorough investigation of the commission system and its experience as its head.

Mr. Packard has been here investigating Fargo's sewer system. Mandan has grown rapidly, and with two new branches of the Northern Pacific being

constructed out of that point, it needs more improvements. At present it has only common village sanitary improvements and conveniences.

Valley City Promises To Have Gas Lighting. Valley City, N. D., Oct. 22.—(Special to The Herald.)—With two ordinances now before the city council providing for the granting of gas franchises, this city is in a fair way to secure a plant. One of the ordinances runs to the Gas Installation Company of Minneapolis, while the second goes to O. N. Giddin of Ft. Wayne, Ind. There is considerable rivalry between the two interests, and the proposition will receive considerable attention before final disposition is made.

Blind Piggers Get Stiff Punishment. Minot, N. D., Oct. 22.—Three blind piggers were sentenced in county court

yesterday by Judge Davis, after their pleas of guilty had been received. William Calmet, who pleaded guilty, received a sentence of ninety days, \$200 fine, or thirty days in default of payment of fine and costs. Pat Fleming of Rival pleaded guilty and received five months, \$200 fine, \$200 costs, or sixty days in default of payment of fine and costs. Ole Reamy of Plaxton pleaded guilty and received ninety days, \$200 fine, \$100 costs or ninety days in default.

Tillie Erickson, charged with frequenting a bawdy house, was released on her own recognizance.

Against Pistol "Toters." Fargo, N. D., Oct. 22.—(Special to The Herald.)—There is an increasing sentiment for a drastic law against pistol carrying in this state. The presence of hundreds of transient hoggers armed and the crimes that result is largely responsible.

MAORI CHIVALRY. Ladies' Field: A Maori's idea of a woman is expressed in the phrase "she who dreams," which means that her

thoughts are on a higher plane than his. He allows her absolute freedom of speech and manner, for he is sure that if there is anything to be said or done a woman's refinement and sincerity will exceed his own.

Calumet Baking Powder. The only high-class Baking Powder sold at a moderate price.

Boys' Sweater Coats at 48c. Extra heavy weight, natural gray sweaters, coats for boys aged 6 to 14, navy and red trimmed, actual \$1.00 values, at the bargain price 48c.

Anticipate Your Fur Wants Now! There'll be a rush for furs as soon as Mr. Jack Frost pays us his first visit. More so this year on account of the radical style changes in fur styles.

You should not wait another minute if you are at all particular as to the kind of furs you buy, because anything sold now will not be reordered, and the best garments sell first, you know.

A set exactly like illustration for \$7.95. Think of the value.

Beautiful black long-hair cone, as near a lynx as can be—rug muff and shawl collar, both with animal head ornaments—shirred silk lined. One of the greatest values that you should not fail to take advantage of. Price per set \$7.95.

Opossum Sets \$6.75. Opossum fur wears good, always looks good and considering the price they'll compare favorably with some of the higher-priced furs. We offer you brown or black opossum fur sets, full size muff and scarf, satin lined, at per set \$6.75.

Sets at \$10 Cannot Be Surpassed. At this popular price our assortment of Fur Sets is very extensive. Rug Muffs or plain black and brown furs of long hair cone, opossum, marmot, etc., shawl or plain scarfs. Come and see them. Choice, per set \$10.00.

\$5.00 Fur Sets \$2.98. How fast these sets did sell! We started out with fifty sets last Saturday, but on Tuesday we had to telegraph for fifty more. Lucky to get them, too. They'll go fast again this Saturday. They consist of black and brown cone fur sets, of muff and scarf, neatly made and securely sewed. Full size, suitable for ladies and misses. A grand genuine bargain at per set \$2.98.

Separate Scarfs, \$1.98 and Up. Separate Muffs, \$1.98 and Up. Children's Fur Sets to suit your demand.

Fine Coats at \$12.50. The wonderful prestige of this store in selling good, reliable merchandise at a price within the reach of the masses is making progress from day to day. Take our Cloak Department, for instance, which is specializing coats at \$12.50. They consist of black and brown cone furs, declared by some of the most particular lady customers to be the best garments ever sold in Duluth at that price. We have them in black broadcloth and kersey, winter-weight chevrons, in gray mixtures. They're all specially priced at \$12.50.

Of course, we have better coats and should you care to see them, you'll find that at \$15.00, \$16.50, \$18.00 and up to \$25.00 our coats cannot be surpassed for quality and appearance.

Good Tidings From the Shoe Section!

was granted a decree by Judge Kneeshaw. The case came up at a special session. Holt is at present residing in Edinburg, Alta.

RAPS COMMISSION PLAN. Head of System in Mandan, N. D., Not in Favor of It. Fargo, N. D., Oct. 22.—(Special to The Herald.)—The commission form of government is not endorsed by President Packard of the commission system in Mandan, the first city in the state to adopt the plan. Later Blinnmark and Minot also voted favorably on it, while Fargo rejected it. Mr. Packard is a veteran newspaper man. He is a student of municipal government, and his conclusions have been reached after a thorough investigation of the commission system and its experience as its head.

Mr. Packard has been here investigating Fargo's sewer system. Mandan has grown rapidly, and with two new branches of the Northern Pacific being

constructed out of that point, it needs more improvements. At present it has only common village sanitary improvements and conveniences.

Valley City Promises To Have Gas Lighting. Valley City, N. D., Oct. 22.—(Special to The Herald.)—With two ordinances now before the city council providing for the granting of gas franchises, this city is in a fair way to secure a plant. One of the ordinances runs to the Gas Installation Company of Minneapolis, while the second goes to O. N. Giddin of Ft. Wayne, Ind. There is considerable rivalry between the two interests, and the proposition will receive considerable attention before final disposition is made.

HE CORRECTS FALSE IDEAS

Census Director Durand Explains Regarding the Coming Examinations.

Washington, Oct. 22.—Census Director Durand states that the impression seems to have been gained by some people that the census bureau practically requires that all candidates for the positions of special agents and enumerators must be college graduates. This impression probably arose because the application blanks, provided for the examination to be held Nov. 3, contain a number of questions which give the applicant the opportunity to state fully what, if any, college or university education he has had. "As a matter of fact," says the director, "we are very anxious to get as special agents as many men as possible who have had practical business experience, and a college education is by no means required. The circular announcing the examination states specifically that we desire as far as possible to obtain persons who have had college or university courses in statistics or economics, and persons who have had service in the accounting department of some manufacturing or other business establishment. This does not mean that a person must have had both such educational and such practical experience."

"We hope that there will be a great many applicants who have had practical experience as bookkeepers and accountants or in other phases of practical business. Unfortunately, the most competent men who have had such experience are very likely to be well placed in permanent positions and to be unwilling to take temporary positions with the census bureau. It is partly because of the danger that on this account there may be an insufficient number of applicants who have had practical business experience that the bureau has announced that it desires also applications from college and university men, in the belief that a considerable number of the younger men, who have only recently finished their education, may be willing to accept such temporary employment."

"If a man has had a practical business experience, his lack of a college or university education will in no way militate against his appointment. On the other hand, good work can doubtless be secured in many cases from men who have had a thorough college training in economics and statistics, even though they have had little business experience."

"We have also noticed that a good many people who wish to be census enumerators seem to think they must take the examination to be held Nov. 3. That examination is intended for special agents who will collect the statistics of manufactures and mining, and is not at all required for enumerators."

INDIANS TIRED OF GOVERNMENT

Choctaws and Chickasaws Want to Sell Land for \$60,000,000.

Durant, Okla., Oct. 22.—If Congress grants the prayer of a memorial which the legislature of the Choctaw and Chickasaw Indian nations adopted, each of the 3,000 members of the two tribes will be heir to a legacy of about \$2,000. It is the will of the Indians that the Federal government take out of their hands all their unallotted and segregated lands, all the unsold town lots and purchase their tribal seminaries, schools, churches, administrative buildings and jails, including their capital building at Tuskahoma, paying for the entire properties, including the buildings, \$20 per acre, or a total of \$50,000,000. This money will then be divided among the various members of the two tribes and the affairs of the famous joint tribe government will then be terminated.

State Representative W. A. Durant of this city, who is also speaker of the house of the Choctaw-Chickasaw legislature, has just returned from the council of the Indians, and talks interestingly of the proposed sale of all their remaining joint possessions, which he heartily favors.

Durant is a member of the Choctaw tribe. He is active in state politics, and as a member of the state legislature last winter was an important factor in the McCalla-Durant insurgent combination, which broke the house organization and finally controlled the legislature. In discussing the Indian situation, Durant stated that the Indians were tired of the long-drawn-out red-tape process by which their tribal affairs are regulated and are anxious to terminate their government.

The two tribes now own 450,000 acres of segregated mineral lands, 2,000,000 acres of unallotted land, 5,000 town lots and their schools and churches and other buildings. At least 75,000 acres of the mineral land is also good agricultural land, while 200,000 acres is good pasture land, and the remaining 175,000 acres is mountainous, but much of it is good timber land. At least 95,000 acres of the unallotted land is also very fine land for farm purposes.

DRAWS GIRL FROM ALTAR.

Mother Breaks Up Wedding as Parson Is Getting Busy.

Sedalia, Mo., Oct. 22.—Just as the Rev. Harold Cooper of the First Congregational church was about to utter the words that would have made Miss Lorena Mahoney the wife of H. O. Barry, the young woman's mother rushed into the room and forbade the ceremony.

The bride-to-be became hysterical at the interruption and insisted that the ceremony proceed, but finally the mother's pleadings won her over and she left her intended husband and went to her home. Miss Mahoney is a Catholic and Barry is a Protestant. The mother insisted her daughter be married, if at all, by a Catholic priest. Mrs. Mahoney knew nothing of the wedding plans until just before the time set for the wedding.

SINGS AS FOOT IS BATHED.

Prima Donna's Fall One of Many Accidents on Closing Night.

Milan, Oct. 22.—An exciting chapter of accidents marked the concluding performance at the opera house here. Miss Elsie Bland, a prima donna, was hurrying to the theater when she fell down and severely sprained her

ankle. Throughout the evening she had to be wheeled about the stage in such fashion that only the upper half of her figure was visible to the public as she sang her part. Meanwhile attendants, crouched below the scene, were busy bathing and massaging the foot to ease the pain.

Signor Barrota, the tenor, hobbled about, groaning with gout, and the first bass, Signor Girino, while taking air in the afternoon had the misfortune to slip into a ditch and strain the muscles of his knee. He seized every opportunity of retiring to the wing to give vent to his feelings.

A fire threatened to destroy the scenery, while a thunderstorm, raging outside, extinguished the electric lights.

USING BIG ELEVATOR.

Wheat Is Being Dumped Into Huge Granary at Fort William.

Fort William, Ont., Oct. 22.—Without the blare of trumpets and in as simple a manner as can well be imagined, the first wheat was on Monday last dumped into the new Thunder Bay elevator on the bay, which is said to be the most rapid grain handling plant in the world.

The big elevator, which is owned by the Thunder Bay Elevator company, and has a storage capacity of 1,750,000 bushels of wheat, was built in nine

months by the local firm of Barnett & McQueen. It is constructed of tile and reinforced concrete and is modern in every way. It will have an unloading capacity of 180 cars in ten hours, or enough wheat in a night and a day to fill the largest vessel on the lakes.

Although only enough wheat was unloaded the first day to thoroughly test the machinery and scales, it will be running regularly hereafter. The test came fully up to expectations.

Kenneth Campbell, formerly weighman at the Empire elevator, will be foreman at the new plant. The assistant foreman is John Nicholson, who has been engaged for years at Canadian Pacific elevator B.

Estate Is Settled.
Dickinson, N. D., Oct. 22.—(Special to The Herald.)—The settlement of the

estate of Peter Yauch, who died over a year ago, valued at in the neighborhood of \$45,000, has just been effected. An equal division of the property is made between the son, Bartil Yauch, and the daughter, Mrs. Anna Nell of Dickinson. The estate consists chiefly of real property near New England, N. D.

BURGLAR, ASHAMED, LEAVES.

Simple Earnest Appeal of Invalid's Wife Saves Their Money.

St. Louis, Mo., Oct. 22.—By a simple, earnest appeal to a burglar as she sat up in bed in the semi-gloom created by a night lamp, Mrs. Beulah

Coleman of Ferguson, reached his better nature and caused him with lowered head and sinking steps to return the money and jewelry he had taken and to depart silently.

"You're a burglar, aren't you," she asked of the figure dimly revealed by the rays of the night lamp in the kitchen adjoining.

His silence convicted him.

"I'm not going to take you to task for that," she continued in a low voice, calculated not to awaken her husband, asleep in the front room, and the children at her side. "My husband is an invalid and I am trying to support this little family."

"I know you need the money, or you wouldn't be here, but I probably

need it worse than you. You see these children are dependent upon me, a woman. You are a man. It is for you to decide who needs the money most."

The thief had not answered, but his drooping head told that the appeal had reached his heart. He tossed her husband's pocketbook to the foot of the bed, slid the jewelry out of his pockets to the dresser, near at hand, and disappeared.

What would this city be like without its stores? What would this newspaper be like without its store ads? One would be about as interesting as the other.

THE number of our customers who express surprise at the size and beauty of our newly reconstructed store, has shown us that very few of the people of Duluth realize that they have in their midst, the largest and finest retail hardware store west of Chicago. Our store is one of the Show Spots of Duluth—a magnificent, large, light store, three floors of which are completely taken up with the largest and most varied stock of hardware to be found anywhere in the Northwest. **WE WANT YOU TO KNOW OUR STORE!** For that reason we have decided to put on a great **SIX-DAY EXPANSION SALE**, starting Monday, Oct. 25. Each day some special article will be chosen from each department in turn, and will be offered you as an inducement to come in and look around, at a price which will have no relation at all to the cost. The articles will be chosen for their reputation and general utility. We will charge the difference between what they cost us and what you pay us for them, to advertising expenses. We cannot fill telephone orders for these **EXPANSION SPECIALS**. The reason that we put them on, is that **We Want Every One in Duluth to come and see our store now that the reconstruction is completed.** Watch the papers every day! Come and let us conduct you over our magnificent store!

KELLEY HARDWARE CO., Duluth, Minn.

JANITOR SUPPLIES.

MOTOR BOAT ENGINES and SUNDRIES: Scripps, T. & M., Thrall. Our engines are favored by fishermen who, on treacherous Lake Superior, often find their lives depending on the constant working of their engines under all conditions.

MANUAL TRAINING SCHOOL EQUIPMENTS and SUPPLIES.

PROSPECTORS' SUPPLIES, Dip Needles, etc.

PAINTS, VARNISHES and PAINTERS' SUPPLIES: Gasoline, Alcohol, Kerosene, Gas Engine Oils, Cup Grease. We have a practical painter of four years' actual experience in this department. He will help you to get the kind and quantity you need.

REPAIR SHOP in charge of a competent mechanic, capable of doing all kinds of gun and locksmith work.

SPORTING GOODS and SPORTSMEN'S SUNDRIES: Guns, Revolvers, Barometers, Binoculars, Field Glasses, Bicycles, Motor Cycles, Clothing, Boots, Hats, Tents, Stoves, Shaving Sets, Mirrors, Face Lotions, Soap, White Wagon and Flexible Flyers.

We have in this department a fine line of ladies' goods, such as sweaters, hunting boots, skating shoes, moccasins, etc., in charge of a competent lady clerk.

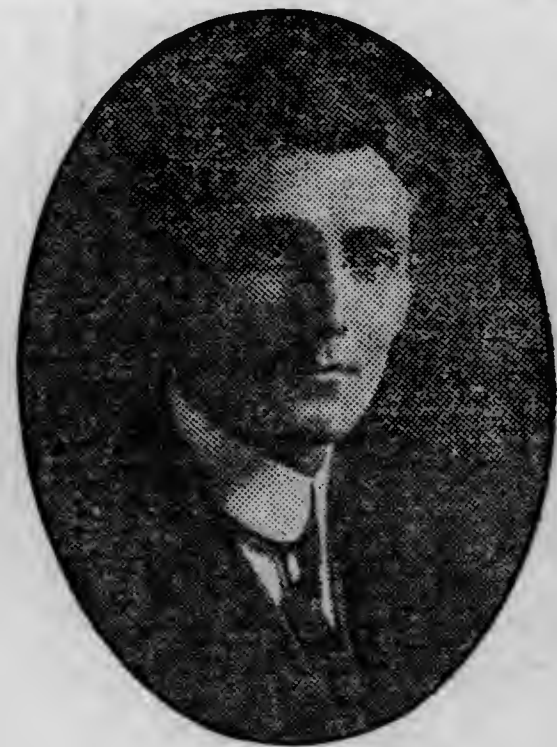

STOVES and KITCHEN UTENSILS—Coral and Round Oak Stoves and Ranges.

TOOLS FOR EVERY TRADE—Atkins, Hickory, Maydole, Starrett, Lufkins, Cleveland Drills, Machine Screws and Taps, Ratchets, Klein Flyers, Pole Climbers, Carborundum and India Stones.

MR. C. N. ZEIGLER,

Manager of the Sporting Goods Department, has had twenty-one years' experience in this line of work. Six in Chicago, nine in Kansas City and six in Duluth, with the Kelley Hardware company. Watch the Sunday paper for a big **EXPANSION SPECIAL** from his department. Something for both men and women.

MR. V. H. JACOBY,

Manager of the Auto and Motor Boat Department. A new department, created last year—has had five years' experience with the Kelley Hardware company. Mr. Jacoby is better known to watermen as the owner of the speedy "Semego." Watch the Monday papers for a big **EXPANSION SPECIAL** from his department.

MR. V. J. IDE,

Buyer of Housefurnishings, Manager of Cutlery Department, has had three years' experience in a large wholesale house and six years with the Kelley Hardware company. He promises to tell you about the biggest and best of the **EXPANSION SPECIALS** in the Tuesday papers.

MR. W. H. SCHELL,

Manager of the Builders' Hardware Department, spent three years with a large Chicago retail store, three years with the lock manufacturers, P. and F. Corbin, and has been three years with the Kelley Hardware company. He will offer you his **EXPANSION SPECIAL** in the Wednesday papers. A universal necessity!

MR. J. C. NEIPP,

Manager of the Paint Department, spent two years as a practical painter, and has been four years with the Kelley Hardware company. It is due to his skill as a window dresser that their windows are so attractive. He advises every one to keep their eyes on the Thursday papers.

MR. S. W. HERR,

Manager of the Tool Department, had two years' experience with the Seattle Hardware company, one year as a traveling salesman, and six years with the Kelley Hardware company. A well-known standard article at an unheard of price will constitute his **EXPANSION SPECIAL** in Friday's papers.

MR. J. BJORBACK,

Manager of the Heavy Hardware, Stove and Housefurnishing Departments, has to his credit one year's experience in the wholesale business and seven in the retail, three of the latter with the Kelley Hardware company. Watch the Friday papers for two big **EXPANSION SPECIALS** from his departments.

GUGGENHEIM SUIT ABRUPTLY ENDED

Court Indefinitely Postpones Hearing for Annulment of Divorce.

Chicago, Oct. 22.—The suit seeking annulment of the divorce granted Grace B. Guggenheim from William Guggenheim eight years ago in Chicago, came to an abrupt close here yesterday when Judge Honore indefinitely postponed the hearing.

When Judge Dunne in 1901 granted the divorce the testimony of Mrs. Guggenheim showed that she was a resident of Illinois. Mr. Guggenheim claims recently to have discovered that her testimony was in error on this point. The matter was laid before Mr. Dunne, who is no longer on the bench, and he, declaring that fraud had been practiced on the court and the people of the state outraged thereby, filed a petition for the annulment of the divorce.

Attorney William Seabury came from New York to represent Mrs. Guggenheim.

GOUGH SEES NEW "NELL"

Former Mabel Taliaferro Appears Under a New Name.

New York, Oct. 22.—Despite the fact that they have become almost inane from misuse, the words, "dainty" and "sweet" are being used chiefly in describing both the play of

"Spring Time," which opened Tuesday night in the Liberty theater, and the work of the star, who was originally Miss Mabel Taliaferro and later Mrs. Frederick Thompson, but who wants to be known henceforth by the simple name of "Nell."

The play is a little love idyl written by Booth Tarkington and his collaborator, Harry L. Wilson. The scenario was furnished by Frederick Thompson, who got his idea from a story by Bronson Howard, so if the play fails or succeeds the responsibility will be divided. From the fact that it took nearly a half hour to deliver all the flowers to the stage Tuesday night it looks as though it would have at least a reasonably good season.

DIRECTORY OF AMUSEMENTS

WHERE TO GO TONIGHT.

LYCEUM—D'Urbano's band.

Request Night.

Tonight is "request night" at the Lyceum. The program will be composed entirely of numbers presented at the request of patrons of the theater. The engagement will come to a close Sunday evening. The Lyceum has been daily growing larger and more enthusiastic. Following are the programs for tomorrow afternoon and tomorrow night:

Saturday Afternoon.

March—"Lyceum." D'Urbano's band.

Vocal solo. "Lullaby." Harry Reid.

"Daughter of the Regiment." D'Urbano's band.

Waltz—"Rose Mousse." D'Urbano's band.

Vocal solo. "Miss Reid." Harry Reid.

Selection from "Martha." Florest.

Saturday Evening.

March—"Invincible Eagle." Sousa.

Overture—"William Tell." D'Urbano's band.

Vocal solo. "Lullaby." Harry Reid.

Vocal solo. "Lullaby." Harry Reid.

Overture—"The Prince of Tintin." Howard.

Waltz—"Jolly Fellows." Valsted.

Vocal solo. "Lullaby." Harry Reid.

Vocal solo. "Lullaby." Harry Reid.

Selection from "The Provost." Verdi.

All popular encores.

FINDS PRICE PUT ON LOVE.

Canadian Girl Tries Suicide, Saying New York Is Heartless.

New York, Oct. 22.—The easiest way for a girl alone in New York, the city with a price on all its love, is suicide.

This is the verdict of Edith Thomas, a 19-year-old girl from the country. Ten days of New York cast Edith a derelict in the prison ward of Flower hospital, where she is recovering from a self-administered dose of poison.

Edith says she left her mother, three brothers and a sister in Sherbrooke, Can., to come to New York to make her fortune on the stage. She

left Sherbrooke with a show and was discharged as soon as the company reached Broadway. She was without money and without friends. After trying to find honest work she wrote a letter to her mother and took poison.

"There is no word of faith or love in New York unless you buy it," she said on her cot in the hospital on Wednesday. "If you are just a girl, all alone, you have to pay too dearly for it. If I can get a ticket, and if the police will let me, I'm going home where there is love you don't have to pay for."

TWO ADMIT THAT THEY HAD ACCEPTED BRIBES.

Youngstown, Ohio, Oct. 22.—The first of the trials of the sixteen prominent men recently indicted for alleged graft came to a sudden end yesterday when County Commissioner W. H. Kalle, under three indictments for accepting bribes, entered a plea of guilty. John C. Hanni, also a member of the board of county commissioners, pleaded at the same time, changed his plea to guilty, and was sentenced on Kalle and Hanni was deferred.

They Grow Hair

Certain Ingredients if Properly Combined, Stimulate Human Hair Growth

Reserlin is one of the most effective germ destroyers ever discovered. Bismuth is a most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter, and creates a clean, healthy condition.

Fluocarpine, although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to human hair.

Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs, and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities.

Resall "93" Hair Tonic is chiefly composed of these ingredients, which are compounded in a peculiar form, and we believe it is the most effective remedy known to medical science for scalp and hair troubles generally. We personally guarantee it to eradicate dandruff and scalp irritations and to grow hair, even though the scalp is spots, is bare of hair, providing, of course, there is life and vitality remaining in the hair roots.

We want every one troubled with scalp disease, dandruff or loss of hair to try Resall "93" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, we will without question refund the money.

PEACH CROP EXHAUSTED

Last of Fruit Goes From the Local Produce Market.

New Apples Are Beginning to Arrive in Large Quantities.

Peaches have left Duluth.

Of course, in the vernacular of the times, there are still plenty of peaches to be seen on the streets as day wearers in hipless gowns, Geraldine Farrar hats, Fritz Scheff waists, Eva Tangany belts and Nora Bayes furs.

But strictly speaking and referring to the fruit, not the matinee girl, not a single, solitary peach remains in the city. The Michigan state commission houses have been without them for several days, and will be until next summer.

The last of the Elberta peaches were sold in the local market the first of the week, and the season for them is now at an end.

They will be missed by many of the peaches-and-cream cult, for they have furnished a delicious dessert delicacy for some months. It was an unusually good season for peaches, and prices were very reasonable.

And while some people may scoff at the lowly price, the butt of many a moth-eaten boarding house joke, this article is about as good as the peach. In other words, there aren't any prunes in the market, receipts of the Italian variety having ended this week. The shortage is not expected to be of a great duration.

With peaches eliminated, Concord grapes remain the fruit market headline offering in the fruit market, with apples and oranges also running.

Receipts of grapes are keeping up on the same liberal basis they did last week, and the price for the Concord variety remains unchanged, at 18 cents a basket in the wholesale houses. Grapes are as cheap now as they will be any time this season. In fact, the early advance in the market for a severe storm in the grape country recently is said to have done some damage to the crop.

California Tokay grapes are selling at \$1.40.

Steadily and slowly, apples are coming into the front rank of fruit offerings and another month will see the season for them at its height.

Receipts show a good increase over last week, and the price for the New York State, Kings and Nonesuch and Michigan is also shipping several varieties. From Missouri and Illinois, some choice Ben Davis apples are being received, and the price for the Italian from the Bitter Root valley of Montana, are finding favor with the consumers.

The market for oranges remains about unchanged as to prices, but there is an improvement in the quality of the fruit. The market for grape fruit is also more active.

Buying of the new cranberries, which began arriving last week, has been very good during the past few days. The price is firm at \$7 a barrel, or \$2.50 a bushel.

The easy tone of the banana market has continued this week. Receipts have liberal and the price has not risen above last week's level of 2 1/2 cents a pound.

Eggs are very firm at 24 cents a dozen, which is the same price offered for the week. There are strictly fresh candied offerings. Extra fancy eggs, in cartons, are selling at 27 cents a dozen.

Butter prices are unchanged, but the tone of the market is strong. Creameries are offering at 44 cents, all though so many people are offering them at 45 cents. The market is rather hard to determine upon a prevailing market price. Any quantities may be had at 44 cents, however.

The market for sweet potatoes continues very firm. The Jersey sweets are selling at \$1.35 a bushel.

Hothouse vegetables are the only ones offered on the green goods list. Receipts have been quite good during the week, and the demand about the same, so no change in prices is recorded.

A large potato crop was harvested this season and the spuds are offered very cheaply. The nominal market price for them here is 44 cents, all though so many people are offering them at 45 cents.

The market for sweet potatoes continues very firm. The Jersey sweets are selling at \$1.35 a bushel.

The market for staple vegetables is quite active. Pumpkins are selling at \$1.25 a dozen, and the Hubbard squash is selling at the same price. Cabbage is offered at \$1 a crate. Roots are selling at 30 cents to \$1.25 per hundredweight.

Meat and poultry prices have shown no fluctuations during the week.

WHARTON FILES FOR NOMINATION

Lakeside Man Has at the Present Time a Clear Field.

As announced some time ago in The Herald, James A. Wharton will be a candidate for the Republican nomination for alderman from the First ward.

Mr. Wharton filed yesterday. Alexander G. McKnight at present represents the First ward residents in the city council, but he has announced that he will not again be a candidate. At present it looks as though Mr. Wharton will have a clear field. No other Republican has shown any inclination to file for the office, and the Democratic party may not enter a candidate.

FORMER SECRETARY TO TAFT SENT TO PRISON.

New York, Oct. 22.—When Ralph H. S. Whitney, a well appearing young man, came up for sentence on a corrupt charge yesterday, his attorney surprised the court by declaring that his client belonged to a well-known Boston family and had once been private secretary to President Taft.

The court, however, was not impressed by the family name, and Mr. Whitney was sentenced to five years in prison.

Both had confessed. Whitney addressed the court for an hour on the girl's behalf, but in vain.

THINK "SCHLATTER" WAS AN IMPOSTER

St. Louis Officials Say Man Who Died in Nebraska Was McLean.

St. Louis, Mo., Oct. 22.—According to local records, the man found dead in Hastings, Neb., yesterday, is Charles McLean, who has posed in various places as Francis Schlatter, the original Schlatter of "divine healing" fame, who succeeded about twenty years ago to the reputation of Francisco Schrader, the first divine healer of wide repute. Schrader, after gaining a great reputation as a healer in Denver and other cities, was found dead in the Colorado desert about fifteen years ago.

Shortly after Francisco Schrader's death, a man of similar appearance and methods, calling himself Francis Schlatter, began traveling about the country, claiming to heal by divine power the sick and afflicted.

In May, 1904, a man who is believed to have been McLean appeared in St. Louis with a much younger man calling himself "Schrader." The older man posed as "Schlatter," and the younger man as "Schrader." They tried to get money to finance them in carrying on divine healing.

McLean was arrested in Des Moines, Iowa, last June on a charge preferred by a citizen of Clinton, Iowa, that he had taken away a large sum of money entrusted to him. He had posed in Clinton as Schlatter, and in his ragged clothing when arrested he had \$155 and three diamonds valued at \$200 each.

Schlatter and Schrader appeared in Los Angeles last winter and announced that they had established the kingdom of the new Jerusalem on a South Sea island and were going to convert the world.

The real Francis Schlatter had a "divine healing" office in Hot Springs, Ark., two years ago.

DR. DORAN WOULD SHIELD HIS WIFE

On Road to Recovery, Asks That She Be Not Prosecuted.

St. Paul, Minn., Oct. 22.—Dr. George M. Doran, who was shot in the abdomen by his wife Tuesday night, is pronounced out of danger.

Mrs. Doran was arraigned in police court yesterday afternoon charged with shooting her husband to death. Through her attorney, Thomas J. McDevitt, she pleaded not guilty and the hearing was set for next Tuesday morning.

A unique feature in the Doran case is that the wounded man has dictated a note to the nurse by his bedside, copies of which were yesterday afternoon delivered to J. W. Finelund and to J. D. O'Brien as follows:

"It is my desire, if it can possibly be arranged, to have Mrs. Doran released. I do not wish to proffer any charges against her. My recovery is just a matter of a few days."

The granting of the above request would please me very much. (Signed) "G. M. Doran."

Chief of Police J. J. O'Connor stated that Mrs. Doran will not be released until a thorough investigation had been made.

Mrs. Wright and Miss Wright of Duluth, mother and sister of Mrs. Eva Alice Doran, arrived in St. Paul yesterday and had an affecting interview with her in the office of the clerk of the municipal court.

The mother and sister were deeply affected and asked many questions concerning the shooting of Dr. G. M. Doran. It is understood that Mrs. Doran claimed to them that the whole affair was strictly accidental.

Dr. Doran married Miss Evelyn Wright from her father's house in Duluth.

Ailments of Men Happily Overcome SUCCESSFULLY TRIED BY MANY.

Undoubtedly the following prescription will work wonders for that great class of men who, through dissipation of their natural strength, find themselves in their "second childhood" long before their three score and ten allotted to life's pleasures and enjoyments are reached.

It is presumed to be infallible, and highly efficient in quickly restoring "nervous exhaustion," weak vitality, melancholia and the functions.

First get 50 cents' worth of compound fluid balmwort in a one-ounce package, and three ounces syrup sarsaparilla compound, take home, mix and let stand two hours; then get one ounce compound essence candor and one ounce liniment cadomene compound (not cardomene). Mix all with six or eight ounces bottle, shake well, and take one teaspoonful after each meal and one when retiring, followed by a drink of water.

By mixing it at home no man need be the wiser as to another's shortcomings, and expensive fees are avoided.

Lack of pulse and equilibrium in men is a constant source of embarrassment even when the public least suspects it. For the benefit of those who want a restoration of their natural bounding health, and all the happiness accompanying it, the above home treatment is given. It contains no opiates or habit-forming drugs whatever. Mix it at home and no one will be the wiser as to your affliction.

This Will Stop Your Rheumatism

A Remarkable Electric Device That Positively Has Relieved Countless People of the Pains and Causes of Rheumatism.

Throw away your pills, powders and other medicines. Here is a treatment that will make you rub your eyes and wonder. It is not a magic, but it is a fact—a marvel. It has been proven a tremendous success. Men and women formerly crippled with rheumatism report themselves now hopping around like boys and girls, as a result of using this simple and wonderful device, called Electropodes.

Electropodes produce a wireless, unnoticeable, yet powerfully effective current, which passes through the entire body, through every muscle, nerve, vital organ and blood vessel. It is the new way of using electricity, opening a tremendous field to the successful treatment of disease.

By this electric current, Electropodes regenerate the tissues, purify the blood and the vital organs, especially the kidneys, regulate the functions, and turn the nerves almost into "cords of steel."

It proves that electricity is not only life, but health and vigor in all its glory. Electropodes will positively stop your rheumatism, lumbago, pain in the back, kidney troubles, weak nerves, nervous prostration, stomach and liver trouble, insomnia, and heart weakness.

Electropodes are different from any other electric device in that they produce a current only while in actual use. They are metal insoles so placed in the heels of the shoes as to be unnoticeable to the wearer.

To prove these statements are every bit true, your druggist will give you a contract that if the Electropodes are not perfectly satisfactory to you after 30 days, money will be refunded.

Electropodes are sold at drug stores and at \$1.00 a pair. If your druggist does not have them, send your remittance to The Electropode Co., Suite 27, Holland Block, Lima, Ohio, and you will get a pair together with the literature, and we will guarantee to satisfy you completely before 30 days are over or positively refund your money. Say whether for lady or gentleman.

PROHIBITION IN CHICAGO

Plans Nearly Complete for a
Campaign to Close the
Saloons.

Election May Be Held Next
April or the Following
Year.

Chicago, Oct. 22.—Plans are nearly complete for the launching of a great popular movement to abolish the liquor traffic in Chicago and close the city's 7,130 saloons. It is probable that all civic reform and prohibition organizations of the great Western metropolis will unite in this movement. If the election is held next year, the date will be Tuesday, April 1910. If it is postponed until 1911, it will be April 4, 1911. In any event, it will be the most strategic and spectacular fight to date in the whole history of the prohibition reform.

Whatever the vote may be that comes as a climax to this campaign, the prohibition forces declare it will be the first step in the permanent annihilation of the liquor traffic in Chicago. If the no-license ballot does not win this time, it is safe to say that the campaign of education which will be conducted in every corner of the city will have far-reaching effect, and prove a splendid foundation for another and more successful campaign later. If the unexpected happens and the prohibition forces win in this first skirmish, it will, so the reformers say, sound the knell of liquorism in the nation over. Whatever the immediate outcome, the campaign will exert a mighty influence upon the rights of citizenship in every city and hamlet of the United States.

The newspapers of Chicago have shown remarkable fairness and liberality toward the new developments in the temperance and prohibition reform in the city, and the people will be almost without limit in being given to the discussion of this extraordinary election subject.

Should the projected movement be launched to submit the no-license question to popular vote, every prohibitionist in the city will back it to the limit of his strength and influence. A majority vote for prohibition is polled on April 5, 1910, the election of a mayor and administration is in jeopardy with it and pledged to a strict enforcement of the law of the city as passed at the municipal election in 1911.

The editor of the Associated Prohibition Press says: "Prohibition, while not of course completely abolishing the liquor traffic in Chicago, would undoubtedly save to the people from 50 to 75 per cent of the city's present liquor bill. The 7,000 saloons of Chicago must take in an average of \$10,000 each per year to pay expenses and even moderate profit. The enormous large sale of bottled liquors and mail and express shipments from outside, the liquor bill of the city must total not less than \$80,000,000 per year. By closing the saloons the people will be saved from \$40,000,000 to \$50,000,000 for legitimate purposes.

"The increased demand for legitimate merchandise, homes and recreation would prove a tremendous boon to local retail and wholesale trade.

"The record of prohibition in fifty large industrial centers shows that the locations vacated by saloons have in almost all instances been quickly taken over by legitimate businesses, restaurants and amusement halls. The claim that prohibition would close up the hotels of the city is disproved by the results in every city where prohibition has been enacted. The record shows no single instance where the hotel facilities have not followed the enactment of prohibition.

"The insurance of the prohibition in the great industrial city of Birmingham, Ala., at least on new \$1,000,000 hotel has been financed, three new banks opened for business, and the figures of the city show that building operations have increased remarkably.

"Not only that, but the increase in the investment of foreign capital has been marked. Building operations in Birmingham, Ala., and Kansas City, Kan., three of the largest prohibition cities, have broken all previous records in the few years.

"I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Disberry, Kellier, Minn., without a blister. "I have been cured by Burns, Scalds, Old Sores, Boils, Skin Eruptions. World's best for Piles, 25c at all druggists.

BRAZIL'S IRON ORE DEPOSITS

Will Be Sufficient to Meet
the World's Waning
Supply.

Washington, Oct. 22.—The iron ore deposits in Brazil present such enormous possibilities that it is believed they will be sufficient to meet the world's waning supply, though their availability for immediate use remains to be passed upon by transportation and smelting experts. So we learn from George E. Anderson, our consul general at Rio de Janeiro, who has been permitted to review the memorandum prepared by the chief of Brazil's geological survey for use at the international geological congress, to meet at Stockholm in 1910.

The presence of this ore has been known in Brazil since 1530, at which time the Portuguese government took measures looking to development, and iron was produced up to 1623. Then the industry dropped till 1700, when the discovery of gold caused a rush, and it gave an impetus to the iron industry, because gold was freely found in the iron deposits. Modern appliances, however, were not used till 1888, all the iron produced in Brazil being by the direct process.

There is iron ore of good promise in every state in the Brazilian Union, but there is only definite information relative to the states of Minas Geraes, Sao Paulo, Bahia, Goiaz, Parana, Santa Catharina, Rio Grande do Sul and Mato Grosso. The deposits in these several states are frequently spoken of in the most glowing terms, and have trustworthy statistics only of the eastern central part of Minas Geraes, in the section of the Espinhaco range, covering 2 degs. of latitude, with a width of 1 deg. of longitude. This region is within reasonable communication with the seaboard, and has been mapped with approximate accuracy, showing iron-bearing formations covering an area of 5,700 square kilometers. The map embraces only from a half to two-thirds of the known total area of the ore field.

Three classes of ore are obtainable

FAKED APPENDICITIS

And Foxy Prisoner Went Through
With the Operation.

St. Louis, Mo., Oct. 22.—Frank Hillier, alias Hillard, alias Hill, convicted of passing worthless checks and sentenced to the workhouse four months ago, is a patient-prisoner at the city hospital, after an unnecessary operation for appendicitis, which he insisted be performed. Hillier was taken to the hospital, apparently in great pain. He insisted he had appendicitis, declaring he had a similar attack before. At his request his appendix was removed, but no cause for suffering was found. Physicians declared he faked his sufferings.

HIS NAME CALLED

For Jury Duty and Tongue Rose, But
Fell Over Dead.

Philadelphia, Pa., Oct. 22.—"William Tongue, Sr.," cried the clerk in Judge Kinsey's court, while a petit jury was being selected to hear the jail delivery cases.

A man in the back part of the courtroom rose, then suddenly threw his hands up over his head and fell forward dead. The man was William Tongue, Sr.

Judge Kinsey cleared the court and notified the coroner's office. After the body was removed, the court proceedings were resumed. Tongue's widow said that her husband was a sufferer with heart trouble.

from the same beds—quarry, rubble and sandstone. The extent of the deposits in this range is practically incalculable. The ore would produce 5,000,000 tons, and he did not think he would exaggerate were he to double this estimate. Prof. Richard Penrose, well-known geological expert, estimates that the yield at hundreds of millions of tons. Other estimates by competent authorities are even greater than these.

No attempt has been made to estimate the volume of ore deposits, although one such deposit, measured by a competent mining engineer, is said to carry 25,000,000 tons of rubble ore, easy for stoking, bearing 50 per cent iron. What is generally known of the rubble ore deposits places the volume equal to that of the surrounding ore. Aside from this district, hematite ores are known to exist elsewhere, not only in Minas Geraes, but in other states of the republic, and it is fair to presume that before many years Brazil will take front rank with the iron-producing countries of the world.

CHURCHES CLOSE WITH SALOONS

Due to the Warfare Waged
Upon the Liquor
Traffic.

Pender, Neb., Oct. 22.—The preachers and the saloons of this town are in the same boat, they are both out of business and their going is due to the warfare that has been waged upon the liquor traffic for the last three years.

Pender is the county east of Thurston county, a town of 1,900. The county is about twenty-four miles square, but almost two-thirds of the area is included in the Omaha and Winnebago Indian reservations. On these reservations there are close to 2,000 Indians, and most of them have a hankering for liquor.

For years Pender has been a high license town. Five saloons flourished for twenty years and each paid a town license of \$1,000 annually. This money supported the public schools to a great extent, paid for keeping the streets in repair and maintained a little fire department.

During all of these years, Pender

GIN FOR BACKACHE.

Backache Means Kidneyache—Newly-
Perfected Prescription Given For
Kidneys and Bladder.

Gin, in some form, has been known as a kidney and bladder remedy for years. It is said, by excellent authority, that it reaches its highest efficiency as a remedy for weak or disordered kidneys and bladder when used in the following formula: "Six ounces good pure gin, one-half ounce extract Buchu." These ingredients can be bought and mixed at home, or any good prescription druggist can put up the formula. For best results take one to two teaspoonfuls three times a day, after each meal.

Such symptoms as backache, rheumatic pains in the joints, soreness in hip or groin, frequent, scanty or painful urination, highly-colored urine, dizziness, etc., should be attended to promptly, as Chronic rheumatism, Bright's disease and diabetes are apt to develop.

supported three churches, but now the saloons and the churches have closed their doors and the windows have been boarded up.

Last May, at the annual town election, Pender went dry by a very small majority. The saloons closed up, but several clubs opened. At these clubs all kinds of liquor was on hand for members. A man could pay a dollar and that entitled him to full membership until he had had a dollar's worth of liquor.

The members of the temperance element of the town commenced swearing out warrants for the arrest of the keepers of the places. J. W. Ercenan, W. C. Meyer and Hans Hennig were taken into custody and fined \$100 each. This was done at the session of the district court just adjourned.

The "personal liberty" advocates were not idle. They comprise almost one-half the male population of the town. They had been fairly liberal in

their contributions to the churches and after the turn that affairs took, decided to withdraw their support. When solicitors for funds called upon them, they remarked "Nothing doing," and refused to give a penny.

The burden was too heavy for the other half of the church people. First the Congregational minister sought, and found, a charge elsewhere. Then the Methodist preacher went away to conference and did not come back, nor was there any provision made for supplying the pulpit. The Catholic priest stood it a while longer, but he had to give up and now, instead of holding services each Sunday, he comes twice a month and this constitutes the only preaching that the people of the town have a chance of listening to.

The school taxes have been pushed up to the limit and the streets are sorely in need of repairs. While the sale of liquor has been stopped in saloons and clubrooms,

there is much "bootlegging" being done. Rev. S. C. Hughes, a retired preacher, who was instrumental in the closing of the saloons, insists that his mission has not been completed and that from now on, he will follow up and prosecute every man bringing liquor into the town.

The 2,000 Indians, who for years have been doing their trading here, now go to Brancroft, six miles away, where liquor is sold.

CONCERNING WOMEN

The next regular meeting of the West Duluth Women's Christian Temperance union will be held at the Children's Home and during the afternoon the members will be the temporary mothers of the institution and mending day will be observed. There is no feature of the work that seems to fall heavier upon the matron of the home and her assistants than the mending. It is such a necessary part of the work and as in many households there seems to be time for everything else but that.

Last year the members of the union showed their interest in the welfare of the children and made this regular day of mending their parties service. Their example was followed by other women's societies throughout the city, and much needed help was thereby secured. With a family of eight children, a good many women can find an afternoon's work in mending. The mending of the union is a word from any society or group of women who will be glad to receive, for an afternoon or a couple of hours, a universal sigh of relief from the mending is all caught up with, once again.

Morning Wedding.
The wedding of Miss Lydia Rozon of West Duluth and William Burgher of this city will take place Monday morning of next week at St. James Catholic church. Mr. Burgher and his bride will be at home in this city.

Alumni Association.
An alumni association was organized last evening by the graduates of the Cathedral school. Temporary officers were elected and those who will serve are: E. W. Casey and J. W. Lodon, Bishop McGovern was present and spoke. The committee is composed of Messrs. Corbett, Linnmer and Lydon also spoke. The next meeting will be held Sunday evening at 8:30 o'clock at Cathedral hall.

Assembly Ball.
The regular autumn ball of the Assembly will be danced this evening at the building. The affair comes as a brilliant contrast to a rather dull social season. A large number of invitations have been issued and La Rosa's orchestra will play. The executive committee is composed of Messrs. Corbett, Linnmer and Lydon also spoke. The next meeting will be held Sunday evening at 8:30 o'clock at Cathedral hall.

W. C. T. U. Meeting.
The regular meeting of the Women's Christian Temperance union was held yesterday afternoon at the home of Mrs. August Moline at West Duluth. Yesterday was the world's day of prayer observed by the union throughout the world. The special service yesterday was the reading of the book of Isaiah. The regular leader of the afternoon was Mrs. J. T. Culbertson who read a paper on the Home-keeper. Old and New. During the

informal discussion that followed, Mrs. Olson told of her former home in Iceland and the home customs of that country.

Sunday School Social.
The children of the main section of the Sunday school of Pilgrim Congregational church will be entertained at a social this evening in the church parlors. A delightful entertainment has been prepared and all of the children of the main school are invited to present.

Piano Recital.
Theodore Fossum will present a few of his piano recital tomorrow afternoon at 2:30 o'clock at recital hall at 224 West First street. Anyone interested is invited to attend. The program is as follows:
(a) "The Cradle".....Bohm
(b) "A la Valse".....Orth
(c) "The Waltz".....Bohm
(d) "The Waltz".....Bohm
(e) "The Waltz".....Bohm

Saturday Club.
The regular meeting of the Saturday club will be held tomorrow afternoon at the club room of the library. Mrs. Robert Smith will be in charge of the half hour devoted to current events. "The Club" will be the regular study for the afternoon with Mrs. E. F. Barker as leader. The outline is as follows:
Life of Racine.....Grieg
Style of Writings.....Grieg
Andromache—Review and outline of plot.....Grieg

Personal Mention.
Mrs. Z. D. Scott is visiting at Chicago for a few days.
Mr. and Mrs. W. S. Woodbridge have returned from a visit at Minneapolis, where they attended the annual convention of the Congregational Church of America.

Mrs. W. M. Abrahamson has been called to Pittsburgh because of the serious illness of her father, Mr. Baker.
Miss Katherine Knoblock will leave Tuesday for New Mexico for a visit with friends.

PLANTING TIME.

Bulb Plants Should Be Started Now.
Now that we are beginning to live indoors again, if we wish flowers we must take them with us, say on exchange. There should be no question about this. Nothing brightens a room so much, or makes it as livable and homey-looking as growing plants. A fern or a bright geranium will help, but a whole window full of flowers is lovely.

A standing order at the florist's provides a simple and charming way of "beautifying one's home," but like many simple and charming things, it is frequently expensive in a big city in the winter time. Growing plants are more trouble, but to many persons it is a pleasure to care for them, and they are within the reach of the ordinary purse.

For house culture nothing is more satisfactory than bulbs. They are easy to grow and give excellent results. Hyacinths, tulips, narcissus, calla lilies and freesias are especially practical. Hyacinths, tulips and narcissus are well as in soil, narcissus and some of the Chinese lilies in bowls filled with pebbles and watered.

The time for planting hyacinths is September, October and November. The size of the pot depends upon the number of bulbs planted in a single one. Three bulbs might be planted in a pot six inches in diameter, one or two in pots proportionately smaller.

two bulbs in a pot being particularly effective. Water well, and then bury the pots in the open ground to the depth of six inches for eight weeks, while the necessary root growth takes place. After this period, take up the pots and remove to a room not heated, but not so cold as to freeze. Do not put them into the sun for two or three days, as when exposed to the light for the first time they are delicate. Of course, growing from bulbs in this way is hardly possible in the average city house with no ground. In this case the plants will have to be started by a florist, or bought at the stage where they have commenced to come up.

Hyacinth growing in glasses is an interesting variation of the more usual method, and one, for some reason, particularly dear to the hearts of our grandmothers. All old ladies who are fond of flowers have one or more hyacinth glasses.

For this purpose, single varieties are best. These glasses, as most persons know, are peculiarly shaped, so that the bulb is placed in the top part, in a sort of cup. Fill the glass with water so that it touches the bottom of the bulb. In a cool, dark place and keep them from six to eight weeks before bringing into the light.

Somewhat different from the glass, though worked upon the same principle, is the pebble-filled bowl, in which narcissus, Chinese lilies and other types may be placed. The water should be kept filled up, but not actually changed. Any time the water is changed, it will bring forth of bowls and glasses, will prevent it from getting foul.

The cost of living will be reduced if you buy groceries at wholesale of Barthe-Martin Co.

W. C. T. U. IS IN SESSION

Annual National Meeting Is Opened in Omaha Auditorium.

President Stevens Makes Long Report on Work and Victories.

Omaha, Neb., Oct. 22.—Delegates to the annual convention of the National Women's Christian Temperance union, which opened today in the big auditorium where the principal sessions of the convention are to be held. The convention was called to order at 9:30 a. m., but the war was devoted to a service of prayer and praise under the leadership of Madame Lay Yah A. Barakat, national evangelist.

Besides the voting delegates, officers, department superintendents, organizers and other official workers, there were present at the opening many hundreds of visiting members of the organization.

The convention hall had been decorated with opera chairs for this session at the request of Mrs. Stevens, the president, and every preparation made for the comfort and convenience of the convention, the committee and the delegates.

Music Opens Meeting.
The convention came to order promptly at the start of President Stevens' gavel. Singing led by Mrs. Frances W. Grant, national musical director, was accompanied by Miss Ruth Foxville of Missouri and Miss Louis of South Dakota, cornetists, and was followed by the national anthem.

After the roll call of delegates, the annual report of the executive committee was presented, and committees were named.

Mrs. Stevens, the national president, then delivered her annual address, which occupied the greater part of the morning session.

The program of the afternoon session included the submission of the annual reports of the corresponding secretary and the treasurer and several addresses.

Constitutional Tact.
Mrs. Stevens featured her report with a note of congratulation to President Taft for his stand on the temperance question.

"For Mr. Taft to set the example of total abstinence is cause for great rejoicing to those who are for human betterment," she said.

The report opened with a compliment to Nebraska, saying that the state is to be congratulated on the action of its legislature, which passed a daylight saloon bill, but added that it was in Nebraska that the high license idea was born and that it was in this state that the fallacy of the idea was demonstrated.

Campaign in Nebraska.
The report then stated that the national convention was brought to Omaha with a view to securing in this state a state-wide prohibition law.

A review of victories is then given by Mrs. Stevens, the work in Tennessee, Alabama, Florida, South Carolina, Indiana, Ohio, Nebraska and other states being mentioned. Particular attention is given, also, to the death of Senator E. W. Carmack of Tennessee.

A general review on total abstinence was given by Mrs. Stevens, who said that it was in the public mind a clearer understanding than ever before concerning the relation of total abstinence to prohibition. All well-meaning intelligent people know that liquor drinking is demoralizing; that it is destructive to health and happiness; to commercial and industrial efficiency.

In proof of this statement, Mrs. Stevens quotes from numerous authorities, and especially refers to statements made by heads of thirty-nine of the leading railroad systems of the country in response to letters sent them by the National W. C. T. U. asking for their policy with regard to

With Duluth's Greatest Glove Sale

Tomorrow we shall prove our right to claim **ABSOLUTE GLOVE LEADERSHIP** by providing a heretofore unequalled sale of **STRICTLY HIGH GRADE GLOVES** at prices which should tax the capacity of our store from opening time Saturday morning until closing time at night.

200 Pairs Women's White Glace Kid Gloves, light weight for dress wear, on special sale Saturday, while they last for a pair 79c

Our Line of Women's \$2.00 Gloves—embraces a most comprehensive showing of Europe's best known makers, who because of our enormous purchases, confine their lines entirely to us and as a result we show exclusive novelties, rarely seen West of New York—Tomorrow we introduce the Wide Black Embroidered Backs and a line of other Ultra Styles in distinctive shades, **\$2.00 at a pair**

Introducing the World's Very Best \$1.00 Gloves for Women.
An event which will create a new era in Glove Selling—There are three lines—representing **Fine 8-Button Glace Dress Gloves in black and colors—Women's Genuine Chevreton Mammish Gloves in black, white, English reds, gray and tan and Women's High Grade French Mocha Gloves in black, gray, red, tan, brown and gun metal.** These lines were made by the world's best makers from selected skins on our special order to retail for \$1.25 and \$1.50 a pair—but in order to give our customers a glove value superior to anything they have known, we will place the entire lot on sale Saturday, for, a pair **\$1.00**

Ladies' New Chamois Lined, fine Milanese Cashmere Gloves—with two pearl clasps, perfect in fit **50c**
Ladies' Pure Silk Lined Black Milanese Cashmere Gloves—perfect fitting and stylish, very excellent value, **50c**

A Great Sale for Men
In order to bring all Duluth Men as well as Women to our store we will offer Saturday—**25 Dozen Men's Genuine \$2.50 Chevreton Street Gloves**, of superior quality, finished with all the detail that goes to make up a man's correct glove—sold by haberdashers and dealers everywhere at \$2.50 and considered an excellent value at that price—our introductory sale price for Saturday only—**\$1.50**
Men's Pure Silk Lined Genuine Chevreton Gloves—a very superior value for Saturday—the pair **\$2.00**

Livingston's Glove Shop
26 W. Superior Street

drinking men. All reptiles received stated there was an absolutely prohibitive rule against liquor.

Reports on Drink Rules.
It is conservatively estimated, therefore, the report states, that 84 per cent of the railways, 79 per cent of the manufacturers, 80 per cent of the trades and 79 per cent of agriculturalists discriminate against workmen who drink.

Mrs. Stevens deplores the fact that many daily papers accept extensive advertising contracts from liquor dealers, and in her report gives a list of forty-two periodicals which decline to accept this class of advertising. She says this bill would have passed had it been given a fair chance by Speaker Cannon.

The report strongly favors a federal commission to investigate the liquor traffic, but admits that it is not so greatly needed now as it was twenty years ago. This report closes with an urgent appeal for renewed zeal in the temperance work.

The cost of living will be reduced if you buy groceries at wholesale of Barthe-Martin Co.

VERDICT FAVORS CORPORATION

Frank Paulin to Recover Nothing From Shenango Furnace Company.

Frank Paulin will receive nothing from the Shenango Furnace company of injuries alleged to have been sustained while working in the company's mine in December of 1905.

The jury this morning in district court, where the case has been tried, brought in a directed verdict in favor of the company.

Paulin sued for \$12,000. He claimed to have worked for the furnace company in its mine near Chisholm during the year of 1905. It was his duty to load train cars. It was while he was engaged with his duty that the accident befell him, he claims.

In his complaint Paulin claims that the banks of the passageway leading to and from the mine were very close to the tracks on which the train cars ran. He claimed that on Dec. 13 of the year mentioned he was caught between a moving car and the walls of the passageway.

As a result of the accident he claimed that he suffered severe internal injuries, which kept him in the hospital for six months. He claimed that he was internally injured and made unfit for further work.

Alexander Marshall represented the plaintiff in the action.

READY FOR THE JURY.
The Thomas Purcell Personal Injury Case About Finished.

The case of Thomas Purcell against the Wisconsin Central Railroad company was continued this morning before Judge Martin Hughes. He wants \$10,000 for injuries alleged to have been sustained in Superior in November of 1903, when a steam boiler, which he claims was in poor repair, exploded and injured him.

S. A. Anderson, the personal injury lawyer of Minneapolis, represents the plaintiff and Crassweiler & Crassweiler are representing the railroad. The case will probably go to the jury this afternoon, as the evidence was about all in this morning.

Mark Twain is constantly receiving photographs from men who have been told that they look like him. The latest one is from Florida, and Mr. Clemens is said to have written the following acknowledgment: "I thank you very much for your letter and the photograph. In my opinion you are more like me than any of my doubles. In fact, I am sure that if you stood before me in a mirrorless frame, I could shave by you."

DRIVEWAY FOR ROME

Will Pass All Historical Spots of Interest to Travelers.

Total Cost of Rebuilding the Campanile to Be \$400,000.

Rome, Oct. 22.—Among the various projects by which Italy is to commemorate the fiftieth anniversary of the declaration of Rome as the capital of the country is that of making a monumental zone around the city. The zone is intended to constitute a road which will pass by and make evident the remains of ancient Roman buildings and historical sites to the stranger and dweller in Rome, who are interested in these remnants of Roman greatness. Moving from the Coliseum, for example, and passing through the arch of Constantine, the traveler has on his right hand the height of the Palatine, separated from

him by a wall. This wall is to be demolished, with the zone of earth behind it, between it and the Palatine. The actual street that passes beneath the modern road through the arch Constantine has been reached, and it is hoped that the new road to be made will keep to the ancient level, so that nothing that is of old date may be concealed from view. Then, on the other side, there is the great foundation of the temple of Claudius, now the Passionalists' garden; and this has to be presented when parliament meets. The country is keenly interested in this question, which affects many small investors as well as the principal Italian ports, and Signor Giolitti is well aware how strong the feeling on the matter is. Meanwhile, he will have another month for considering his plan.

Campanile Being Rebuilt.
The Extreme Left which took a leading part against the original scheme, is now also occupied with the domestic quarrel between Don Romolo Murri, the priest who sits as a Radical deputy, and another Radical, another Radical politician, who is editor of the Secolo di Milan. Don Romolo Murri is discredited already, after barely six months of parliamentary life, and finds that the opposition is apt to obtain at times even among the most ardent Democrats. Between his Radical colleagues and his clerical opponents his position has become not a little precarious.

According to Commendatore Boni, who is in Venice, great progress is being made in the work of rebuilding the Campanile of St. Mark's. It was on the morning of July 14, 1902, that the old Campanile fell, "collapsing like a telescope that is shut up," as a Venetian spectator graphically expressed it. When it was decided that the tower should be rebuilt—and there are some who still think that its reconstruction was a mistake—an estimate of \$250,000 was accepted for the entire work, of which some \$200,000 has already been spent. It is now calculated that the total cost will be about \$400,000, and ample provision has already been made for the whole of this sum. The international subscription that was started soon after the old tower fell has brought in \$191,770; the government and the Venetian municipality have promised \$100,000 each; various societies have offered between the sum of \$21,480, and unpaid subscriptions and sundries amount to \$2,765.

The task which Dr. Placentini and his colleagues set themselves to accomplish, is, indeed, a stupendous one. The total height of the Campanile, from the level of the piazza to the top of the angel, which will surmount it, will be 325 feet 2 1/2 inches, of which, up to the present moment 179 feet, or somewhat more than half, have been finished. That is to say, the base and the shaft are now complete, and to ascend the thirty-six inclined planes which lead by easy gradients to the summit of the latter, where the workers are here, is no longer a task.

To Resemble Old Building.
In the reconstruction of the Campanile the architects and engineers have set before them as an ideal to be followed an exact reproduction of the old building. Naturally, some modifications have been introduced for greater security, but these will for the most part, escape the eye of all but a few experts.

For example, the thirty-six inclined planes of the old shaft proposed on arches, the new shaft is a solid one, and the real support is provided by iron clamps fastened into the masonry and forming a gigantic frame-work of iron which would stand, it is said, even if the stone work again collapsed. A pillar, which stood in the lower center, has been suppressed as of no practical use. The old shaft is present occupied by a lift for conveying materials to the top of the shaft. It has not yet been decided whether, when the Campanile is finished, the shaft will be converted into a convenience, and thus be a source of revenue to the monument. Other alterations of construction are to be found in the seven stages, or supports, of the Campanile, which are no longer made of beams, but of iron and cement. Moreover, when the shaft is finished, it is proposed to substitute three pillars for a heavy shaft, covering them over with a light mask, so that from the outside they will appear the same as before.

A similar plan will be adopted for the pyramidal roof, so as to reduce the weight without diminishing the stability of the Campanile. Even so, when completed, the whole edifice will weigh 12,000 tons. So far, 1,300,000 lire have been employed in its construction, and the work, which has been specially made near Treviso twice passed through the machine, cooked with iron and cement. Moreover, a week in water to prevent them from "sweating," as they did at first, are of much greater dimensions than those generally used by builders. The old tower was built of very defective materials that had been employed before, and this was the cause of its fall. Great care has now been taken to insure that the materials shall be of the best—that the structure shall come from Montferriat, the home of the Salomoni, the heroic leader of the fourth crusade, in which the Venetians played so conspicuous a part. The stone is quarried in Austria, that erstwhile Venetian territory whence the republic drew her argosies, where Austria wood for her naval armaments. Thus all the materials are connected with Venetian history.

PRINCESS IN AN ACCIDENT.
Louise of Belgium Thrown From Motor Car Near Vienna.

Vienna, Oct. 22.—Princess Louise of Belgium met with an automobile accident on the way to Budapest a few days ago. The princess's object in going to Hungary was to inspect an estate she has purchased, and where she intends residing permanently. The party, consisting of seven persons started in two motor cars, but in the neighborhood of Vienna, near the Protestant cemetery, the automobile in which the princess sat dashed against the other, which was leading. The impact was so violent that the princess and Lieut. von Mattsch were thrown out. The princess suffered a few slight abrasions. One of the automobiles was flung into a ditch, broke several trees, and tore up six large curbstones.

MARRIED WHILE IN PRISON.
Business Man, an Embellisher, Has Three Years to Serve.

Berlin, Oct. 22.—A once prominent business man at Altoma, named Moller, now serving a term of four and a half years' penal servitude for embezzlement, has just been married. When Moller was convicted his wife obtained a divorce. Recently he decided to marry again, and accordingly escorted him from prison to the town hall of Guckstadt, where the bride (an acquaintance of his youth) was waiting him. The ceremony was performed by the registrar with the usual rites, the wardens acting as witnesses. Moller was then led back to his cell, and the bride returned to Hamburg.

The bridegroom has still three and a half years to serve.

Crookston's Public Building.
Crookston, Minn., Oct. 22.—Special to The Herald.—The new federal building which Crookston wanted for many years and for which great effort was expended, is finally nearing completion. It is a fine building in appearance than was expected by most of the people. The work to be done by the local contractor, Louis Johnson, is practically all completed.

TENNYSON DEMOCRAT

Took the Laureateship Because He Was Advised to Do So.

Wore to Court Suits That Two Other Poets Had Worn.

London, Oct. 22.—Some interesting side lights on the character of the poet Tennyson were thrown by a letter written by the poet on his appointment to the laureateship read at the recent Tennyson centenary celebration by William Franklin Rawnsley, by whose grandfather it was written. The letter was as follows:

"I thank you for your congratulations touching my laureateship. I was advised by my friends not to decline it and I was even told that, being already in receipt of a pension, I could not gracefully refuse it. But I wish more and more some one else had it. I have no passion for courts, but a great love of privacy, nor do I count having the office as any particular feather in my cap. It is, I believe, hardly worth \$500 a year, and my friend, B. Milnes, tells me that the price of the patent and court dress will swallow up the first year's income. The court dress, Mr. Rawnsley tells us, did not cost him much, however, as he went in the dress which had served for Wadsworth, who, in turn, had obtained it from the old poet Rogers. Those who have seen it, for it is still in the Wadsworth family, have often wondered how Wadsworth and Tennyson managed to get into it. Rogers was a very tidy man, and they were both big."

Researches recently conducted into the family history of the poet Tennyson have established the interesting fact that he is the ancestor of a Chinese family now living in the island of Reunion. It came about because his son, Luan Paron, whose existence is revealed to us in the poet's autobiography, turned out badly. This hopeful youth, who was born in 1790, was apprenticed by his father to a grocer in Paris, but took to drink and his position. It was decided, therefore, to pack him off to the colonies. After having squandered all the money that he took with him, Luan wrote home to ask for more. His father sent him a large piece of advice and a small remittance, with an intimation that no more remittances were to be expected. For the rest of his life Luan kept a small school for the children of the Reunion. He died living in a hut as wretched as that of his.

As the result of a union which he contracted with a negress, he had a daughter named Augustina Adelaide. In this and other particulars he was like a boatman named Wu Tu. She had three children; and the family of Wu Tu still exists. If it does not flourish, on the island of Reunion. Therefore, grotesque as it is, the most illustrious of the French song writers is now represented by a yellow posterity.

Tom Gallon, who has won wide popularity as a novelist, tells a story in connection with his novel, "Meg, the Lady," that is well worth recording. He was dining one evening with some friends, among whom was a married woman he had known well for many years. To amuse his friends he started spinning stories out of his head, till at last they said: "Now tell us a real story, something that actually happened in life." He then told them the following story:

"A married woman, who, to all appearances was happily married, was fascinated by a suitor, and at last yielding to his entreaties, she went to his house. She was very young, however, to be out, and she went for a walk pending his return. He lived in a fashionable street bordered nevertheless by slums, wherein she contrived to get lost. She was very young, however, to be out, and she went for a walk pending his return. He lived in a fashionable street bordered nevertheless by slums, wherein she contrived to get lost. She was very young, however, to be out, and she went for a walk pending his return. He lived in a fashionable street bordered nevertheless by slums, wherein she contrived to get lost."

That was Gallon's story told entirely from imagination. When, later in the drawing room his married friend beckoned him to her and told her the story in detail. The ruffian had tried to rob her, when a girl of the streets came on the scene, and with great difficulty rescued her and sent her home a penniless woman.

"She had never breathed a word of her adventure to a soul," the novelist said. "She was the last woman in the world I should have suspected of a lapse from the straight path, yet—well, can you play it? I cannot, unless it were that while I was spinning absurd stories she was thinking to herself what a story she could tell if she dared, and that her mind telepathetically affected her. She gave me leave to use her story as the basis of a novel and 'Meg, the Lady,' was the result."

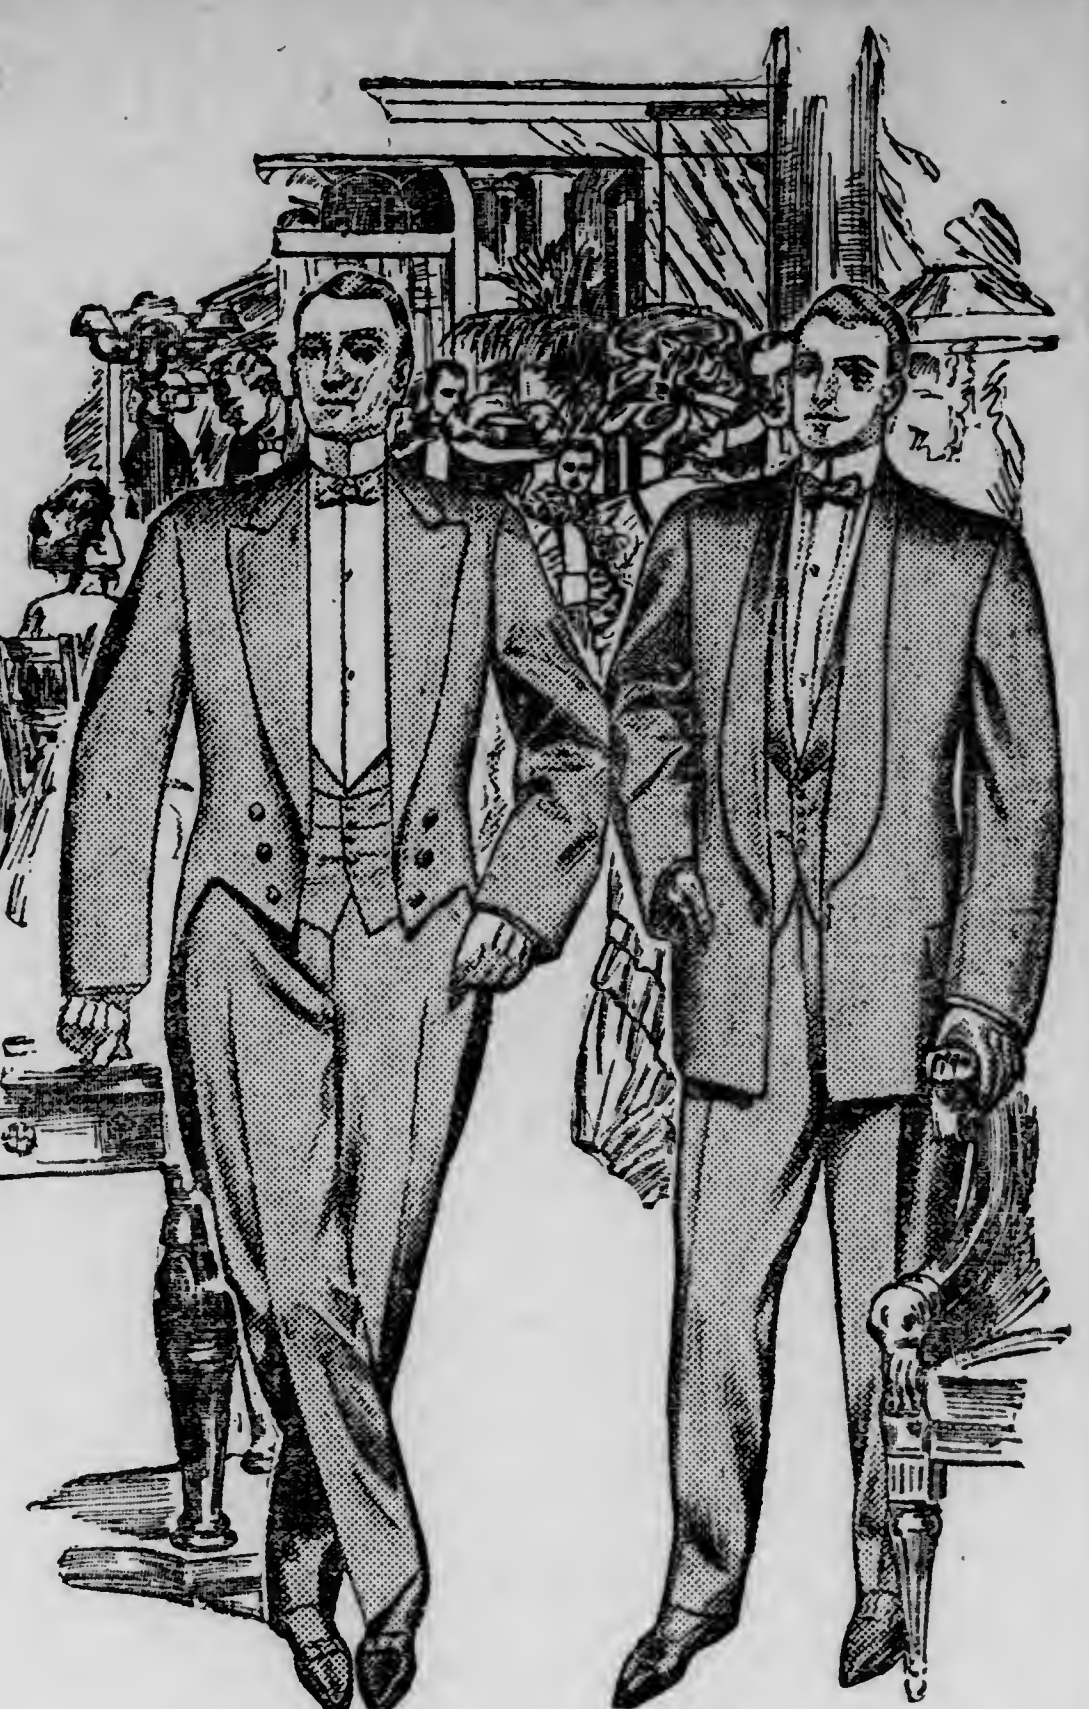

ABDUCTED IN A MOTOR CAR.
Girl's Mother Taken Along, But Left at Night in Country.

Brussels, Oct. 22.—A sensational motor car abduction has caused much excitement in Brussels. A young traveler named Lewis fell in love with his employer's daughter, aged 16. The attachment was discovered by the employer, named Hadin, and Lewis was dismissed.

While the girl and her mother were shopping in a quiet street they met Lewis, who was waiting in a motor car. Lewis at once jumped out of the car, and seizing the young girl by the arm, pushed her into the car, despite her mother's shrieks. "Your daughter has said come along," don't worry," he stated to Mme. Hadin, and taken aboard, she also entered the car. They drove quickly into the country, and after a time

GRAND FORKS AFTER CEREAL FOOD FACTORY.
Grand Forks, N. D., Oct. 22.—(Special to The Herald.)—The local Commercials club is corresponding with Michigan parties who contemplate engaging in the manufacture of breakfast foods here. The club will probably make arrangements to offer a bonus for the factory, the only drawback at present being the market, which must be completed.

As Grand Forks ships about 100 cases of breakfast food a day, the local jobbers will be asked to take the matter in hand and push the article.

A SQUARE-DEAL

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and these are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless—even to the most delicate women and children.

Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or other organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures even the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1000 pages—which treats of diseased conditions and the practical, successful treatment thereof. Cloth-bound sent post-paid on receipt of 31 cents in one-cent stamps to pay cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

A Second Hand Piano

Taken in exchange for a Steinway, Ivers & Pond or Kranich & Bach, can be depended upon as a superior instrument, because it is evident that it came from a fine home. We make a specialty of special to order pianos for palatial homes. Steinway styles, upright and grand, are correctly modeled. Ivers & Pond and Kranich & Bach pianos have an original and exclusive system of construction—no material too good or workmanship too expensive. Such instruments bring in return some very fine second-hand pianos that we are selling wonderfully cheap. Some splendid practice pianos at \$115 to \$140. Some old standard makes as low as \$200, in fine condition.

We repair, rent, tune and store pianos.

ONE DOSE MAKES INDIGESTION GO

Heartburn, Gas, Headaches and Other Stomach Misery Vanish.

If your meals don't fit comfortably, or you feel bloated after eating and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Bilelessness, Constipation, Griping, etc. Your case sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pope's Diapensin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of indigestion. No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name, always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pope's Diapensin will regulate any out-of-order stomach within five minutes, and digest promptly, without any fuss or discomfort all of any kind of food you eat.

NEWS OF THE NORTHWEST

POSSIBLE SOO ROUTE

Engineer Stoner Has Made Preliminary Survey East of Bemidji.

Proposed Route Will Parallel Great Northern Road Quite a Distance.

Bemidji, Minn., Oct. 22.—(Special to The Herald.)—The survey of the line which the Soo railway will in all probability use through the village of Cass Lake, and on westward to Bemidji, has been completed by M. D. Stoner of this city, who was authorized to survey that portion of the Plummer-Moore Lake branch from a point east of Cass Lake, to connect with the survey already made in Northern Clearwater county, extending to Plummer.

Mr. Stoner began his work of surveying on the west shore of Cass Lake, and ran a line through the village of Cass Lake, from a point north of the Nielsen mill plant, almost due west. This line was continued, paralleling the Great Northern railroad, and running westward a short distance south of Wolf lake, almost touching it. From this point the line deviates considerably to the north, passing between Midway and Grace lakes and touching the town of Froim, thence extending westward, still paralleling the Great Northern railway, and just missing the low ground west of Rosby, continuing on through the township of Bemidji, passing through the village of Nymore, and extending westward through the city of Bemidji, using the south twenty feet of the public highway known as the Mill road.

Mr. Stoner stated that the right-of-way to be used through this city would necessitate crossing the Minnesota & International Falls railroad tracks at a point near the Minnesota & International Falls bridge, the road then extending through the city towards the west.

Mr. Stoner stated that it was the intention to have the Soo tracks pass under the tracks of the Red Lake line at the same point used by the Great Northern.

Mr. Stoner will continue the survey of the line north and west from the city of Bemidji, and will join the surveying crew which has already surveyed the line through Clearwater county toward Plummer.

The actual territory through which the line will be run, leaving the trestle west of Bemidji, has not been definitely located, but it is more than likely that the line will continue to parallel the Great Northern, and then turn west of Bemidji, before turning to the northwest.

DROPS 400 FEET IN COPPER MINE

Surface Foreman Opal of Tamarack Mine Falls Down Shaft.

Calumet, Mich., Oct. 22.—(Special to The Herald.)—Two lives were lost in local copper mines yesterday. Jones Opal, 38 years old, surface foreman at the Tamarack Mining company, was instantly killed in the afternoon by falling down the shaft 400 feet. He was about to take the trip underground but missed his footing as he was stepping into the cage. He is survived by a wife and five children.

Anton Spole was killed by a fall of rock at the Calumet & Hecla. Two other men, Walter Norden and Joe Sceriff, were seriously injured, the latter fatally.

LUMBER COMPANY CHANGES HANDS

Extensive Holdings of Mueller Lumber Company Sold at Menominee.

Menominee, Mich., Oct. 22.—(Special to The Herald.)—Court Commissioner John E. Tracy at the courthouse here yesterday conducted one of the largest auctions ever held in this section when he disposed of the entire holdings of the Wisconsin Land & Lumber company of Hermanville, Mich.

The property included includes 30,000 acres of land, much of it covered by valuable timber, a town and a railroad.

The court commissioner announced that the property would be sold in bulk and would not be parceled out. The circuit court in ordering the sale to wind up the affairs of the company, authorized him to accept not less than \$100,000.

The assets of the company are estimated by conservative lumbermen to be worth about \$1,000,000. Many of the most prominent lumbermen of Michigan and Wisconsin were present at the sale.

The William Mueller company was established in 1888 in Schoolcraft county, Mich., where they absorbed one of the largest and most prosperous firms in what was then the richest lumbering section in the world. They held immense tracts in Schoolcraft, Keweenaw, Dickinson, Marquette and Chippewa counties, with lead office at Blainy in Schoolcraft county, which town they owned. They also held in length from Blainy to Blaney Junction.

Their enterprise in 1902, when they purchased immense tracts of timber in the Copper River country, resulted in financial ruin, and after a long struggle against adverse fortunes they turned their property over to their creditors in 1906, when an order was recently granted to wind up the affairs of the concern.

LAND SEEKERS FLOCK TO REGISTRATION PLACE.

Aberdeen, S. D., Oct. 22.—The people of the Middle West are rushing to get their names on the list for the drawing of claims in the Cheyenne River and

INDICT FIVE IN CARLTON COUNTY.

OSCAR GLADER.

Carlton, Minn., Oct. 22.—(Special to The Herald.)—In addition to the indictment returned by the grand jury against Oscar Glader for murder in the first degree in killing John Drannan at Cloquet, July 15 last, as stated in Wednesday's Herald, the grand jury has found three indictments.

Edwin Lars Skog, rogerly in the second degree; Joseph Lundberg, second degree; and Edward C. Behrens, assault in the second degree. In the case of Gilbert C. Baker vs. William Hunter, the jury returned a verdict yesterday of \$200 for the plaintiff.

The case of John Smith vs. The Cloquet Tie & Post Company is on trial.

HIS MACHINE TURNS TURTLE

Minneapolis Man Has Close Call From Death in Manitoba.

Neche, N. D., Oct. 22.—(Special to The Herald.)—James McCabe of Minneapolis was pinned under his automobile three hours before his predicament was discovered by a farmer, who, securing assistance, released him. Unconscious from the terrifying experience and severe bruises he received when the machine turned turtle after a faint plunge down a hill, it was some time before he was brought to his senses.

Mr. McCabe was driving his auto near Morden, Man., at that time. Attempting to climb a hill on high speed, and having almost reached the summit, the machine suddenly started to turn turtle. Mr. McCabe beneath the wreckage, where he was held a prisoner till a farmer broken to pass by. No bones were cracked, and it will soon be well again.

FORGER PLEADS GUILTY.

Young North Dakotan Admits Using Employers' Names Freely.

Grafton, N. D., Oct. 22.—(Special to The Herald.)—Walter Lewis, who was arrested in Grand Forks after passing several forged checks at Park River, Minn. and arrested before Judge Kneeshaw and entered a plea of guilty. His sentence was suspended for three months, and he is to look up certain references given by the accused. Lewis, a young man, had been employed in various capacities about the city and took advantage of the opportunity of using his employers' names on checks to secure cash.

John Johnson pleaded guilty to a charge of selling liquor and was sentenced to pay a fine of \$200 and serve ninety days in jail.

RETURNED TO ASYLUM.

Grand Forks Woman, Once Released as Cured, Sent Back.

Grand Forks, N. D., Oct. 22.—(Special to The Herald.)—Mrs. Fred Lee, the mother of three children, the youngest of whom is only 4 months old, was yesterday committed by the county insanity commission to the county hospital at Jamestown. Mrs. Lee has once before been in an insane hospital, but was discharged. Within the past two or three weeks she has been acting queerly with the result that she was taken in charge by the authorities.

MEET HERE IN 1911.

Minnesota Baptists to Gather in This City Two Years Hence.

Winona, Minn., Oct. 22.—The convention of the Minnesota State Baptist association in 1911 will be held in Duluth. This was decided yesterday at the annual meeting here. Next year the association will meet in Woodland Park church, St. Paul.

Trustees for Pillsbury academy were chosen as follows: Uriah Rorabeck, Frank C. Nichols, F. K. Pratt, all of Minneapolis; S. C. Briggs, West Concord; Charles J. Oatman, Winona. For the three-year term to fill a vacancy, W. C. Roberts, Owatonna.

The Pillsbury board of visitors chosen were: Prof. George D. Shepherdson, Minneapolis; H. H. Wayman, Anoka, and Rev. Harold Patterson, St. Paul.

Directors of the Minnesota Baptist Educational society were chosen as follows: Rev. C. H. Henningson, St. L. A. Cardall and Rev. August Bidholm.

Octogenarian Is Walker.

Little Falls, Minn., Oct. 22.—Almost an octogenarian, Jasper King walked seventy miles from Winnipeg light to Wednesday morning. He traveled from Clear Lake to this city and thence to Little Falls.

The aged man was left with Charles

Davis of Clear Lake while a relative went to the Dakota fields. Sunday night the old man left his home, and clothes in only a pair of overalls, a jumper and a pair of shoes without socks. He wandered seventy miles and stopped but once for food and drink.

LEAVES ADOPTED HOME.

Moorhead Boy Missing as Are Foster Father's Coin and Watch.

Moorhead, Minn., Oct. 22.—Clarence Reinhardt, an adopted son of Mr. and Mrs. Charles Reinhardt of this city has left for parts unknown.

He retired as usual with the family Tuesday night, but between the time of retiring and midnight he stealthily arose, and going to his foster father's room, is said to have gone through his clothes and took about \$30 and a gold watch that he had left the house.

Mr. Reinhardt in some manner discovered that the boy was missing and also his money, and immediately started upon a hunt, but it was fruitless, the boy having disappeared.

Young Reinhardt is about 17 years old and has been employed during the summer. He has always been given a good home by his foster parents, but he has frequently before manifested an inclination to wander.

FINE ILLINOIS DOCTOR.

Illegal Hunter in Sawyer County, Wis., Mulcted \$60.25.

Madison, Wis., Oct. 22.—Game Warden George W. Rikeman has reported the conviction in Sawyer county, Wis., of a poacher, an Illinois hunter, who has been annoying the wardens in the northern part of the state for some time.

Deputy Warden A. L. Hurlburt attached the doctor for some time and finally landed him with a carcass of a deer. The doctor, who was the transaction and \$60.25 was the gross income to the coffer of the state. Mike Colburn of the same county was also convicted for killing one deer and paid \$25.

WISCONSIN LUMBER PLANT IS DESTROYED.

Phillips, Wis., Oct. 22.—Fire Wednesday night destroyed the big sawmill of the John R. Davis Lumber company, entailing a loss of \$150,000, partly insured.

Deputy Warden A. L. Hurlburt helped to prevent the spread of the flames to other buildings. The origin of the fire is not known.

CARGILL LEFT NO WILL.

La Crosse, Wis., Oct. 22.—The late W. W. Cargill, possessor of an immense fortune and leader in a half century of the state, left no will.

This fact was brought out by the application for special administration of the estate of the deceased, W. S. Cargill, brother of the deceased, W. S. Cargill, who was appointed administrator. The petition gives no adequate estimate of the value of the estate.

Uncle Sam to Investigate. Fargo, N. D., Oct. 22.—The United States government will start a thorough probe into the charges of peonage of laborers in North Dakota, in this city tomorrow, before Immigration Commissioner Burnett. Marshals are being sent to investigate peonage in different parts of the state. The first hint of peonage here was sent out by John Clifton Elder, special agent from Washington, a few weeks ago.

WISCONSIN BRIEFS

Ashland.—The pastors' union met Wednesday afternoon and voted to invite the Rev. Henry W. Stogdell, D. D., an Evangelist of national reputation, to come to Ashland and give a series of meetings on Nov. 4. The meetings are to be held in the Presbyterian church.

Eau Claire.—Fifty years of peaceful wedded life has been the experience of Mr. and Mrs. Robert Parker, who celebrated their golden wedding anniversary in fitting style at their home in Brackett on Tuesday.

Wausau.—John Sawyer of Wausau, employed by the Milwaukee Electric Railway & Light company as a painter, was electrocuted while at work on a trolley car on Tuesday.

Baraboo.—A woman, a brakeman, 22 years of age, whose home was in the city, was killed by a train in the Winona yards Tuesday night.

Oconomowoc.—Henry H. Second, engineer at the power plant here, while shutting off the lights Wednesday afternoon, took two plugs in his hands at once and touched a live wire, a voltage which was fatal.

His clothes took fire and only the prompt assistance of Gustav Schroeder saved his life.

Marquette.—Ray Kennedy, 9 years old, was brought to the St. Joseph hospital suffering from a badly fractured shoulder.

He was brought here by a farmer with a clothes line while at play in his back yard.

Ashland.—A number of relatives of Hugh McMahon, who was killed at Rice Lake Saturday, returned to their respective homes after attending his funeral in this city Tuesday.

General in this city Tuesday, Thomas Garvin, St. Paul; Wilbur McMahon, Superior; and Mrs. McMahon, New Richmond; Mr. and Mrs. A. R. Davis, Roberts, Wis.

Milwaukee.—George F. Deming, Ripon, Wis., a grocer, has filed a petition for voluntary bankruptcy. He schedules his liabilities at \$3,641.58 and assets at \$2,029.

Neenah.—William Robeling, a farmer residing near this city, was badly bitten by a horse a few days ago. Since then the animal acted so strangely that upon the advice of his physician, Robeling killed the horse, and sent the animal's brain to Madison for examination. It is feared the horse had hydrophobia.

PENINSULA BRIEFS

Calumet.—Mrs. Kate Lesek of Tamarack, arrested on a charge of larceny, pleaded guilty in Justice Jackson's court to the charge of stealing a watch and a pair of shoes.

According to the evidence, Mrs. Lesek entered the McIntosh-Nelson store and stole a silk scarf.

Houghton.—Portage township will receive \$12,214.11 from the sale of mill straw from the farm of August Dimmer of Lynchburg, Cass county, to the Washington Industrial company for penicillin in the straw produced from this straw was excellent.

St. Cloud.—Arthur Essen, aged 19 years, son of Mr. and Mrs. Hans Essen of Stanley, went to Brahm last Monday to undergo an operation for appendicitis in Dr. Swenson's hospital. Dr. Swenson and Dr. Shulean performed the operation, and at last reports the young man was getting along nicely.

St. Cloud.—The committee in charge of the market day to be held in this city Oct. 27 has secured C. E. Brown of Elk River to deliver the market

aged 35 years, the wife of Frank Meyer of Gardner, succumbed at a local hospital to an attack of blood poisoning Thursday. She had been suffering for some time. She is survived by her husband and an infant child. The funeral will be held on Saturday afternoon.

Sherwood, N. D.—The Canadian government is taking steps to secure a St. right enforcement of the customs laws by providing a heavier police force along the Western North Dakota border.

Minot, N. D.—The hardware store of E. C. Fritz & Co. was entered sometime Monday night by burglars and a number of revolvers and pearl handled knives taken from the show case.

Bathgate, N. D.—There are some very fine samples of potatoes on display in the windows of a local drug store. The largest one weighs three pounds and two ounces. One display brought in by President Chamber of the state institution consists of thirteen potatoes, which fill a half bushel.

Devils Lake, N. D.—United States district court will convene at Devils Lake on Tuesday, Oct. 26, according to information received by Deputy Clerk D. G. Duell. There are quite a number of civil cases on the calendar for trial.

East Grand Forks.—The ladies of Sacred Heart Catholic church in East Grand Forks will hold a bazaar Monday and Tuesday, Oct. 25 and 26, in the old postoffice building opposite the Zedlitz block. A chicken supper will be served Monday evening. Fancy articles of all kinds will be on sale.

Atkins.—Bullock Bros. drill is at work back of the Potter-Casey store putting down an artesian well. The work is progressing satisfactorily. But has not gone far enough to get any idea of the outcome.

Little Falls.—The Cotton Lumber & Mercantile company, an independent lumber operator, has filed suit in district court against the St. Louis River, Dam & Improvement company for \$5,000, as a result of trouble between the two companies in the drive on the White Face river during the spring and summer of this year.

Anoka.—The grand jury has returned an indictment against Frank T. Talbot, overmaster at the poor farm, charging assault in the third degree on a man named Armond, an inmate of the institution. This is the result of the charges made by Ephraim Gammon before the county commissioners, and over which there has been considerable discussion.

St. Cloud.—Alderman W. J. Bodkin has introduced strictly modern ideas in the farming of his Georgetown farm, and Tuesday took out a complete gasoline engine plowing outfit, similar to the one used upon the Peter Lamb farm.

St. Cloud.—Charles Schaefer had the misfortune to break two of his ribs early Wednesday morning when he fell from a thrasher's outfit from Maine prairie to Christ Block's place. Schaefer was driving the tank and fell asleep. He slipped from the seat and fell to the ground, sustaining a fracture of two ribs.

Brainerd.—W. D. McKay is confined to his bed by bruises received in a runaway Tuesday. His team became frightened and dragged him for some distance, and the wagon ran over one leg, but he is not seriously hurt. It is expected that he will be around again in a few days.

Moorhead.—Alderman W. J. Bodkin has introduced strictly modern ideas in the farming of his Georgetown farm, and Tuesday took out a complete gasoline engine plowing outfit, similar to the one used upon the Peter Lamb farm.

BOY KIDNAPPED FROM SCHOOL BY TWO WOMEN.

Youngstown, Ohio, Oct. 22.—With two teachers fighting for the possession of the boy, Walter Ward, aged 9, was taken from their arms yesterday while

school was in session at Smiths Corners, by two women, both heavily veiled, and in a taxicab toward this city. Walter Ward, stepfather of the boy, was notified and search was made at once in this city without avail. The mother of the child has been separated from her husband for two years.

The W. W. Kimball Co. Gives Consent—

By special consent of the W. W. KIMBALL PIANO CO., we are offering to the people of Duluth and vicinity a special opportunity to purchase a strictly high-grade piano at a \$50.00 Actual Money-Saving Discount, by joining our

Piano Club

In order to obtain a discount of \$50.00 on any piano you may select from our warehouses, you are required to hand to the Korby Piano Company the names of two prospective piano buyers. In addition to this \$50.00 discount we will present to forty purchasers of pianos each, one handsome little money safe, which will hold about \$15.00 in silver coins, ranging from five cents to one dollar. By placing this little safe in a conspicuous place in your home you may call the attention of brother or sister to the fact that the same was placed there for the purpose of receiving the price of a cigar, or a package of chewing gum occasionally. At the end of each month we will accept the contents in part payment of your piano. Our pianos are all marked in the same plain figures as in the past. There is only one price on the Kimball Piano (the factory store price), to which we are strictly compelled to adhere, unless by special consent from our factory, which we were fortunate enough to obtain at this time.

This rare opportunity will continue until forty pianos are sold. A special effort on your part will enable you to have a piano in your home to make cheerful those long winter evenings, in which indoor entertainments must be sought. A Kimball Piano will prove instructive, entertaining and most thoroughly enjoyable. We will be pleased to correspond with those living outside the city who cannot give our warehouses a personal call.

TO HAVE A NEW HOME

Wright-Clarkson Will Build Grocery House on Lake Avenue.

Site Near the Marshall-Wells Building Purchased at Cost of \$50,000.

The prediction made years ago to the effect that Lower Lake avenue was to some day become a great wholesale district is rapidly coming true.

Yesterday the Wright-Clarkson company closed a deal by which it comes into possession of 120 feet on Lake avenue just a short distance south of the Marshall-Wells building. It extends back to the slip or about 250 feet. The land represents an investment of about \$50,000, as land in this vicinity, especially with the water front, has increased by leaps and bounds during the last few years. In addition to having the frontage on the water, a spur line of railroad track runs to the property. All this makes it an excellent location for a wholesale grocery house. It is understood that the Wright-Clarkson people will improve shortly with a large modern building and a concrete dock. They have outgrown their present location at 325-332 West Michigan street and have for some time been figuring on several different sites. The Northern Shoe company occupies a fine new building on the avenue. The Marshall-Wells company has its enormous structure at the De Witt-Seitz furniture house has only lately moved into a handsome new building, which will shortly be added to; the National Discount company has a new building, and when the Wright-Clarkson company rears into its new building, the avenue will have a good start toward becoming a big wholesale center.

Another real estate deal of importance reported yesterday is that by which Julius H. Barnes, owner of a 25-acre tract of land on Woodland avenue. The property has been known up to this time as Hunter's field. It was owned by J. C. and R. M. Hunter. It lies between the residences of A. L. Warner and R. M. Hunter. Property in this vicinity is said to be valued at about \$1,000 an acre. Mr. Barnes, it is said, will build a fine residence on his newly acquired property.

A. W. Hartman and associates have added to their holdings in acreage east of Conception park. Yesterday they purchased ten acres which were formerly owned by H. R. DuLac. The land will be platted and sold in lots for residence purposes. It is understood that the price paid was close to \$1,500 an acre.

IS EXPLORING NEAR SOUDAN

Roy Development Company Has Made Good Finds on Vermilion.

The Roy Development company is actively prosecuting exploration work on the northwest 1/4 of section 3, township 61, range 15, near Soudan.

This is the property won by Joseph Roy after a long and arduous struggle in the courts, terminating in a decision in his favor by the supreme court of the United States. The officers of the company, Thomas Owens, Louis S. Loeb, John C. McGreevey and H. J. Grannis and some of the stockholders visited Tower a few days ago and were shown over the property by Albert Kito, the superintendent. The parties expressed themselves as well pleased with the progress of the work. A shaft is being sunk on a vein of ore on the south side of the property, the outcrop and a short distance from the mouth line of the vein dips to the north. Two samples, taken at random, from the bottom of the shaft assay 63 and 64 per cent iron and 55 and 59 per cent iron. On the north side of the same formation and on this property, the drills have cut two lenses of ore, one fourteen feet and the other thirteen feet in width. John C. McGreevey has resigned his position as conductor of the Duluth & Iron Range railroad to become general manager of the Roy Development company. It is understood that hoisting machinery is being assembled and shipped to the site, where it will be worked, as soon as the machinery is in place.

Money Comes in Bunches
to A. Chisholm of Tremont, N. Y. now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness and general debility," he writes. "I couldn't sleep, had no appetite, no ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine. Infallible for Stomach, Liver, Kidneys, Blood and Nerves. 50c at all Druggists."

HE SLEPT FOR SIX WEEKS.

Berlin Workman Fell Into Drunken Stupor That Puzzled Doctors.

Berlin, Oct. 22.—A workman named Stoffer died this week at Wilhelms-haven, after having slept incessantly for six weeks. Stoffer went home in a drunken condition six weeks ago and went to bed. As he did not awake, he was removed to the Wilhelms hospital, where he was carefully watched by the doctors. His deep sleep continued until a few days ago, when he expired, probably from exhaustion and lack of nourishment.

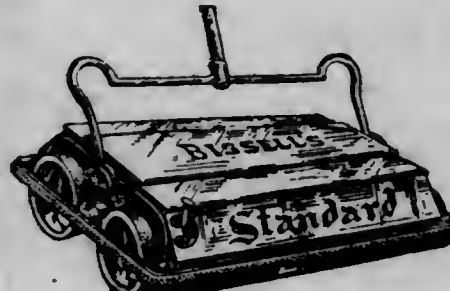

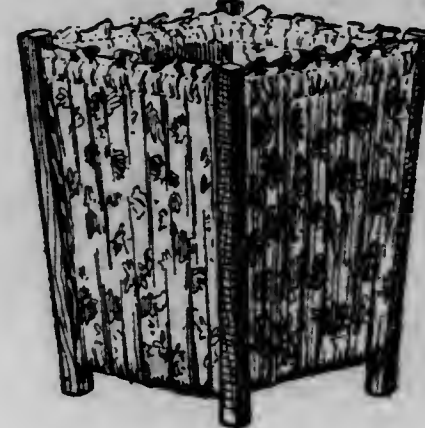

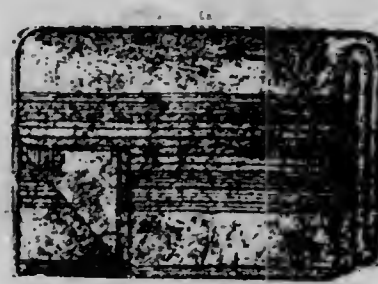

MEAT INSPECTION CHARGES DROPPED.

Richmond, Va., Oct. 22.—The American public health association at its meeting last night finally disposed of the sensational charges made by Mrs. Crane of Kansas City, Mo., regarding the government system of meat inspection, by adopting unanimously and without debate a resolution practically declaring that the charges have not been sustained.

To substantiate her charge that in secret orders called "service canners" the bureau of animal industry advised its agents to "pass" meats if they were not too badly diseased, Mrs. Crane showed photographic reproductions of the alleged secret orders.

HANDCRAFT FURNITURE

BAYHA'S Showing of L. & J. G. STICKLEY'S HANDCRAFT FURNITURE

The Safest Place to Trade

WILL SELECT CANDIDATES

Socialists Will Meet in Convention at Kalamazoo Hall Sunday.

Full Set of Candidates for City Offices to Be Chosen.

The Socialist party will figure in the city election this year.

Sunday they will meet in convention at Kalamazoo hall. At that time a full list of candidates will be nominated for the coming municipal election.

There will be afternoon and evening sessions Sunday and everybody is invited to attend.

The members of the party claim that during the past few months they have gained much strength in the city and that their candidates for city offices will be well supported.

Their meetings have been held regularly, both in their hall and on the street. They claim that these meetings have gained them many followers.

One novel feature about the Socialist party is that it campaigns the year round. Their meetings are never-ending and they work just as hard in an off-year as they do when an election is at hand.

They have not made known the candidates for the several offices, but it is believed that Morris Kaplan will land the nomination for mayor.

SOUTHERN MAN HEAD OF RAILWAY BRIDGE MEN.

Jacksonville, Fla., Oct. 22.—For the first time in the history of the American Railway Bridge & Building association, a Southern man has been chosen to head the organization. This honor has been conferred upon J. S. Lemond of Charlotte, N. S., who succeeds J. P. Canty of Fitchburg, Mass., as president. The election of officers took place at the closing session yesterday. Retiring president, J. P. Canty, second vice president, A. E. Killian, Montreal, N. B., third vice president, John Ellwell, Tipton, Ind., fourth vice president, C. J. Kelly, Chicago, secretary, J. P. Canty, Fitchburg, Mass., treasurer, For Worth, Tex., chosen as the place for the next annual convention.

BIG INCREASE SHOWN IN CLEARINGS OF BANKS.

Washington, Oct. 22.—An increase of \$22,410,153.900 in the clearing of the country over the previous year is shown in statistics furnished the comptroller of the currency by the manager of the New York clearing house in relation to the transactions of that association and of 122 other clearing house associations of the country for the year ending Sept. 30, 1909.

The volume of clearings of the country for the past year is stated at \$155,550,487,500.

The New York clearing house has a membership of fifty-one banks, with capital of \$127,550,000. The clearings during the year amounted to \$99,237,662,411, an increase of \$55,262,690,500 over '08.

SHOT SECOND TIME BY "BLACK HAND" MEN.

Chicago, Oct. 22.—Salvatore Pinello, 31 years old, of Streator, Ill., who was shot three months ago in his home town by alleged "Black Hand" operatives, was shot and probably fatally wounded here last night. Salvatore and Stefano Utida, brothers, are accused by Pinello of the murderous assault.

Pinello was discharged from a hospital in Streator only a few days ago, following the shooting there which resulted from his refusal to yield to demands for money. He came to Chicago to escape further molestation, and the Utida brothers are said to have followed him from Streator.

Price for Peace Essay.
New York, Oct. 22.—Dewitt Pugsley of Peekskill, N. Y., a graduate of Harvard with the class of '09 and a member of the Lake Mohonk con-

ference, has offered a prize of \$100 for the best essay on international peace by an undergraduate of any American college or university.

CATHOLIC MEMORIAL.

It Will Be Dedicated in Calumet Cemetery Nov. 7.

Calumet, Mich., Oct. 22.—(Special to The Herald.)—Contractor Paul P. Rolland will erect the new Catholic memorial purchased by local subscription to mark the Catholic portion of the cemetery at Lake View. The cross has already been taken to the site and will be put up this week. It is expected that the dedication exercises will take place on Sunday, Nov. 7. That date has been submitted to Right Rev. Bishop of the diocese of Marquette, for his acceptance. Bishop Els has been further asked to take charge of the exercises, and it is likely that he will accept.

SUPERIOR MAN MARRIES.

J. Harvey Thompson Leads Miss Nealon of Winona to Altar.

Winona, Minn., Oct. 22.—On Tuesday morning at the St. Thomas pro-cathedral, occurred the wedding of Miss Mae G. Nealon of this city to J. Harvey Thompson of Superior, Wis. Rev. Father Gallagher officiating. The bridal couple were attended by Miss Lillian McGuire and Edward Crawford. Following the ceremony a wedding breakfast was served at the home of the bride, 477 Harriet street. Mr. and Mrs. Thompson left for a wedding trip in the West and will be at home after Nov. 30 at Superior.

TWO QUIT CABINET OF BRITISH COLUMBIA.

Victoria, B. C., Oct. 22.—R. G. Taitlow, minister of finance, and F. G. Fulton, commissioner of lands, in the British Columbia cabinet, resigned yesterday. Opposition to the railroad policy of Premier McBride was the cause of their leaving the cabinet.

Entrance: Superior Street by Elevator or Third Avenue West.

ON THE IRON RANGES

SENDS DRUNKARD HERE FOR CURE

Judge Prince of Eveleth Adopts Novel Method for Habitual Cure.

Eveleth, Minn., Oct. 22.—(Special to The Herald.)—A unique decision was rendered in the local municipal court by Judge Vivian Prince yesterday in the case of Hank Rosseter, a habitual drunk, when the judge sentenced him to thirty days in the county jail, after which he is to be sent to the county hospital for a cure.

Hank has been a familiar character in the municipal court on many occasions, and on his last appearance the judge put him on probation for thirty days, about a week ago. After a good stiff lecture he would reform, but a few days later he was again in the court on a charge of drunkenness, when the judge sentenced him to thirty days in the county jail, after which he is to be sent to the county hospital for a cure.

Another case that attracted much attention in the municipal court yesterday was that of Alvin Ikonen, who was charged with having been drunk and disorderly. The judge sentenced him to thirty days in the county jail, after which he is to be sent to the county hospital for a cure.

VIRGINIA LID ON GAMBLING

Saloon Keeper Called as Witness Admitted He Was Running Game.

Virginia, Minn., Oct. 22.—(Special to The Herald.)—Chief of Police Ellis Walsh has clamped the lid on all gambling in Virginia.

Poker games have been in vogue here for some time past and the play had become so open that many complaints have been made by the citizens. Chief Walsh notified all operators of games that no more gambling would be tolerated and that violations of the state law in this regard would be punished.

It is said that a well-known local saloon keeper was the means of notifying the chief of police of the gambling. He was up before the court as a witness for an alleged violation of the law. He was not only called as a witness but also operated a poker game in his saloon, stating that "the rest did it and he might just as well come in and play with them."

The statement of this man before the court was so bold in its assertion that Chief Walsh decided that such operators must be dealt with.

Constipation and Appendicitis

The Latter Usually Caused By the Former, Which, In Turn, Has Its Origin In Intestinal Indigestion.

Chronic constipation is a disease which is about as prevalent as dyspepsia and indigestion. Nearly every one suffers from it occasionally, but there are millions of people who endure it habitually, and who are accustomed to resort to the use of laxatives and cathartics daily.

Many people seem to have developed a perfect habit of taking cathartics, and instead of trying to ascertain the latent cause of the disease, and removing it by proper treatment, they are content to continue the reckless use of laxatives, aperients, drastic cathartics and violent purgatives, until finally intestinal indigestion occurs, which reaches the appendix, and the result is appendicitis.

In investigating and tracing the causative factors of constipation and its frequent sequel, appendicitis, it has been noted by physicians that the majority of cases were preceded and accompanied by a long-standing gastrointestinal indigestion.

The idea that appendicitis is brought on by foreign bodies, such as worms, has been exploded. It is now definitely known that constipation is the most frequent cause of the dread disease, while the constipation itself is previously induced by intestinal indigestion, and financially, and otherwise, the result is a disaster.

The absurdity of attempting to cure constipation by the use of physic should be apparent to every one. Laxative drugs and powerful purgatives will never cure a disease of this sort, and those who make frequent or regular use of them will sooner or later set up an inflammatory condition of the intestinal system.

A person with first-class digestion will never be annoyed with chronic constipation, and when this trouble does exist instead of slugging the system with pills, liquid laxatives, candy cathartics, etc., use a remedy which will cure the gastro-intestinal indigestion, and you will find that the constipation no longer bothers you, and with its removal the risk of developing appendicitis will be reduced to a minimum.

STUART'S DYSPEPSIA TABLETS have been the means of curing numerous cases of constipation, by first curing the intestinal indigestion. They digest every kind of food, a single grain being capable of digesting 3,000 grains of alimentum, and in addition to pepton and other powerful digestives, they also contain dextrose, which converts starch into sugar, and readily cures any case of dyspepsia and intestinal indigestion.

If you are suffering from dyspepsia, constipation and all the other troubles of the stomach, do not run the risk of getting appendicitis, but strike at the root of the trouble in the original cause—by using Stuart's Dyspepsia Tablets, which will quickly rid you of all functional disorders of the alimentary tract.

Secure a box of this digestive remedy from your drug agent for five days, send your name and address to the F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich., for a free sample package.

BIG MINES ARE A REVELATION

Pennsylvania Railroad Officials Marvel at Range Properties.

Hibbing, Minn., Oct. 22.—(Special to The Herald.)—President McCrea of the Pennsylvania railroad, accompanied by a number of the directors and officials of the road, arrived in the city Thursday afternoon, and after a pleasant stay of several days, they will leave for Duluth, Missabe & Northern road.

President McCrea had this to say in a few moments' conversation at the local depot: "There is no special significance of our visit here this time; it is just a trip of inspection and possibly instruction. I have seen many developments here, which have surprised me. Further, there is nothing for publication at the present time. You have wonderful country here, but it is very uncomfortable standing here in the rain, and as I cannot help you any further I must depart."

Supt. J. M. Kreiter and Messrs. Olcott, McGonigle and C. P. Gilbert and other officers of the Duluth, Missabe & Northern accompanied the party and described the properties and the methods of operation.

WILL PURCHASE BOILER.

Aurora Council Decides It Is Needed for Lighting Plant.

Aurora, Minn., Oct. 22.—(Special to The Herald.)—The village council at Aurora held this week decided to purchase a new boiler to be used in connection with the electric lighting plant. Engineer Walgren was instructed to draw up plans for an engine and boiler house and specify the style and type of boiler to be purchased. Contractor Howe stated that under favorable conditions the new boiler could be completed by the middle of December.

A communication from the Aurora Hardware & Furniture company to B. Christianson, stating that they were desirous of purchasing a new boiler, was received by the village board. The board decided to purchase a new boiler, and the village board decided to purchase a new boiler, and the village board decided to purchase a new boiler.

EVELETH FAIR DRAWS.

Large Crowds Visit Dining Rooms and the Booths.

Eveleth, Minn., Oct. 22.—(Special to The Herald.)—Large numbers are attending the St. Patrick's church fair in the hall here. In spite of the wet weather, many were attracted to the fair, and the dining rooms and booths were crowded. The fair is being held in the hall of the St. Patrick's church, and the fair is being held in the hall of the St. Patrick's church.

CLERKS TO GIVE PLAY.

Grand Rapids Retail Clerks Figuring on Entertaining Public.

Grand Rapids, Minn., Oct. 22.—(Special to The Herald.)—The retail clerks of this village at a recent meeting decided to present "The Corner Stone" and discussed the cost.

HIBBING MAY SECURE A RECRUITING OFFICE.

Hibbing, Minn., Oct. 22.—(Special to The Herald.)—In all probability there will be established here next month a recruiting station for the United States army.

Sergeant W. J. Ellek and First Class Private Herbert McIntosh of the hospital corps arrived here Thursday and are posting bills and doing a little general missionary work. They left today for other points on the range, but state that they are favorably impressed with the outlook in Hibbing. They are acting under the instruction of First Lieut. A. P. Watts of Duluth, and until the proposed office is started here applications for admission to that army will have to be made at that place.

TEACHERS QUARANTINED.

Diphtheria Compels Instructors to Keep Away From Eveleth High.

Eveleth, Minn., Oct. 22.—(Special to The Herald.)—Because Miss Ray, a roommate of some of the teachers in the high school, had diphtheria the latter were quarantined yesterday, and could not report for duty. The absent teachers were Miss Rita Kendall, language and mathematics; Miss Margaret DeLoach, language and science; and Miss Margaret DeLoach, language and history instructor.

It was at first thought that the regular classes could be held, but the superintendent, Mr. Greening, decided to close the school for a few days, and the services of three experienced teachers, Mrs. C. W. Burbeck, for many

Your Credit Is Good

No Question About It

Miss Young Lady

If you are working for a salary, out of which you have to pay for room and board, you will find it very convenient to avail yourself of our liberal credit offer. The Peninsular Leads the World

You may not have any particular knowledge of stoves, but nevertheless we feel confident that you will agree with us that it is the stove with the greatest amount of surface exposed to the air that will give the greatest amount of heat. Then again, it is the stove with the greatest weight that will retain and control the radiation of heat the best. If you are interested in a stove this fall you should not fail to call and we will show you where "THE PENINSULAR" is positively the heaviest stove on the market and has more radiating space than any other make. Hence, more heat with less fuel. They are used the world over and for years and years have stood the test. We have them in weights of 400 to 625 pounds and at prices from \$65 down to.

\$29.50

Round Oak Heaters \$7 and up. When requested, we shall gladly arrange easy payments.

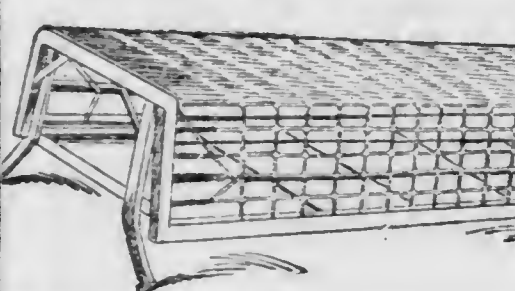

A Quartered Oak Table, \$8.75

This American quartered oak table is 44 inches in width with six feet extension. It is heavy, strong and quite massive with claw feet and non-dividing pedestal. It has a beautiful finish and is a big stunner.

\$8.75

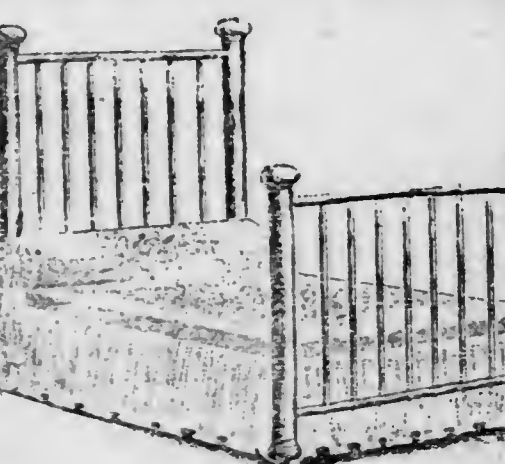

Sanitary Couches Reduced to \$3.45

Only \$3.45

A Beautiful Brass Bed \$9.95

This brass bed is built of a very good grade of brass tubing. The two-inch pillars are surrounded by 2 1/2 inch brass caps. It has a 3/4 inch top rail and five 1/2 inch filling rods. Full size. While they last.

\$9.95

\$96 FOR NINETY-SIX-CENT CHECK

But the Trade Resulted in Arrest of G. A. Cummings.

G. A. Cummings, who rooms at a Garfield avenue boarding house, was arrested last night on a charge of grand larceny preferred by Ed De Mars, a saloon keeper at 601 Garfield avenue. He waived examination when arraigned this morning in police court

and was bound over to the grand jury. Cummings is claimed to have cashed a check for 96 cents at the De Mars saloon yesterday afternoon, and the bartender alleges that he gave Cummings \$96 for it.

Cummings made away with the money before the bartender noticed the mistake. Cummings was arrested by detectives from the headquarters station a few hours later.

WOMEN'S SOCIETY OF UNIVERSALISTS MEETS.

Detroit, Mich., Oct. 22.—With the formal opening of the biennial convention of the Universalist church, scheduled for this evening at the Church of Our Father, today was given over by the delegates to meetings of the women's missionary society. The superintendents of churches from the different states also held meetings.

WEST END CHURCH DEBT IS WIPED OUT

Swedish Mission Congregation Made Money on Fair and Auction.

With the proceeds of the annual church bazaar of the Swedish Mission church, Twenty-first avenue west and Second street, which was held last week, and the auction which was held at the church last evening, the last of the church debt has been wiped out. A debt of something over \$200 had been hanging over the congregation for the last two years, and when the annual bazaar was planned for this year it was with the understanding that the money made was to go toward the paying off of the last of the debt. About \$700 was realized from the fair.

WILL ADD TO BUILDING FUND.

Young People of Swedish Baptist Church to Entertain.

Under the auspices of the Young People's Society of the Swedish Baptist church, an entertainment and concert will be given this evening at the church, Nineteenth avenue west and First street.

The proceeds will go to the building fund for the new church, the basement of which has been started at Twenty-second avenue west and Third street. The entertainment will start at 8 o'clock. The program: Song—"We Praise and Exalt Thy Name"..... Ashford

Scripture reading and invocation..... Rev. Stanley Nelson

Cornet solo—"Remembrance of Li-beral"..... Casey

Chorus—"Hallelujah"..... Lena Skoglund and Hulda Landstrom

Piano solo—"Last Hope"..... Gottschalk

Vocal solo—"My Faith in Thee"..... Wells

Address—"Songs and Music"..... Rev. Stanley Nelson

Vocal solo—"Xanthus"..... Juanita

Solo and chorus—"David's 117th Psalm"..... Mrs. Carl Hagberg and Choir.

NEWLYWEDS SURPRISED.

Host of Friends Greet Them When They Reach Home.

When Mr. and Mrs. George Jewell of the U. S. block reached home last evening from a prayer meeting service at the Grace M. E. church, they found sixty people, mostly members of the Grace M. E. congregation, waiting for them there.

COMMERCIAL CLUB SESSION.

West Enders to Talk Over Street Light Proposition.

Several matters of importance are expected to be considered this evening at the regular monthly meeting of the West End Commercial club at the office of the secretary George M. Jensen.

There has been a little talk at the West end concerning the installing of ornamental lights along West Superior street between Nineteenth and Twenty-first avenues west. The lights suggested are similar to those used on Tower avenue in Superior.

Business men at the West end are of the opinion that while the proposed "Great White Way" for the West end would be a good thing and something that will come in time, there would be too much opposition voiced by property owners who would have the expense of having the lights put in, in the immediate future.

"Ghost Party" Planned.

In observance of Halloween, the members of the Christian Endeavor Society of the Second Presbyterian church will give a "ghost party" at the church.

This was decided upon at a meeting last evening. Committees have been appointed to arrange a program for the affair. The society has forty-five members, most of whom will be expected to take some part.

West End Shortfalls.

Mrs. Thomas Harney of 3806 West Third street, who has been very seriously ill at St. Mary's hospital for the past ten days, is reported very much improved. Her speedy recovery is looked for.

The Men's Club of the Bethany Swedish Lutheran church met last evening at the church parlors. A very interesting discussion was held on the topic, "What Benefits Does One Receive From Being a Church Member?"

Miss Minnie Kelley of West Second street has departed for Seattle, Wash., where she will reside in the future. Many attended the roller skating carnival given last evening at Lincoln park pavilion by the members of the Adams Athletic association. It was the second of a series to be given during the winter.

The Ladies' Guild of St. Luke's Episcopal church held a meeting this afternoon at the home of Mrs. L. J. Gibbs, 422 Eighth avenue west.

The benefit dance for the resuscitating party, which found Thorwald Helstrom and Joseph Smilginton last week, on a skating bog in Mud lake, will be given this evening, at Columbia hall, Twenty-first avenue west and Superior street. It will be given under the auspices of the Adams Athletic association.

The congregation of the First Swedish Baptist church gave the church choir an informal reception Wednesday night after a rehearsal.

YOUNG MEN TAKE MUCH INTEREST

Promising Feature of the Movement for Better Government.

Philadelphia, Oct. 22.—One of the most promising features of the movement for better government as represented by the National Municipal league, is the active interest manifested comparatively recently by young men of promise and ability. Their

favorable attitude toward public service, as shown by their participation in public affairs throughout the country, will be emphasized in the Cincinnati meeting of the league, to be held Nov. 15-18.

In fact, young men form an important and valuable part of the National Municipal league's present organization, and it is significant that fully one-half of the members of the league's executive committee are of this class, whose participation in public affairs began only a few years ago.

Among the active workers on the committee, all of whom are young men, are Robert Treat Paine, Jr., of Boston, twice Democratic candidate for governor; George McAneny, of New York, who was civil service commis-

sioner under Mayor Low and is now a candidate on the fusion ticket for borough president of Manhattan; Morwin K. Hart of Utah, Republican leader of his county and twice a member of the New York assembly; Thomas M. Osborne, recently mayor of Auburn and now a member of the New York Public Utilities Commission; No. 2, Thomas M. White, of Philadelphia, secretary of the committee of seventy and assistant city solicitor; Clinton Rogers Woodruff, secretary of the National Municipal league, formerly a member of the state legislature and now serving a second term as personal registrar of the senate; Horace McFarland of Harrisburg, president of the American Civic association and park commissioner; Vance C. Mc-

Cormick, formerly mayor of Harrisburg; M. N. Baker, president of the Montclair, N. J., board of health; Ernest K. Kontz, formerly recorder of Atlanta and more recently a member of the charter commission; Morton D. Hall of Chicago, leader of the progressive element in the Illinois legislature; David P. Jones, recently mayor of Minneapolis; and Dwight F. Davis of St. Louis, formerly a councilman and now a member of the board of freeholders engaged in drafting a new charter.

Speaking of the active interest taken by young men in the National Municipal league, Secretary Woodruff said: "This new and favorable attitude of young men is a good sign. Only a few years ago most young men were inclined to keep away from what they

knew as politics, but the present tendency is toward participation in public affairs and voluntary organizations like the National Municipal league working for better things. Young men now see that the public service is a natural and proper field for capable, honest and public-spirited workers."

Canadian Forestry Alliance.
Winnipeg, Man., Oct. 22.—A fierce forest fire is devastating the timber lands in Northern Saskatchewan province.

Archbishop Christie Hurt.
Portland, Ore., Oct. 22.—Archbishop Christie seriously fractured his shoulder yesterday in an accidental fall.

SHOES

Suitable for the season.
Suitable for your feet.
Suitable for your price.

Your feet do an awful lot for you. They stand all sorts of rough treatment. For instance, when you box them in ill-fitting, poorly-made shoes, they get sore and they get even with you. We guarantee the fit of all shoes sold by us, and shoes properly fitted give comfort and extra wear.

Ladies' Patent Blucher or Button, plain or cap toe—welt or turn sole, New style—special price, **\$3.50**

Ladies' Vici Bal or Blucher—heavy or medium sole. Special value at pair, **\$2.00**

Women's 12-inch Vincelized Calf Hunting Boots, with strap and buckle. Former price \$6.00—now **\$5.00**

Complete lines of all kinds of Rubber Footgear for fall and winter, at correct prices. Buy now, as the prices are advancing, and they will cost you more later on.

Our Repair Department does nothing but the best work, and uses only the best material. Try our Krom Elk soles—they give triple wear, and are thoroughly waterproof. The cost is only a trifle extra.

CUT THIS COUPON OUT

and return to us, as it is good for 25c on a \$5.00 purchase, if used on Saturday, Oct. 23, 1909.

ORDINANCE IS MISSING

Proposed Law Covering the Smoke Nuisance Has Been Misplaced.

Present Ordinance Covering Chimneys Looked On as Joke.

The smoke ordinance drawn up by Assistant City Attorney Morgan to replace the present ordinance, commonly recognized as a joke as far as its effectiveness goes, appears to have been lost in the byways of the city hall. It has never been acted upon by the council, not having been laid before that body for consideration. It was drawn several months ago together with several others proposing to improve conditions in the city.

Until a new smoke ordinance is effective, the health department declares that its hands are tied. Soot and black smoke will continue to belch from chimneys without interference, spoiling new gowns and driving the clean clothes Duluth housewives hang on their lines to dry.

The usefulness of the present ordinance is demonstrated by the provision which prohibits steamboats and tugs from belching smoke north of Michigan street. Nothing is said about the factories and locomotives south of this line, or the steam vessels in the harbor. Several other parts of it are about as consistent as the one talking about steamboats among the rocks on the hillside.

The district covered by the present smoke ordinance runs west from Lester river to Twenty-eighth avenue west, north of Superior street as far as Second avenue east, and thence north of Michigan street to Twenty-eighth avenue west. The worst part of the city, including the roundhouses, the big factories and other industries does not come in under the provisions of the ordinance.

Many complaints are being made about the smoke nuisance, but the authorities say that until they get an ordinance that isn't a joke, the city cannot afford to hire a man to look after this part of the city business. It has been tried in the past and found to be but a waste of money.

"Sincerity" Clothes are sold in Duluth at the popular Columbia Store.

SIXTY DAYS FOR VAGRANCY

Julius Frykberg Believed to Have Fondness for Overcoats.

Julius Frykberg, suspected by the police of having prowled half a dozen houses in the city and of having stolen half a dozen overcoats, some watches, a pair of boots and other valuables, got three months in the county jail this morning. He pleaded guilty to vagrancy. It is thought that he was the thief who got the coat belonging to Capt. Resche, probation officer. Frykberg completed a sixty-day term in the county jail recently for larceny. The police declare that he is not a good customer to have about the city.

THREE WILL GO FROM DULUTH

Delegates to the Dry Farming Convention at Billings, Mont.

A special train over the Northern Pacific railway will carry a number of delegates to the Dry Farming convention, to be held in Billings, Mont., Oct. 25, 27 and 28. The delegates to the convention will be carried as guests of the railroad company.

Three delegates will be appointed to represent Duluth at the convention. They will be appointed by W. I. Prince, president of the Commercial club. The Duluth delegation will leave here Sunday evening.

STEAMERS IN A COLLISION

The Frick and Polynesia Come Together Near the Soo.

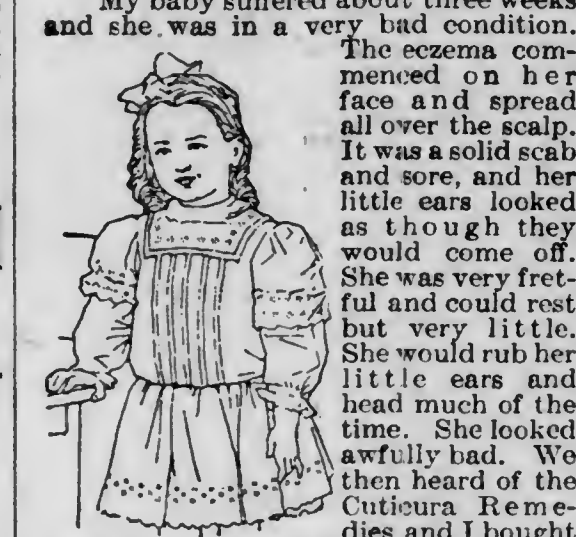

Sault Ste. Marie, Mich., Oct. 22.—(Special to The Herald.)—The steamer Henry C. Frick and Polynesia collided about a mile above the dyke shortly after midnight last night. Capt. McGregor of the Polynesia, which is tied up here, refuses to give any particulars. Both vessels were unbound, the Polynesia in the lead. In some manner the Frick's bow struck the Polynesia on the port side about fifty feet forward of the after house. The Polynesia was cracked, and about two feet of water flooded into the hold. An examination is being made to ascertain whether she is strong enough to proceed on up. The Frick grounded, but was later pulled off by a couple of tugs. She was comparatively uninjured and went on up the river.

BABY RESTLESS AND SUFFERING

With Severe Eczema—Spread from Face All Over Scalp—Developed into a Solid Scab and Her Ears Seemed Ready to Come Off.

PERMANENTLY CURED BY CUTICURA REMEDIES

"My baby suffered about three weeks and she was in a very bad condition. The eczema commenced on her face and spread all over the scalp. It was a solid scab and sore, and her little ears looked as though they would come off. She was very fretful and could not rest but very little. She would rub her little ears and head much of the time. She looked awfully bad. We then heard of the Cuticura Remedies and I bought some Cuticura Soap and Cuticura Ointment and I decided to give them a trial. I used two cakes of Cuticura Soap and one box of Cuticura Ointment. At the time I commenced to use the Cuticura Remedies she was in a very bad fix. I began the treatment by bathing with Cuticura Soap three times a day and also used Cuticura Ointment after each bath, and it was but a few days before we began to find out she was improving. She continued to improve and in about three weeks she was entirely cured and has not been troubled with any skin disease since. She was at that time about three months old and she is now three years and two months and is a fine fat baby girl. I will gladly recommend the Cuticura Remedies to any one who is suffering from that terrible disease and I give to Cuticura many thanks. I will gladly tell of her cure to any one who will ask or write about it." Mrs. M. M. Reynolds, Box 40, R. F. D. 2, Windsor, Va., Oct. 20 and Nov. 6, 1908.

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults consists of Cuticura Soap (50c) to Cleanse the Skin and Cuticura Ointment (50c) to Heal the Skin and Cuticura Pills (50c) for a Course of Blood Purification. Each bottle of Cuticura contains a full description, treatment and cure of torturing, disfiguring humors.

HEARS COMPLAINTS OF TWIN CITY IMPORTERS. St. Paul, Minn., Oct. 22.—(Special to The Herald.)—Max de Vries, a member of the board of nine general appraisers at New York, has been called upon by the complaints of importers who allege that customs house officials on the storm sewer in Twenty-seventh avenue west from First street to Michigan alley with an outlet in Miller's creek. Their figures were \$5,588.10.

Frank Carlson offered to grade and gutter Third alley between Twenty-seventh and Twenty-eighth avenues west for \$706.55.

George R. King bid \$927.80 to put in the sanitary sewer in Twelfth avenue west from First street to Michigan street.

Williams & Norquist bid \$2,012.74 on the sanitary sewer in Third street from Fourteenth avenue to Eleventh avenue west.

MILWAUKEE GETS NEXT PUBLIC HEALTH MEETING. Richmond, Va., Oct. 22.—Milwaukee was chosen today as the next meeting place for the American Public Health association. The following officers were elected for the term of one year: President, Dr. C. O. Probst of Columbus, Ohio; first vice president, Dr. C.

We will be glad to have you come in and get all the information you may want regarding *Stewart Heaters*, and we would suggest that you call at the other stores and learn about their heaters so you can make an intelligent comparison.

Rules Governing Contest

The Judges

The following gentlemen will act as judges of this contest: Mr. G. Bergquist, publisher of the Duluth Posten; Mr. George W. Preston, advertising manager of the News Tribune, and Mr. William F. Henry of The Evening Herald.

Communications from girls and misses under twenty years of age will not be considered.

All communications must be written on one side of the paper only, in a legible hand, signed with full name and address of contestant.

Not more than three hundred words to be used in setting forth the five points of superiority of the Stewart Heaters.

The contest will close on Oct. 24th, 1909, and all competing essays must be received not later than 10 a. m., Wednesday, Oct. 27th.

Award will be announced in the Sunday News Tribune of Oct. 31, and Monday's Evening Herald of Nov. 1st.

Address all communications to Contest Department, F. S. Kelly Furniture company.

F. S. KELLY FURNITURE CO.

226-228 WEST SUPERIOR ST.

KAISER'S PRIVATE SECRETARY DIES

Emperor Pays Unusual Tribute to Late Privy Councillor.

Berlin, Oct. 22.—Privy Councillor Albert Meissner, principal private secretary to Emperor William throughout the latter's reign, died during the night. From the first of the councillor's illness the emperor inquired daily regarding the patient's condition, and accompanied the inquiries with gifts of flowers and rare wines. Today the emperor telegraphed to the widow, saying that he wished her to know how much he missed Meissner, "to whom I gave my complete confidence." Meissner was a man of large wealth, but lived simply and gave fifty-four years of service to the state. Outside of official duties, Count Meissner found recreation in the management of charities and co-operating with others in the conduct of industrial schools.

"Sincerity" Clothes are sold in Duluth at the popular Columbia Store.

OPEN BIDS FOR SEWER JOBS

The board of public works opened bids this morning for five different jobs scattered about the city. The preliminary figures show that Thomas & McCoy were the lowest bidders on the storm sewer in Twenty-seventh avenue west from First street to Michigan alley with an outlet in Miller's creek. Their figures were \$5,588.10.

Frank Carlson offered to grade and gutter Third alley between Twenty-seventh and Twenty-eighth avenues west for \$706.55.

George R. King bid \$927.80 to put in the sanitary sewer in Twelfth avenue west from First street to Michigan street.

Williams & Norquist bid \$2,012.74 on the sanitary sewer in Third street from Fourteenth avenue to Eleventh avenue west.

MILWAUKEE GETS NEXT PUBLIC HEALTH MEETING.

Richmond, Va., Oct. 22.—Milwaukee was chosen today as the next meeting place for the American Public Health association. The following officers were elected for the term of one year: President, Dr. C. O. Probst of Columbus, Ohio; first vice president, Dr. C.

A. Hogetta of Toronto; second vice president, Dr. Ernest C. Levy of Richmond, Va.; third vice president, Dr. Frederick Torrellus of Havana, Cuba; secretary, Dr. W. C. Woodward of Washington, D. C.; and treasurer, Dr. F. W. Wright of New Haven, Conn. Members of the executive committee (elected for two years): Dr. Marshall Langdon Prince of Baltimore, Dr. C. L. Wilbur of Washington, D. C., and Dr. Eugene Butler of New York.

The executive committee recommended the passage of Senate Bill No. 1968, providing for an increase in the pay of officers of the public health and marine hospital service of the United States.

Home Trade Made Easy

Every day new things arrive at the busy Columbia store. The stocks are growing larger all the time. Our buyers replenish every day. They keep the telegraph wires hot and the express companies busy. It is easy to trade at home when you have institutions like the Columbia and can get what you want, in as good a quality and at as low a price as anywhere else on this continent.

MANHATTAN SHIRTS. An exclusive assortment of smart designs and colors in all styles and sizes. Negligee and plaid shirts in Madras and Percale fabrics. \$1.50, \$2.00, \$2.50, \$3.00 and \$3.50.

Other shirts, coat style or closed fronts, cuffs attached or detached—\$1.00 and \$1.50.

A crackerjack of a 50-cent Negligee Shirt arrived yesterday.

FALL NECKWEAR. An elaborate display of all that is up-to-date for Fall. The popular flaring-end scarfs in the new shades and effects—jacquard weaves and contrast bias stripes. 50c.

UNDERWEAR OFFER FOR SATURDAY. Your special attention is called to a full weight garment in merino wool. All sizes in natural color. Only \$1 a garment.

Two-piece and Union Suits—the best numbers from the best mills. Sterling, Munsing, Cooper, Lewis, Vassar, Taunton, of America, Peter Wright of England, and Conrad and Friedmann of Germany.

FALL GLOVES. Imported and domestic makes of kid and cape stock. Look-stitched seams and outseams. Embroidered and Spearpoint backs. All the standard makes. \$1.00, \$1.50, \$2.00, \$2.50 and \$3.00.

Powner's Perrin's Reynier and Dent are our imported makes, and we have all the best American Gloves from Gloversville.

SWEATERS. Among the late new arrivals are Ways' Sweater Coats, with military collars, in London, Pearl and Oxford colors, at \$3.50. Sweaters are here from \$2.00 to \$5.50.

EVERWEAR HOSIERY. The hose that stands the rub and the stub—with a written guarantee for six months. We are sole sellers of Everwear Hosiery for men and for women. 25c and 50c.

The Store for Stunning Stylish Suits!

Our stock of magnificent Suits is everything the headlines imply—and more. The STORE for beautiful styles, the STORE for exceptional value, the STORE for good service, the STORE to which every woman eventually comes who wants the best in Tailored Suits. Prices, \$17.50, \$19.75, \$25.00 and \$35.00.

Exquisite as these suits may be, they are, above all, practical. There is more genuine service and pleasure to be had from a "Friedman's" Suit than any other make of suit can afford.

The most recent style ideas of the foremost designers are presented, duplicating exactly the distinguished grace, fit and finish for which other stores demand many times our low prices.

These suits are fashioned of rich, lustrous, doeskin broadcloth, in ever-elegant blacks and all the newly created tints and tones. Then there are wide vales, chevrons, diagonals, hard finished worsteds and splendid wearing chevrons.

The models are as numerous and diversified as they are beautiful—revealing every phase of the tailor craftsman's best art.

"AERONAUT" CAPE—Fine broadcloth, with deep yoke effect, 50 inches long, with cluster of side plaits. \$25.00

Suits and Dresses for Juniors and Misses "COLLEGE" DRESS—A new model for misses and juniors as worn in the "Fair Co-Ed." Fashioned in English cut in all colors 10 to 18 years. \$19.75

TAFETA SILK PETTICOATS—In all the new Fall colors. \$5.00

Mail Orders Out-of-town customers can have their wants filled by correspondence just as satisfactorily as by shopping in person at Friedman's, 7 West Superior Street.

SECOND AVENUE EAST.

NEW YORK HAD ONLY
\$54,759.646 TO USE.

Albany, N. Y., Oct. 22.—The report of Gen. Benjamin F. Tracy, referring to the margin of unused bonded indebtedness of New York city on June 30, 1909, available for subway construction at \$106,205,711, was sustained by the court of appeals today. The court, however, cuts down this amount to \$51,759,646 by providing that there must be included in the debt computation \$54,000,000 levied in city contracts for public improvements, less the amount already charged against the city as earned on contracts, which amount is \$2,552,351, leaving to be included in the city's indebtedness, which was not included by Gen. Tracy, the sum of \$51,416,705.

OBITUARY

Gen. Alfred Crenshaw died at Springfield, Ill., Oct. 22, aged 63 years. He was grand master of the Illinois Odd Fellows.

Davis Taft Robinson, aged 94 years, a cousin of President Taft, died today at Richwood, Ohio. Mr. Robinson was a retired farmer.

The cost of living will be reduced if you buy groceries at wholesale at Harthe-Martin Co.

RECEPTION FOR NEW PASTOR

Rev. W. G. Boyle Will Be Welcomed to Asbury Church.

Rev. W. G. Boyle, formerly of Deer River, Minn., who preached his first sermon Sunday as pastor of the Asbury M. E. church, Sixth avenue west and Raleigh street, and Mrs. Boyle will be given a reception this evening at the church parlors. This affair will be under the auspices of the ladies aid society, but all members of the Asbury congregation and friends are invited to attend and greet the new pastor and his wife. The program will be of a somewhat

REV. W. G. BOYLE.

informal nature and will include short talks by prominent members of the congregation and a response by Mr. Boyle. There will be a musical program and the ladies will serve refreshments in the church basement when the program has been concluded.

Rev. Mr. Boyle takes the place of Rev. Thomas Grace, who was transferred to a charge at Detroit, Minn.

WARM MEETING IN PROSPECT

Commercial Club to Consider Both Sides of Railroad Question.

There are indications that the meeting of the West Duluth Commercial club this evening will be a spirited one.

It is said that those citizens of West Duluth, residing and owning property in that section through which the Canadian Northern intends putting its line, now will not only have to fight the road but also have to fight the road company. The road company has sprung up lately which favors the line of letting the road come in over this route.

Some of the people who are circled in the eighth ward and among those people who would be affected by the railroad's entrance into West Duluth over this route. It was generally agreed and asked the council to refuse the road a franchise unless it altered its plans.

Since that time representatives of the Canadian Northern road held a conference with a committee of the West Duluth Commercial club in which they claimed that this route was the least expensive and the only practical way of getting to the Canadian Northern docks on the bay front.

As a result of that meeting it has appeared that a certain faction of West Duluthians, including Thomas C. Monahan, J. J. Ketchum and G. Johnson fear that the railroad, if refused a franchise by the council, will abandon all routes and will give up the project of coming to West Duluth at all. With this idea in view, a petition is now being circulated asking the council to reconsider its former action.

Tonight an effort will be made to have the Commercial club endorse this petition. The signers of the petition, it is said, are still of the opinion that the road will come into West Duluth anyway, but will make some concessions to the people in West Duluth if the council refuses to grant a franchise, unless the plans are changed.

Thomas Olafson, a real estate man in West Duluth, who was largely instrumental in drawing up the petition of the opposing faction stated this morning that he did not know how many signers this petition had. "The business men of West Duluth are behind the movement," he said. "Many were not property owners. It is to our interest to have the road come into West Duluth, as we believe that the building of such a road will be of great benefit."

FUGITIVE CAUGHT.

Nashwank Man Is Arrested for Defrauding His Creditors.

Lieut. Charles Witcox of the West Duluth police department yesterday caused the arrest of Mike Lonzer, who is wanted at Nashwank, Minn., on a charge of defrauding his creditors.

The arrest came about after a telephone message had been received from the Nashwank authorities stating that a warrant for the apprehension of Lonzer had been issued.

Lonzer had been running a boarding house in Nashwank and that he allowed his meat bill to amount to about \$50 and then left to avoid settlement.

Plan Halloween Party.

A meeting of the Epworth league of the Asbury M. E. church, Sixth avenue west and Raleigh street, last evening, at the home of Rev. and Mrs. W. G. Boyle, it was decided that a Halloween party would be given this year.

The date for the affair was set for Nov. 1, Monday evening. A committee is now at work arranging a program for the occasion.

Insurance Men Here.

Robert A. Rose and C. T. Collins, both of Minneapolis, were business callers at West Duluth yesterday. Mr. Collins is a representative of the North British & Mercantile Insurance

company, while Mr. Rose is with the Springfield Fire & Marine Insurance company. They called upon L. A. Barnes, the local representative of each of the companies.

Mrs. Spencer Improves.
Word received from America, Okla., today, is to the effect that Mrs. William Spencer, formerly of West Duluth, who has been critically ill for some time, has taken a slight change for the better. It is not known whether she will recover or not.

Hanson-Oss Wedding.

Miss Grace Hanson of West Duluth and Oscar Oss of Proctor were married last evening at the Norwegian Synod Lutheran church, Fifty-first avenue west and Roosevelt street. Rev. B. A. Johnson will be the officiating clergyman.

Miss Hanson is the daughter of Mr. and Mrs. L. H. Hanson of 5743 Tacony street. She is well known to many people at West Duluth. Mr. Oss is in the employ of the Duluth, Missabe & Northern road and lives at Proctor. The couple will make their future home.

They will take a short wedding trip to the Twin Cities and to Southern Iowa before returning to their home at Proctor.

West Duluth Briefs.

Mrs. T. Wright of Arnold was a West Duluth business visitor today.

Miss Nan Warner will leave tomorrow for Huron Lake, Minn., for a few days' visit with friends.

Watch for our next big special sale, Oct. 25 to 27. P. J. Blais.

St. Hines of Minneapolis and W. John of St. Paul are registered today at the Phillips hotel.

Peter Nelson of Chicago, is transacting business at West Duluth today.

Many attended the dancing given last evening at Wade's hall by the West Duluth dancing club.

Next Thursday evening the Irving Tipton football team will give a dancing party.

Remember the date of the big sale at P. J. Blais, Oct. 25 to 27.

Robert C. Wedell returned this morning from a brief business trip to St. Paul.

Mr. A. J. Briggs and son Reynolds are at Fargo on a visit with William and returning to West Duluth they will stop at St. Paul on a

Excavation work has started on the new Scott-Kredler building, which is to be erected on the northwest corner of Central avenue and Ramsey street.

Russell Pettell of Chisholm is the guest of West Duluth friends and relatives for a few days.

Dan Holt has gone to Virginia, where he will take a position with a lumber company.

Watch repairing, Horst, W. Duluth.

"Sincerity" clothes are sold in Duluth at the popular Columbia Store.

FLYING TRIP TO DULUTH

N. P. Officials Spend But Two Hours at the Head of Lakes.

Howard Elliott, president of the Northern Pacific railway; George T. Slade, general manager, and J. D. Woodworth, traffic manager, were in Duluth a short time this morning.

The Northern Pacific officials came here on the early morning train and left on the Northern Pacific special that carried the Pennsylvania officials to St. Paul.

None of them had any information to give out. To local officials of the railroad it was announced that no decision had been reached in the matter of appointing a successor to the late George T. Slade.

Traffic Manager Woodworth volunteered the information that the traffic all over the line was very heavy at the present time. Mr. Woodworth also

stated that the Northern Pacific was handling the heavy traffic with little delay.

The special train that took the Pennsylvania and Northern Pacific officials to St. Paul was in charge of Conductor James W. Sargent.

MRS. DORAN OUT ON \$2,000 BAIL

Bond Is Furnished Under Order of Judge Orr in St. Paul.

St. Paul, Minn., Oct. 22.—(Special to The Herald.)—Mrs. George Doran, who shot her husband, Dr. Doran, Tuesday night, and who has been under arrest ever since, was admitted to bail by Judge Grier M. Orr in the district court this afternoon. Charles M. Dohm and L. M. Plaster signed the bail bond, which was for the sum of \$2,000.

WILPEN HAS WIRELESS.

Duluth Station in Communication With Big Shenango Freighter.

The steamer E. Wilpen of the Shenango Furnace company, considered the most luxuriously fitted of the freight boats on the lake, is on her way to Duluth equipped with wireless apparatus. The local station was in touch with the Wilpen about 150 miles down the lake this afternoon.

Our spring chickens, ducks and fowls are of gilt edge quality. A telephone customer is sure to be pleased.

WHEAT GOES UP; FLAX OFF

Bullish News From Argentina
One of Causes for
Bulge.

Flax Sells Off and Closes
Nearly Five Cents
Lower.

Duluth Board of Trade, Oct. 22.—Wheat bulged more than a point and a half and flax closed nearly 5c under yesterday in the Duluth market today. Trading in both grain and the seed was very active.

Wheat was in good demand, the bulls were helped by light shipments from Argentina and unfavorable crop reports from the republic. Locusts are again reported to be damaging the grain. Argentine shipments of wheat were 88,000 bu against 24,000 bu last week and 1,254,000 bu a year ago.

Cables were strong. Liverpool wheat closed 5 1/2 higher and Berlin 5 1/2 higher.

The modern miller says: "Weather conditions generally favor the completion of wheat seeding, only limited areas failing to receive moisture. Farmers are marketing wheat in some sections where seeding is finished."

December wheat closed 1 1/2 higher in Duluth, 1 1/2 higher in Chicago, 1 1/2 higher in Minneapolis, 1 1/2 higher in St. Louis and 1 1/2 higher in St. Paul. May wheat closed 1 1/2 higher in Duluth, 1 1/2 higher in Chicago, 1 1/2 higher in Minneapolis, 1 1/2 higher in St. Louis and 1 1/2 higher in St. Paul.

December corn closed 3/4 higher and oats 1/2 higher in Duluth. The wheat market at the opening was firm, with values 3 1/2 higher, and during the early morning futures advanced 1/2 cent. The market was steady, with values 1/2 higher than yesterday.

Corn was firm at the start and 1/2 higher, followed by an additional 1/2 cent advance. The market was steady, with values 1/2 higher than yesterday.

Primary receipts of wheat at Duluth were 250,000 bu last year and at Minneapolis 250,000 bu. The total of 525,000 bu last year, Chicago received 75,000 bu, St. Louis 125,000 bu, St. Paul 125,000 bu, and Duluth 250,000 bu.

Shipments of wheat at Duluth were 1,747,000 bu last year and at Minneapolis 1,747,000 bu. The total of 3,494,000 bu last year, Chicago received 750,000 bu, St. Louis 1,250,000 bu, St. Paul 1,250,000 bu, and Duluth 244,000 bu.

Primary receipts of corn were 332,000 bu last year and at Minneapolis 332,000 bu. The total of 664,000 bu last year, Chicago received 166,000 bu, St. Louis 266,000 bu, St. Paul 266,000 bu, and Duluth 332,000 bu.

Shipments of corn were 1,747,000 bu last year and at Minneapolis 1,747,000 bu. The total of 3,494,000 bu last year, Chicago received 750,000 bu, St. Louis 1,250,000 bu, St. Paul 1,250,000 bu, and Duluth 244,000 bu.

JOHN A. JOHNSON MEMORIAL FUND GROWS STEADILY

Officers and Employees of Red
Cliff Lumber Company
Give.

Check for \$47.55 Received
From Long List of
Contributors.

Fund in Duluth Now Reaches
Total of Nearly
\$1,340.

The Johnson Memorial Fund today
stands as follows:
Previously acknowledged...\$1,274.72
Received up to noon today... 65.05

Total to date...\$1,339.77

The Governor Johnson memorial
fund received an additional boost today
by the receipt of a check for \$47.55
from officers and employees of the Red
Cliff Lumber company. The lengthy
list of the contributors to this splendid
addition to the fund will be found at
the end of today's contributors, whose
names are given below. The gen-
erosity exhibited by the many men em-
ployed by the Red Cliff company, who
contributed towards the handsome sum
raised shows again how the people
love Governor Johnson and how
anxious they are to erect a suitable
memorial that will be a perpetual re-
(Continued on page 5, sixth column.)

GET CORNER ON SALOON PERMITS

Prohibitionists Work Ruse to
Keep Town in Texas on
Dry List.

Austin, Tex., Oct. 23.—A novel way to
enforce prohibition, the Texas
law limiting the number of saloons in each
precinct to one for every 500 inhabi-
tants, has been found at Fairfield, in
Freestone county.
This dry town went wet a few weeks
ago, and almost immediately applica-
tions for saloon permits were made.
The application for the maximum number
of saloons allowed was approved. Subse-
quently, there were more applications, all of
which were within the limit of the law.
The disappointed applicants replied
that no saloons had been opened and
that the applications were taken out
by prohibitionists, who resorted to
that method to control the town.

ITALY BOWS TO THE CZAR

Russian Emperor Is Given
Remarkable Reception in
That Country.

Extraordinary Military Guard
Surrounds Him During
His Visit.

Racconigi, Italy, Oct. 23.—Nicholas,
emperor of the Russians, made a
triumphal entry into Italy today.
Whatever may have stirred beneath
the surface, the outward manifesta-
tion was a cordial and popular wel-
come to the head of a friendly state.
Threatened demonstrations of ill-
will had been sternly suppressed, but
the day's rejoicing was spontaneous
and genuine, even the mayor of
Rome having been sent by a radical
and socialistic board of aldermen to
participate in the imperial reception.
Broadly viewed, the much-discussed
and keenly anticipated meeting be-
tween Emperor Nicholas and King
Victor Emmanuel opened most auspici-
ously. The emperor arrived here at
8:30 p. m.
From early dawn the scene in this
city was animated, as crowds gathered
in the streets anticipating the arrival
of the imperial visitor. The strict
measures to preserve order adopted
by the police and military did not
serve to dampen the ardor of the
population.
Whole City Decorated. House-
holders along the palace spread car-
pets before their doors and filled their
windows with brocades and bright
colored streamers. Triumphal arches
stretched across the path traversed by
his majesty.
This morning the mayor posted a
manifesto exhorting the citizens to
give the emperor a reception that
would show their appreciation of the
great event, and express Italian grati-
tude for the aid the Russian sailors
gave at the time of the earthquake in
Southern Italy. The manifesto con-
cluded with this address to the em-
peror:
The reception to your majesty ex-

(Continued on page 5, fifth column.)

FOR SUCCESSOR TO SENATOR JOHNSON

THOMAS MARSHALL,
Former North Dakota Congressman
Being Pushed for Vacant Senator-
ship.

WEAK DAY IN STOCKS

Money Conditions Are Again
Advanced as the Main
Reason.

Sentiment in Wall Street Is
Bearish—Last Prices
Are Lowest.

New York, Oct. 23.—The stock mar-
ket was weak today, and money con-
ditions here and abroad were again
advanced as the principal reason.
The opinions of banks continue to re-
flect much diversity on the subject,
the prevailing belief being, however,
that the situation abroad has been
much exaggerated.
The probability of gold exports to
Europe next week has been somewhat
lessened by yesterday's late declines
in exchange, but further exports of
gold to South America during the next
week are now certain.
On the stock exchange sentiment
was almost unanimously bearish. Lon-
don was not a factor in local opera-
tions, selling probably less than 5,000
shares on balance. During the first
half hour the trading was strongly
suggestive of a contest for control of
the market between the bull and bear
factions.
Heavy Supporting Orders.
There were heavy supporting orders,
especially in United States Steel, and
these orders served to arrest the de-
cline. The market showed some rally-
ing by the end of the first hour.
Prices broke again to a lower level
half an hour before the close of the
market. The decline was concurrent
with a short recovery in foreign ex-
change, all of yesterday's losses being
regained. There were heavy purchases
of German marks in anticipation of an
advance in the Imperial Bank of
Germany's discount rate Monday.
The decline in stocks continued, es-
pecially and prices were at the lowest
when the market closed for the day.

SOCIALISTS WIN ANOTHER SEAT

Coburg Returns Herr Zeitsch
to the Reichstag By Small
Majority.

Coburg, Germany, Oct. 23.—The So-
cialists won another seat in the Reich-
stag at yesterday's elections in this
city which had been regarded as a
stronghold of the National Liberals.
Zeitsch, the Socialist candidate, re-
ceived 7,660 votes against 6,616 for
Quarck, the nominee of the National
Liberals. The turnover is attributed
to dissatisfaction over the new taxes.

RED CROSS WILL ISSUE STAMPS

Christmas Pastors Are to
be Used Again This
Year.

Washington, Oct. 23.—Another cam-
paign for the aid of anti-tuberculosis
organizations throughout the United
States is to be conducted by the Amer-
ican Red Cross during the coming
Christmas season. Thirty million Red
Cross Christmas stamps have been
made and will be delivered before the
end of November. The society hopes
to have 50,000,000 stamps on sale by
Dec. 15.
Permission has been obtained by the
Red Cross to sell these stamps in all
the postoffices of the United States.

MARSHALL SUGGESTED

Governor Burke Being Urged
to Appoint Republican
Senator.

Cashel and Purcell Among
the Leading Democrats
Mentioned.

Fargo, N. D., Oct. 23.—(Special to
The Herald.)—Some Democrats are
urging for expediency that Governor
Burke ignore the Democratic claim-
ants and name Former Congressman
Marshall as United States senator to
fill the vacancy caused by the death of
Senator M. N. Johnson. They contend
that a Democrat could never hope for
re-election and could hold the job only
fourteen months, that the appointment
of Marshall would insure Marshall's
election and would make a working
alliance between the insurgents and
the Democrats that would also guar-
antee the re-election of Burke as gov-
ernor. The idea has some strong
elements, but it carried out it would
make a lot of old line Democrats sore
and cause defection on one side where
it would gain votes from the Repub-
licans.
The advocate of this idea insist that
if Burke will name Marshall to suc-
ceed Johnson, Grona can then be
pitted against McCumber, and with the
northern part of the state behind him
and his nationality as an asset, he can
defeat McCumber and give the state
two insurgent Republican sena-
tors, both friendly to the Democrats
and somewhat allied. If the governor
names a Democrat it will give McCum-
ber exclusive federal patronage, which
will be a valuable asset in his cam-
paign for re-election.
National Committeeman Collins of
Boitnau, Tracy Bangs of Grand
Forks and James Campbell of Mandan
are some of the outside men suggested,
in addition to Senators Cashel and
Purcell as among the leading Demo-
crats most likely to be selected by
the Fargo vote. The Fargo Demo-
crats are hustling to get Col.
John D. Benton, this city appointee.
He is now in California, and a rumor
that he had about decided to reside
there permanently is something of a
handicap.

The stock exchange sentiment
was almost unanimously bearish. Lon-
don was not a factor in local opera-
tions, selling probably less than 5,000
shares on balance. During the first
half hour the trading was strongly
suggestive of a contest for control of
the market between the bull and bear
factions.
Heavy Supporting Orders.
There were heavy supporting orders,
especially in United States Steel, and
these orders served to arrest the de-
cline. The market showed some rally-
ing by the end of the first hour.
Prices broke again to a lower level
half an hour before the close of the
market. The decline was concurrent
with a short recovery in foreign ex-
change, all of yesterday's losses being
regained. There were heavy purchases
of German marks in anticipation of an
advance in the Imperial Bank of
Germany's discount rate Monday.
The decline in stocks continued, es-
pecially and prices were at the lowest
when the market closed for the day.

EVERY SHOT HITS FLOATING MARK

Coast Defense Men Make New
Record With 10-Inch
Guns.

Washington, Oct. 23.—A new record
has been established by the great
coast defense guns at Fort Hancock,
N. J. The 10-inch disappearing rifles
fired four shots a minute at a target
thirty feet high and sixty feet long
which was being towed by a tug and
every shot told. Four shots fired in
one minute all struck within a space
on the material target exactly twenty-
four feet by fifty-three feet. This
record, never before has been ap-
proached by the coast artillery. The
distance at which the record was
made was more than 7,000 yards, or
about four miles.

ADOPTS POLICY OF PACIFICATION

New Spanish Cabinet An-
nounces Decision After
Formal Meeting.

Madrid, Oct. 23.—The new cabinet
was in session for four hours last
night, and following the adjournment
an official communication was issued,
announcing that the cabinet proposed
to follow a policy of pacification and
liberty.

PEARY ATTACKS DR. COOK'S LAST POLAR CHAMPION

Says Knud Rasmussen's Story
Amounted to Nothing
At All.

Message Sent to Washington
Is Suppressed By His
Friends.

Washington, Oct. 23.—Commander
Robert E. Peary, the Arctic explorer,
has telegraphed to scientific friends
here that it was impossible for Knud
Rasmussen, the Danish explorer, to
have seen any of the members of the
Dr. Cook party, and that any infor-
mation which Rasmussen received was
therefore not at first hand.
That the story told in Rasmussen's
report of his impressions of Dr. Cook
as recently made public by Mrs. Ras-
mussen at Copenhagen, lacks authority,
is the substance of Peary's latest mes-
sage.
Has Been Suppressed.
The dispatch came from Peary a day
or two ago, and it has been scrupu-
lously kept secret. The persons to
whom it was addressed, doubtless
guided largely by the host of criti-
cisms of Commander Peary's previous
statements in the course of the polar
controversy, regard the message as
strictly confidential, and have observed
the obligations resting upon them to
say nothing about it.
Efforts to obtain a copy of the dis-
patch today were unavailing. It is
known, however, that the telegram
(Continued on page 5, seventh column.)

LATE LEADER OF THE BROOKLYN DEMOCRACY

PATRICK H. MCCARREN.

MINNESOTA MEN DUE AT BILLINGS

Clapp and Hill Among Those
Who Will Speak to the
Dry Farmers.

Billings, Mont., Oct. 23.—Addresses
to the dry farmers congress next
week have been promised by Senator
Clapp of Minnesota, J. J. Hill of the
Great Northern railway and President
Howard Elliott of the Northern Pa-
cific. Exhibits for the dry farming
exposition are coming in on every
freight train. Colorado Springs is the
latest candidate for the 12th congres-

SEVERE STORM IN THE SOUTH

Parts of Kentucky Swept By
Wind and Rain—Earth
Shock Felt.

Louisville, Ky., Oct. 23.—Louisville
and many of the towns in Northern
Kentucky were swept last night and
today by a severe wind storm and
heavy rains, which did considerable
property damage.
The storm came with startling sud-
denness, and tipped through the city
at a velocity ranging up to sixty miles
an hour. The temperature fell 21
degrees in a few minutes. The blow is
reported to have been most severe
near Bardad, Ky., not far from the
state capital.

SLIGHT JAR IS FELT

Memphis, Tenn., Oct. 23.—A slight
earthquake shock was felt in Mem-
phis and vicinity at 1:05 a. m. No
damage has been reported.

EARTHQUAKE IN KENTUCKY

Paducah, Ky., Oct. 23.—A distinct
earthquake shock was felt here at 1:05
o'clock this morning. No damage is
reported.

DISCOVERER OF NORTH POLE IS GUEST OF CITY

DISTINGUISHED
EXPLORER HERE

Dr. Frederick A. Cook Tells
of Feelings on Reach-
ing Pole.
Explains Why His Dash "Farth-
est North" Was
Successful.
Refuses to Take Any Notice
of Peary's Latest
Move.

Dr. Frederick A. Cook, who, since the
news was flashed over the world of the
discovery of the North Pole, has shared
the distinction with Robert E. Peary
of being one of the most talked of
men in the world, reached Duluth this
morning.
Dr. Cook is a quiet and reserved
man. He has a steady blue eyes that
look straight into yours when he ad-
dresses you, or when you are talking
to him. He has a strong, determined
jaw, and he has a physique that looks
capable of enduring the hardships that
one naturally associates with polar ex-
peditions.
This morning Dr. Cook greeted his
callers with a cordial smile and then
asked what he was doing. He does not
go into raptures over his accomplish-
ments upon the famous expedition to
the Polar regions, but what facts you
get you must draw from him.
One of the questions asked Dr. Cook
was regarding his feelings, when he
believed, or knew, he was at the pole—
when he had reached a point farther
north than any other white man.
The explorer stated that after mak-
ing the trip from the point of land
(Continued on page 5, fifth column.)

FAKE HOLDUP FIZZLES OUT

Money Sewed in Sleeves of
Agent Crinkles and Gives
Him Away.

Express Employee Fails to
Carry Out \$4,000
Robbery.

Peoria, Ill., Oct. 23.—Driven by an
impulse to get rich, James Mahan, aged
26, night agent of the American Ex-
press company at the union depot, is
alleged to have originated a fake hold-
up story after robbing the company's
safe of \$4,000 in currency at 2:40
o'clock this morning. After sewing
\$3,000 in large bills in the lining of his
coat sleeves and scattering the re-
mainder of the stolen plunder in ob-
scure places throughout the union
depot, he, according to the police,
called them by telephone and declared
that he had been held up at the point
of a revolver and robbed of the money.
Detectives answered the call for as-
sistance, and during their investigation
of the alleged holdup, had occasion to
grasp Mahan by the arm. The crink-
ling of the bills in the coat sleeve, it
is asserted, led the detectives to sus-
pect Mahan.
In an instant Mahan was thrown on
his back on the floor and stripped of
his outer clothing. The detectives say
that they discovered \$3,000 sewed
loosely in the lining of the coat sleeves,
and that Mahan broke down and con-
fessed.

UNITED STATES CONSUL QUOTES FIGURES FROM REPORT TO GOVERNMENT.

Washington, Oct. 23.—Beer, it ap-
pears from the report of United States
Consul Eff of Nuremberg, is respon-
sible for the poverty of the average
middle-class German families.
Consul Eff has transmitted to this
government the findings of the Impe-
rial statistical bureau which one year
ago distributed housekeeping books
among German families with the re-
quest that the head of each household
keep a detailed account of expenditures
for the twelve months. Only 852 fami-
lies turned in complete records. An
investigation of these disclosed the
fact that more than one-half of the
average family's income went for food
and drink.
For drink, most of it beer, almost 10
per cent was spent.
It was likewise discovered that the
average earnings of families of the
wage earning class were \$521.70 a
year, while the average expenditure
was \$531.65, or an average annual de-
ficit of \$9.95 to each family. Consul
Eff does not indicate that any remedy
is suggested by the imperial bureau.

SIX KILLED IN WRECK ON THE PAN HANDLE.

Richmond, Ind., Oct. 23.—Six persons
were killed in a wreck on the Pan-
handle division of the Pennsylvania
railroad near Collinsville, Ohio, at 4:30
p. m. yesterday, when southbound pas-
senger train, No. 18, ran into a freight
train on the same track. The dead were
all railroad employees.

MAHAN'S IDEA OF A "GOOD PARTY MAN."

In an instant Mahan was thrown on
his back on the floor and stripped of
his outer clothing. The detectives say
that they discovered \$3,000 sewed
loosely in the lining of the coat sleeves,
and that Mahan broke down and con-
fessed.

Sunday Services in Duluth Churches

At the First Methodist church, Third avenue west and Third street, the pastor, M. S. Rice, will preach both morning and evening. At the morning service at 10:30 o'clock the theme of the sermon will be "Economy in Plenty," and in the evening at 8 o'clock, the theme of the sermon will be "Intermittent Goodness." Sunday school will meet at noon. This is Rally day. Epworth league will meet at 6:45 p. m.

Rev. Campbell Coyle will preach tomorrow night at the First Presbyterian church at 7:45, on "The Coming of the Anti-Christ, or the Man of Sin." At 10:30 he will preach on "In the Time of Trouble." Sunday school and brotherhood will meet at noon. Dr. R. W. Bowden, superintendent, Christian Endeavor meeting will be held at 6:45 p. m.

Following is the musical program: Organ prelude—Andante. MacMaster Anthem—"When the Weary Rest."—Brewer. Offertory—"Interlude."—Baltiste. Duet—"Praise With the Lord."—Gounod.

Missa Recondita, Mrs. Sch. Gounod Postlude—"Pilgrim's Song."—Wagner. Organ prelude—"Elevation."—Gullmunt. Anthem—"Gently, Lord, Gently."—Lead. Le. Offertory—"Adeste Fideles."—Gullmunt. Postlude—"March."—Gullmunt. The choir will consist of Miss Gladys Reynolds, Mrs. Blanche G. Gullmunt, Louise, Philip Gordon, Brown and Miss Isabel Pearson, organist.

At Glen Arvon Presbyterian church, Rev. J. A. McLaughlin will preach in the morning at 10:30 o'clock. The Bible school, adults and normal classes, will meet at noon. At 2 p. m. the pastor, Rev. J. C. Faries, will continue the course in the Book of Genesis, illustrating it with the stereopticon. The subject will be "The Call of Abraham."

Services at St. Paul's Episcopal church, Rev. A. W. Ryan, rector, will be as follows: 8 a. m., Holy communion, in comfortable invitation; 7:30, evening prayer and sermon. Thursday, Oct. 29, the festival of Saints Simon and Jude, there will be holy communion at 10 a. m., following the musical program.

MORNING. Professional—"Holy, Holy, Lord." Cantic—"Chant."—R. Smart. "Te Deum."—Chant. R. Smart. Litanies. Mary Spier Bradshaw. Hymn—"Come Ye Sinners."—Gounod. Solo—"Aure, and He Still."—Gounod. Anthem—"Upward, Where the Stars Are Gleaming."—R. Ross. Recessional—"Victory Song of Victory."—Blessing.

Professional—"Holy, Holy, Lord."—Patterson. Chant. "Te Deum."—R. Smart. Hymn—"Our Redeemer."—Gounod. Anthem—"Abide With Me."—Oliver King. Recessional—"The Radiant Morn."—Blessing. A. F. M. Cushman, organist and choir master.

At Pilgrim Congregational church, Alexander Milne, the pastor, will preach in the morning on "The Disciples of Jesus Christ," and in the evening on "Nature's Decay and Man's Frailty." Following is the musical program: Organ prelude—"The Call of Abraham."—Wagner. Anthem—"Te Deum."—R. Smart. Offertory—"Interlude."—Baltiste. Postlude—"Praise With the Lord."—Gounod.

At the regular services of the Independent church, in Knights of Pythias hall, 115 West Superior street, the morning subject will be "The Eternal Law of Cause and Effect." Sunday school will meet at noon. Young people's prayer service at 7 p. m. The evening worship will be at 8 p. m., and the subject is "Crime Really Crime or a Mistake?" Rev. B. V. Black, pastor.

At the Lester Park Methodist Episcopal church, 434 Fourth avenue east and Superior street, the services tomorrow will be conducted by the pastor, Rev. Arthur H. Wurtele, rector and dean, serving his second year. Sunday after Trinity will be as follows: Holy communion at 8 a. m., Sunday school and Bible class, 10 a. m., morning prayer, hymns and sermon on the subject, "The Christian's Life," at 11 a. m., 1 Cor. xlii, 13, "But the greatest of these is charity." Preacher, Rev. A. H. Wurtele, rector. Service at 4 p. m. address on "Christian Liberty," will be held at 5 p. m. The musical program: Organ prelude—"The Call of Abraham."—Wagner. Anthem—"Te Deum."—R. Smart. Offertory—"Interlude."—Baltiste. Postlude—"Praise With the Lord."—Gounod.

At Trinity pro-cathedral (Episcopal), Twenty-third avenue east and Superior street, Rev. Arthur H. Wurtele, rector and dean, serving his second year. Sunday after Trinity will be as follows: Holy communion at 8 a. m., Sunday school and Bible class, 10 a. m., morning prayer, hymns and sermon on the subject, "The Christian's Life," at 11 a. m., 1 Cor. xlii, 13, "But the greatest of these is charity." Preacher, Rev. A. H. Wurtele, rector. Service at 4 p. m. address on "Christian Liberty," will be held at 5 p. m. The musical program: Organ prelude—"The Call of Abraham."—Wagner. Anthem—"Te Deum."—R. Smart. Offertory—"Interlude."—Baltiste. Postlude—"Praise With the Lord."—Gounod.

At Park Point Mission, Sunday school will meet as usual at 3 p. m., and in the evening, at 8 o'clock, there will be a mission service with an address on "The Message of the Christian Poets to the Age." This will be the last address on "Our Hymns and Their Story." Next Sunday there will be an illustrated sermon on "Scripture from the Life of Jesus."

RED LIGHTS STILL GLEAM

Police Raid Two Houses in St. Croix Avenue District.

Thirteen Men and Women Caught By the Squad of Officers.

The alleged houses of ill-fame, conducted by Nellie Blaine and Carrie Mitchell, on St. Croix avenue, were raided early this morning by the police. Besides the two landladies, six inmates and five young men were caught in the drug den.

The young men gave their names as Harry Hurt, Sam Jones, John Anderson, Robert Olson and Edward Crane. The 21st three put up \$25 bail each to appear in police court this morning.

The women said their names were Bernice Robinson, Grace Morrill, Alameda, and Lucile Brown. They were released on \$50 bail each. The Blaine and Mitchell women deposited \$100 each.

The police squad was headed by Chief Troyer. With him were Capt. Fiskett, Lieut. Fritz, Detectives Irvine and Schulte

YOUR LAME BACK WILL FEEL FINE

Out-of-Order Kidneys Are
Regulated and Bladder
Misery Ends.

A real surprise awaits every sufferer from kidney or bladder trouble who takes several doses of Pape's Diuretic. Misery in the back, sides or loins, sick headache, nervousness, rheumatism pains, heart palpitations, dizziness, sleeplessness, inflamed or swollen eyelids, lack of energy and all symptoms of out-of-order kidneys simply vanish.

Uncontrollable urination (especially at night), smarting, offensive and discolored water and other bladder miseries end.

The moment you suspect kidney or urinary disorder, begin taking this harmless medicine, with the knowledge that there is no other remedy at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

It is needless to feel miserable and worried, because this unusual preparation goes at once to the out-of-order kidneys and urinary system, discharging its cleansing, healing and strengthening influence directly upon the organs and glands affected, and completes the cure before you realize it.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Accept only Pape's Diuretic—fifty-cent treatment—any drug store—anywhere in the world.

DR. CHAS. A. HOAG

The Successful Chicago
Specialist.

Will be in Superior, Wis., at the Hotel Superior, Tuesday, November 2nd, 1909, Office hours, 9 a. m. to 5 p. m., and at Ashland, at Briggs' House, Wednesday, November 3rd, 1909.

Treats Rheumatism, Enlarged Veins, Piles and Other Internal Diseases and Lacerating Aneurysms.

NEWS OF THE NORTHWEST

CASS LAKE HELPS SOO

Buys and Presents Railroad With Right-of-Way Through Village.

Size of Right-of-Way Asked May Mean Division Headquarters.

Cass Lake, Minn., Oct. 23.—(Special to The Herald.)—Preparations are on in earnest for the construction of the Soo railroad through Cass Lake. All the necessary property for the right-of-way has been secured and contracts have been let for the moving of buildings on the property.

It was necessary for Cass Lake residents to raise something over \$5,000 and in less than two days' work the collectors have the entire sum raised and at once notified the Soo people. The Soo officials gave notice to clear the right-of-way as soon as possible. House-movers are now busy moving the several buildings which are on the right-of-way and it is expected that within a few weeks it will be cleared. Some people wonder why the Soo office for east end of the right-of-way in Cass Lake and in no other place have they asked for more than \$500. Several believe that the road may make Cass Lake the division point.

The road will cross the Great Northern near Pike Bay and coming through the Nielsen lumber yards will cut through the village park, crossing the Lange property and then make directly for Farris. The depot will likely be situated where the residence of Mayor Lange is now.

CUYUNA RANGE ROAD PROGRESS

Chief Engineer Expects to Have Trains Into Cuyuna Dec. 1.

Brainerd, Minn., Oct. 23.—(Special to The Herald.)—George M. Huss, chief engineer of the Cuyuna Range railroad and division engineer of the Thief River Falls branch of the Soo line, while in Brainerd on his way to Minneapolis to visit the Soo line, stated that the work of the Cuyuna Range railroad was progressing very favorably. He stated that the road would be completed this fall, and of course if it was not, there would be no trains run into that town until some time next summer. The road will cross the Northern Pacific at the present town and that crossing is exact spot for the depot of the new road had not as yet been decided upon. It would be about 1,000 feet nearly due south of the overhead roadway being built by the Northern Pacific railway a few hundred feet east of the depot. He said that all reports as to surveys having been made for the road west of section 30, in the township of 36, are false. He said that a preliminary line might be run as far west as section 24, and that the road would be about 1,000 feet nearly due south of the overhead roadway being built by the Northern Pacific railway a few hundred feet east of the depot. He said that all reports as to surveys having been made for the road west of section 30, in the township of 36, are false. He said that a preliminary line might be run as far west as section 24, and that the road would be about 1,000 feet nearly due south of the overhead roadway being built by the Northern Pacific railway a few hundred feet east of the depot.

The contracts were all let, the road being built by the Northern Pacific railway a few hundred feet east of the depot. He said that all reports as to surveys having been made for the road west of section 30, in the township of 36, are false. He said that a preliminary line might be run as far west as section 24, and that the road would be about 1,000 feet nearly due south of the overhead roadway being built by the Northern Pacific railway a few hundred feet east of the depot.

James; banker, Douglas Archibald; secretary, Douglas Cunningham; physician, R. J. Sewall; manager for one year term, W. Rogers; manager for two year term, E. R. Carson; manager for three year term, W. Seashell; watchman, Arthur Carson; commander, Roy Cunningham.

John W. Dever, state manager of Minnesota will be here on the night of the 24th.

HELPFUL WORDS

From a Duluth Citizen.

Is your back lame and painful? Does it ache especially after exertion?

Is there a soreness in the kidney region?

These symptoms indicate weak kidneys.

There is danger in delay.

Weak kidneys fast get weaker.

Give your trouble prompt attention.

Doan's Kidney Pills act quickly.

They strengthen weak kidneys.

Read this Duluth testimony.

Mrs. O. B. Olsen, 517½ West Fourth street, Duluth, Minn., says: "I used Doan's Kidney Pills and they gave me such prompt relief from backache that I do not hesitate to recommend them. This remedy has also been used with good effect in my little daughter's case and I know of several other instances where great benefit has been derived from its use."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

EBERHART LAUDS AMERICAN FARM

Delivers His First Speech as Governor at Crookston County Fair.

Crookston, Minn., Oct. 23.—(Special to The Herald.)—The first notable public utterance of Governor Eberhart, in fact his first speech since he succeeded the late lamented Governor John A. Johnson, was delivered here yesterday before a large audience that had gathered in connection with the county celebration. In spite of the cool, forbidding weather the grounds were crowded. State Immigration Commissioner Welch and J. H. Furlong also spoke.

The governor spoke on "The American Farm," in which he pointed out that the real strength of the nation is in the farmer. He said that the farmer is the backbone of the nation and that the government should protect him. He said that the farmer is the backbone of the nation and that the government should protect him.

MINNESOTA BRIEFS

East Grand Forks.—Mrs. Emma A. Parkhurst, aged 60, a pioneer resident of this city, died here Tuesday. She was born in 1849 and has resided here continuously.

Brainerd.—A delay in the session of the Brainerd Elks social session which was one of the lodge in this city. At the conclusion of the business session the members of the lodge elected Al. H. Jester to serve as chairman in place of T. J. Burke, who was unavoidably absent. Mr. Jester appointed J. C. Parker and M. F. Wilson as policemen for the fair.

The aggregate livestock product of Minnesota for this year is estimated at over \$100,000,000, which equals the gross value of the product of our mines. But while the product of the livestock industry is still more important to the state, and what is still more important, it is the only one that is not subject to the fluctuations of the market.

Brainerd.—A delay in the session of the Brainerd Elks social session which was one of the lodge in this city. At the conclusion of the business session the members of the lodge elected Al. H. Jester to serve as chairman in place of T. J. Burke, who was unavoidably absent. Mr. Jester appointed J. C. Parker and M. F. Wilson as policemen for the fair.

KETHAM INDICTED.

Must Answer to Jury for Murder in First Degree.

Moorehead, Minn., Oct. 23.—(Special to The Herald.)—The grand jury has returned an indictment for murder in the first degree against Frank Ketham, charged with killing Dr. Th. S. Egge in this city on the night of Sept. 6.

The crime was a most brutal one, the physician being struck down with a blunt instrument and Ketham's trial promises to be out of the ordinary. He is in the local county jail.

BRUTAL HAZING HAS CRIPPLED BOY FOR LIFE.

Marshfield, Wis., Oct. 23.—Hazing has been carried to such an extent in the high school that serious trouble is brewing for some of the boys of well-known families. Paul Elmermann was taken into custody one night recently by five hazers and so severely dealt with as to make him a cripple for life. His father has threatened to sue for damages.

GREAT POTATO YIELD ON THE VALLEY FARM.

Benldi, Minn., Oct. 23.—(Special to The Herald.)—V. A. Cassier, proprietor of the Valley farm, says he has produced this year 94,500,000 bushels of wheat, or 16.5 bushels an acre, of which the average yield of the country is 12 bushels. It took thirty-seven hours to dig the potatoes with a potato digger and there were six boys picking potatoes.

AT THE THEATERS

MEMBERS OF "A GENTLEMAN FROM MISSISSIPPI" COMPANY AT THE LYCEUM ALL NEXT WEEK.

"A GENTLEMAN FROM MISSISSIPPI"

"A Gentleman From Mississippi," one of the latest and most successful of comedies, will be the attraction at the Lyceum theater Monday night and for the balance of the week. It has achieved a rousing triumph in Chicago and New York, and comes to Duluth with the cast that contributed so largely to its success in the former city. It is a straight, right-out-from-the-shoulder comedy, bristling with native wit and alive with interest and action from the rise of the first curtain to the fall of the last.

The story is an engaging and typically American, with a strong Southern atmosphere that almost sends one to the footlights the scent of the magnolia and the fragrance of the pine. Senator Langdon, a blunt, outspoken, and chivalrous son of the South, is sent to Washington as the junior representative from his state. He is entirely ignorant of the machinations of politics, and he is seized on immediately as a likely tool who might be used in the promoting of different questionable schemes.

The problem at hand is the establishment of a naval base on the Gulf coast, and two locations are offered, one of which is obviously suitable and the other quite out of the question. As the senatorial representative from Mississippi, Langdon's influence is most desirable, and it is arranged that he shall make his maiden speech in defense of the Alcatraz.

On the day of his arrival he meets Bud Haines, the representative of a New York paper, and he is so attracted by the evident braininess and progressiveness of the youth that he engages him as his secretary. The novelty of the new life so appeals to Langdon that he makes Haines his deputy and devotes his own time to the more pleasurable pursuits.

Without their father's knowledge Langdon's elder daughter and son have inherited considerable sums in Alcatraz land, with the expectation that once the naval base had been definitely located there, they will be able to dispose of their holdings to the government at a handsome profit.

Lyceum Notes.

D'Urban's band will close its very successful Duluth engagement tomorrow with the following programs:

Sunday Afternoon.
March—"Pierce".....D'Urban
Vocal solo—"Light Cavalry".....Suppe

Selection from "Carmen".....Bizet
Waltz—"Blue Danube".....Strauss
Hungarian Dance No. 5.....Brahms
Vocal solo.....Miss Reid
Overture—"Schwarzkowky"
Retreat of Napoleon from Moscow and burning of the city.

It requires two large baggage cars for the transportation of the scenery and costumes used in the presentation

of "Commencement Days," the college girl comedy which will be the attraction at the Lyceum on Nov. 3 and 6, under the management of John Cort.

With a sumptuous setting, all in white and glittering with gold ornamentation, the Primrose Minstrels' first part is a resplendent scenic background for the hour's brilliant musical and comedy entertainment that proceeds an olio, fraught with some of the most pronounced novelty features ever assembled for minstrel purposes. Mr. Primrose had good and sufficient reasons to be thus encouraged for the recent record of success attained by the Primrose organization of singers, dancers, comedians and novelty performers will visit at the Lyceum on Nov. 1 and 2.

Henry W. Savage never does things by halves, whether it is a grand opera company, a "Merry Widow," or a comedy like "Mary Jane's Pa," that engaged him as the latter play, which has Henry E. Dixey as the star. Mr. Savage has set a new high standard of scenic investiture, the production requiring more than three times the carrying capacity of any other comedy now on tour. This delightful American comedy will be seen at the Lyceum in the near future, coming fresh from its triumph at the Chicago opera house, where it ran for many months.

Mme. Schumann-Heink, who will be heard here at the Lyceum on Nov. 11, is an American citizen although born in Lieben, near Prague, Bohemia. When asked, a short time ago, why she preferred America to Australia, and Germany, she replied:

"All my luck, all my fortune, came to me here. I want to be an American, but most of all, I want to be a Bohemian. In this, a cheerful country, everyone is estimated according to his worth for here work is respected, no matter of what sort it is. In Germany one must have titles, riches, position, to be any one at all. Here I shake hands with everybody, all my friends, South, East, West, North—everywhere I find such good friends. The Southern people are the loveliest I know of."

At the Bijou.
What is claimed as the biggest trained animal act that has ever appeared is vaudeville is Alber's ten polar bears. This act will be the feature attraction at the Bijou commencing Monday afternoon. Mr. Alber has ten beautiful, snow white bears that are the largest polar bears that have ever been trained for places of amusement. The act was at the New York Hippodrome for an entire season, and the bears, though the most dangerous kind, have been trained to do nearly everything but talk. Almost some of the stunts they perform on the stage is shooting the darts with the trainer on their backs, rolling globe feats, wrestling and boxing with the trainer and many other feats that

GOSSIP OF THE RIALTO

LITTLE BIJOU THEATER HAS SERIES OF REVERSES—"THE FOURTH ESTATE," A SENSATIONAL TRAGEDY WITH EXCELLENT STAGE EFFECTS—JOSEPH WEBER GETS NEW FARCE.

NEW YORK, Oct. 23.—The little Bijou theater, which has been the birthplace of so many successes in the past, and where "The Gentleman From Mississippi" closed an almost unprecedented run a few weeks ago, has happened upon a series of reverses. Thompson Buchanan's comedy, "The Intruder," failed to strike the nerve center of popular interest and was hastily withdrawn, rather ill-advisedly, I think, and "The Master Key," by Cosmo Hamilton, did not fare any better. It closed after barely a week's run, and "The Debtors" was put on last week.

Strange to relate, "The Debtors" is a translation from the German of "Little Dorrit," dramatized from Dickens. The German version is by Von Schoenhan, but whose plays have been turned into English. The translation has been made by Margaret Mayo. It was played at the Irving Place theater two or three seasons ago. It is a well-rounded comedy, with touches of dandy pishos and time happy characterizations.

There has been no end of plays with mechanical contrivances as the center of interest. "Via Wireless" was shown the farjace and casting from a big gun factory. In "The Bridge," even more recently, the public was shown a section of a great cantilever bridge in a state of construction that almost made one's head swim with locomotive, pile drivers, sawmills, etc., almost everything in the nature of mechanics seemed to have found use at the hands of the enterprising manager of the theater. We are shown the interior of a printing office, with the Mergenthaler typesetting machines in full action and a section of the make-up room in a

are wonderful to behold. It requires a special car for the transportation of this act as there are so many settings and properties needed to produce the act. Besides the ten large polar bears, Mr. Alber carries five small cub polar, which will be seen in front of the theater during the school children's matinee on Saturday afternoon. People who hear Dr. Cook lecture in Duluth will appreciate the most dangerous foe he had while making the discovery of the North Pole. Nannarok Maktand has ordered several tons of ice to be put in the room where the animals are kept in the theater for the comfort of the Arctic regions.

The entire show will be up to the standard of the best acts that have been played this season. It will contain all kinds of amusement, and all kinds will attract attention will be Whitman brothers in a big scenic comedy, entitled "The Crocodile and the Frog." The brothers, Whitmans, are excellent gymnasts and were with the Barrow troupe as a special feature the past season, where they had one of the few acts for which all other acts were taken as a comedienne is Marie Fitzgibbons, who has won the Bijou theater at Winnipeg the past week. Miss Fitzgibbons has her own way of bringing out the humor of her songs and stories that certainly pleases her hearers.

One of the best singing comedy acts that has ever appeared at the Bijou will be John C. Robisch and Marie Childress in their operatic eccentricity, "The Siren's Rehearsal," which is a feast of jollity and song, an act that is funny from the start to the finish. Different from the usual facial faces, whose many different facial features have been the talk of every city where he has appeared. Earl Morse will bring a new illustrated song and dance act, which will be new and exclusive subjects. Matinees are given daily at 2:45 and 8:00. Seats may be reserved by either telephone. A special school day matinee will be given Sunday at 2:30. All children under 14 years old will be admitted for 5 cents. Performances are given Sunday afternoon and night.

the incriminating evidence, is about to be sent to press when Judith comes to spare her father. But Brand is relentless in his honesty. The proprietor of the paper orders him to "kill" the story. He nominally concurs in the arrangement; but on reflection he sends the form to press, and the next moment the audience sees him raising a pistol to his head; the lights are extinguished, and the report sounds out upon the hushed scene with a sharp detonation.

Then there is still another theatrical surprise. Just before sending the form to press, a cub reporter brings in an item about the suicide of a dancehouse girl. Brand has taken this item and with his own hands changed the wording. After the report of the pistol has been heard, and while the theater is in utter darkness, this item is flashed upon the curtain by stereoscopic lantern, but the name of the dancehouse girl has been changed to that of Brand, though the cause of the act is the same. "He (instead of she) was tired of a life of prostitution."

Charles Waldron, who some time ago won favor on Broadway as the hero of "The Warrens of Virginia," plays

Brand in good style. Stevenson, who is Kate Clarkson's former husband and for years was Mrs. Carter's leading man, plays Judge Bartelmy admirably. Pauline Frederick is very attractive in the emotional role of Judith, and Alice Fischer has a part to her liking in that of a newly rich proletarian, Mrs. Nolan, wife of the owner of the Advance, played by Thomas Findlay.

At a winter garden on Eighty-sixth street—the upper East side—a German company has made an instantaneous hit in a Parisian "vaudeville" in three acts, entitled "Alma, Wo Wohnt Du?" ("Alma, What's Your Address?"), to which the principal comedian, Adolf Phillips, has contributed a generous number of popular music. One song in the piece, which bears the title of the farce, has become popular already, and "Alma, Wo Wohnt Du?" is becoming current.

It is this piece that Joseph Weber was advised to see one night recently, his visit resulting in negotiations by which he comes into possession of the English rights. This week he engaged Kitty Gordon for the part of Alma, which is admirably played by Hedwig von Ostermann in the German. Miss

ROBISCH AND CHILDRESS, At the Bijou Next Week.

Gordon is now one of the principal figures in "The Girl and the Wizard," with Sam Bernard at the Casino, but before this is printed her engagement by Weber will doubtless be announced. The American production will be made soon.

Eleanor Durr, regarded by many as the greatest actress of modern times, was 59 years old last week.

It has been satisfactorily settled and the New Theater will be allowed to have a refreshment room. Owing to the proximity of the School of Ethical Culture, the plan for a restaurant on the roof and a cafe in the main part of the house had to be abandoned. However, a license has been granted to a restaurateur, who has the refreshment concession, to sell liquor in one room in the basement, the only entrance to which is from Sixty-second street, considerably more than 200 feet from the nearest entrance to the school.

Christie MacDonald has been engaged as Andrew Mack's leading lady in his new musical comedy, "The Prince of Bohemia." Miss MacDonald has been studying in Paris and London for the past six months, and has been intimately taking up a grand opera and concert career.

Miss Wireless, the sensational spectacular play which made such a hit in New York proved to be a treat when taken out on tour. It has been withdrawn. Frederick Thompson claims that most of the stages in the theaters visited could not hold the production, necessitating the elimination of many of the most effective scenes.

Fritz Schott during last week started on his tour in "The Prima Donna," opening in Toronto. In the cast are William Herbert, Donald Hall, Phil Branson, Herbert Ayling, Martin Hayden and Vernon Daydon.

St. Charles Wyndham and Miss Mary Moore will be seen at the Empire Theater, New York, in the comedy, "The Conclusion of the Run of 'Inconsequent George'." They will be seen in "Miss Goring's Necktie" and "The Mollusc" and "David Garrick," probably in the order named.

Valerie Bergere has acquired from Edgar Allan Poe a new play, "The Sultan's Favorite."

Miss Bessie Abbott, formerly prima donna at the Metropolitan opera house, will tour this country and abroad under the direction of Liebler & Co. Miss Abbott was formerly a soprano, and has been singing for two years. She will be seen in light opera, suitable to her vocal powers.

There is no truth in the statement that Pietro Mascagni has decided to contract to write an opera for the Metropolitan opera house, as he has gone to Europe to use his inductive powers on the author of "Cavalleria Rusticana" and "Iris," should the attempt on the estate of Mascagni fail, no doubt another author will be found ready to suit himself to the idiosyncrasy of Miss Abbott.

The dramatic rights to "The Trail of the Lonesome Pine," the story of John Fox, Jr., husband of Fritz Schott, have been secured by William Norris and W. S. Delamare. The play is being made by Robert M. Baker.

Carl Hauptmann, who visited this country last year, and who is the brother of Gertrude Hauptmann, is now at work on a drama in two parts, treating the life of Napoleon. The first is called "Citizen Napoleon" and the second "Emperor Napoleon."

Franz Lehár, the composer of "The Merry Widow," is to come to the New Theater in New York to conduct an opera, which he will especially compose for premier production there.

Novelli has produced two new plays in Rome, of which the "Ave Maria" is the more delicate work which was well received. The other, a brilliant play, which will be translated into English and given in America and England.

Winona Winslow has given up her role as star in "The Golden Girl" to return to vaudeville. She is now playing the Middle West.

Clara Lipman, no longer necessary to the success of her husband, Louis Mann, will be started in the comedy, "The Hills of the Blue Islands," which she will play with William A. Brady, who has gone to the foreign invasion and decided to metamorphose into an English-speaking star.

Clyde Fitch's play, "The City," will be given by the Shuberts, with Janet Beecher in an important role, by arrangement with William A. Brady, who has gone to the foreign invasion and decided to metamorphose into an English-speaking star.

Margaret Anglin will before long be one of Charles Frohman's stars, according to report.

Laura Burt has been engaged by A. H. Woods for the coming season in "The Furnished Room" in Forty-fifth street, which opens in Philadelphia Nov. 1.

Frank Daniels came under the management of the last season in the English musical comedy, "The Belle of Brittany." This play, with music by Howard Talbot, composer of the Chinese honeycomb, has been little altered from the English version, and is said to be perhaps the brightest and most entertaining of the long series of comedies in which the popular comedian has been seen. The Shuberts have surrounded Mr. Daniels with a capable company and a good production of the play. Daniels plays the part of the Marquis de St. Gaudier, an impoverished old sport, and in a play which differs from the stage noblemen. He has from the stage noblemen. He has from the stage noblemen. He has from the stage noblemen.

COAL COMPANIES SHORT OF CARS
Maryland and West Virginia Mine Operators Behind in Deliveries.

Baltimore, Md., Oct. 22.—The threatened shortage of coal cars in the mining regions of Maryland and West Virginia is here. Mining operators in those states are calling loudly for cars, but the only source of the railroads give is that thousands of new cars and locomotives have been ordered and will be hurried to points where they are most needed as fast as they are received from the builders. The Consolidation Coal company is now 100,000 tons behind in its deliveries because of the lack of cars. Other big mining companies in Maryland and West Virginia are declared to be suffering just as much.

Fresh Attorney Punished.
Minneapolis, Minn., Oct. 22.—P. S. Cary, an attorney, was sentenced to thirty days in the county jail by Judge Holt yesterday for contempt of court. Cary, a pioneer in the coal business, was on a forger charge, and he was repeatedly warned by the court for his conduct. He ignored the judge's warnings and repeated his unprofessional conduct until he was taken by force to jail.

Fall colds are quickly cured by Foley's Honey and Tar, the great throat and lung remedy. The genuine contains no harmful drugs. Sold by all druggists.

Mabel Roebuck, formerly with James K. Hackett in repertory, and later with J. E. Dodson in "The House Next Door," has been engaged by Walter N. Lawrence for his production of "W. J. Locke's 'Idols'."

Martin Harvey will give "Martha of the Lowlands" an elaborate production at Detroit, Mich., on Nov. 8. The Spanish drama's first presentation in England.

Geagan's Paul Wilstach's play which has been laid off for the present, will possibly be given a New York hearing shortly.

Olis Skinner, popular Oct. 8, at Rochester in Tarkington and Wilson's new play, "Your Humble Servant."

There are twenty-five speaking parts and 150 in the cast of "Hercules," which William Faversham presented for the

first time in this country at Albany, on Thursday evening.

Missie Palmer, who recalls fond memories of the past and "My Sweetheart," is to appear in a new comedy called "A Woman's Follies," written for her by M. Barrie.

Miss Marie Dressler has returned from her summer home at Windsor, Vt., to New York to begin active rehearsals in a musical play, "Tillie's Nightmare," in which she is to star this season under the management of Lew Fields. The opening date is not yet announced, but will probably be early in November.

"Old Dutch," the play in which Lew Fields will star this season, is the story of a Viennese inventor who, while visiting in the Austrian Tyrol, attempts to hide his identity. The music is by Victor Herbert, the book by Edgar Smith and the lyrics by George V. Hearn.

The new play by Macdonald Crothers in which Miss Manning is starring, is known as "A Man's World." Instead of "Kiddie," the title of the short story from which the play was taken. The cast in support of Miss Manning includes Charles H. Hays, Helen Ormsby, Charles Hays, John Sainpolis, Grant Mitchell, Arthur Bartlett and Little Gertrude. Miss Manning began her season at the Princess Theater, Monday, Oct. 18.

Olga Netherless presented last week in Baltimore her new play, "Locke," which is a story of a Viennese inventor who, while visiting in the Austrian Tyrol, attempts to hide his identity. The music is by Victor Herbert, the book by Edgar Smith and the lyrics by George V. Hearn.

The school drama, "The Little Squares of Good Cheer," is a story of a Viennese inventor who, while visiting in the Austrian Tyrol, attempts to hide his identity. The music is by Victor Herbert, the book by Edgar Smith and the lyrics by George V. Hearn.

There was a special meeting of the musical society last Tuesday at which the members voted to assist the alumni in their efforts to raise the C. A. Smith memorial fund.

HIGH SCHOOL NOTES

The senior class held a special meeting last Wednesday chiefly for the election of a class advisor. This is the first time a class advisor has been elected by any class in school, and it was not for the suggestion of Principal Buck there would be none this year. Mr. Buck thinks, however, that each class should have a faculty member as class advisor, and the lower classes will undoubtedly follow the example of the seniors.

Miss Wells was the choice of the seniors, and the class showed its respect for her by making the vote unanimous. Miss Wells has always taken a great interest in the members of the present senior class and she will undoubtedly help them materially in the transaction of class affairs.

Several elections which did not take place at the last meeting were also disposed of. Ruth Ericson and Cullie Merritt were elected associate editors of the Zenith. Lawrence Boyle was appointed assistant manager of the Zenith and elected captain of the class basketball team. Besides these elections Robert H. Donaldson appointed the following committee to make preparations for the annual auction: Alma Strand, Gladys Seago, Francis Dickerson, Florence Boden, Marion Williamson, Marjorie Harrison and Euelah Mayner.

FROM THE MINE TO THE SMELTERS

CORDOVA NEARING GOOD ORE AT THE LAKE COPPER MINES ACTIVITY IN STAR DISTRICT

Copper in Crosscut Rapidly Approaching Commercial Values—Live Oak Enlarges Proven Bodies of Ore—Black Warrior Developing Reserves.

Globe, Ariz., Oct. 23.—The work in the Sullivan shaft of the Cordova mine is giving every indication that those who have placed confidence in this property were not mistaken in the belief that it will ultimately become a valuable low grade producer similar to the Miami and Inspiration mines, which adjoin it.

During the past week the establishing of a level at a depth of 475 feet in the Sullivan shaft has been completed and a crosscut has been run east from the station there for a distance of twelve feet. This crosscut has been in the gray Pinal schist continuously and this rock carries copper in values closely approaching com-

mercial grade. Manager M. E. McCarthy says that in a comparatively short time he expects to see some important developments in the Cordova workings and certainly to present the indications that justify such an expectation.

The present development work at the Live Oak mine in the Miami district is steadily increasing the size of the proven ore body and General Manager M. E. McCarthy is well pleased with the results obtained there during the past week. On the 200-foot level the crosscut being run west has, for several days, been in chalcocite.

(Continued on page 19, second column.)

HAVE BEEN PROVEN AT DEPTH

Remarkably Rich Ore Bodies in Hoatson and Oliver Shafts of Bonanza Group Found to Continue on the Lower Levels.

Bisbee, Ariz., Oct. 23.—During the past week there have been rumors going through the Star district about a most important strike which was made in the Hoatson mine, one of the principal properties of the Superior Mining company. It is not a new strike in the mine, but the proving of an immense body of ore which was encountered on the 1,300-foot level.

On this level a very rich body of ore has been encountered. The ore is of the 1,200-foot level. It has been proved that this great body of ore extends down for 100 feet. The remarkable thing about this new ore is that it is a body of native copper which appears all the way down the shaft and in the crosscuts. Immense clumps of this almost pure copper have been seen and some of the specimens have been placed on exhibition in the mine. The ore is all Warren, where they may be seen by all as evidence that the deep levels of the Warren district are rich in native copper. The Warren district is not the only mine in the district which has recently

attracted attention because of rich encounters in the deep levels. In the Oliver shaft of the Calumet & Arizona company, a few days ago, a big body of high grade oxide ore was encountered on the 1,200-foot level, which has been proved a continuation of an ore body which was encountered on the 1,100-foot level. This good development occurred on the Gibraltar claim, near the Pittsburgh, and into which this ore body extends. It is believed that both of these discoveries are of great importance to any ever made on any of the American mines.

Although proceeding quietly about their work, the little is heard of their operations, the Wolverine-Arizona mine has been making regular shipments to the Copper Queen smelter at Douglas, at the rate of approximately 150 tons a week. The average of ore is 12 per cent. About 2,000 feet of work has been done on the mine, and the showing thus far encountered being of a very encouraging nature. Only one of the mines in the district has been so successful in the past few days. Manager Roberts states that Eastern stockholders are not likely to be disappointed for the purpose of looking over the property and laying plans for work upon a larger scale.

PHELPS-DODGE GET CONTROL

Purchase Burro Mountain Property in New Mexico, Which Promises to Become One of the Great Copper Producers in the World.

Douglas, Ariz., Oct. 23.—In the incorporation of the Magnus Copper company by the Phelps-Dodge company of New York, the biggest mining deal in New Mexico has been closed. The transaction involves over \$2,000,000, and the property which is in the Burro mountain district, destined to be one of the world-famous copper producers.

The property was sold to the Phelps-Dodge company by the Burro Mining company, which is in the Burro mountain district in Grant county, and reports from experts give the property a great future.

The Phelps-Dodge company has held a minority interest in the Burro Mountain property for some time, the property being held as a close corporation in which Alfred and Nathan Leopold of Chicago hold the control, about 65 per cent of the stock. The Leopolds have sold their entire interest in the mine, together with their stock to the Phelps-Dodge company. The correct amount of what was paid for the stock has been given out, but it is understood that the basis upon which the 65 per cent of the

stock was purchased would make the value of the property \$2,340,000. While no statement has been given to indicate that the action is contemplated, it is generally believed in mining circles that the Phelps-Dodge company will soon build an extension of the El Paso & Southwestern railway from the Burro mountain district. The Southwestern already has a branch line reaching to Deming, and the extension would be a very large one and it is confidently expected that it will be made. This line would result not only in greatly hastening the development of the Burro Mountain property, but of the Chemung, another great property adjoining it and of the recently incorporated Magnus property, which has been held in the heart of the district.

The Magnus company has paid \$45,000 upon several of the properties in the heart of the Burro mountain district, while the Phelps-Dodge company has been given the right to develop the property and the Chemung.

MINING IN THE BLACK HILLS

Ore Shoots of Good Grade Are Exposed on the Pittsburgh Company's Property Which Includes the Old King Solomon Mine.

Deadwood, S. D., Oct. 23.—Since the completion of the patent work on the ground of the Pittsburgh Mining company at Redden, south of here, development work in the near future is looked for. The exploration thus far has exposed a number of ore shoots of good grade. The ground includes the King Solomon mine, on which much work was done in the early days that yielded a good profit. Over twenty-five years ago a shaft was sunk over 200 feet. Ore was taken out, but the proper milling facilities were not found. Near the base of the shaft is a ledge of \$3 free milling ore. For a time this ore was treated, but as it was not entirely free milling and there was no mill on the ground, the refractory portion ate up the profits and operations were suspended.

The recent strikes on the Custer Peak Mining company's ground south of here, have attracted the attention of Eastern capital. F. P. Aldrich of Kewanee, Ill., and E. H. Fudge of Chicago are now in the hills investigating the property with an engineer. Dr. A. T. Ross of this city has a force of men on the Heidelberg and Mascot grounds. In the Two Bit district, near here, he is driving a series of tunnels, and the results show that there is a fair ore showing. It is also the intention to do considerable development on the vertical veins that show upon the ground, as in the Golden Crest Mining company in the same locality. Although the veins are narrow at the surface they have widened out materially in every case where any depth has been reached.

The force at the property of the

Annaconda Mining company, in the Black Hills district, is putting the plant in shape to continue sinking in the shaft all winter.

Work on the Alta Lodi, known as the most economically worked quartz mine in the country, has been suspended by the owner, James Cochran, for this year.

It is learned that J. B. Safford, the promoter of the Saginaw Mining company and other deals in this section, is working on another promotion in Chicago which will result in the opening of a new property in the northern hills.

After eight months' work the Gold and West Mining company, operating in the Rochester district, has completed its cyclone drill prospecting. The ground drilled was a plot of about 1,500 by 300 to 600 feet. In every hole sunk mineral was found. Some of the holes were sunk to 200 feet and the whole distance was practically in ore, the assays of the cores ranging as high as \$10. The ore body was traced by means of the drill from the open cut where former operations had been held to the mill, much farther than it was believed the ledge extended. Next spring it is intended to begin sinking a new shaft.

At the Cuyahoga property, near Keystone, the main drift hole has reached a depth of 200 feet, and is to go to 700. The Cuyahoga has a long crosscut tunnel penetrating an 18-foot vein of quartz ore, which contains values of \$3 to \$4 a ton. It is the intention to continue prospecting more high grade ore in the property by means of the diamond drill.

Michigan Stops Operations Owing to the Low Price of Metal—Copper Ground Disclosed By the Section 12 Exploration Company East of the Isle Royale Property.

Houghton, Mich., Oct. 23.—(Special to The Herald.)—The suspension of operations in the Michigan mine due to the prevailing low prices for the metal and more particularly to existing underground conditions in that property temporarily removes the company from the ranks of the regular producers. The Michigan Copper Mining company was organized in 1890 and since 1904 has been producing at the rate of between 2,500,000 and 2,800,000 pounds of the copper annually with altogether profitable results, operating costs being largely met by assessments on the 100,000 outstanding shares of the company. The last assessment, \$2 per share, paid this year, made a total of \$21 per share since organization and leaves the stock subject to a further call of \$1 at any time in the future. Just previous to the strike, the company was employing 200 men. This force has since been reduced to 100, and the mine is now at all activity about the mine is now centered in exploratory work at depth in the Calico and Branch mines and the newer West workings. Because of this work the mine will be kept un-

dermined. Section 12 Company. Diamond drill operations by the Section 12 Exploration company on lands under option to that company, at the next east of the Isle Royale property have resulted in the disclosure of copper ground at a depth of 612 feet in the No. 1 drill hole. About nine feet of mineralized ground has been passed through by the drill which apparently is not less than 1,000 feet from surface. The identity of the ore has not been established but apparently is not the Butte ore, to which the drill hole is being driven.

Wyandot. The 100-foot copper-bearing hole in the seventh level crosscut east of the shaft, making the fourth

mineralized hole tapped in this work, the first three so far as opened proving entirely too lean to be wrought with profit. The latest disclosure is seemingly more valuable, but as yet has not been opened sufficiently to indicate its possibilities. The showing in the branch of the mine is very encouraging, both in the amount and in the character of the mineral disclosed. Drifting has been in progress in the lake next underlying this new hole, but the results are not yet in. The negative nature. The crosscut has entered the probable horizon of the lake and will continue driving to the eastern limits of the Wyandot property.

Lake. Recent developments in the Lake mine show greatly improved conditions in the drift end, the showing north of the third level, and the mention, the mineral at that point being reduced to a very small quantity, and it is very hard to drill. This condition obtains for quite 100 feet back in this drift, and the improvement is noted south at the second level, this drift is at a distance of 100 feet from the closing copper ground far above the shaft, opening in this drift, the fifth level, crosscut in which recently reached the lake 100 feet from the shaft, has been in progress for some time, and apparently is improving with the depth of the hole. The extraction of copper ground, already in service, engaged in opening work at four levels. The shaft is sinking below a depth of 770 feet.

The operations of the Isle Royale company continue to be very active, and the extraction of copper ground, already in service, engaged in opening work at four levels. The shaft is sinking below a depth of 770 feet.

MILL FOR BUTTE & SUPERIOR

Expected to Be in Operation By Next May—R. M. Atwater Now General Manager—Heinze and the Davis-Daly Company—Tuolumne Not Stopping Ore for Shipment.

Butte, Mont., Oct. 23.—(Special to The Herald.)—Dr. Sussman, representing the American Metal company, is in Butte making preparations for the construction of a mill for the Butte & Superior company. It is expected that the plant will have a preliminary capacity of 500 tons per day and will be so constructed that it can readily be enlarged with little cost and trouble. The contract between the Butte & Superior company and the American Metal company, which is one of the best mining men in the West, has been signed. The mill is to be built on the site of the old mill, and the cost of the mill is estimated at \$150,000. It is to be used in building the concentrating plant and in the development of the property. The mill is to be built on the site of the old mill, and the cost of the mill is estimated at \$150,000. It is to be used in building the concentrating plant and in the development of the property.

ore blocked out on the 1,000 and 1,400-foot levels. The development work has been pushed on the 1,400 and 1,500-foot levels, and the shaft is being sunk at a rate of four to five feet per day. It is now down about 1,700 feet. Since June the company has averaged 100 feet a month in sinking. The Butte district. "Splendid results have followed the development work at the Colorado and believe a big mine will be opened there," said the Butte & Superior stockholder referred to above, "but it is an absurd and dishonest policy to mine and ship ore while the development work is going on and the mine is not sufficiently open for a low grade ore to be shipped. The average being little above 3 per cent copper. At present prices of the metal of the Amalgamated Copper company with its splendid smelting facilities and the fact that the Butte & Superior probably 15 cents a pound on its copper. It doesn't require much thought or planning to determine that the Davis-Daly is making on its ore-shipping a heavy loss. The Butte & Superior custom ore for which a high treatment charge is made, and the cost of the ore is heavy cost of mining at present. Good business policy and the management of the Butte & Superior has been a very wise one. The ore is in the mine until the property has been developed and the mine is open for a low grade ore to be shipped. The average being little above 3 per cent copper. THE FOUNDER OF THE ARMOUR FORTUNES TO DO BUT TO DO WHAT HE COULD TO PREPARE JONATHAN OGDEN TO SUCCEED HIM.

In time this son—the father's "Hobson's choice" in the way of an heir, so to speak—took up the reins left fall by his sire. From that day until recently the general public heard of him as a rich man's son, succeeding to a great estate; as an operator on a gigantic scale in the wheat pit; as an alleged crass offender against certain federal anti-trust laws; and as the father of little Louis Armour, in whose remarkable cure by the celebrated Dr. Lorenz the whole world took a deep and sympathetic interest. But until a few short weeks ago the general public had not dreamed that Jonathan Ogden Armour had the stuff in him, apparently, to make of himself a great financial leader—a distinction that has to be earned since it can in no way be handed down from father to son.

Mr. Armour's Important Discovery. It is beyond dispute that Mr. Armour has more than won his financial spurs. Soon, according to high financial authorities, he will be looked upon almost universally as the commanding financial and financial authority, the great man in the mid-West. Already he is in close financial association with many of the world's financial captains, both in this country and Europe. If, as now seems certain, he becomes the great financial authority of the mid-West, his association with the men who make the historic moves on the money board of the world will be that of the greatest intimacy.

Jonathan Ogden Armour was just 38 years of age when he found himself in the place of supreme authority, and the great Armour interests. Then it was presumed that the young man would occupy himself chiefly with business. Philip D. Jr. was the heir apparent; Jonathan Ogden Armour, because of his taste for things literary and his apparent disgust for things business, was merely the heir presumptive. It was an arrangement in which the father doubtless took not a little pride; but when death claimed his namesake, there was nothing left for

the founder of the Armour fortunes to do but to do what he could to prepare Jonathan Ogden to succeed him.

THE J. OGDEN ARMOUR HOME AT LAKE FOREST ILLINOIS, THE EXCLUSIVE CHICAGO SUBURB.

sent by slave-like devotion to minor details. The senior Armour, probably because he had to begin in a small way, and watch every expenditure, nurse every market, reckon the minutest cent, had accustomed himself to detail. Of course, in his later years, he organized a superb group of lieutenants and subordinates, but he seemed to be never quite willing to leave to them the detailed work.

Possibly the first striking demonstration of the lurking ability for very high constructive work which Ogden Armour made after he assumed command was the ease with which he committed to trusted subordinates the working out of the details while he controlled the greater operations. In that way his mind was free from the petty irritations and distractions which too excessive detail causes and he had opportunity for more profound contemplation and study of new and very great questions, some of which he had never disturbed his father, because they had not arisen.

So, too, at this time, if what Mr. Armour's friends say be accurate, he revealed a power of broad, comprehensive forecasting in the direction of

finance. Throughout all of his father's business life the movement of the crops from the harvest fields to the markets involved the borrowing of many millions of dollars in the great financial centers east of the Alleghenies mountains. This movement was as accurately timed, almost, as is that of the coming of the autumnal equinox. Ogden Armour, while carefully scrutinizing the financial reports that told of the movements of money in the banks of Chicago, St. Louis, Kansas City and New York, Philadelphia and Boston, detected what he thought to be good proof that the West was beginning to market its crops with its own money. This discovery he made almost simultaneously with a like one made by the late Frederick D. Tappan of New York city, who was for many years president of the New York Clearing House association.

Mr. Armour was about 40 years of age when he believed he was able to detect the first change in what was the leading annual money movement in the country. He clung to this belief in spite of the cynicism and skepticism with which many, receiving the report that the West was beginning to finance

its crops, and how accurate was his judgment, subsequent events fully proved. This year the West is harvesting and marketing its crops practically with its own money, although much of this money has been drawn from the Eastern banks, where in the spring it was placed on deposit, so that it might earn good interest.

The Parting of the Ways for Mr. Armour. Up to and through the government's celebrated pure food inquiry into the beef-packing industry, Mr. Armour's time was taken up largely with providing his capacity for leadership over the very great industrial interests which came to him from his father. But now there began other very important undertakings in Chicago, the center of Mr. Armour's packing activities—railway transportation, the perfect suburbanizing of traffic that centers in Chicago, so that there could be convenient and economic concentration of it; and, in addition, there loomed up before Mr. Armour the great question of providing for the future of the beef supplies of the United States.

Here came the parting of the ways for Mr. Armour. He could withdraw from larger activities and concentrate on the beef-packing interests, or he could step out and beyond that in the industrial circle, although he must have known that this would involve placing him in the ranks of the world's great financiers. To do that also made necessary the grouping around him, or the grouping with him, of some of the master minds of the West, as well as

co-operation with some of the larger financiers of the East. In other words, there came to Mr. Armour the opportunity to become identified with the world's greatest financing and financial centers.

He apparently did not hesitate, although those who knew him best are of the opinion that if he had been perfectly free to choose, he would have preferred a life of quiet dignity, not exactly of ease or leisure, but one in which he would have had no business responsibilities other than those directly connected with the management of his beef-packing interests. In Chicago the men who do things shortly began to talk of Mr. Armour as a man who possessed greater credit than he did money, although the fortune that came to him in actual money, or its equivalent, was high up in the millions. You see, it is credit, chiefly, upon which great financing and great financiers rely.

Early in Mr. Armour's development as a financial force his path and that taken by the late E. H. Harriman crossed. They met as equals to exploit and undertake the construction of what is known as the Chicago freight tunnel system—an underground, built line planned to connect all the railway freight stations of Chicago and the principal shippers and receivers of freight, for facilitation in the handling of freight originating or terminating in the city. This undertaking involved not merely money investments of some \$5,000,000 or \$6,000,000, but the utilization of the joint credit of Mr. Harriman and Mr. Armour to the extent of some \$14,000,000 more. At the present time the undertaking seems to be in some embarrassment, but it is the understanding that Mr. Armour is determined that it shall succeed.

This linking of certain Harriman interests with those of Mr. Armour's was the first certain indication that the East had of the coming of a new financial leader in the West. "Harriman never associates himself with any one who cannot do big things in a big way," was the way the situation was summed up in many quarters. Of course, once he had embarked on his financial career, Mr. Armour found it necessary to take unto himself associates, and gradually there came into being what is now undoubtedly the strongest financial group with headquarters west of the Alleghenies. It is only within a year or two that Eastern men of finance have recognized the power of this group and have realized that it must be reckoned with in many of the greater financial undertakings that are to characterize the present era of prosperity. This is the case, for the good reason that the financial power and resources of the Armour group compare favorably with those of any one of the greater groups of the East.

Armour's Leading Banker. Everything considered, Mr. Armour's chief financial associate is undoubtedly George M. Reynolds. When President-elect Taft was looking about him to find out who, among Americans of ability, possessed in the highest degree all of the qualifications needed for a successful administration of the treasury department, he made some inquiries in New York city. He was told, first of all, although it was not necessary to tell him that, that it would never do to appoint a Wall street banker or financier secretary of treasury. Political considerations would make that inexpedient.

"Where shall I find just the man?" the president-elect asked a New York friend. "Personally, I think Chicago will furnish the man I am looking for."

"Yes," was the reply, "there are two or three men in Chicago who have just the qualifications you want. One of them is George M. Reynolds."

Mr. Taft was told that Mr. Reynolds (Continued on page 19, fourth column.)

F. W. Walker has completed his new estimating timber for the state.

Councilman F. F. Fowler transacted business at Knife river Tuesday.

Iron River

Iron River

Iron River, Wis., Oct. 23.—(Special to The Herald.)—W. Underwood, owner of some farm lands near Slowly bridge returned to his home in New York City, after a normal recovery from a long illness, after spending a week looking after his interests here.

Underwood was formerly a resident of this city died in a hospital in New York City, after a long illness, the result of injuries received while working on the New York Central tracks several weeks ago. A wife and five children survive him.

Underwood was married to H. Marion and they are known as doing jury duty at Washburn last Monday.

Israel Everett proved up on his claim to the land at Washburn last Monday. Calvin I. Rogers and Jay Campbell were his witnesses.

Henry Happle has purchased a derrick and will be working on the bridge in Minn., and left Thursday to take his family to the new home. His family will remain here this winter.

Born, to Mr. and Mrs. George Rappra Oct. 19, a daughter.

Born, to Mr. and Mrs. Ole Knudsen Monday, Oct. 14, a daughter.

Mrs. Minerva Whiting left last week for Duluth, Minn., to take up her employment of I. Freimuth in the cloak department.

The board of review appointed by the state tax commission to make a report on the proposed new tax on the river finished their work last Saturday.

Bemidji, Minn., a few days ago. The conductor Steve Harmon has

ment increases the total valuation of Iron River nearly \$200,000, over the amount paid by the town. The expense of the reassessment is \$753.81, which will be paid by the town, Wisconsin, and the event that the new assessment stands will be charged to the town. The town of Iron River turn charge it to the town of Iron River. Town Clerk Daniels will now have the new assessment roll made by the tax commissioner's appointees, and has already started making the new roll.

Albert H. Rodin, a graduate of the Superior normal, has been engaged to teach at the Iron River high school until she is able to resume her work.

ARE YOU PLANNING TO BUILD? HERE IS A HOME FOR \$3,000 OR LESS

ANTHONY PUCK ARCHITECT

FIRST FLOOR PLAN

SECOND FLOOR PLAN

The above illustration shows plans and exterior design for a cottage 23 feet by 27 feet in size. For a house of its limited dimensions this plan shows an unusually interesting arrangement. The rooms are of good relative size and proportions and none are so small as to be cramped or unfit for use.

The entrance, stair and hall arrangement are in this plan most compact, allowing all possible floor space to the

rooms. Yet nothing is sacrificed to the appearance or practicability of the plan. The convenient communication between the kitchen and front entrance combined with the side entrance and cellar way, is a particularly good feature of this plan. The living room and dining room being practically one, form a cheerful spacious apartment with a fire place and an attractive grouping of windows. The service portion of the plan is well laid out and complete for a home of this size.

In the second story three cozy bed-

rooms are arranged, each with a closet and all conveniently accessible. The bathroom is of good size and so situated as to make the plumbing most economical of installation.

The exterior design is an interesting combination of shingle and stucco with "half timber" finish.

The home as above illustrated and described, including basement, heating and plumbing is estimated to cost \$2,200 to \$2,300.

ANTHONY PUCK,
Architect, Duluth, Minn.

REALTY MARKET BEGINS TO LOOK LIKE OLD TIMES

Reminds Dealers of Days When They Looked at Property
With a Lantern—Big Transfer of Superior Street Property—New Home for News Tribune—Several Large Acreage Deals.

That the Duluth realty market has improved greatly during the last week there is no doubt.

There has been a steady grind of business all week and several large deals have been made.

The greater part of the business has however been in the cheaper lots for residence purposes. All the local real estate men have been too busy to talk anything but business, and many of them claim that within a few weeks the real estate business will resemble that of the boom days of twenty years ago, when men looked at property by the light of lanterns.

The big increase has come all at once. A few weeks ago the market was absolutely dead, and for six months previous to that it was hard to figure out just what was the matter with Duluth property. It was claimed at that time that prices were too high. The deals made the past week go to prove that the trouble did not lie in that direction.

The "own your own home" cry is one that will not be downed, and this movement seems to gather additional strength every day. The rush for homes is the heaviest in months. Every one seems anxious to annex a piece of property in his own name, and in West Duluth particularly has there been much inquiry and some buying.

Local people are not the only ones anxious to buy Duluth property. Since the formal announcement by the Steel corporation in The Herald that construction would begin in the spring, the local dealers have been flooded with letters from outside parties asking information as to cheap lots in the vicinity of the Steel plant. St. Paul and Minneapolis people are especially active in this respect.

Announcement of several new buildings have been made during the week and several large realty deals have been reported.

The week's largest deal was made through the offices of William Prindle & company when that concern purchased for H. M. Bradley of Boston fifty feet at Nos. 113 and 115 West Superior street for \$100,000. The fifty

feet frontage occupied by the Gray-Talbot store, Mr. Bradley already owned. He now acquires the other fifty feet giving him 100 feet frontage on Superior street. The building just purchased is occupied by the Wieland Shoe company and the Duluth Hardware company. The whole building is known as the Metropolitan building. For some time past the bid has been screwed tight on Superior street property and it has been almost impossible to pry it up at any price.

Mr. Bradley owns much other property in Duluth. Chief among his other holdings is the new Bradley building now in course of construction at the corner of Second avenue west and Superior street. P. Hall was the former owner of the property just sold to the Boston man. He bought it through the office of William Prindle six years ago. He paid \$75,500 for the property that just brought \$100,000. This shows the remarkable manner in which Duluth realty has advanced during the last few years.

The Metropolitan building was erected in 1882. It is a three-story building. Little value is placed on a building of this kind when buying the high priced Superior street business property. The older buildings are now being replaced by the more modern structures and property owners realize that the buying of such business property nearly always necessitates the building of new structures. Although there have been no deals where more than \$25,000 a foot has been paid for Superior street property, there is much property that could not be purchased at that price.

Other large deals.

The Wright-Clarkson company has purchased 120 feet on Lake avenue just south of the Marshall-Wells Hardware company's building and will erect a fine wholesale grocery house at the new location. The land extends back 250 feet to the slip. The company will also build a concrete dock and land represents an investment of \$50,000.

Julius H. Barnes, during the week, became the owner of a 26-acre tract located at Woodland. This land he will use for residence purposes. It was formerly owned by J. C. and M. Hunter and the selling price was about \$10,000 an acre. The land has been for years known as Hunter's field and has been used for athletic purposes by the boys Hunter's park.

The Phillips property in West Duluth has been sold to Daniel A. Fitzpatrick. The former owner was Elliot of Boston. The sale price was \$20,000.

As J. H. Barnes has for the past few months managed the property. The deal was made through the offices of C. Craig & Co.

A. W. Hartman and associates have added to their holdings in acreage east of Congdon park. Yesterday they purchased ten acres which were formerly owned by H. R. Du Laney. The land will be platted and sold in lots for residence purposes. It is understood that the price paid was close to \$1,500 an acre.

Several other large deals are pending, and announcements will be made as soon as they have been closed up. All residence property has been on the jump, and the real estate men, almost without exception, declare that never have they been more busy than during the past week.

Things also look very rosy for the Duluth and the rush of last week promises to continue indefinitely. One real estate man said this morning: "I cannot remember the time that things looked better for Duluth in the real estate line. I know that in my office we have all been rushed to death during the past week and I know that I am not the only busy man in town. The inquiry is back both from home and outside parties, and there is not the argument over the price of a lot that there was some time ago. The time soon will be here when prices will be much higher than they are at the present time, and even now people are commencing to take what they can get at the price asked. Duluth property is not so high as in other cities of a like size, and the people seemingly are just beginning to realize that they are not being held up by the realty dealers."

Every man engaged in this business seems to feel the same way. They all declare that things are picking up wonderfully, and all report a brisk week's business.

Suburban homes are in stronger demand than ever. The movement in Lakeside property is pronounced, and there seems to be each week a steady sale of Woodland residence sites.

Just now there is a rush for lots with houses already built. Strange to say there seems to be a shortage in this line. While many of the companies have during the summer erected a number of homes, they have for the most part all been sold. Just at this time of the year many people want a home that they can move into at once, and many homes of this character, particularly in Lakeside, have been sold during the past week. The firms which sell houses on the payment plan report that they were unable to build the houses fast enough.

At West Duluth much property has changed hands. There is much inquiry as to land near the site of the Steel plant, and many people seem anxious to buy. Dealers expect that within a few weeks there will be as great a rush to this part of town as there is

(Continued on page 25, third column.)

WAR IN MOROCCO TO BE HALTED BY THE NEW CABINET

Minister of War Announces
That Army Will Be Used
for Peace.

French Comments Indicate
Birth of New Era in
Spain.

Pacification Plans Are Re-
garded as Deeply Signifi-
cant.

Madrid, Oct. 25.—Lieut. Gen. de Luque, minister of war in the new Liberal cabinet, confirmed in an interview today, a report that the government had decided not to push further the Moroccan campaign. He said that if the Liberals had been in power before they would have avoided the bloody and costly war, and that henceforth the object of the government would be to guarantee the safety of Morocco by the system of fortified positions which were already occupied. From now on, the minister of war said, the work of the army would be that of pacification and not domination, and while Spain would defend the occupied positions, an effort would be made to induce the Moors to disarm, and in this movement the aid of the sultan's emissaries would be enlisted. The Luque added that though the Liberals disapproved the recent acts of repression at Barcelona, Ferrer had been proved guilty on evidence, and had been legally and judicially condemned. The Republicans won at yesterday's municipal elections at Madrid.

Birth of New Era.
Paris, Oct. 25.—French circles are intensely interested in the announcement from Madrid this morning that the Spanish cabinet had decided to abandon the campaign in Morocco and treat with the Moors with a view to securing peace in the Moroccan territory. The further statement that the army hereafter would be used for the purpose of pacification, and not for the purpose of conquest, was also received.

UNCLE SAM ASKS "WHAT IS COCOA?"

Hearing on Definition of
Terms Is to Be Held
Next Month.

Washington, Oct. 25.—To obtain the views of members of Congress in this and foreign countries regarding the use of the terms "cocoa" and "chocolate" as defined in a circular issued by the department of agriculture, entitled "Standards of Purity for Food Products," the hearing will be held upon the subject by the board of food and drug inspection here, Nov. 23.

TAFT TAKES TO THE RIVER

President Spends the Day in
St. Louis and East
St. Louis.

Is Joined By Sherman and
Cannon and Others of
Big Party.

St. Louis, Mo., Oct. 25.—President Taft divided his time today between two cities, giving eight hours to St. Louis and one and a half hours to East St. Louis. He arrived here this morning at 7:27 o'clock on the Iron Mountain railroad from Texas, and prepared to leave at 5 o'clock this afternoon on a 1,200-mile voyage down the Mississippi river to New Orleans.

After greeting the reception committee of the Commercial Club of St. Louis at the union station, the president proceeded by automobile to the St. Louis club.

His route to the St. Louis club from the union station, where thousands of persons had gathered, was guarded by policemen, who stood a few feet apart. Mounted policemen led the automobiles which contained the president's party.

Only members of the reception committee were allowed in the midway of the station, and when President Taft appeared at the Twentieth street exit he was greeted by the cheers of thousands of sightseers.

Met River Party.
Sixty-five commercial club members and the president's party were at the (Continued on page 9, fourth column)

New York Candidates Start
Busy Week on Mayor-
alty Stump.

New York, Oct. 25.—New York's stirring municipal campaign entered today the definitely prophetic stage, and already the managers of the various canvasses for mayoralty honors have begun setting forth in figures the proportions of expected victories.

Starting with a prediction by Republican County Chairman Herbert Parsons that Otto L. Bannard, the Republican-fusion candidate for mayor, will be elected by a plurality of at least 42,000, the mathematical experts of the other candidates have figures for both William J. Gaynor, the Democratic candidate, and William H. Hearst, candidate of the Civic Alliance.

Busy Days For Candidates.
The candidates for mayor will lead in activity in this last week of the campaign. Mr. Gaynor during the next six days is scheduled to make no less than seventeen speeches, while so far fourteen speaking dates have been arranged for Mr. Hearst. Mr. Bannard, however, will probably be the busiest of the trio. His program calls for eight or ten speeches each evening of the week, with a start in Brooklyn tomorrow.

Discussion of the charges in a recent magazine article that "Tammany Hall has been protecting a wholesale 'white slave' traffic with headquarters in this city" is expected to play a considerable part in the closing canvass.

With the exception of a reception at the Hotel Astor to William H. Hearst, the Independent or Civic Alliance candidate for mayor, political activity in New York on Sunday centered almost wholly in the pulpit, with a start in Brooklyn tomorrow.

DISAPPEARS FROM LAKE STEAMER

Illinois Man Is Lost; No
Cause for Suicide Is
Known.

Chicago, Oct. 25.—No trace of the whereabouts of John N. F. Erwin of Wilmette, Ill., who engaged a berth on the steamer Puritan from Chicago to Holland, Mich., Saturday night and was missing when the vessel reached port, has been found today. Erwin was a land dealer and left home prepared to make a business trip to Grand Rapids, Mich. He was seen on the steamer before it left the Chicago docks.

The state room reserved for him bore evidence of having been occupied. A grip containing several articles of clothing and a business card of the missing man was found in the state room when the vessel reached port.

Friends of Erwin are at a loss to account for the disappearance. His home life was happy and he had no financial troubles, far as is known. Mrs. Erwin, who until today was not informed of the disappearance of her husband, was deeply affected.

The officers of the boat were puzzled as to whether Erwin accidentally fell into the lake, jumped from the boat with suicidal intent, or left before the steamer started.

MEMORIAL FUND OPENS THE WEEK WITH GOOD RAISE

JAPANESE WOMEN VISIT WELLESLEY

Mikado's Commissioners See
Educational Places About
Boston.

Boston, Mass., Oct. 25.—Trips today to various industrial establishments and educational institutions were features of the Japanese honorary commercial commissioners the last day here.

The Japanese women visited Simmons college and Wellesley college. A number of informal dinners to the visitors were planned for this evening. The commissioners leave for Worcester at midnight.

OPIUM SMUGGLERS SENT TO PRISON

American and Chinaman Are
Convicted of Conspiracy
at Manila.

Manila, Oct. 25.—William Kennedy, a Chinese banker, was today found guilty of conspiracy to smuggle opium into the Philippines, and was each sentenced to one year's imprisonment. The court-martial of Capt. Frank Wickham of the Twelfth Infantry, U. S., who is charged with intoxication while on duty, opened at Fort William McKinley today. Col. Snyder W. Taylor of the Second field artillery is president of the court.

ENGLAND'S THREATENED ELECTION AND THE POSITION OF THE LORDS

Written for The Evening Herald by
Zach McGehee.

(Copyright, 1909, by Zach McGehee.)

London, Oct. 25.—The political agitation in the United Kingdom and the impending struggle make the most interesting of British affairs just now. As it seems to be more or less generally viewed in and about London, the "free-trade" country is prospering under free trade, and would rather maintain the status quo than precipitate a change.

Some weeks ago, in my correspondence with the North of England, it was stated that the house of lords was afraid to kill the finance bill, or budget, because the action which that action would precipitate would turn on the right of the house of commons to veto the action of the house of commons, and might result in the complete abolition of the hereditary feature of that "noble" body. Well, down here in London the lords talk a little bigger, because they have a greater "pull," or rather what Senator Jeff

Check for \$35 Is Received
From Clyde Iron Works'
Force.

Total of the Duluth Fund
Is Now Close to
\$1,400.

The Johnson Memorial Fund today stands as follows:
Previously acknowledged... \$1,339.77
Received up to noon today... 55.00
Total... \$1,394.77

The week opens with a splendid addition to the Governor Johnson memorial, \$35 being received from officers and employees of the Clyde Iron works and \$20 coming from other sources. The result is that the fund received by The Herald now aggregates almost \$1,400. It is desired to close the fund, if possible, on or about Nov. 1, and this leaves but little time in which to raise the total here above \$1,500. But that point is so close that there should be no difficulty in doing it. If the other industrial and wholesale establishments will follow the excellent example set by the force at the Clyde Iron works and other concerns the fund can be increased to \$2,000. St. Louis county has done well so far, and the members of the state memorial commission are much pleased, as the following extract from a letter received from Charles W. Ames of St. Paul, the secretary of the commission, shows:

"So far the fund seems to be progressing rather slowly after the first impulse of generosity. It is very gratifying to see what a good showing St. Louis county makes, not only in the amount of the contribution, but in the promptness of the payment. (Continued on page 9, sixth column)

IS MADE TO DRAW VEIL

Mrs. Arbogast's Face Bared
in Court for the First
Time.

St. Paul Murder Case May
End With No Witnesses
for Defense.

St. Paul, Minn., Oct. 25.—(Special to The Herald.)—Mrs. Mina Arbogast, on trial in district court on the charge of murdering her husband, Louis Arbogast, was placed in a more prominent position today than she has occupied in the courtroom heretofore. Since the trial began she has been sitting far back, with her family, completely masked by a heavy mourning veil, through which no part of her features could be distinctly seen. As far as she was personally concerned she might as well have been out of court entirely, for where she sat there was only a motionless form in impenetrable black.

When the case was resumed today (Continued on page 9, fifth column)

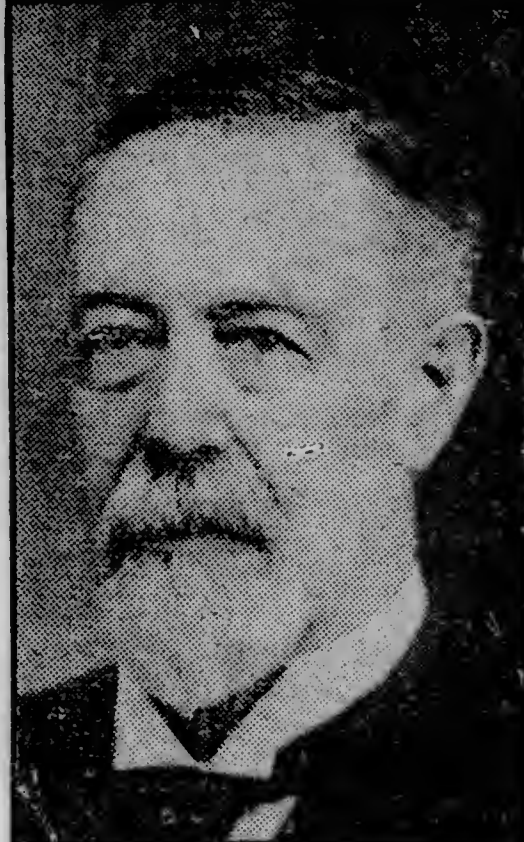

CHILDREN SAVED BY FIRE DRILL

Five Hundred March in Order
From Burning Chicago
School.

Chicago, Oct. 25.—Five hundred pupils promptly formed in drill order today, when fire broke out on the third floor of the Jefferson high school. The students reached the ground in perfect order. Monetary damage was small.

NEW YORK POLICE SAY PRISONER IS LIKE BLUEBEARD

FARGO CANDIDATE FOR SENATORSHIP

COL. JOHN D. BENTON,
Dakota Pioneer, Whose Friends Are
Urging His Appointment as Sen-
ator.

SUCCESSOR TO JOHNSON

Great Interest in North Da-
kota in the Vacant
Senatorship.

Cashel, Benton or Purcell
Likely to Be Governor's
Choice.

Johnson, and Governor Burke is being besieged by the friends of the men whose names are being actively discussed in connection with the appointment. The rumor that the governor was considering the appointment of ex-Congressman Marshall, a prominent Republican, caused a great stir, but it is not believed that such an appointment is probable. The story was that Marshall was to be appointed to the senate on condition of giving support to Governor Burke's candidacy for congress, but it is con- (Continued on page 9, fifth column)

DOUBLE GUARDS ABOUT THE CZAR

Precautionary Measures Will
Be Increased for His
Journey Home.

Racconigi, Oct. 25.—Precautionary measures for the safety of Emperor Nicholas will be doubled as he makes the journey homeward, though any real fear of an attack upon the party does not exist.

THROWS AWAY WIFE'S JEWELS

Exposition President Makes
Mistake That Costs Him
Thousands.

San Francisco, Cal., Oct. 25.—J. E. Chilberg, president of the Alaska-Yukon-Pacific exposition, threw diamonds, worth several thousand dollars, out of the window of his car drawing room on his way from Seattle to the Portola festival last week, according to a story that leaked out last night.

The diamonds belonged to Mrs. Chilberg. She had placed them in a glass of water and set the glass on the window sill. Then she and her husband went to breakfast.

Mr. Chilberg returned to the room first, and proceeding to shut the window he picked up the glass and threw the water out. When Mrs. Chilberg told him of the contents of the glass he chartered an engine and directed search along the roadway for the gems. The jewels, however, were not recovered.

Mueller's Wife Tells Story of
Boasts Made When He
Was Drunk.

Alleged Slayer of Girl on
Long Island May Face
Other Charges.

Is Said to Have Told of
Putting Seven Wives Into
Their Graves.

New York, Oct. 25.—Admissions made today, under severe cross-examination of the police, by Otto Mueller, the Astoria, L. I., piano maker arrested last night on the belief that he may know something of the strange circumstances surrounding the death of Anna Lator, the young German woman whose skeleton was recently discovered at Islip, L. I., are expected by the police to bring to light a tale of wholesale marriage and murder rarely equaled in criminal records.

Mueller was arraigned today under the name of Frederick Gebhardt on the formal charge of bigamy, but the chain of circumstantial evidence is drawn so tightly about him that the police expect to lodge a more serious charge against him.

Hunted Bluebeard Record.
Mrs. Gebhardt, Mueller's present wife, has confided to the authorities that she has lived in terror of her husband for years, and that on one occasion her husband, while in his cups, was overheard to declare that she was his eighth wife and that those who preceded her were all in their graves. Another point on which stress is laid by the police is the finding of four notes scribbled by Mueller, in which the writer revealed his intention to disappear. All are dated Oct. 23, the day of Mueller's arrest, and contain instructions for the disposal of his property.

The notes is addressed to the Long Island City bank, and reads as follows: "Please pay my account to my wife, Anna Gebhardt. I am legally dead." Mueller admitted that he married the latter girl in February, 1908, but says that he deserted her three months later, and does not know what became of her thereafter.

A box of 32-caliber revolver cartridges, which Mueller carried with him in a search of the house Mueller occupied in Astoria, L. I., was found near the skeleton of the latter girl, at the time of its discovery.

DR. COOK TALKS AT HAMLINE "U"

Is Given an Enthusiastic Re-
ception By the Metho-
dist Students.

St. Paul, Minn., Oct. 25.—(Special to The Herald.)—Dr. Frederick A. Cook stopped on his way to Minneapolis at Hamline university today, where by special arrangement with Dr. Bridge-man, president of the university, he made a brief address to the students.

CLEMINSON CASE IS ON

Chicago Doctor Is Being
Tried on Charge of
Uxoricide.

Defense of Suicide Is Ex-
pected to Be That
Relied On.

Chicago, Oct. 25.—Dr. Haldane Cleminson, charged with the murder of his wife, was placed on trial before Judge McHurely today.

On the morning of Mrs. Cleminson's death, Dr. Cleminson telephoned a physician that he and his wife had been chloroformed by a burglar, that Mrs. Cleminson was dying, and that he was very sick. Silverware, which Cleminson said had been stolen, was later found by the police in Cleminson's kitchen.

Twenty-four hours after Mrs. Cleminson's death the physician admitted that he had invented the burglary story. He said he had done so to save his children from the stigma of their mother's suicide.

This story did not by her own hand will be the defense. Mrs. Cleminson was a daughter of John Morgan of South Haven, Mich., who has since died, supposedly of a broken heart.

WEATHER—Partly cloudy weather tonight and Tuesday, not much change in temperature.

LECTURE ON TEMPERANCE

Material Comforts Don't Make Happiness, Judge Tells Prisoner.

The Duty to Family More Than That of a Provider.

"Gilded palaces, beautiful homes, fine clothes and glittering jewels are as nothing compared to the duty to the family," said Judge Cutting this morning to Iver Olson, in delivering him a temperance lecture.

The man had tried to excuse his constant drinking on the grounds that he had supplied his wife and children with a good home, plenty of clothes and enough money each month on which to live comfortably.

The court waved this excuse aside. "You are better off to live with them in a hotel and treat them kindly," he declared. "Your conduct is causing them anguish and suffering that cannot be alleviated by material comforts."

"But what am I going to do when I meet my friends and don't drink with them?" pleaded the prisoner.

The court advised him to forget those friends, repeating the old saying that they only do him harm, with no benefit.

Sentence was postponed three months. Olson promised to quit, and the court threatened that if he is brought in again he will get a straight jail sentence, without the option of a fine.

Alice Brown and Marie Whitehead, charged with a statutory crime, pleaded not guilty when arraigned in court and will be tried tomorrow afternoon. The Whitehead woman is said to be the wife of Walter Whitehead, prize fighter. They were arrested on First street. The police say they tried to entice two men upon the street. Eva St. Claire and Lizzie Moore pleaded guilty and were fined \$25 and costs each. All the women were colored.

Jennie Brown and Sam Higgins, arrested at the old St. Luke's hospital building, charged with being drunk, got \$10 and costs or ten days each when they pleaded guilty. Jennie is an old-timer and turned out to be very, very low. A 10-acre grove in bearing means an independent income for life.

MCHARG WILL QUIT GOVERNMENT JOB SOON.

Washington, Oct. 25.—"Even if I am never on time again, I shall be at my desk in my office in New York, back in my profession at a 10 o'clock sharp," said Acting Secretary of Commerce and Labor McHarg today.

Mr. McHarg has been trying to get away from the assistant secretaryship for some time.

BEST FRUIT PROPOSITION. At last people are waking up to the enormous profits of fruit-growing under proper conditions. No where else is the business so profitable as on the Isle of Pines. No frost, no irrigation, cheap transportation, an ideal climate. Prices are higher, of course, than last year, but are still very, very low. A 10-acre grove in bearing means an independent income for life.

ONE JUROR IS SECURED

Citizens Are Shy When Called for Service on Murder Case.

Victor Matel on Trial Again for Killing of Adolph Mattis.

Out of twelve men called this morning in district court to serve as jurors in the second trial of Victor Matel, charged with the murder of Adolph Mattis on lower Garfield avenue Sept. 1 last, only one juror was secured.

Some of the men examined did not believe in capital punishment, others had formed opinions based on newspaper accounts of the case, and others did not feel that they would be able to try the case without allowing their feelings to sway one way or the other.

There did not seem to be any one anxious to sit on the jury and several times the court had to interfere so as to find out the real reason for persons trying to evade jury service. The one juror secured is J. P. Mason of 116 East Fifth street.

County Attorney Warren E. Greene appears for the state and Michael C. Bronska, a Superior attorney, is defending Matel. It is expected that the remainder of the day will be given over to the selection of a jury.

This is the second trial of Victor Matel. On the occasion of the first trial the jury disagreed. The murder of Mattis occurred after a wedding celebration on Garfield avenue during the early fall. The guests were less under the influence of liquor, provided by the hosts as a means of celebrating the event, and Matel was drunk from large beer glasses and intoxicating drinks of other kinds were also provided.

The witnesses of the last trial were rather confused as to just what did occur, but Matel was killed and Victor and Adolph Matel, cousins, were arrested charged with the crime.

The line of defense was the nearly the same as at the last trial. The state claims that where two men start out to take a third man's life, both are equally guilty, regardless of who struck the fatal blow.

The defense will claim that the men who did the killing have never been arrested. They will claim that the Matel boys were in no way concerned and that as there were so many fights during the evening and such a general disturbance, it is impossible to introduce to show that they can be directly responsible. The first trial lasted six days.

MARINE AGROUND AT LUMBER YARD

Two Tugs Needed to Release the Barge Ashland.

While loading lumber at the Lesure dock in West Duluth this morning, the barge Ashland went aground and the services of two tugs were needed to release the boat.

When it was found that the Ashland was on the bottom, a call for assistance was sent to the tug office and the tug Rock and the tug Wagon were patched to the scene of the accident.

Before noon, the tugs had released the Ashland and returned to their dock. It is not thought that the Ashland is seriously damaged.

CHANGE WILL BE MADE IN LIGHTS

Aids to Navigation at Bar Point to Be Shifted.

Detroit, Mich., Oct. 25.—A change in the position of the aids to navigation at Bar Point will be made today, if the weather permits. Masters and pilots of the Lake Carriette association are being notified of these changes, which are as follows:

The bar point light vessel will be moved northward about 2,500 feet to the junction of the Amherstburg and Livestock channels. The light vessel will be moved to the point of the light vessel and the point of the light vessel.

Caffeine—in coffee—is a direct poison to the nerve centers of many highly organized persons.

It produces all sorts of disorder, from stomach troubles, palpitation of the heart, kidney affection, etc., up to more intricate nervous troubles, such as paralysis.

The way to keep well is to leave off coffee and use Postum, which is a direct rebuilder of the nerve centers.

"There's a Reason."

Sure and well defined improvement in health will follow this course, as can easily be proved by any person who values health enough to make a trial.

IMPROVEMENTS IN THE SERVICE

St. Paul Train Is Electric Lighted—New Train to the Coast.

Announcement was made today that the Northern Pacific would have its night train between Duluth and St. Paul electric lighted throughout. This will include individual berth lights. Reading lights will be installed in the berths, and according to the statement given out at the local office of the Northern Pacific, the lighting will be of the most modern type.

It was also stated today that a fourth trans-continental train will be put in service by the Northern Pacific. The new train will be known as the Western Express, and will run between St. Paul and Seattle.

It is stated that the new train, making for the coast, will be between St. Paul and Pacific coast points, is placed in service because of the fact that the passenger business has increased greatly during the past summer.

Train No. 4, known as the Northern Pacific Express, will have its running time reduced between Seattle and St. Paul by over nine hours. This reduction will apply only on the eastbound run.

Successor to Ross. E. C. Blanchard is expected in Duluth some time today. Possibly George T. Slade, general manager of the

RAILROAD NEWS

HAUL WHEAT THIS WEEK

Soo Line Laying Switches to Several of the Local Elevators.

From the progress the Soo construction crews have made on this side of the bay, it is believed that the Soo will be hauling wheat some time the present week to elevators B and H and the Coordinated line, and to the Peavey elevator.

It was stated today that the switching tracks had been completed to elevators B and H, and that wheat can be hauled to these elevators at the present time. The switching track to the Peavey elevators is also completed, and it is believed that some time during the present week the Soo will be hauling grain to the Peavey elevators.

Ties are already down for the tracks leading to the Capitol elevator. The construction will be completed some time this present week.

In addition to the construction work that is being done on the tracks leading to the Capitol elevator, work is being done on the tracks leading to the Peavey elevators. The tracks will be driven through the bay side of the bay, and the freight sheds and terminals parallel with Railroad street.

Special Sale of Tailored Suits at \$32.50 Regular \$39.50 and \$42.50 Values.

This is one of the consequences of our Mr. J. M. Gidding's late trip to New York. He just happened to be fortunate enough to secure close to a hundred suits in Broadcloths and fine Men's Worsteds. It was one of those rare good chances that happened to be dealt to "the man on the spot."

Smart, strictly tailored suits, in two and three-piece styles. Most of them "plain as a pipestem," but tailored by men, pressed by men, made by men, according to the standard of high-class tailoring.

Fashionable 42 to 45-inch coats, lined throughout with silk serge or Skinner's satin, and interlined for warmth. New style skirts in the kilt or cluster—plait ideas. All sizes, from 34 to 44, in a fine range of stylish colors.

This doesn't mean that we're going to cut the prices on our regular lines (although these suits are just as good and made by our own regular makers). And these hundred special suits are not going to last long at this opportune time of the season. So if you are going to share this good fortune that happened our way—don't delay! Tomorrow is the time to choose!

CERTAINLY ENDS STOMACH TROUBLE

Indigestion, Gas, Heartburn
or Dyspepsia Go in
Five Minutes.

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach if you will take a little Diapensin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Bloating, Heartburn, Water brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapensin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach. Get a large bottle of Diapensin from your druggist and start taking now, and in a little while you will actually bring about your healthy, strong stomach, for you can eat anything and everything in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

VICTIMS OF CARELESSNESS

Coughs, Colds and Death From Consumption Due to Neglect.

A cold, chronic cold, cough, catarrh, bronchitis, consumption—Death is the history of thousands of victims every year.

And yet many of us go on our happy-go-lucky way, catching cold, letting it run itself out, laughing at danger, because we are strong. Every time we let a cold run itself out we are running strength out of our body. We are making it easy for disease to catch hold of us.

Oxy-Tonic will eradicate disease when other methods or medicines fail. It cures because of its oxygen properties, and contains no noxious drugs, cheap whisky or alcohol. We guarantee it or money back. Does not show any confidence in the same? Twenty years of practical experience with thousands of cures assures the user of Oxy-Tonic that it is the surest and safest liquid germicide in the world to use. Try it and become convinced with the first bottle. For sale at druggists generally.

NEWS OF THE NORTHWEST

SALOON MAN ON CARPET

**Bemidji Booze Agent Alleged
to Have Sold Liquor
to Indians.**

**Indian Department Working
to Have His License
Revoked.**

Bemidji, Minn., Oct. 25.—(Special to The Herald.)—The city council tonight will be called upon to consider the request of H. A. Larson, deputy special officer of the United States Indian service, to cancel the license held by T. Dugas on the ground that Dugas has been selling liquor to Indians.

Mr. Larson came to Bemidji on Thursday and at once took up with Acting Mayor George W. Rhea the matter of cancelling the Dugas license in accordance with an agreement entered into at a meeting held several weeks ago, whereby local liquor dealers agreed with the brewers' association not to sell liquor to Indians, with the alternative of having their license revoked.

The matter of revoking this license is the direct result of the investigations that have been made by special deputies, under the direction of William E. Johnson, chief special officer of the United States Indian service, to assist in the suppression of liquor traffic among the Indians.

When the provisions of the Indian treaty were made known some time ago, the brewers' association became very active in assisting in having the laws observed relative to the sale of liquor to Indians.

On May 21, a meeting was held, at which every liquor dealer in Bemidji signed an agreement with the brewers' association not to sell any liquor to Indians. This agreement contained a provision that licenses should be revoked if the agreement was violated.

Mayor Pogue was present at the meeting and was also City Attorney John F. Gibbons and County Attorney Chester McKusick, and all three were in agreement to the effect that they would assist in enforcing the state law relative to selling liquor to Indians.

It appears that special deputies were sent here to watch local dealers, with the request that the council is requested to revoke the Dugas license.

Mr. Larson, the special officer, says of the intention of the Indian department: "The majority of the liquor dealers in Bemidji have agreed to sell liquor to live up to the regulations made by the city authorities and themselves. It is not the intention of the department to take drastic action against those dealers who do not sell liquor to Indians. The department is interested in the sale of liquor to whites, but it is insisted that the sale of liquor to Indians be stopped. A hard case, once and for all."

**BATTLED FOR
A HOMESTEAD**

**Settlers on Rosebud Reservation
Engaged in Dead-
ly Duel.**

Rosebud, N. D., Oct. 25.—As a climax to a battle between settlers on the Rosebud reservation, a bloody duel was fought at Fort Dodge, Iowa, last night, between John Langan and John Woods.

Langan and Woods owned and occupied adjoining claims, and the day of the killing John Langan and his sons, John and James, were erecting a house on the father's land.

According to the story told by witnesses, the Langan boys got behind a pile of lumber, but John Langan, the father, seeing the fire, advanced toward Woods and returned the fire. A dozen or more men lying flat on the ground and secreting themselves as much as possible behind hillsides and tufts of grass. Finally, Langan got a head on Woods' head and sent a bullet into his brain. Langan saddled a horse and rode to Lamont, where he surrendered to the sheriff.

**GOV. EBERHART LEAVES
FOR BIG RIVER MEET.**

St. Paul, Minn., Oct. 25.—(Special to The Herald.)—Governor A. O. Eberhart, with Congressman Frank M. Nye of Minneapolis, left Saturday night for New Orleans, where he will attend the annual meeting of the National Association of Manufacturers.

**DEAD SENATOR
LAID TO REST**

**Simplicity Marked Funeral of
M. N. Johnson at Peters-
burg, N. D.**

Petersburg, N. D., Oct. 25.—(Special to The Herald.)—Simplicity marked the funeral here yesterday at St. Vincent's M. E. church of the late Martin Johnson, junior senator from North Dakota, who died suddenly last week in Fargo.

Following a beautiful service beginning at 1:30 p. m., witnessed by a large number of friends and neighbors, the body was buried in the little cemetery within plain view of the palatial home of the deceased.

Rev. J. G. Moore paid eloquent tribute to the deceased. The active pall bearers were Hans Plam, William Anton, C. L. Pourret, J. O. Engstrom, L. B. Bay and A. R. Swendsen. The honorary pall bearers were Senator P. J. McCumber, Wahpeton, Congressman L. B. Hanna, Fargo.

Judge W. S. Lauder, Wahpeton; Hon. E. H. Holte, Fargo; Hon. Bard G. Skulason, Grand Forks; Judge Edward Engerud, Fargo.

No more impressive scene has ever been witnessed than was enacted in the church when, at the close of the sermon, the deceased's hundreds of friends, who had gathered, were given their last opportunity to gaze upon his face. Slowly they marched up the aisle, passing the casket and down the aisle on the other side of the edifice and out of doors. As they stood for a moment at the open casket tears came to their eyes. Men, accustomed to worldly troubles, broke down and wept. Those who had come with him to the new country of the Dakotas away back in the early '80s, and who had fought side by side with him in wrestling from the prairie their livelihood and who had helped in the founding of the city of Wahpeton, said farewell to the earthly remains of the friend and advisor in life in silence more eloquent than words.

Again, as the march to the cemetery was taken up, there were mute evidence shown of grief and respect for him. Men as high in the affairs of state marched side by side with the plain folk of the little community. The ceremony at the grave was also simple.

BIG PULPWOOD CONTRACT LET

**Warroad Firm Agrees to
Supply Fort Frances
Pulp Mill.**

Warroad, Minn., Oct. 25.—(Special to The Herald.)—The firm of J. H. Roberts & Marvin has been awarded the contract to supply 300,000 cords of spruce to be delivered at Fort Frances before May, 1910.

The enormity of this contract can best be realized when it is shown that it will keep 600 men busy during the winter months. The contract is for 2,400 cords of spruce, which will be working in camps near Warroad, and it will thus easily be seen what an enterprise of this kind will mean to Warroad this winter, in every respect.

Besides establishing a number of camps, the firm has agreed to build a sawmill on the site of the pulp mill. The firm will buy from the settlers all they can sell of spruce, thus giving the settlers a chance to sell the wood and make wages at cutting it themselves.

MEN ARE WANTED FOR WOODS' WORK

**Itasca Lumber Company Can-
not Get Sufficient Num-
ber for Camps.**

Deer River, Minn., Oct. 25.—(Special to The Herald.)—There is a large demand for men in the lumber camps near Warroad. The Itasca Lumber company last week. The company wants men by the hundreds for the wood camps. The company will pay \$100 a month for men who will work for ten or twenty days at a time. The company will operate the camps this winter.

On the evening of Nov. 4, Congressmen Johnson and Eberhart, who were on their way to New Orleans, were stopped by a fire in the hotel where they were staying. The fire started in the kitchen and spread to the dining room, where the two men were sitting. The fire was extinguished, but the damage amounted to about \$100.

Mr. Naughtin, state agent for the Federal Mutual Life Insurance company, was in the city making a check for Mrs. O. C. Hamilton in the amount of \$100,000. He was with the policy of her brother, Frank Bowen, who died in Wisconsin about a month ago.

EX-BANKER POPULAR.

**Phil Allen of Mineral Point Re-
ceives Many Jail Favors.**

Madison, Wis., Oct. 25.—Phil Allen, Jr., vice president of the First National Bank of Mineral Point, who is now in the Dane county jail awaiting his appearance before Judge Sanborn, is one of the most popular of United States prisoners in the prison.

**GOV. EBERHART LEAVES
FOR BIG RIVER MEET.**

St. Paul, Minn., Oct. 25.—(Special to The Herald.)—Governor A. O. Eberhart, with Congressman Frank M. Nye of Minneapolis, left Saturday night for New Orleans, where he will attend the annual meeting of the National Association of Manufacturers.

DEER DESTROY CROPS.

Waukegan, Mich., Oct. 25.—(Special to The Herald.)—That deer have destroyed much of the crops in Upper Michigan this season is the claim of farmers. It is almost impossible to build a fence which is high enough and tight enough to exclude these nimble-footed animals without going bankrupt through the purchase of wire and posts. The ordinary six-foot barrier means nothing to them, as they go over it with an easy jump. The marauders come quietly after nightfall, and by carrying the deer are despoiled. Vegetables are uprooted and grain is trampled down.

**SMOKING IN BED
FATAL TO WOMAN.**

Calumet, Mich., Oct. 25.—(Special to The Herald.)—Smoking in bed cost Mrs. M. J. Simonson, aged 60, her life Saturday night. The bedding took fire as she fell into a doze and dropped the pipe from her lips, and when she was rescued she was found to be fatally burned.

Duluthian on Visit.

Ontonagon, Mich., Oct. 25.—(Special to The Herald.)—The Duluthian, former Ontonagon resident, was here Saturday and Sunday renewing acquaintances after an absence of thirty years. Mr. Annear now resides in Duluth. He was in the lumber business between Duluth and Michigan.

deep waterways connection during the coming week.

On Tuesday they will board the steamboat which is to take the government of Western states to New Orleans. The lake-to-the-gulf waterways convention in New Orleans will begin its sessions next Saturday.

THRASHER IS KILLED.

**Knapp, Wis., Man Caught Between
Engine and Separator.**

Eau Claire, Wis., Oct. 25.—Advices from Knapp, Wis., are that William Scott, a thrasher of that locality, was caught between a separator and engine, the machines were coming down the big Townsend hill, in that locality, and he was badly pinched that he died shortly afterward.

The coupling of the separator and engine, while the separator was weighing tons, was jammed into the engine. It was found that the thrasher was pinned between the separator and the engine, and a hemorrhage of the lungs had set in.

NORTH DAKOTANS AMUSED At Antics of Government Officials in Alleged Peonage Cases.

Fargo, N. D., Oct. 25.—(Special to The Herald.)—North Dakotans are more or less amused over the federal fiasco over the sensational peonage cases alleged to exist in this state. Special agent Edgar came here with a great flourish of trumpets and announced that he was going to the land of the wicked farmers of the land of hard money.

Members of the immigration commission, who were here afterwards to hear the convincing evidence he had secured. On arriving at the city, they suddenly left the city, giving out no information as to their findings. The proceedings were executed.

North Dakotans took no stock in the rumors of peonage. In fact, it is the farmer who most frequently gets hounded by the federal agents. The alleged laboring class, they secure men who would willingly work for a shanty house filled with old papers, as a guarantee they will work out the railroad. The laborers frequently leave and go elsewhere to work for men to whom they are under no obligations.

MEMORINEE SUB-STATION. Power Company Begins Construction of an Important Building.

Memorinee, Mich., Oct. 25.—(Special to The Herald.)—The construction of a new power station for the Michigan Light & Traction company has begun the construction here of the new power station. The new power station will be in the rear of the present power house on Farmer street. The high tension wires will be run from the Grand Rapids to the Twin Cities will run in the rear of the power house. The new power station will be in the rear of the present power house on Farmer street.

FEW MARKETING GRAIN.

**Red Lake County Farmers Appear
to Be Rather Indifferent.**

Thief River Falls, Minn., Oct. 25.—(Special to The Herald.)—Thrashing operations are almost completed in this section. The farmers are rather indifferent to the marketing of their grain. The farmers are rather indifferent to the marketing of their grain. The farmers are rather indifferent to the marketing of their grain.

**MORE SOLDIERS WANTED
IN NORTH DAKOTA GUARD.**

Fargo, N. D., Oct. 25.—(Special to The Herald.)—The officials of the National Guard in this state are making a strenuous effort to have the regiment recruited up to the maximum. The officials are making a strenuous effort to have the regiment recruited up to the maximum. The officials are making a strenuous effort to have the regiment recruited up to the maximum.

**POUNDS PISTOL WITH
STONE, BOY IS HURT.**

Black Creek, Wis., Oct. 25.—The first shooting of the season occurred here when a 13-year-old boy was shot in the left leg with a pistol. The boy was playing with a pistol and a stone. The boy was playing with a pistol and a stone. The boy was playing with a pistol and a stone.

DEER DESTROY CROPS.

Waukegan, Mich., Oct. 25.—(Special to The Herald.)—That deer have destroyed much of the crops in Upper Michigan this season is the claim of farmers. It is almost impossible to build a fence which is high enough and tight enough to exclude these nimble-footed animals without going bankrupt through the purchase of wire and posts. ON THE IRON RANGES

ENGINEER KING
NOW A BENEDICTPopular Employee of Oliver
Mining Company Weds
Virginia Girl.

Hibbing, Minn., Oct. 25.—(Special to The Herald.)—George King of this city and Miss Beattie Whiting of Virginia were united in marriage here Saturday, Rev. C. P. Bates of the Presbyterian church officiating. The bride holds a position as clerk and reporter of the Virginia municipal court. The groom is a popular locomotive engineer, employed by the Oliver Iron Mining company at Hibbing, and is well known on the ranges. They will make their future home after a few months in Hibbing.

Mrs. McComber of Sellers street entertained the Bazar employees Friday evening at her home. The affair was given as a farewell to Miss Ida Collins, who has been employed at the Bazar for the past four years, and who will leave for Virginia today, where she has accepted a position as bookkeeper for the Finnish Mercantile company.

Mrs. Martin Hughes and mother have returned after visiting friends and relatives in Sheboygan, Wis. for the past two weeks. Mr. Hughes, who is principal at the Jefferson school, is principal at the Jefferson school.

Jason Lewis left Saturday for Duluth, where he has several matters of importance that need attention.

Judge and Mrs. T. M. Brady will leave in a car for Madison and other Wisconsin points, where they will spend a few days. The judge will be the judge's vacation, which has been somewhat delayed by the business of his office.

Mrs. James Gary returned from Muskegon, Wis. Friday after a several weeks' visit with her mother. Miss Ada Taylor, who has been attending a musical school at Minneapolis for the past two months, returned home Saturday and was enrolled as a member of the sophomore class on Monday.

Gilbert Hepworth of the First National bank received a letter last week from a hunting trip of three weeks in Canada. He reports having a fine time, and got the ducks too.

**UNKNOWN MAN IS
CUT TO PIECES**
Riding Between Freight Cars
Falls to His Death
Near Sparta.

Sparta, Minn., Oct. 25.—(Special to The Herald.)—While stealing a ride on a freight train near here, Saturday, a man supposed to be from Superior, fell between the cars and was cut to pieces, his body being so badly mangled there was little left to identify him.

A note book gave the name Ella E. 505 Haight avenue, Superior, and this was supposed to be a relative. Inquiry was made over the telephone to Superior at that address, and Jacob Davis, living at that number, said he knew no such woman. The dead man is supposed to have been a lumberjack, who had worked a blow when if some one does not claim the remains they will be buried by the railroad.

HIS FINGERS SMASHED.

William Close Victim of Painful Injury on His Farm.

Hibbing, Minn., Oct. 25.—(Special to The Herald.)—While engaged in fence-building on the Close farm, William Close sustained an injury that necessitated the amputation of two fingers on his left hand. His injured man was using a heavy maul for driving the posts, and the maul struck him when he was on the top of the post. All his fingers were mangled, but it is thought that three will be saved.

IS SENT TO DULUTH.

John Donigiven Acts Very Queerly Around Hibbing Mines.

Hibbing, Minn., Oct. 25.—(Special to The Herald.)—Hiding under steam shovels at the mines and otherwise acting queerly, John Donigiven, an Austrian, got to acting so much like a crazy, rather than a queer man, that it became necessary to place him under arrest. He continued his queer actions in jail and was sent to Duluth that his mental condition might be determined.

**EVELETH CHURCH FAIR
WAS SPLENDID SUCCESS.**

Eveleth, Minn., Oct. 25.—(Special to The Herald.)—The fair given by the ladies of the St. Patrick church, which closed Saturday evening was most successful.

The fair was held to raise enough to pay an old debt on the church. The sum needed \$1,500 was raised through donations, supper, needlework sale, and other efforts at the fair.

The fair was also featured by many interesting contests, of which the popular young lady's race proved the most interesting. Miss Katie Sullivan winning first prize after a very close race with Miss Clara Garske. Miss

Sullivan collected \$275 from donors and Miss Garske \$148. Miss Sullivan secured for her efforts a gold watch as first prize.

The ticket selling contest was also closely contested and was won after a hard race by Mrs. M. Murphy of the Adams location, who secured for her successful efforts, a sewing machine. The door prize contest was awarded to Miss Margaret Sullivan, after a close race.

**NASHWAUK HAS
EAGLES' AERIE**
New Organization Starts Off
With Eight Charter
Members.

Nashwauk, Minn., Oct. 25.—(Special to The Herald.)—An aerie of Eagles, with a charter membership of eighty, has been organized here by J. W. Parker of Duluth, district grand president, and Past State President Brown, also of Duluth.

A banquet at the hall followed the institution of the aerie.

The officers of the new aerie are: J. L. Sholman, past worthy president; John Rogers, worthy president; George W. Smith, secretary; Louis Shurman, treasurer; C. L. Lewis, chaplain; P. J. McGuire, Charles Marshall and L. E. Engle of Keweenaw, trustees.

The aerie is a very enjoyable occasion. Many people were present from outside points, some coming as far as from Grand Rapids. The splendid music of the aerie, the splendid rounds of applause and encore.

**CALENDAR HAS
MANY ACTIONS**

Many Cases Are to Be Adjudicated at the Range Term.

Virginia, Minn., Oct. 25.—(Special to The Herald.)—The October term of the district court for the range opens in the county chamber tomorrow morning.

The calendar as completed by Deputy Clerk C. G. Holloway shows a total of sixty-one cases, of which twenty-two are civil, and thirty-nine are criminal. There are also three divorce actions.

A total of thirty-three cases have been filed, of which twenty-three are jury cases, two court cases and eight are motions.

There was on the printed calendar for the July term, which was seven cases moved on during the term, making a total of sixty-nine cases.

The following cases of local interest are on the calendar: J. J. Rossow vs. Hannah Olson, Plaintiff vs. Insurance Company, which was \$30,000. Plaintiff alleges that after policy was issued the defendant refused to accept same, and sued for the amount of premium, together with interest.

David Larson vs. Carl Thiel, Plaintiff vs. Defendant, for alleged injury to the amount of \$15,000. This case was tried on the July term, but the jury disagreed. Carl Thiel is plaintiff, and David Larson is defendant. The case is a wide acquaintance on the range.

Mr. J. H. Shaver is a local attorney and has a great deal of attention to his own cases. He is watching with interest.

Mr. J. H. Shaver, Plaintiff vs. Defendant, for alleged injury to the amount of \$15,000. This case was tried on the July term, but the jury disagreed. Carl Thiel is plaintiff, and David Larson is defendant. The case is a wide acquaintance on the range.

Mr. J. H. Shaver is a local attorney and has a great deal of attention to his own cases. He is watching with interest.

Mr. J. H. Shaver, Plaintiff vs. Defendant, for alleged injury to the amount of \$15,000. This case was tried on the July term, but the jury disagreed. Carl Thiel is plaintiff, and David Larson is defendant. The case is a wide acquaintance on the range.

in the town hall Saturday evening by the Marble Ski club. There was also an excellent musical program and dancing.

To fill the position made vacant by the resignation of the late Strader, recently appointed county treasurer, D. M. McInnes has been made cashier of the First National bank.

Exposure Proven Fatal.
Calumet, Minn., Oct. 25.—(Special to The Herald.)—The kind of exposure which Robert McCoy of this place was subjected to on the range, has been proven fatal. He died in Superior.

Eveleth Night School.
Eveleth, Minn., Oct. 25.—(Special to The Herald.)—The night school commences tomorrow evening in the high school building, and all those desirous of securing an education in the common branches of learning, reading, writing, arithmetic and spelling are requested to attend. Instruction will be given free of charge from 7 to 9 o'clock every Tuesday, Wednesday and Thursday of the week for about six months.

**ENGLAND'S THREATENED
ELECTION AND POSITION
OF THE LORDS**
(Continued from page 1.)

The trouble with the Conservative party, admitted a peculiarly frank and honorable Conservative in private life, and he is now in a position to fall into the hands of the Tariff League, which is a very real danger to the party which furnishes this money," he said.

Fight on Land Tax.
"The duke of Sutherland chiefly," he replied, and he is now in a position to fall into the hands of the Tariff League, which is a very real danger to the party which furnishes this money," he said.

IS MADE TO DRAW VEIL
(Continued from page 1.)

This was changed, Mrs. Arbogast was required to sit at the feet of the jury and away from the witnesses, and she was also required to draw a veil over her face so that her features were an open book instead of closed. This was the first time in the trial that her face has been seen by Judge or jury.

The change was made on request of the defense, and Mrs. Arbogast's seclusion and concealment are said to have been commenced upon by members of the jury.

The state resumed its case this morning with a completion of Henry A. Shangenberg's testimony, and the next witness will be Louise Arbogast, sister of the accused, who is also a witness in the case.

Defense May Waive Witnesses.
The state now expects to close its case tomorrow night or Wednesday night. It is likely that the defense will offer a single witness.

Satisfaction has been expressed so far with the result of cross-examinations, and the defense does not believe that it will be necessary to call any more witnesses. County Attorney O'Brien, however, reported today that all the links in the chain of circumstantial evidence will be completed before the last witness is on the stand.

SUCCESSOR TO JOHNSON
(Continued from page 1.)

Considered improbable that the governor will be a candidate for re-election. The general opinion among the leading Democrats here is that Governor Burke's choice of a successor to Senator Johnson lies between three men: John D. Benton of Fargo and Judge John D. Benton of Fargo and Judge John D. Benton of Fargo.

TAFT TAKES TO THE RIVER
(Continued from page 1.)

breakfast tables. The president conveyed and returned to the Coliseum. His ride through the streets was a triumph. He was driven to the Coliseum before making his address, he greeted the cheering throngs with a wave of his hand.

SPARTA COUPLE WED.
Frank Cambroz and Rose Strah Join Hands and Fortunes.

Eveleth, Minn., Oct. 25.—(Special to The Herald.)—Frank Cambroz and Rose Strah, both of Sparta, were married here this morning by Father Bilban. The couple are well known, having a host of friends, who helped celebrate the event at the groom's home in Sparta, after a marriage ceremony. The groom holds an important position with the Oliver Mining company, and the bride is well known here. They will take up housekeeping in Sparta after their honeymoon trip.

**EVELETH CITY CAMPAIGN
NOW READY FOR FRAY.**

Eveleth, Minn., Oct. 25.—(Special to The Herald.)—Filing for office for the coming election closed Saturday. The administration candidates, who filed, were as follows: J. M. Trevarrow, alderman, first ward; E. J. Millette, alderman, second ward; G. W. Mulligan, alderman, third ward; J. M. Trevarrow, alderman, first ward; E. J. Millette, alderman, second ward; G. W. Mulligan, alderman, third ward; J. M. Trevarrow, alderman, first ward; E. J. Millette, alderman, second ward; G. W. Mulligan, alderman, third ward.

**SUES OLIVER MINING CO.
FOR COLERAIN INJURY.**

Brainerd, Minn., Oct. 25.—(Special to The Herald.)—The Oliver Mining company has brought suit for \$100,000 against the Oliver Iron Mining company, for alleged injury to the amount of \$100,000. This case was tried on the July term, but the jury disagreed. Carl Thiel is plaintiff, and David Larson is defendant. The case is a wide acquaintance on the range.

**PROOF in the
Morning!**

We tell you about how good you'll feel after taking a CASCAET—that millions of people—buy, use and recommend it. It's the only talk—buy a box now—take as directed to-night and get the proof in the morning—After you know CASCAET'S you'll never be without them.

MILLER AT MARBLE.
Marble, Minn., Oct. 25.—(Special to The Herald.)—Representative C. B. Miller of this district came from Duluth Saturday and delivered an address at the entertainment given here

confidence which they had engendered in the American people concerning the work at the isthmus.

Talked of Canal Works.
The country felt positive, said the president, that the commercial bodies that inspected the canal work at their own expense could not have been deceived, or would have a motive for misrepresenting the facts. He declared that the report of the commercial clubs marked the beginning of a new era in the history of the canal administration in a very comfortable position with reference to the progress of the canal work.

Up to that time, the president said, there had been shrieks of scandal and incompetence, but afterward the work had been treated as all great government and engineering work should be treated—with sobriety, calmness and criticism plans on a basis that can be understood.

He said that the report of the commercial clubs had driven away the nightmare that had pursued him for two years after the burden of the canal work had fallen upon his shoulders.

The president said that not long ago Secretary of War Dickinson had come to him with much perturbation, displaying a newspaper article which had caused a great scandal over the letting of a paint contract on the isthmus. The president said that he had then desired the immediate appointment of a commission to investigate the matter and the fact of the matter that the unjust charges might be demolished.

Dickinson Got Excited.
"I said to him," continued the president, "Dickinson when you have been in that office as long as I was, you would not be so easily perturbed with reference to the importance of a croak of that sort, you will let it pass with a feeling of only amusement, and the hope that it may have furnished a pleasant moment to the man who wrote the headlines."

The president's voice showed some improvement over yesterday, but it was still quite hoarse.

IS MADE TO DRAW VEIL
(Continued from page 1.)

Constipation and Appendicitis

The Latter Usually Caused By the Former, Which, in Turn, Has Its Origin in Intestinal Indigestion.

Chronic constipation is a disease which is about as prevalent as dyspepsia and indigestion. Nearly every one suffers from it occasionally, but there are millions of people who endure it habitually, and who are accustomed to resort to the use of laxatives and cathartics daily. It is now definitely known that constipation is the most prolific cause of this dread disease, while the constipation itself is previously induced by intestinal indigestion, or amylaceous dyspepsia—the inability to digest starches, so the relation between cause and effect is readily seen and appreciated. The absurdity of attempting to cure constipation by the use of physic should be apparent to every one. Laxative drugs and powerful purgatives will never cure a disease of this sort, and those who make frequent or regular use of them will, sooner or later, set up an inflammatory condition of the intestinal system.

A person with first-class digestion will never be annoyed with chronic constipation, and when this trouble does exist, intestinal indigestion, and system with pills, liquid laxatives, candy cathartics, etc., use a remedy which will cure the constipation, and you will find that the constipation no longer bothers you, and with its removal the risk of developing appendicitis will be reduced to the minimum.

STUART'S DYSPEPSIA TABLETS have been the means of curing numerous cases of constipation, by first curing the intestinal indigestion. They digest every kind of food, a single grain being capable of digesting 3,000 grains of albumen, and in addition to pepsin and other powerful digestives, they also contain dextrin, which converts starch into sugar, and readily cures amylaceous dyspepsia and intestinal indigestion.

If you are suffering from dyspepsia, constipation and, in fact, indigestion of any kind, don't run the risk of getting appendicitis, but strike at the root of the trouble by first curing the cause—by using Stuart's Dyspepsia Tablets, which will quickly rid you of all functional disorders of the alimentary tract.

Secure a box of this digestive remedy from your druggist for 50c and send your name and address to the F. A. Stuart Co., 159 Stuart Bldg., Marshall, Mich., for a free sample package.

PREACHERS AS CRITICS

Should Keep in Touch With Drama, Say Duluth Pastors.

Advocates a Theatrical Column for All Church Papers.

"If the drama, as we have seen, is not necessarily bad in its influence upon life, and the stage not altogether corrupt, where then lies the plain duty of the church?" asked Rev. George E. Gebauer, in a sermon preached at the First Unitarian church yesterday morning. "Certainly not in ignoring the theater on the one hand, but in recognizing that the stage has a real mission in life and that this mission is as noble as possible. The national drama is not in the theater, but in the life of the people. It is the relation between cause and effect is readily seen and appreciated. The absurdity of attempting to cure constipation by the use of physic should be apparent to every one. Laxative drugs and powerful purgatives will never cure a disease of this sort, and those who make frequent or regular use of them will, sooner or later, set up an inflammatory condition of the intestinal system."

STUART'S DYSPEPSIA TABLETS have been the means of curing numerous cases of constipation, by first curing the intestinal indigestion. They digest every kind of food, a single grain being capable of digesting 3,000 grains of albumen, and in addition to pepsin and other powerful digestives, they also contain dextrin, which converts starch into sugar, and readily cures amylaceous dyspepsia and intestinal indigestion.

If you are suffering from dyspepsia, constipation and, in fact, indigestion of any kind, don't run the risk of getting appendicitis, but strike at the root of the trouble by first curing the cause—by using Stuart's Dyspepsia Tablets, which will quickly rid you of all functional disorders of the alimentary tract.

Secure a box of this digestive remedy from your druggist for 50c and send your name and address to the F. A. Stuart Co., 159 Stuart Bldg., Marshall, Mich., for a free sample package.

Gold Dust Makes Dish-washing easy

The use of a little Gold Dust in your dish-water will make your dishes whiter, sweeter and cleaner than they ever can be without it. Unlike soap, Gold Dust does more than clean the surface. It goes deep after germs and hidden food particles, and sterilizes everything it touches.

Gold Dust does all the hard part of the work without your assistance, because it begins to dissolve and clean the moment it touches the water.

When you have to wash dishes 100 times a year the Gold Dust method of saving half your time and half your labor, means something.

Gold Dust is a fine, white, crystalline powder, which dissolves in water, and cleanses the surface of dishes, glass, and metal, and sterilizes everything it touches. It is the most effective and economical dish-washing powder ever invented.

CREAT-TO-ESKIMOS

Dr. Cook Says Their Loyalty and Courage Made Trip Possible.

Tells Large Audience at First M. E. Church of His Journey.

"Had it not been for the loyalty and courage of the Eskimos, whose sublime intelligence, unmatchable endurance and splendidly made it possible to make such an expedition, I would have never been in this country. I am proud to be able to tell you of the things that have been said regarding us."

This is what Dr. Frederick A. Cook, the Arctic explorer and discoverer of the North Pole, told a Duluth audience Saturday night in his illustrated lecture at the First M. E. church. To an assemblage of nearly 800 people, he told the story of his hunger and cold in the Far North and of the final dash to the coveted goal of exploration.

Dr. Cook is not a polished speaker. The audience, however, is not looking at him as a lecturer, but as a man who has been through the things he is describing. The explorer tells his story in a dark room, with actual photographs in the Arctic region, which he has taken on his journey. He is not a polished speaker, but his story is so interesting that the audience is held spellbound.

Only once during his talk, did Dr. Cook allude to the fact that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region.

Dr. Cook said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region.

Dr. Cook said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region.

Dr. Cook said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region.

Dr. Cook said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region.

Dr. Cook said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region.

Dr. Cook said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region.

Dr. Cook said that he was in the Arctic region, and that he was in the Arctic region. He said that he was in the Arctic region, and that he was in the Arctic region. Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine.

Dr. Pierce believes they have a perfect right to INSIST upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses and derangements, giving rise to frequent headache, backache, dragging-down pain or distress and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It

DO IT FOR DULUTH MEANS DO IT FOR THE ENTIRE WEST

Duluth's Fight for Fair
Freight Rates Affects
Other Cities.

All the Country Tributary to
Duluth Is Paying
Toll.

What the Campaign Means
--What Has Been Done
Already.

Just what has been done and what is proposed to do in the campaign that Duluth is waging for just freight rates, and better railroad facilities, is a question on which the average citizen is not well informed. Probably every citizen of Duluth realizes in a vague way, that Duluth is waging a campaign against railroad discrimination, through the Commercial club, but few realize the exact nature of this campaign, and what has been accomplished already.

Yesterday the chairman of the finance committee announced that \$10,000 had been raised, making the \$10,000 donated by four jobbing houses available. This gives a fund of \$20,000 to finance the campaign. What is being done with the money? What, briefly, are the objects for which Duluth is striving? What other communities are affected by Duluth's stand? These are questions that many would like answered, and few realize how far reaching the effects are and how many smaller towns and cities will benefit from the campaign.

A strange but strongly-marked characteristic of the American people is their capacity for long suffering, for carrying unfair burdens without complaint. "Boost, don't knock," is almost a national motto. They forget sometimes that "knock" is only slang for "criticism," and criticism, justly made and rightly received, makes for perfection and the ideal.

With all their boasted independence and progress, Americans are still a nation of good-natured "easy marks." They ride and enjoy the "bullies" of the street car conductor. "Step forward, there!" is merely a phrase, and the little jokes of American city life. The "tri-weekly service" is another good example.

Eshelby Company Alleges
Damages From Burley
Society.

Cincinnati, Ohio, Oct. 26.—The E. O. Eshelby Tobacco company, located at Cincinnati, where E. O. Eshelby is proprietor, entered suit today in the United States district court at Cincinnati, against the Burley Tobacco society, Clarence Lebus, its president, and Alonzo Ferguson, and asks for \$196,000 damages.

BOOMING CANNON WELCOME PRESIDENT TAFT TO CAIRO

Biggest Crowd in History of
City Marks Arrival of
River Party.

Nation's Executive Has Notable
Trip Down the Historic
Mississippi.

Cairo, Ill., Oct. 26.—The roaring cannon of the Danville battery, stationed on barges in the Ohio river, opposite this city, gave notice today when the presidential flotilla rounded Cairo point, and entering the Ohio river headed for the Cairo wharf. The levee slope was crowded with thousands of residents of Illinois, Kentucky and Missouri, civic organizations of the three states having united to give the national executive and his party a greeting here.

When the Oleaner had tied up to the wharf, the local committee headed by Mayor George Farnon, boarded the flagship and escorted President Taft to the stand commanding a view of the thronged levee and a sight of the territory of three states.

Children Sing in Greeting

With the appearance of the president a chorus of 1,000 school children, grouped as a living flag, began to sing patriotic songs. They continued until the steamers carrying the visiting governors, members of congress and foreign diplomats had arrived, the guests being escorted to seats behind the president.

Then Mayor Farnon welcomed the guests to the city and introduced Representative N. B. Thistlewood, who in turn presented Governor Deneen as chairman of the day. After a brief speech by the latter, President Taft spoke.

Cairo's Biggest Crowd.

The cheers that greeted the national

NEW MIXUP IN CAMPAIGN

Court Halts Printing of Bal-
lots on Application
By Hearst.

Gaynor Is Forced to Defense
of Tammany By New
Issue.

New York, Oct. 26.—With election day only a week away, the campaign in New York's lively contest for municipal honors faced a complication today over the official ballot threatening possibly serious consequences. It was hoped, however, that before night the courts would decide a question raised just as the presses were starting to grind out the huge official ballots for the election. Meanwhile there was a stoppage of the printing machines and instead of the setting in motion of cumbersome legal machinery, the question is whether William J. Gaynor and the other candidates on the ballot under the old Hearst independence league emblem, would be barely time to complete the printing of the 2,000,000 ballots, it was said today, if the matter were disposed of promptly.

Stayed by Court Order.

THE GREAT "WHITE WAY" IN NEW YORK.

Federal Attorney Demands
That Banker Be Taken
Into Custody.

Allegations Are Denied in
Answer to Petition of
Prosecutor.

Chicago, Oct. 26.—United States District Attorney Sims today filed a petition in the United States circuit court of appeals asking that John H. Walsh, convicted of misapplying the funds of the Chicago National bank, be taken into custody and a continuance of bail denied.

The ground urged by the federal attorney for the action which would put Mr. Walsh in prison regardless of an appeal to the United States supreme court, is that the government fears that Mr. Walsh will flee from the United States and take up residence in some country not covered by extradition laws.

An answer was filed and the court took the petition under advisement.

The government sets up the existence of the bail bonds of \$50,000 with the Illinois Surety company and alleges that an agreement had been made by Mr. Walsh whereby he has in effect secured the company from possible loss and is really in the condition of having filed a cash bond with the government.

In his answer, Mr. Walsh denies that any such agreement exists, and asserts that he has never had any intention of leaving the country.

The charge that his business is of such a nature that it could be better handled by him from Mexico or France than from the penitentiary is met by the assertion from Mr. Walsh that his presence and business activity is needed in the United States to preserve, if possible, a remnant of his wealth for himself and family and that to leave the country would ruin his properties.

While the government refers to the \$50,000 as wholly inadequate, Mr. Walsh protests that it is ample.

KENORA SUFFERS \$150,000 BLAZE

Kenora, Ont., Oct. 26.—Fire which broke out at midnight and burned fiercely for several hours destroyed Hilliard's opera house and Hilliard's hotel, together with their contents. The loss is \$150,000. The fire started in the scenery in the opera house.

BOY LOSES LEG WHEN
MATE SHOTS AT CAT.
Ishpeming, Mich., Oct. 26.—(Special to The Herald.)—Accidentally shot by a companion who was trying to kill a cat, Walter Olson, 13 years of age, has suffered the amputation of a leg. In the excitement of reloading the gun, the marksman neglected to see that the trigger was down. As he raised the rifle the weapon was discharged and the bullet shattered young Olson's knee.

Slavery Discussed.

Omaha, Neb., Oct. 26.—The most important events on the program today of the thirty-sixth annual convention of the National W. C. T. U. were the election of officers and the report of the resolutions committee. The six general officers were re-elected as follows:

Mrs. Lillian M. Stevens of Maine, president; Mrs. Anna A. Gordon of Illinois, vice president-at-large; Mrs. Frances P. Parks of Illinois, corresponding secretary; Mrs. Elizabeth Preston Anderson of North Dakota, recording secretary; Mrs. Sarah H. Hoge of Virginia, assistant recording secretary; and Mrs. Elizabeth F. Hutchinson of Illinois, treasurer.

A stirring address by Edwards Jan-

Assassination Takes Place at
Railway Station in Har-
bin, Manchuria.

Slayer When Arrested Boasts
of Having Killed Enemy
of His Country.

Three of Prince's Companions
Also Wounded By Fly-
ing Bullets.

Harbin, Manchuria, Oct. 26.—Prince Hirobumi Ito, former Japanese president general of Korea and probably Japan's foremost statesman, was assassinated here this afternoon (Tuesday) by a Korean who had followed him here for the express purpose of killing him.

The motive of the assassination was revenge. The assassin was arrested. Almost immediately upon his arrival here, and just as Prince Ito left the railroad car at the station, the attack was made upon him. The venerable statesman, accompanied by Russian Minister of Finance Kokovtsov, was starting to inspect the guard of honor drawn up along the platform when a pistol shot was heard. Several more shots were fired in quick succession, the bullets striking the prince in the back.

Three Others Wounded.

Prince Ito fell mortally wounded. Three of the prince's companions were wounded by bullets. Struck by Japanese Consul General Kawakami, General

DE PERE DEPUTY IS SHOT DEAD

Body Is Found Outside Office
With Bullet Wound
in Back.

Green Bay, Wis., Oct. 26.—Deputy Marshal Otto W. Zimdars of De Pere, Wis., five miles south of here, was found dead in front of his office early today with a bullet wound in his back. His watch and revolver were gone and the key of the jail was broken off in the door.

BIG STEAMER ASHORE OFF NEW BRUNSWICK.

St. John, N. B., Oct. 26.—A large steamer is ashore on the Old Proprietor ledge off Seal Cove, Grand Manan, according to a dispatch received here today by the Canadian marine and fisheries department. There is no sign of the crew. A life boat is on the way to the vessel.

While the name of the steamer is not definitely known it is believed to be the Donaldson line steamer Hostia, which left Glasgow Oct. 9 for St. John and Baltimore.

Free Heater

THE GREAT CONTEST CLOSES
TOMORROW AT 10 A. M. ALL
COMMUNICATIONS MUST BE IN,
AT OR BEFORE THAT TIME.

Have you sent your letter in yet? Remember the contest closes Wednesday, Oct. 27th, and no communication will be considered after that.

This is a great opportunity to procure a splendid Stewart Heater FREE. There are no strings to this offer. Just send us the five points of superiority enjoyed by the Stewart Heater over all other makes. Here are the rules:

Communications from girls and misses under twenty years of age will not be considered.

All communications must be written on one side of the paper only, in a legible hand, signed with full name and address of contestant.

Not more than 300 words to be used in setting forth the five points of superiority of the Stewart Heaters.

The contest will close on Oct. 27th, 1909, and all competing essays must be received not later than 10 a. m., Wednesday, Oct. 27th.

Award will be announced in the Sunday News Tribune of Oct. 31, and Monday's Evening Herald of Nov. 1st.

Address all communications to Contest Department, F. S. Kelly Furniture Co.

The Judges

The following gentlemen will act as judges of this Contest: MR. G. BERGQUIST, publisher of the Duluth Posten; MR. GEORGE W. PRESTON, advertising manager of the News Tribune, and MR. WILLIAM HENRY of the Evening Herald.

DENY TAFT FELL OFF WATER WAGON

St. Louis Clubmen Aroused
at Story That He Drank
a Cocktail.

St. Louis, Mo., Oct. 26.—Officials of the St. Louis club, where President Taft breakfasted yesterday morning as the guest of the Commercial club, are indignant today over a story printed locally and attributed to the authority of the club's head waiter, that President Taft had drunk a big cocktail at the club, thus "falling off the water wagon," and that the president had added six big cups of black coffee to the cocktail and had partaken of the remainder of the breakfast in accordance with the club's regulations. As a matter of fact, the club officials say, they knew full well that the president is dieting, that he has recently abstained from drinking any alcoholic beverages, merely as a part of the diet, and for reasons of health, and that the service to him was governed accordingly.

CHICAGO

APPOINTED ATTORNEY FOR HANNA INTERESTS

Richard Grant, of the firm of Sullivan & Grant, has been appointed general solicitor for the extensive M. A. Hanna interests. Mr. Grant will leave for Cleveland in the near future, and will make his future home there.

Mr. Grant is a Yale graduate. He has practiced law in this city for the past few years, coming here from Fargo, where he lived. He has been most successful in his practice in this city.

Last year Mr. Grant was a candidate for the lower house of the state legislature in his campaign. He was successful in his campaign. He has been one of the most prominent of the younger professional men. He has interested himself in the growth and progress of Duluth, and has been identified with many public movements.

His new position is a most responsible one.

RICHARD GRANT,
Who Will Become General Solicitor
for M. A. Hanna Interests.

MATEL TRIAL UNEVENTFUL

Witness Goes Over Story
Told on the Stand Last
Month.

Attorneys' Arguments on Evidence Enliven the Proceedings Slightly.

After thirty-six men had been called, twelve jurors were finally selected yesterday afternoon to try Victor Matel for the murder of Adolph Mattis on Garfield avenue Sept. 1. The defense used eleven of its twelve peremptory challenges, and the state nine of its ten. Four men were excused for cause. This morning at the opening of the session, Assistant County Attorney Warren C. Greene outlined his case. The story of the crime, as he said it would be brought out by witnesses during the trial, was as follows: On the morning of the murder, Matel was at the home of Adolph Mattis, who was a partner in the Mattis & Co. business. Matel was with Mattis when he was attacked, and again at the last trial of Victor Matel. Matel was with Mattis when he was attacked, and again at the last trial of Victor Matel. Matel was with Mattis when he was attacked, and again at the last trial of Victor Matel.

What happened was this: Matel was with Mattis when he was attacked, and again at the last trial of Victor Matel. Matel was with Mattis when he was attacked, and again at the last trial of Victor Matel. Matel was with Mattis when he was attacked, and again at the last trial of Victor Matel.

BACHELOR GETS NO. 1

(Continued from page 1.)

morning to select the first two lucky numbers. Here the first two lucky numbers were 1 and 2.

These envelopes contained the names of those who had registered for the drawing. The names were 1 and 2.

He is not married. Neb, was the first name drawn from the pile of envelopes. Mr. Engel, 23 years of age and registered at Pierre, S. D. He lives on a farm three miles from Pierre, Neb., and is a good man.

The auditorium was crowded long before the drawing began, and hundreds were turned away. Speeches were made by Judge Witter, who is in charge of the drawing, and prominent business men of Aberdeen.

There are 10,000 land allotments to be disposed of on the two reservations, which will give every one registered about one chance in eight of getting a claim. Twenty thousand names will be drawn from the heap, and of these it is expected that 2,000 will be drawn today. A force of fifty clerks will be kept busy for a month in recording and classifying the names of the applicants.

Following are the Minnesota and Wisconsin winners in the first drawing: 1—Wm. A. Kennedy, Minneapolis. 2—William A. Tanner, Minneapolis. 3—Marion H. Tudolph, Minneapolis. 4—Richard H. Martin, Dodgeville, Wis. 5—Samuel Swenson, Minneapolis. 6—Anton Malmberg, Lafayette, Minn. 7—Agnes Hadow, Sparta, Wis. 8—Dan Sullivan, Ortonville, Minn. 9—Nels Hanson, Lakefield, Minn. 10—Francis Lynch, Minneapolis. 11—Anthony Schiller, New Ulm, Minn.

ON TRIAL FOR THIRD TIME

Jury Secured to Try John
L. Madden's Suit for
\$35,000 Damages.

Case Called Before Court
on Two Previous
Occasions.

For the third time, the personal injury damage suit of John L. Madden against the Duluth & Iron Range Railroad company and Paul Tingerthal is before the district court for trial, and this time it bids fair to be brought to a determination by the jury.

The case was first brought to trial in the March term of court, when a jury was secured and the taking of testimony progressed for two days. Then in an unguarded moment, one of the jurors asked the roadmaster of the railroad company about a job which was vacant. The matter was reported to the court, the trial was stopped and the case was continued.

At the July term of court, a jury was again secured, but the case was dismissed on motion of the plaintiff without any stated reason.

The action was brought for the third time last month and at the opening of the present term of court, the defense attempted to secure a continuance on the ground that one of the witnesses necessary to its case was missing. The motion was denied, however, and a jury was selected this morning.

Madden is suing for \$35,000 for injuries he claims to have sustained

while in the employ of the company as a locomotive fireman. Madden was firing on the locomotive of a work train and Tingerthal was the engineer. The accident occurred Dec. 19, 1907, while the train was being run from Allen Junction to Biwabik. According to Madden's complaint, the locomotive was running backwards, with a string of empty cars attached to the pilot. It is alleged that Tingerthal ran the train at an excessive rate of speed and the track was rough.

Madden alleges that while the run was being made, the engine lurched heavily at times and one of the lurches threw him against the edge of a board placed upright at the side of the fireman's cab as a weather shield. He claims that his hip was broken and that he will never entirely recover from the injury. He is in court on crutches and claims that he will be unable to do manual labor for the remainder of his life.

**CHICAGO SHERIFF
IS FINED \$500**

Is Found in Contempt for
Not Taking Judge Smith
to Prison.

Springfield, Ill., Oct. 26.—Sheriff Strassheim of Chicago was fined \$500 and costs by the Illinois supreme court today for contempt of court in failing to obey on time the court's mandate to take Judge Abner Smith to the penitentiary. Judge Smith was convicted of wrecking the Bank of America.

BEE SWARM ON MAN'S HEAD.
Pittsburgh Dispatch: A cloud of bees in Allegheny park yesterday, in failing to uncover the head of T. L. Hanny, constable, after commanding position of the defense attempted to secure a continuance on the ground that one of the witnesses necessary to its case was missing. The motion was denied, however, and a jury was selected this morning.

National Cash Registers Pay Big Dividends

YOU have always heard of National Cash Registers. You have seen them in use everywhere. You have heard them spoken of again and again, and seen them advertised. You feel acquainted with "National Cash Registers."

But, just for this reason, perhaps, you have failed to thoroughly investigate and examine National Cash Registers, or know the many things they actually do for you.

Do You Know How a National Cash Register Enables You to
—Reduce expenses in your store?
—Increase your trade and profits?
—Stop mistakes and stop losses?

Do You Know that a National Cash Register
—Keeps your books and acts as your cashier?
—Audits and O. K.'s every sale and every transaction?
—Gives you a detailed printed record, under lock and key, of all cash sales, charge sales, money received on account, or paid out?

Every merchant wants a National Cash Register and realizes its necessity, when he KNOWS what it will actually do for him.

Let us show YOU how a National Cash Register does these things. Send the attached coupon today for booklet, information and prices. It will place you under no obligation to buy.

"DO IT FOR DULUTH"

How The Duluth Tar Company Could Double Its Force.

One of the most thriving and least heard-of industries in the city is the Duluth Tar company, located in West Duluth at the foot of Sixtieth avenue and the bay front.

The company was established subsequent to the change of ownership of the Zenith Furnace company, when the latter concern started to produce coke and gas. The tar is one of the crude products derived from the coal during the process of its transformation to coke. It is then refined and manufactured into several other products. The company makes roofing pitch, tar paper, and building paper. It does not supply the retail trade, but sells to wholesale concerns or big contractors. About twenty men are employed the year through, on the average.

When erecting a sky-scraper or building a humble cottage, if Duluth people would specify in their contracts with the builder that he shall use Duluth-made materials, this company would employ forty men. Duluth is doing a lot of building just now, and will do a great deal more in the future. The Duluth Tar company has plenty of room, and if helped by Duluth people to the limit, will be obliged to hire more men, increase the payroll, and ultimately add to the present plant.

WANT TRAVELERS TO LOOK AROUND

Minnesota Would Halt Tide of Immigration Through State.

St. Paul, Minn., Oct. 26.—(Special to The Herald.)—To check the tide of wealth that, in the form of immigration, rushes every day through Minnesota into the states beyond and Canada, representatives of the most commercial clubs of the state will meet in the rooms of the St. Paul Commercial club, Friday evening, Nov. 5. Curtis L. Mosher, secretary of the State Federation of Commercial Clubs, has called the meeting. Minnesota has 300 commercial clubs or bodies of a similar nature. Of these 120 are in the federation. Representatives from any commercial body will be welcomed.

The Great Northern, Northern Pacific, Milwaukee and Soo roads have never before taken through Minnesota so many settlers of the most desirable class as they have this summer and fall. The European immigrant has been displaced in a great degree by the landseeker of means from Ohio, Iowa, Indiana, Illinois, Michigan, Wisconsin and other states. Figures as to the available Minnesota land of high value agriculturally, recently published by the state immigration bureau, which showed that of 40,000,000 acres of arable land in Minnesota, only 18,000,000 acres are under cultivation, are fresh in the public mind. The time has been thought ripe to make a beginning towards securing for Minnesota at least a portion of the incoming population.

CROKER COMES HOME TO HELP C. W. MORSE.

New York, Oct. 26.—Richard Croker is hurrying to New York city on the fastest trans-Atlantic steamer ship afloat to come to the aid of his personal friend and business associate, Charles W. Morse, for the second time within a year.

Morse sent for Croker immediately after he was sent back to the Tombs after the United States circuit court of appeals confirmed his conviction and sentence by the United States criminal court a few weeks ago.

This appeal to Croker was based on the fact that it was the former Tammany chief and partner who the ice king who brought about his release on bail after his conviction on Nov. 7 last year.

The last appeal sent to Croker by Morse was so strong it induced him to sail for America before the election and leave himself open to the charge that he returned to resume an active interest in the management of Tammany.

Morse intends to make a determined fight to have his case reviewed by the United States supreme court. Croker, it is understood, will stand by him to the end.

Mr. F. G. Feltz, Oronota, N. Y., writes "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is mild, pleasant and effective, and cures habitual constipation. Sold by all druggists.

WILEY SAYS THE CHINESE BEAT US IN CIVILIZATION.

Washington, Oct. 26.—The Chinese have attained a higher civilization than the people of the United States, was the declaration made last night by Dr. H. W. Wiley of the bureau of chemistry, and pure food champion, in an address at the annual banquet of the American Statistical society.

Dr. Wiley dwelt humorously on the adaptability of lies to prove any argument and the general availability of statistics to prove conclusively both sides of any question. He touched incidentally on the subject of food.

"When we are as civilized as the Chinese," he said suddenly, "we will pay our physicians to keep us well. We will not re-imburse them, as we do now, by the amount of disease extant, rather we will reward their services for their ability to preserve health."

EX-EDITOR KILLS WIFE IN FAMILY QUARREL.

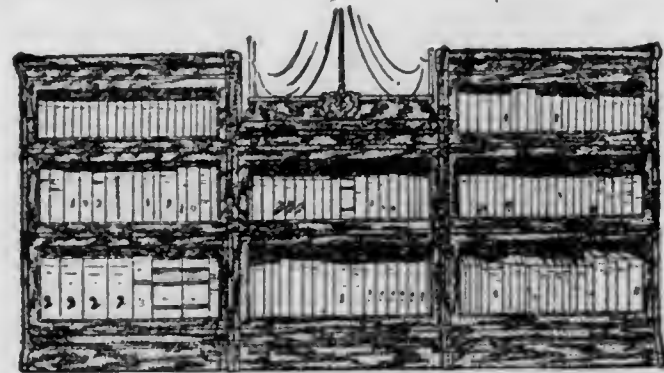

Independence, Kan., Oct. 26.—Samuel Marline, formerly editor of the Tyro Herald, shot and killed his wife and then committed suicide at his wife's home last night. The couple quarreled over the possession of their child, and Marline attempted to take it away. Mrs. Marline had her husband arrested. Upon his release he went to her apartments. The tragedy followed.

HANDCRAFT FURNITURE

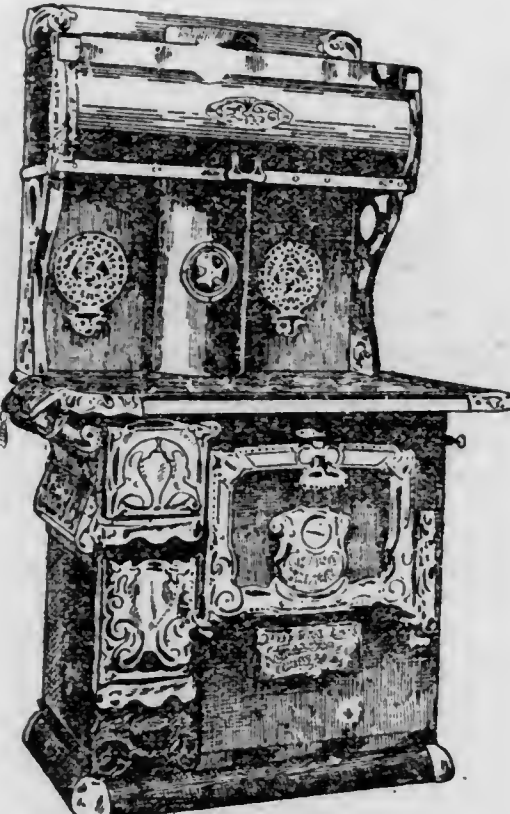

Our Showing of L. & J. G. STICKLEY'S HANDCRAFT FURNITURE

Is the most comprehensive display of this popular style of furniture ever brought to Duluth. L. & J. G. Stickley, "The Best of All the Stickleys," build the truest conception of the Mission in furniture that is produced in any shop in the country. The Standard Rotary

The modern sewing machine. A sewing machine that pleases every woman that sees it work. An easy running machine, noiseless and carries a smooth, even stitch through all kinds of goods. Will run through the finest silk into leather and keep the same stitch through all. It is virtually two machines in one, as it sews both the chain stitch and the lock stitch without extra attachments. Then, again, the price is in its favor, as our price is less for a high grade Standard Rotary than agents will ask for other well known makes. Sold on easy terms of payment.

Heat Your Home Comfortably and Economically With the

IMPERIAL UNIVERSAL

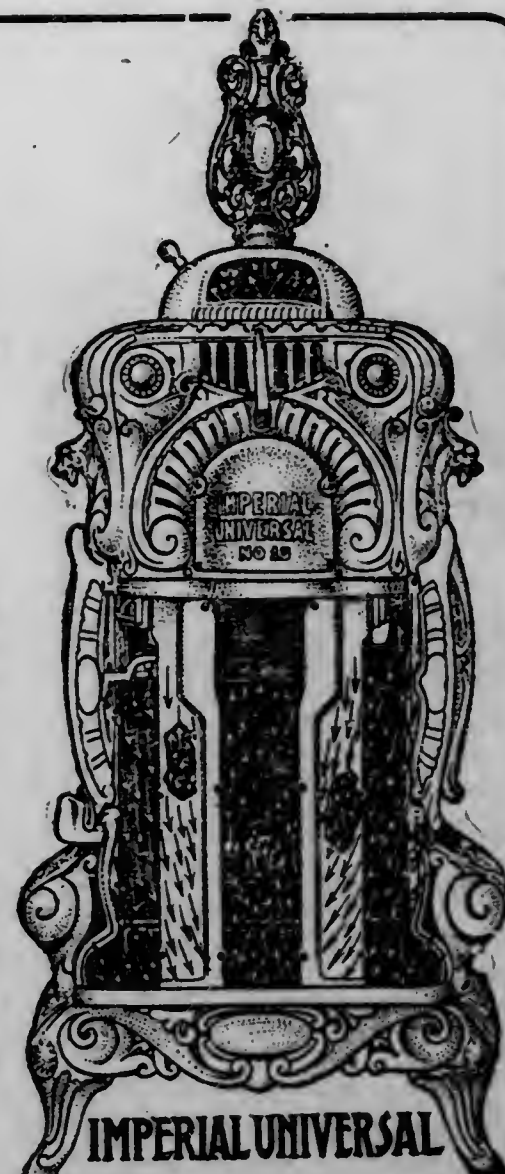

Three-Flue Base Burner

Heating power and economy in the use of fuel are more to be considered in the stove you buy than the price you pay. The Imperial Universal Base burner has, by actual measurement, as compared with any other stove on the market, **890 inches more radiating surface** than any other heater made.

The above statement means much to you; it means that if you put an Imperial Universal Heater in your home, that you will get more heat with less fuel than is true of any other stove built. The guaranteed construction of the Universal means a stove of lasting satisfaction, less repair expense and a better working stove. The winters are long here; it requires a great deal of fuel to keep you comfortable each year, and for that reason it will pay you to buy the Universal and be comfortable on less fuel.

We sell them on easy terms of payment and take your old stove in trade on the new one.

NOTICE THE THREE LARGE FLUES IN THE BACK. LARGE BASE FLUES—GREATER RADIATION, MORE HEATING AND LESS FUEL.

THOUGHT DEATH NEAR

Queen Esther Roberson of Telfer feels that Cardui did her a world of good.

Telfer, Tex.—"I will now write to let you know how much good Cardui did for me," writes Miss Queen Esther Roberson of this town.

"I suffered from womanly troubles for four years and thought at times I would die with pain, but now, since taking Cardui, I am much better and I give Cardui all the praise. I will recommend Cardui to all my lady friends."

Only the purest vegetable ingredients, of mild and gentle action, are used in the preparation of Cardui, the woman's tonic.

Cardui contains no mineral poisons, or other dangerous drugs of any sort, hence we can depend upon its doing you nothing but good.

Its specific, curative action, on the cause of most womanly troubles, is proved by the wonderful results obtained in so many different forms of such troubles, described by the thousands of ladies, who have written to tell what it did for them.

Headache, backache, sideache, dragging sensations, irregularity, cramps, nervousness, irritability, tired feeling, inability to walk, are all symptoms of something wrong with the womanly organs.

Take Cardui. It will surely help you. N. B.—Write to Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for special instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

CONFESSES TO POLICE

Gust Jacobson Admits Robbery Story Was a "Fake."

Stole Money Himself to Send to His Destitute Wife.

Gust Jacobson, 35 years old, who told the police Sunday night a story of how two masked men had gagged, bound and tied him to a chair, while they ransacked the home of his sister, Mrs. Lars Peterson at 125 North Sixty-third avenue west, securing about \$40 in cash, this morning made a complete confession to the police that the story was a "fake" and that he took the money himself.

An investigation made by the police yesterday into the circumstances surrounding the alleged hold-up brought doubt to the mind of Lieut. Wilcox, who had the man placed under arrest under suspicion, last night. He still adhered to his original story, but this morning he broke down and told it all to Lieut. Wilcox in the presence of a Herald reporter.

"I guess that I might as well own up to it," said Jacobson in his cell, when he was confronted with facts which he supposed the police did not know. I have been in Duluth but two weeks and I was refused work several times and Sunday night this plan occurred to me."

He then told the story of how after the rest of the family at his sister's home were at church, he went upstairs and from a purse, the property of Lars Peterson, he took two twenty dollar bills and a five-cent piece. Then he came down stairs and with a towel and bound himself as best he could to a chair in the kitchen. When the family came back and found him in this condition he told them the story he told the police.

"What did you want the money for?" he was asked.

"I am married, but up to this time, none of my sister's people have known this, and I wanted to send my wife the money, as God knows she needs it."

Jacobson said that he had left his wife with a baby in Mexico. They had been married five years. On Dec. 22 of last year, according to the story, he had come to Mexico from South America. Here he said he became a victim of the drink habit and he thought he would come up here to try to make another start, and send her some money.

Jacobson refused to disclose the former name of his wife or where they were married, but said "and I hope that she does not hear anything of it."

Jacobson said that yesterday morning he located around West Duluth for a little while, then went over to Superior. In a saloon over there, he cashed a \$20 bill to buy a drink and accidentally left his coat on there. About two hours later, he called for it. Then he went to the First National bank and deposited \$35 there, taking out a draft for it in the name of George M. Ritchie.

The police had this information and last night he denied it. This morning he was asked if this were so and he said that it was. He wrote out the name of George M. Ritchie on a piece of paper which he had drawn on a Superior bank.

Jacobson yesterday afternoon, when he had returned from Superior, had hidden the draft with some silver and letters under the back of the Peterson home on Sixty-third avenue west. It was later found by the police.

He will probably be arraigned in municipal court this afternoon.

HALLOWEEN SOCIAL.

Young People of Oneco Church Will Observe Occasion.

A Halloween social will be given Saturday afternoon at the Merritt Memorial M. E. church, Forty-sixth avenue west and Halifax street, by the Junior league of the church.

The affair will be held between the hours of 2 and 5 o'clock in the afternoon and will be under the auspices of the Junior league.

The usual Halloween games and "trick" will be the feature of the afternoon. A 5-cent supper will be a part of the program.

Family Is Afflicted.

C. C. Miller, formerly of West Duluth, now of Midway, Minn., is reported to be ill at his home. Several members of his family are also afflicted with scarlet fever. Mr. Miller is a bricklayer and stone mason and has considerable work around West Duluth.

West Duluth Briefs.

Roy Drake of 29 North Fifty-sixth avenue west was able to be out again after a short illness.

Frank Laim and Peter Wester of Scanlon are visitors today at West Duluth.

The Misses Louise and Nettie Skong of Chetek, Wis., are registered today at the Phillips hotel.

Frank Martin of Carlton, Minn., is transacting business at West Duluth today.

Miss Ruth Merritt of 4603 Oneco street will entertain the Ladies' Aid Society of the Merritt Memorial M. E. church tomorrow afternoon.

A 12-pound daughter was born yesterday to Mr. and Mrs. James H. Blair of 319 North Fifty-ninth avenue west.

Miss Laura McCormick of 17 South Fifty-third avenue west will entertain the Young Ladies' Society of the St. James Catholic church at her home this evening.

Miss Florence Delmore of St. Cloud, Minn., is the guest of her cousin, Miss May Connolly of Sixty-third avenue west. She expects to spend the winter in West Duluth.

Merrill Houghton of Farmington, Minn., is visiting.

Mrs. H. C. Brown of Seventy-first avenue west entertained the Ladies' Aid Society of the Congregational church this afternoon at her home.

The Ladies' Aid Society of the Assembly M. E. church will meet tomorrow morning at the home of Mrs. Joseph Cochrane of 610 North Fifty-sixth avenue west.

Johnson & Jernstad, grocers on Fifty-eighth avenue west and Wadena street, have purchased the adjoining building to their store and it is understood that they intend to turn it into a meat shop which will run in connection with their grocery business.

Watch repairing, Hurst, W. Duluth.

ASSOCIATION ORGANIZED

New Athletic Club Launched in West Duluth.

Building on Grand Avenue Will Be Leased for Gymnasium.

Preliminary steps were taken last evening toward organizing the proposed West Duluth Athletic association, a club which will include all of the smaller athletic societies in the western part of the city. At a meeting which was held, it was decided that the project would be pushed through.

A temporary board of directors was named comprising Neil Buckley, Jack Gram, Joe Brotherton and Charles Kelley. Messrs. Buckley and Brotherton were delegated to look after the out-of-door sports; Mr. Brotherton was asked to assume the responsibility of a physical director; and Charles Kelley will be manager of the gymnasium department.

Arrangements have already been made whereby a building on Grand avenue near Fifty-seventh and just back of the curling rink of the Western Curling club, will be leased. If the plans of the promoters of the club do not fail, the club will take possession of the new quarters next week.

The building is a two-story structure, the lower floor of which has been vacant for some time. The upper story has been rented out for living apartments. The Scott-Kreidler agency is managing the property. It is understood that if the membership of the club becomes large, the whole building will be taken over by the association.

Charles Kelley, who is to be the manager of the gymnasium, will leave tomorrow morning for Fargo, N. D., where he will make arrangements with a gymnasium apparatus and equipment shipped to West Duluth. Mr. Kelley is a member of the Fargo Athletic association of Fargo.

"I intend to donate this to the club," said Mr. Kelley. "There is every reason to believe that such a club will be a success in every sense of the word. It is in the neighborhood of the curling rink and before long we could easily make this 200."

The plan spoken of is to have memberships in the association for sale at \$2.50 in advance and \$1.00 a month thereafter. All candidates would then have to be examined by a medical examiner of the club before they would be admitted.

The idea of the society is to promote all clean sports. Meetings will be held once a month and these will be devoted to debates and literary activities. It is planned to have the organization incorporated under a charter.

The meeting will be held in the near future.

Will Wed at Midway.

The wedding of Miss Bessie Helmer, the daughter of Mr. and Mrs. A. Helmer, and Peter J. Johnson, who is employed as a fireman on the Duluth, Missabe & Northern road at Proctor, will take place tomorrow evening at the bride's home at Midway.

The young people have a number of friends at West Duluth. They will make their home at Proctor.

Stock in Mesaba Iron Property Finding Ready Buyers.

The stock offered by The Northern Minnesota Iron Mining company is finding ready buyers. This company has 2,500,000 tons of iron ore in sight ready for the market.

Two drills are now working on the property showing up more ore and indicating where the shaft for the known ore body shall be located.

Burley Society Officers Are Served With Notice of \$196,000 Suit.

Cincinnati, Ohio, Oct. 26.—The E. O. Eschely Tobacco company, which is suing the Burley Tobacco society and certain individual members for \$196,000 damages, is an independent tobacco manufacturer. It is an Ohio corporation, while the Burley Tobacco society is a Kentucky corporation.

The suit was filed in the federal court at Cincinnati, Ohio, last Saturday.

The Burley Tobacco society is a Kentucky corporation composed of growers of burley tobacco. There are about 100 members in the society, which is organized to protect the interests of the growers.

The suit alleges that the Eschely company, which is a subsidiary of the American Tobacco company, conspired with the Burley Tobacco society to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

The suit also alleges that the Eschely company, in conspiracy with the Burley Tobacco society, conspired to restrain trade in burley tobacco.

Agency Ostermoor

Mattresses

Ostermoor himself says we have the exclusive sale.

It's DOUBTFUL if a better line of stoves is made in this broad land of ours, and very few there are that can be classed as "just as good as the Moore's." We refer, with pleasure, to any user of a Moore, who will tell you more convincingly than we can of Moore convenience and efficiency. Hundreds of Duluth people have Moore's stoves in their homes, and entertain no thought of changing to any other make. Moore's stoves always please.

A POWERFUL HEAT PRODUCER
There is the point! The greatest possible amount of heat from a given quantity of coal. The Moore is a base burner with the hottest base ever made. The "horseshoe flue" brings the heat right out to the radiating surfaces and results tell. It's a beautiful stove, too! Comes in two styles and all the regular sizes. Prices are moderate.

Having all the good points of every other good range the Moore also combines a number of features that are distinctly Moore's. The anti-scorch lid does wonders. The hinge top is a convenience. The oven thermometer and Mrs. Rorer's guide together are indispensable. The control damper holds your fire where you want it. The non-warping oven bottom never warps. With these improvements the Moore costs no more than the common ranges.

ALDERMEN WILL VIEW THE PROPOSED ROUTE

Will Visit West Duluth to See Conditions for Themselves.

Residents Protest Against Canadian Northern Plans—Lighting Discussed.

WHAT THE COUNCIL DID.

Accepted invitation to visit West Duluth to view proposed route of Canadian Northern. Received notice that gas light contracts expire Dec. 31. Discussed lighting matters. Designated city depositories. Turned down plumbing ordinance. Provided regulations to secure uniform lighting system.

The city council will visit West Duluth this afternoon to see the property owners who declare that the best residence section of the suburb will be destroyed by the entrance of the Canadian Northern.

A committee from the West Duluth Commercial club, accompanied by a large number of residents whose property is affected by the proposed new route, appeared before the council to urge their claims. They said the best proof would be an inspection of the situation first hand. They asserted that once the council has a proper idea of the situation, every effort will be made to alter the route.

Others urged that subways will have to be built in most of the streets crossed by the road, and that the street car service, the tracks of the street car company, being crossed twice by the railway in the plans it is now proposed to follow.

David Sang characterized the threat of the company to go to court, there by entirely ignoring the council, as mere bluff. He said that no court would allow any railroad to cut up and spoil the residence part of any city in the United States.

L. A. Barnes called attention to the fact that the steel plant will be built before many years have passed, and that the residents of the suburb, who are the employees of the plant, will be lost to the city if the Canadian Northern is successful. He explained that the village of West Duluth was built after the entrance of the Northern Pacific, and laid out to conform to the line of the road. He said that many whose property is not touched by the road will be hurt by the entrance of the Canadian Northern.

He said that the road expects to come in on a new line, the road, which will be built, giving the approximate elevation over each crossing. He thought that the company should follow along the line of the Northern Pacific, and that the only objection advanced by the officers of the road is the expense. By paralleling the Northern Pacific he said that only streets or avenues will have to be crossed.

L. A. Sulcove, assistant county superintendent of schools, said that the entrance of the road means the erection of more schools at the present time. He said that it was time Duluth had some system about its railroads.

The city fathers did a lot of futile talking last night on the lighting question. The light committee, which investigated the condition of the fund, reported that no more lights can be allowed, as the account will be exhausted with these now in use.

Despite the fact that the money is not available some of the aldermen wanted the gas lights on Third street replaced by electric lights, which would cost considerably more. Warning up they told each other that they lived in the country; that this or that member didn't have any house in his part of the city; that they'd sooner have no lights at all than the gas lamps; that some one had grabbed more than his share of the lights, and, in general, that they were sick of the whole business. Some of the retorts were sharp.

Following this debate the municipal legislators made a joke out of a resolution introduced by Alderman Green asking for lights in the East end. It was that at Twenty-fifth and Twenty-sixth avenues east several expensive residences have been built, and that they are without light, and they described the moonlight. The aldermen wanted it said over two weeks. The others got into the game, talking an amendment after amendment, until it was beyond possibility of passage.

The Welshbach Street Lighting Company of America, notified the council that its contract for the gas lamps expires Dec. 31. The company offered to renew the contract for about \$4 per year per light less as the city has paid for the service connections.

John H. Brigham was given permission to run water pipes in several streets and avenues at Pond du Lac. He said that he wanted to lead water from a spring to supply a number of houses in that suburb.

The plumbing ordinance, introduced by Alderman Sheride, was lost by a vote of 5 to 3. The ordinance required fees to be paid in full for all openings made for fixtures, whether or not the fixtures are put in at the time of the inspection or not. The plumbing inspector said that some people get out of paying just dues under the present ordinance.

The board of fire commissioners wrote the council asking permission to secure plans and specifications for a new fire hall at Lakeland. They said that the present structure is dilapidated and not fit for use.

Thomas J. Dillon, a former member of the board of public works, filed notice of a personal injury claim against the city for \$2,500 for injuries sustained by his son, Edward J. Dillon. It is claimed that the boy was run over into a gulch near Fourth avenue west and Fourth street, because of a defective guide railing.

The Northern Pacific was granted a franchise to put a spur track across Fifth avenue west for the use of the Iron Range railroad, enabling the road to run directly into the union station. The franchise is limited to five years. It is expected that the company will object to the time limitation.

The city engineer was directed to furnish plans and specifications for a

stairway at Twelfth avenue west between Second and Third streets.

The different banks in the city were given their share of the city funds. Each bank in the city gets a part of the city cash in proportion to its size. The city gets 1 cent a year on monthly accounts and 2 per cent on time deposits.

The board of public works was empowered to issue permits for standards for lights composing the proposed "Great White Way," subject to the approval of the council. Alderman Moore explained that the object of the resolution was to secure uniformity in the placing of the lights. No permit will be asked until the committee which has charge of the plan has further completed its arrangements.

Foley's Honey and Tar clears the sin passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened and the cold is expelled from the system. There is any but the genuine in the yellow package. Sold by all druggists.

BRYAN DEPOSED BY NORMAN MACK

Political Gossips Draw Inference From Article in Current Publication.

Buffalo, N. Y., Oct. 26.—The National Monthly, edited by Chairman Norman E. Mack of the Democratic national committee, and now the official organ of the committee, gives considerable space in its November number to an article by Judson Harmon, governor of Ohio, in which he bitterly assails the Republican administration at Washington on account of the new tariff bill.

Governor Harmon was the principal speaker on the Democratic platform at the Texas state fair at Dallas, Oct. 16, and his address there, taken in connection with his article in Chairman Mack's National Monthly, has given rise to the statement in political quarters in close relation with Mr. Mack that the chairman of the Democratic national committee has deposed Bryan as a presidential possibility, and is now engaged in grooming Governor Harmon for the nomination in 1912.

FEARS FEUDISTS; LOSES INSURANCE

One Policy Held By Missouri Man Is Cancelled By Company.

St. Louis, Mo., Oct. 26.—Mayor Roy C. Woods of Wellston, St. Louis county, has received notice from an insurance company that it has cancelled his \$5,000 policy. No explanation was given.

Mayor Woods believes the action was caused by two recent political feuds in Wellston. The life of Woods is insured for \$40,000, and his

will provides that in the event he dies at the hands of an assassin, Joseph W. Folk, former mayor, shall receive \$1,000 and five other lawyers \$50 each, to prosecute his slayers and that the officer arresting his slayer shall receive \$2,500.

HERTZENSTEIN'S SLAYERS GUILTY

Two Russians Are Sentenced to Six Years or More in Prison.

St. Petersburg, Oct. 25.—Nichola Yushkevitch-Kraschovsky, formerly a leader of the League of Russian people, and his alleged tool, a workman named Lershtsk, were convicted at Terjoki, Finland, yesterday of complicity in the murder of Deputy Hertzstein and sentenced each to a minimum of six years' imprisonment.

Prof. M. Y. Hertzstein, a member of the Agrarian commission of the duma, was assassinated at his country home in Terjoki, July 31, 1908. The murder was charged against the "Black Hundred" and alleged to have been inspired by Yushkevitch and actually committed by Lershtsk. The case aroused the interest of the duma, where the prosecution of the defendants was accomplished only after long delays and when the accused had been returned from Russia, where they had sought refuge following the crime.

Theaters Are Combined.

The Carter Amusement company operating the Star theater, at 24 East Superior street and the Lyric theater, at 1815 West Superior street, have taken over the Sunbeam theater at 109 West Superior street. The consolidation of the three theaters means that the public will be given better service than heretofore. Their aim will be to portray the latest and best moving pictures and illustrated songs, the service to be as good as it is in the Eastern cities. No pains will be spared to provide for the comfort and convenience of the patrons.

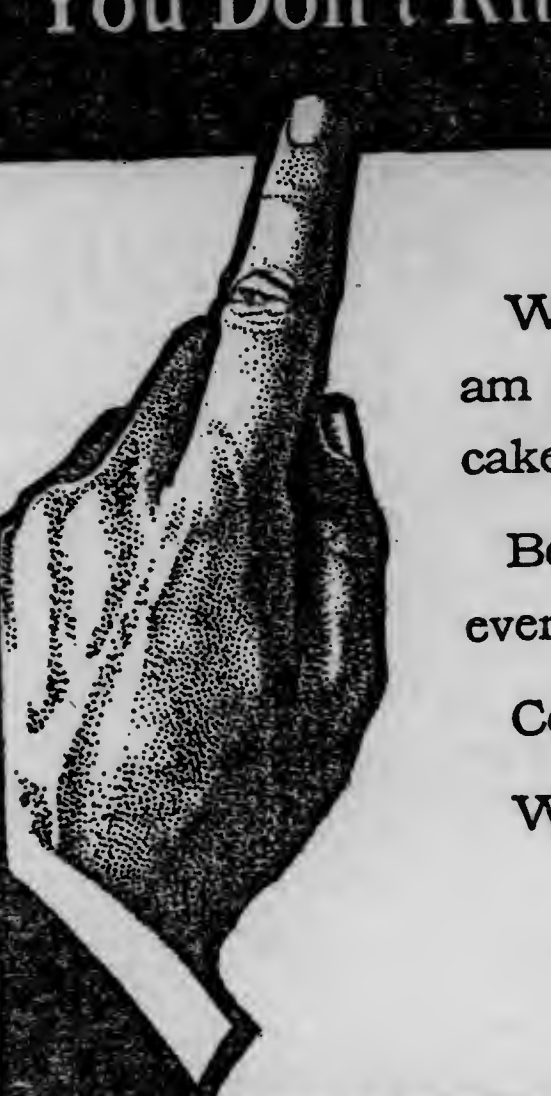

CANDY CAN BE SENT BY PARCELS POST.

Washington, Oct. 26.—Advised that postmasters throughout the country have been refusing to accept packages containing candy for dispatch by parcels post, Second Assistant Postmaster General Stewart has sent instructions to postal officials that the prohibition against "confectionery" in the parcels posts extends only to fruit preserved with sugar. Consequently candy not containing fruit is suitable by parcels post provided it is so packed as not to be likely to damage other articles in the same mail.

SUES BOSTON & OXACAO HOLDERS FOR LIBEL.

Boston, Mass., Oct. 26.—Seven suits, each for \$10,000, have been in court of Norfolk and Suffolk counties by Charles S. Cummings, who is under arrest in connection with the Framingham, Mass., town note forgery case. The defendants are stockholders of the Boston & Oxaca Mining Company of Mexico, a South Dakota corporation. Cummings brought the suits because of alleged libelous statements made in the corporation's annual report, published in the Boston Herald, last January, asking that a receiver be appointed for the company and charging mismanagement and an attempt by Cummings to wreck the company. As a result of the suit, Cummings was appointed receiver for the corporation.

GERMAN SHIPS TO SAIL IN LINE FOR BOSTON.

Boston, Mass., Oct. 26.—The establishment within a short time with a regular service between this city and Australia, by the Dutch-Australia Steamship company of Hamburg, has been announced through the chamber of commerce. It is expected that a monthly service will be maintained and that the trip from Australia to Boston will be made inside of fifty days.

RENEW BROWNSVILLE HEARING NEXT MONTH.

Washington, Oct. 26.—The Brownsville court of inquiry yesterday de-

clined to visit Brownsville, Tex., late in November to hear any new material facts bearing on the famous "shooting up" of that city on the night of Aug. 13, 1906. Every reasonable opportunity will be given to the discharged non-commissioned officers and men of the Twenty-fifth regiment of infantry to prove that they were not engaged in the riot, with a view to their re-enlistment in the army.

Raw Milk Like Raw Meat—Is a Dangerous Food

There are so many tubercular cows now that we must come to sterilization. There is no other way to always avoid getting an infected milk.

This change from raw milk to sterilized milk is a question of safety, not taste.

Sterilized milk, like all heated milk, has a slightly almond taste. Some people may say they like raw milk the better.

Some may like potatoes raw, but raw starch won't digest. And some may like raw meat, perhaps, but we know we dare not eat it.

So with raw milk—in a multiplied way. It is so often infected that careful people know that they must avoid it.

Milk that's unsterilized is always unsafe.

Healthy Holstein Cows

Our cows are Holsteins—the world's best breed. Robust, contented, famous for their splendid vitality.

Holstein milk is immeasurably better than the milk from mongrel cows.

These cows are all inspected. Millions of tubercular cows are milked every day, but not one can be found in our herds.

This milk, fresh from the cow, is placed in a vacuum. And a moderate heat, because of the vacuum, throws off the water in steam.

Thus we throw off two-thirds of the water, and the milk that results is as thick as thick cream. When you replace this water you have a multiplied bulk, as rich as the richest milk.

Delicious Milk Dishes

Van Camp's is superb milk for cooking. The richness and flavor is twice that of raw milk.

For milkman's milk separates. The butter

fat rises and the solids fall. From no part of the can do you get the whole milk.

Then it separates farther after you get it. So, the milk usually used for cooking is rarely more than a half milk.

Van Camp's is whole milk. The taste of one milk dish will be sufficient to make you a constant user.

Vastly Economical

Van Camp's costs ten cents per pint by the can, and less by the case. When reduced to the richness of milkman's milk, it costs about six cents per quart.

It is cheaper than milkman's milk, because of the saving on the cost of delivery.

But the main saving comes in the saving of waste. With Van Camp's, no milk is left over. You open a can when you want it, and it keeps till you use it up.

And you never run short, for you have the cow in the pantry. Rich milk or cream for any purpose all the time. You don't need to plan in advance.

Perfectly Sterile

Van Camp's Milk is sterilized after the cans are sealed. There is not a germ of any kind in it.

The slight almond flavor is due to this sterilization. It is the flavor of heated milk.

The result is a milk that is safe. Children can drink it without a thought of infection.

In the use of raw milk, infection at some time is almost inevitable. The infection may come from tubercular cows, from diseased milkmen, from uncleanly dairies, from the water used in washing cans.

Raw milk is more dangerous than raw meat, and the whole medical world protests against its use. Soon or late, all careful people must come to a sterilized milk like Van Camp's.

None is Like This

There are two reasons why Van Camp's Milk is the premier milk of its kind.

First, it is Holstein milk, with which no milk from mongrel cows compares. Second, it is reduced to the minimum. Every can will show 28 per cent solids—8 per cent butter fat.

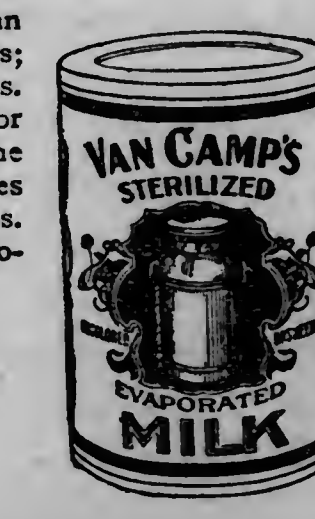

Others may claim that inferior milk, only slightly reduced, is as good as Van Camp's. But millions know better.

In addition, there is condensed milk—almost half sugar. It is nothing at all like Van Camp's.

The modern way for preserving milk is sterilization, not sugar. It is folly to pay the milk price for sugar, and then get a milk too sweet for use in cooking.

Those who use inferior milk will eventually come to Van Camp's. The demand for the best has become so great that we now milk 25,000 cows daily.

The 16-oz. can of Van Camp's sells for 10 cents; the 6-oz. can for 5 cents. You get one-third more for your money in buying the larger cans. Our dairies are located in six states. The milk is sold by grocers everywhere.

BAD KIDNEYS OR BLADDER MISERY

Lame Back and Distress
From Out-of-Order Kid-
neys Will Vanish.

Out-of-order kidneys act fine and backache or bladder misery is relieved after a few doses of Pape's Diuretic. Pains in the back, sides or joints, rheumatic twinges, debilitating headache, nervousness, dizziness, sleeplessness, inflamed or swollen eyelids, worn-out feeling and many other symptoms of clogged, inactive kidneys simply vanish.

Frequent painful and uncontrollable urination due to a weak or irritable bladder is promptly overcome. The moment you suspect any kidney, bladder or urinary disorder, or feel rheumatism coming, begin taking this harmless remedy, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure, as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

This unusual preparation goes direct to the out-of-order kidneys, bladder and urinary system, cleaning, healing and strengthening these organs and glands, and completes the cure before you realize it.

A few days' treatment with Pape's Diuretic means clean, active, healthy kidneys, bladder and urinary organs—and you feel fine.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

WALKER, MINN., OCT. 26.—(Special to The Herald.)—The payment of annuity checks to the 1,500 Chippewa Indians on the Leech Lake reservation commenced Monday morning at the office of Agent Fraser at the new agency, and the Indians are arriving in town by canoe from all points of the compass to spend their \$5.10, an amount which is given out to every man, woman and child on the reservation.

Contrary to former practices the Indians are actually spending their money for the necessities of life and good warm blankets, hats, shoes and groceries are being purchased in place of fire water. No whiskey is being sold to the Indians and it is announced that the recent order of the government will be lived up to the letter. The Indian life, it is said, will look a more comfortable winter than they have in many seasons past.

CASS LAKE TO LOSE SALOONS

Government Official Directs
Number Be Reduced
to Two.

Cass Lake, Minn., Oct. 26.—(Special to The Herald.)—The people of this village will have to worry along on two saloons after tomorrow as William E. Johnson, the special agent of the interior department has ordered all but the recent closed in accordance with the recent ruling relative to saloons on former Indian lands. The Wampum and the Endless and Peoria saloons might continue in business. The other saloon keepers, William Kirchoff, C. P. Nelson, and R. Siddon, Al Marshall and H. D. Latendresse, have been notified to remove their liquors outside the county before Oct. 27.

As far as the village council is concerned they all have the licenses to run if their crookedness and places of business according to law. The order from Mr. Johnson is to remove all their liquors outside the county before Oct. 27.

of the local liquor dealers to remove their liquor immediately, otherwise, if found in their possession on Oct. 27, the Indian authorities will destroy it.

SHERIFF MAY BE STUNG FOR COSTS

Polk County Official Who
Brought Federal Prisoners
Here, Anxious.

Crookston, Minn., Oct. 26.—(Special to The Herald.)—Sheriff Orin Daniels of Polk county may have to pay out of his own pocket the railroad fare for the United States inspector and nine deputies whom he took as prisoners from Crookston to Duluth to the habeas corpus hearing in the federal court there, their railroad fare and the cost of the state's jurisdiction. The federal court ruled that the county authorities had no right to arrest or hold the federal agents, and the government probably will not pay them for doing something which they had no legal right to do.

The fare for the ten prisoners from Crookston to Duluth amounts to about \$55, and in addition to this is the fare for the sheriff and his deputies who accompanied the men, and also their expenses for meals during the trip.

Sheriff Daniels is naturally rather reticent in discussing the matter as yet, but believes that he will find some one yet to look to for the money expended and expects to know who it is in a few days.

DEATH ENDS SENTENCE OF A MICHIGAN LIFER

Marquette, Mich., Oct. 26.—(Special to The Herald.)—Henry Wiseman, a convict at the branch prison, died Sunday evening after a long illness, probably due to tubercular trouble. He was sent to the prison from Oakland county, Mich., in 1891, for life, having been convicted of murder in the first degree. He was 47 years of age.

POSTOFFICE SHOOTING IS BEING LOOKED INTO.

Lidgerwood, N. D., Oct. 26.—(Special to The Herald.)—Postal authorities are making an investigation into the shooting up of the postoffice in

POSTOFFICE SHOOTING IS BEING LOOKED INTO.

Lidgerwood, N. D., Oct. 26.—(Special to The Herald.)—Postal authorities are making an investigation into the shooting up of the postoffice in

this city. Several shots fired by some persons from the outside demolished windows and tore up a goodly amount of woodwork in the office, but as yet the offenders have not been apprehended. The parties, when found, will be prosecuted for destruction of government property.

MONEY IN SHEEP.

Bowman County Farmers Prosper-
ing With Their Flocks.

Bowman, N. D., Oct. 26.—(Special to The Herald.)—Bowman county farmers are feeling very optimistic over the results of their year's work as the season has been a very successful one from every point of view. Sheep raising is one of the very profitable lines here and three sheepmen, who made a profit of over \$5,000 on wool this year, are very busy with their work. One of the sheepmen, a Mr. Smith, made a profit of over \$5,000 on wool this year, an industry sustained at all times. The result of the splendid crop has been a boom in the price of land in this county.

OMAHA BRAKEMAN HURT.

Arm Caught Making Coupling and
Limb Is Lost.

Eau Claire, Wis., Oct. 26.—(Special to The Herald.)—Scott McIntosh, an Omaha railroad brakeman, is being treated at the Sacred Heart hospital here for the loss of one arm, as the result of an injury sustained at Altoona, Saturday night.

He was attempting to couple freight cars, when his left arm was caught. His suffering was terrible. He was hurried to Eau Claire and placed in the Sacred Heart hospital. The arm was found so badly crushed that immediate operation was found advisable.

PEMBINA COUNTY TEACHERS WILL MEET NOV. 5 AND 6.

Bethgrade, N. D., Oct. 26.—(Special to The Herald.)—The annual meeting of the Pembina County Teachers' association will be held here Nov. 5 and 6. The program arranged is a splendid one providing for addresses by Prof. Randelett of the agricultural college, Miss Christine Boyson of the university and State Supt. Stockwell. The sessions will be held in the auditorium of the school for the blind.

HUGE POTATO YIELD.

North Dakota Farmer Has Dug
16,000 Bushels.

Park River, N. D., Oct. 26.—(Special to The Herald.)—Some idea of the enormous scale on which North Dakota farmers have gone into the potato raising business may be gleaned from the results obtained by J. C. Wampler, a farmer near Park River. This year he planted 122 acres to potatoes and he has just dug and placed 15,000 bushels of the crop there. He built a large potato storehouse and has placed 15,000 bushels of the crop there. He is planning to hold till spring when they will command better prices.

LARGE SUM SECURED.

Burglars Get Over \$200 From a
North Dakota Postoffice.

Ellendale, N. D., Oct. 26.—(Special to The Herald.)—A postoffice at Guelph, this county, was burglarized the men succeeding in securing over \$200 in their raid.

There was \$150 worth of stamps, \$25 in cash and \$25 in jewelry. The burglars were seen by the postmaster in the office the next morning. The office is located in a general store and everything was badly scattered about by the robbers. There is no clue to their identity.

EAST GRAND FORKS IN LIVELY CAMPAIGN.

East Grand Forks, Minn., Oct. 26.—(Special to The Herald.)—East Grand Forks is just in the midst of another spirited election campaign. There are two candidates for mayor, J. J. O'Leary and Cornelius Kelleher. The fight is between what is known as the Sullivan and O'Leary factions.

Mr. Kelleher as the admitted candidate of the former. Both factions have full faith in their candidates. The election will be held in the interests of one or the other of the candidates.

Alaska Life Too Strenuous.

Grand Forks, N. D., Oct. 26.—(Special to The Herald.)—A man of this city has received a telegram informing them of the death of their daughter's husband, George A. Weber. Mr.

Weber was a resident of Grand Forks, N. D., and was killed while on duty in Alaska.

Given Increased Pension.

Crookston, Minn., Oct. 26.—(Special to The Herald.)—Congressman Steenerson has received notice of the following increases of pension: Crookston, Minn., late private in Company F, fourteenth regiment, Illinois Volunteer infantry, from \$15 to \$20 per month.

Danforth Lovely, Detroit, Minn., late private in Company H, sixteenth regiment, Maine Volunteer infantry, from \$15 to \$20 per month.

Really Dealers Combine.

Devils Lake, Minn., Oct. 26.—(Special to The Herald.)—It is rumored that plans are under way for the formation of a Ramsey County Real Estate Dealers' association, which will embrace all the firms handling farm lands in this section. The purpose of the association will be to promote harmony among those engaged in the business and assist in advertising this section through the united efforts of all the dealers.

Crookston Socialists Nominate.

Crookston, Minn., Oct. 26.—(Special to The Herald.)—The socialists have at the city election, Nov. 2, Mayor Otto Kover, alderman-at-large, Herman Fiedler, alderman; first ward, John C. Sandberg; third ward, David Sanders; seventh ward, Jens Benson.

Peninsula Briefs

Marquette—Mrs. Thomas P. Gill died early Sunday morning after an illness of three weeks, caused by heart trouble. Mrs. Gill was 63 years old and had lived in Marquette for twenty-eight years, having been born in Weston, Ont. She leaves a husband and four children.

Calumet—The assessed valuation of Calumet, Minn., for 1909, is more than \$3,500,000. In 1908 the township assessed the McLaughlin, Ahmeek, Algonquin and other properties.

Flower—The assessed valuation of Flower, Minn., for 1909, is more than \$3,500,000. In 1908 the township assessed the McLaughlin, Ahmeek, Algonquin and other properties.

Weber went three years ago to Fairbanks, Alaska, where he became interested in mining. Strenuous work proved too much for his constitution, however, and heart trouble was followed by other complications which resulted in his death on Friday.

CROOKSTON CANDIDATES.

Those Who Will Seek Election in
Polk County Metropolis.

Crookston, Minn., Oct. 26.—(Special to The Herald.)—The Republicans of this city have nominated the following ticket: Mayor, George S. Chase; city clerk, A. M. Childs; treasurer, Virgil L. McGregor; municipal judge, L. E. Gossman; alderman-at-large, E. M. Why; assessors, E. M. Lancaster; justices of the peace, G. C. Wilde and David Fulton; constables, James Greenleaf and Jake Andrist; aldermen, first ward, A. G. Anderson; third ward, M. R. Hussey; fifth ward, Frank Steinbrook; seventh ward, D. W. Hughes.

HUSBAND SEEKS DAMAGES.

Sues Neighbor for \$10,000 for
Alienating His Wife's Affections.

Minot, N. D., Oct. 26.—Ten thousand dollars is the amount asked for by Gunder Ness, a farmer living near Granville in his case which has just been started against Henry J. Strom also of that vicinity, for the alienation of his wife's affections.

According to the complaint, the wife left her husband on July 30th, as a result of the alleged actions of Strom. D. J. O'Connell and C. Hookway represent the plaintiff and E. R. Sinker the defendant. A suit has also been started by Mrs. Strom against Harry Johnson of Yelva, to whom Strom recently sold some land, setting aside the title so as to recover the damages asked for.

CLOVER SEED MARKET.

Large Amount Is Being Purchased
at Little Falls.

Little Falls, Minn., Oct. 26.—(Special to The Herald.)—The buying of clover seed is assuming large proportions in Little Falls and a market is now established here for that seed that rivals anything of the like nature in the northwestern section.

A car is to be loaded at the local depot tomorrow, at which time all seed bought at the local market at the highest market prices, ranging up to \$7.75 for the reclaimed seed. Charles Wampler, a farmer near Park River, is doing most of the buying of clover seed and he states that he is now in a position to handle all that is brought in for sale.

WOODSMAN LOSES TOE.

Swinging Ax Deflected By the Limb
of a Tree.

Littlefork, Minn., Oct. 26.—Andrew Kjemprud met with a severe accident a few days ago at the Swanson camp, cutting his right foot very severely. The course of the ax was changed by the swinging limb of a tree, which he was chopping, throwing the ax so as to reach the right foot. The right foot was cut off at the heel.

Dr. Briggs was telegraphed for and he attended to the patient and took him to International Falls.

FINED \$1,000 BECAUSE HE RETURNED TO ODHAN.

Ashland, Wis., Oct. 26.—(Special to The Herald.)—John E. Doherty was fined \$1,000 in the federal court at La Crosse for going back onto the Bad River reservation after having been removed therefrom by the Indian farmer on orders from Washington. Doherty, it will be remembered, evaded the officers for a time, but was finally removed and went back to Odhan.

KILLED LOADING ORE.

Bessemer, Mich., Oct. 26.—While loading ore from a stockpile at the Colby mine with a steam shovel a pile of ore caved in, carrying down the track. William Parley was struck by pieces of the ore, falling from the effects of which he died Sunday morning.

Given Increased Pension.

Crookston, Minn., Oct. 26.—(Special to The Herald.)—Congressman Steenerson has received notice of the following increases of pension: Crookston, Minn., late private in Company F, fourteenth regiment, Illinois Volunteer infantry, from \$15 to \$20 per month.

QUICK TURN IN FARM LAND

Two Duluth Men Made Nearly \$20,000 in One Week.

Sold Land at Big Advance Over the Purchase Price.

H. W. Cheadle, city clerk, and C. Francis Coleman cleared nearly \$20,000 in one land deal last week. A week ago Messrs. Cheadle and Coleman quietly picked up over \$300 acres of choice land lying between the stock farm and the city limits. They paid something over \$30 an acre for it. It was the only large tract in the vicinity, and very necessary to the plans of the owners of the stock farm, C. P. Craig and John G. Williams. Being strategically located and well

WEST END NEWSIES TO HAVE CLUB

Organization Will Be Formed for Them at Neighborhood House.

Twentieth Century Club to Foster New Society for Boys.

Steps will be taken Friday afternoon to organize the newsies of the west end. The new club, it is planned, will be active along social and literary lines as well as in athletics.

Miss Jean Portier, who has been taking an active interest in the affairs of the Twentieth Century club's colony work in the west end, is heading the movement to have the newsboys form a club.

Meetings will probably be held every week at the Neighborhood house on West Superior street.

Between the hours of 4 and 5 o'clock on Friday afternoon the first meeting will be called to order. Miss Portier says about 100 boys have petitioned to have such an organization in the west end and it is expected that many more than this will be the first meeting.

The gymnasium at the Neighborhood house, it is thought, is the best place to accommodate all of the new club members, and until satisfactory arrangements can be made, it is probable that some other means of entertainment will be provided for the youngsters.

Tonight there will be a joint meeting of the Knights of the Round Table and the Twentieth Century club. At this time, the final arrangements for the Misses Palmer and Picer, among other things, will be made.

The first affair will be given tomorrow evening by the Knights of the Round Table, under the direction of the Misses Palmer and Picer. Among other things, there will be a sheet and pillow-case parade, which will be followed by the old-fashioned English game known as "bobbing the apple."

A unique feature of the affair will be the way in which the refreshments will be served. There will be a "witches' dinner," out of which by the light of a few candles, each knight will bring a hot Plankfurter.

On Thursday evening the Twentieth Century club will give its Halloween party. The usual games, including the traditions of the occasion will probably be features of the evening's program.

The ladies of the club will furnish the refreshments. The Twentieth Century club will give its Halloween party. The usual games, including the traditions of the occasion will probably be features of the evening's program.

The affair on Thursday evening will be carried out under the direction of Miss Adele Mae, who has been in charge of the club's work since its organization. The affair will be held at the Neighborhood house, 212 West Superior street.

AGONY OF ECZEMA BEYOND WORDS

Whole Body a Mass of Raw, Torturing Humor—Hair All Fell Out and Ears Seemed Ready to Drop Off—Clothing Would Stick to Bleeding Flesh—Hoped Death Would End Fearful Suffering.

CASE SEEMED HOPELESS BUT CUTICURA CURED HER

"Words cannot describe the terrible eczema I suffered with. It broke out on my head and spread until it covered my whole body. I was almost a solid mass of sores from head to foot. I looked more like a piece of raw beef than a human being. The pain and agony I endured seemed more than I could bear. Blood and pus oozed from the great sores on my scalp, from under my finger nails, and nearly all over my body. My hair was so crusted and swollen I was afraid it would break off. Every hair in my head fell out. I could not sit down, for my clothes would stick to the raw and bleeding flesh. I would rather have died than have my family doctor do all he could, but I got worse and worse. My condition was awful. I did not think I could live, and wanted death to come and end my frightful sufferings.

"In this condition my mother-in-law begged me to try the Cuticura Remedies. I said I would, but had no hope of recovery. But oh, what blessed relief I experienced after applying Cuticura Ointment. It cooled the bleeding and itching flesh and brought me the first real sleep I had in weeks. It was as grateful as life to a burning tongue. I would bathe with warm water and Cuticura Soap, then apply the Ointment freely. I also took Cuticura Resolvent for the blood. In a short time the sores stopped running, and I began to feel better. I knew I was to get well again. Then the hair on my head began to grow, and in a short time I was completely cured. I cannot praise Cuticura enough. I wish I could tell everybody who has eczema to use Cuticura. My condition was so terrible that what cured me cannot fail to cure anybody of this awful disease. If any one doubts the truth of this letter, tell them to write to me. Mrs. Wm. Hunt, 135 Thomas St., Newark, N. J., Sept. 28, 1903.

Cuticura Soap, Ointment and Resolvent (liquid) made by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all druggists. Free Leaflet Cuticura Skin Book.

COURTHOUSE TO BE OPENED

Public May Inspect New Building Saturday and Sunday.

Courthouse Commission Will Turn Structure Over to County Board.

St. Louis county's beautiful new \$1,000,000 courthouse will be formally turned over to the county next Saturday afternoon. The exercises attendant to the turning over of the building to the courthouse commissioners will be held in the marble corridor on the fourth floor of the new building Saturday afternoon at 3 o'clock. The building will be accepted by the county board and Congressional Clarence H. Miller will also make a speech of acceptance on the part of the people.

The exercises will be public and at their close, the building will be thrown open for inspection during the remainder of the afternoon. Sunday, also, the building will be open to the public and county officials and employees will be on hand to point out to the people the beauties of the new building. People will have their best opportunity of seeing the new building during the day, for they may then see private offices, judge's chambers, and other rooms which will be open to the public only when the building is occupied, unless it is on business or by intruding on somebody's privacy.

The electrical fixtures, which have been the principal cause of delay, have arrived and are being put in place. The heating fixtures will be installed first on the court room floor so that they will be in place for the November term of court, which opens next Wednesday. The portable fixtures on the desks in the court room will be in place by the time the officials move in next week, and everybody will be able to get along for a few days until the larger fixtures are installed. Later in the month of November, the building will be ready for occupancy. At that time, the building will be thrown open for the inspection of the public some evening when they may see the interior under artificial light.

The exercises by the bar association next Wednesday morning at the opening of the November term of court, will be held in the new building, as they will be held in one of the court rooms and there will be accommodations for only a few outside of the county officials and the members of the association. At that time, the building will be thrown open for the inspection of the public some evening when they may see the interior under artificial light.

FARGO IS AGAIN GOING TO POLLS

Special Election Being Held Today to Settle Disputed Question.

Fargo, N. D., Oct. 26.—(Special to The Herald.)—Fargo, N. D., today is voting in a special election to settle a disputed question.

For a second time this year the voters are to decide on a bond issue to establish a filtration plant. In the spring with the filtration and the municipal propositions under one waterworks proposition, the voters were asked to vote on the filtration plant and ordered the issues voted on individually. When the council decided to submit the waterworks proposition as a second time, conditions had changed so such an extent, the members concluded there was no demand for the lighting plant and ordered a vote on water bonds.

Among the light plant advocates, which was augmented by the fact that many people wanted the site for the plant elsewhere than the place selected.

Between the two objections there is considerable opposition today and the opponents are jubilant. They claim the bond issue will be defeated. The voters are to decide on a bond issue to establish a filtration plant. In the spring with the filtration and the municipal propositions under one waterworks proposition, the voters were asked to vote on the filtration plant and ordered the issues voted on individually.

We, the undersigned, do hereby associate ourselves together for the purpose of organizing a corporation, under and pursuant to the provisions of Chapter 58 of the Revised Laws of Minnesota, to be known as the **COOLEY & UNDERHILL REAL ESTATE INVESTMENT COMPANY**, and for such purposes do hereby adopt the following Articles of Incorporation, to-wit:

ARTICLE I.
The name of said corporation shall be **COOLEY & UNDERHILL REAL ESTATE INVESTMENT COMPANY**.

ARTICLE II.
The general nature of its business shall be the driving of logs and sawing of lumber, and the improvement of streams, lakes, and rivers, for such purposes, by the construction and operation of dams, booms, sluiceways, and other works for the driving, holding and handling of logs, timber and lumber therein, and all other acts and things necessary or incident thereto.

The principal place of business of said corporation shall be at the City of Duluth, County of St. Louis, and State of Minnesota.

ARTICLE III.
The period of duration of said corporation shall be thirty (30) years, commencing on the 15th day of September, A. D. 1939.

The names of the incorporators, and their places of residence are as follows:

John W. Baily, Duluth, Minnesota;
George T. Withington, Duluth, Minnesota.

ARTICLE IV.
The management of the affairs of said corporation shall be vested in a board of three (3) directors.

The annual meeting of said corporation shall be held on the first Tuesday in June of each and every year.

Until the first annual meeting in June, 1940, the following persons shall constitute the Board of Directors of said corporation, to-wit:

John W. Baily, Duluth, Minnesota;
George T. Withington, Duluth, Minnesota.

And until said first annual meeting in June, 1940, John W. Baily shall be President and Treasurer, and George T. Withington shall be Secretary of said corporation.

ARTICLE V.
The amount of the capital stock of said corporation shall be Fifty Thousand (\$50,000) Dollars, to be divided into five hundred (500) shares of the par value of one hundred (\$100) Dollars each, and the same shall be paid in as called for by the Board of Directors.

ARTICLE VI.
The highest amount of indebtedness or liability to which the said corporation shall at any time be subject, shall be the sum of Fifty Thousand (\$50,000) Dollars.

IN TESTIMONY WHEREOF, We have hereunto set our hands and affixed our seals, this 10th day of September, A. D. 1939.

JOHN W. BAILEY, (Seal.)
GEORGE T. WITHINGTON, (Seal.)
In Presence of:
HARRIS, (Seal.)
KATHARINE BURKE, (Seal.)

State of Minnesota, County of St. Louis.

—s—
On this 25th day of September, A. D. 1939, before me, a Notary Public, within and for said county, personally appeared John W. Baily and George T. Withington, to me well known, and they executed the foregoing instrument, and they severally acknowledged to me that they executed the same freely and voluntarily.

HARRIS, Notary Public, St. Louis County, Minn. My Commission Expires Feb. 1, 1942.

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in this office on the 25th day of September, A. D. 1939, at 9 o'clock A. M., and was duly recorded in Book 82 of Incorporations, on page 37.

JULIUS A. SCHMAHL, Secretary of State.

OFFICE OF REGISTER OF DEEDS, State of Minnesota, County of St. Louis.

I hereby certify that the within instrument was filed in this office for record Oct. 26, 1939, at 11 p. m., and was duly recorded in Book 19 of Deeds, on page 106.

M. C. PALMER, Register of Deeds. By THOS. C. LEE, Deputy.

stall Station at Grand Marais.

Duluth Operator Talks With

Calumet for First Time.

Soon after navigation begins next spring, Lake Superior will be well covered by wireless stations, and the service will have been so well established that a boat in distress at almost any point on the lake will be within reach of some one of the wireless stations.

The Duluth station of the United Wireless Telegraph company yesterday was the first communication with the Calumet station for the first time since the lake station was established. The operators at the station on the hill-top say that with any new station there is always some difficulty in getting things going properly at first, and the inability of the station to communicate with Calumet was not out of the ordinary.

There is no trouble at the present time in talking to the operator at Calumet.

TAFT STOPS FUND GETS AT MEMPHIS GOOD RAISE

Thousands Cheer as Fleet Appears Coming Down the River. More Contributions for the Memorial to Late Governor Johnson. Sandbars Cause Delay of Great Northern Power Company Employees at Thomson Send \$18.90.

Memphis, Tenn., Oct. 27.—Thousands of throats shouted a loyal and true Southern greeting to President William Howard Taft on his arrival this morning at the wharf here. Hundreds of whistles and clanging bells all over the city took up the refrain and in no city visited by the president in his history-making trip across the continent has he been given a more enthusiastic reception.

When the flotilla appeared, with (Continued on page 7, fifth column)

HELP STRIKERS ON GREAT LAKES

Western Men Send \$3,000 and Offer Moral Support.

San Francisco, Cal., Oct. 27.—The Alaska Fishermen's association at a meeting here last night pledged moral and financial support to the strikers of the Great Lakes. The sum of \$3,000 was ordered sent to the strikers.

OFFERS TO SELL LOOT TO OFFICER

Alleged Thief From Minot Arrested By Montana Constable.

Minot, N. D., Oct. 27.—Sheriff Corson returned Monday afternoon from Montana where he took charge of Chris Tuferson, who was arrested there on the charge of breaking into the Fritz Hardware store in this city.

MUSICA, SR., GOES FREE

Is Acquitted of Charge of Conspiracy to Cheat Customs Service.

Son of Cheese Importer Sent to Tombs—Judge Roasts Immunity Bath.

New York, Oct. 27.—Antonio Musica, who with his son Philip has been on trial in the United States court here, was today found not guilty on the charge against the pair of alleged frauds in securing underweights on cheese importations.

GLOVES AND REAL LACE AND THE AMERICAN TARIFF ON SUCH GOODS

Written for The Evening Herald by Zach McGehee. (Copyright, 1909, by Zach McGehee.) London, Oct. 9.—An American lady, a relative of mine, sojourning in London, has just been shopping with me. We bought some ladies' gloves and some Irish lace. During the last year the lady has bought numerous pairs of gloves from the standard glove stores of London. She used to buy them in America.

WILL HOLD TO CANNOT USE IS THRICE A ITO POLICIES HEARST SIGN MURDERER

Japan Will Make No Changes, Foreign or Domestic. Gaynor's Name Barred From Independence League List on Ballots. James McMahon Confesses to Triple Crime Near Kansas City.

Remarkable Honors to Be Paid to Victim of Assassin. New York's Mayoralty Race Is Getting Hotter Every Minute. Authorities Have to Take Him Away to Avoid Mob's Fury.

Tokio, Oct. 27.—Japan's policy toward Korea will remain unchanged by the assassination of Prince Umi, who as resident general of Korea worked out the plan for the kingdom's reformation. This much was made known in a statement issued by the foreign office today. The statement was called out by editorials in sensational papers demanding the immediate annexation of Korea to Japan.

WOMAN FLIES WITH WRIGHT

Mrs. Van Deman Is Companion of Wilbur in Short Flight. Army Officer's Wife Is First Woman Aviator in This Country.

College Park, Md., Oct. 27.—A diversion of more than ordinary interest from the daily flights here was furnished today by Wilbur Wright at the government aerodrome. Having coached his three army officer pupils to the point where they now are able to operate an aeroplane themselves, Mr. Wright had for a passenger a feminine enthusiast, Mrs. Van Deman, wife of Capt. Ralph H. Van Deman of the Twenty-first Infantry. The machine circled the aerodrome and was put through some intricate maneuvers.

THIRD WIFE DISCOVERED

Woman Says Gebhardt Married Her and Left Her in Russia. Police Are Looking Up Case of Woman Who Disappeared.

New York, Oct. 27.—Persistent efforts of the prosecution officers of Suffolk county, N. Y., to learn whether Frederick Gebhardt, the confessed murderer of Anna Luther, had engaged in a series of bigamous marriages and desertions were rewarded in a measure today by the finding of a woman who declares that Gebhardt, then known as Otto Mueller, married her in Russia fourteen years ago.

DECIDE WALSH CASE THURSDAY

Judge Grosscup Sets Date for Ruling on Petition Over Bond.

Chicago, Oct. 27.—Judge Grosscup announced today that the United States circuit court of appeals decision in the government's petition for the cancellation of the bond of John R. Walsh, the convicted bank president, is at liberty will be handed down tomorrow.

BIG MEETING BEARS FRUIT

Conservation Organization Is Formed on Principles of Conference.

Plans Favored By Governors at White House to Be Carried Out.

New York, Oct. 27.—Nation-wide in scope and backed with the enthusiastic endorsement of President Taft, a movement was launched here today to appeal to the people of the United States for concerted action in preserving the natural resources of the country.

NEW REPRESENTATIVE OF AMERICA IN ROUMANIA

John Ridgely Carter, first secretary of the American embassy, London, is to leave soon for America to see Secretary Knox and get instructions before departing for his new post.

THIRD WIFE DISCOVERED

Woman Says Gebhardt Married Her and Left Her in Russia. Police Are Looking Up Case of Woman Who Disappeared.

New York, Oct. 27.—Persistent efforts of the prosecution officers of Suffolk county, N. Y., to learn whether Frederick Gebhardt, the confessed murderer of Anna Luther, had engaged in a series of bigamous marriages and desertions were rewarded in a measure today by the finding of a woman who declares that Gebhardt, then known as Otto Mueller, married her in Russia fourteen years ago.

REWARD FOR DYNAMITERS

Indianapolis Men Are Raising \$10,000 for Arrest and Conviction.

Labor Bodies Add to the Fund and Demand That Non-Union Men Quit.

Indianapolis, Ind., Oct. 27.—The police department having thus far failed to make an arrest in connection with the explosions of dynamite that wrecked buildings in several parts of Indianapolis last Sunday night, Frank H. Wheeler, a manufacturer, started with \$1,000 today a fund of \$10,000 to be offered by business men as a reward for the conviction of the conspirators that caused the explosions.

THIRTY-FIVE ARE MISSING

Survivors of Wrecked Steamer Believe Captain and Others Are Dead.

Eastport, Me., Oct. 27.—Beyond a shadow of doubt, in the opinion of the survivors and Grand Manan people, Capt. Calman and thirty-four men of his crew of the Donaldson line steamer Hestia, who put off in their boat after the steamer struck the ledge at Grand Manan yesterday, are lost.

There are a great many reasons why the vast majority of Duluth mothers consider this

Duluth's Best Boys' Store

FIRST of all, because the quality and character of every garment shown here is the highest it's possible to buy or sell. Like the boys themselves, it's growing—and the comprehensiveness of our caterings is responsible for it. Parents find here what they are seeking. A practical stock—full and complete—going just as high in price as there can be legitimate quality to warrant, and as low in price as can be safeguarded by our invariable guarantee. Our connections give us advantages that are reflected in our values and prices. We have a prestige among the best makers of Boys' Clothing that gives us first choice and confidential prices.

Extra Special Values in Boys' New Fall Suits \$6
For boys of all ages—choice
Other Grades—All the Popular Models, \$4.50 to \$12.

Boys' Duplex Suits Double-breasted Knickerbocker Suits, with TWO PAIRS OF PANTS, in neat patterns of worsted and cheviot, reliably made and trimmed—\$5.00.
Reefers & Russian Suits Boys' medium and heavyweight Reefers and Russian Overcoats, plain and fancy effects, tastefully trimmed. Sizes 2½ to 10 years—\$5.00 to \$12.

Boys' Overcoat With Auto Collar A splendidly tailored garment in mannish effect—an exceptional value at **\$15**

The Printing Point

Good typewritten letters convey an impression of good business methods, and the machine is often responsible for the appearance.

THE UNDERWOOD

types always reach the proper printing point. The type-bar operates through—or with—a guide—a feature peculiar to the Underwood. The type must go right. There's no other way. It cannot wobble. Good looking work is assured, and the Underwood features prevent operator's blunders.

The simple mechanism which secures perfect work in the Underwood is a mighty interesting exhibit of ingenuity and skill. Why not come look at it? Knowledge of the Underwood will help you to just as much knowledge of the Underwood Standard Typewriter as you choose to acquire.

"The Machine You Will Eventually Buy."

IVORY FROM SIBERIA.
Washington Herald. Discussing the production of ivory, Vladimir Fedoroff of St. Petersburg, Russia, said Siberia furnishes a large quantity of ivory to the markets of the world, but that the production of it belongs to another age and to a species of animal that does not now exist.
The ivory is cut from the tusks of mammoths whose skeletons are found in masses of ice or buried in the mud of Siberian rivers and swamps. The northern portion of the country abounds in extensive bogs which are called urmans. In these are found the tusks of the mammoth, from which it is inferred these animals lost their lives venturing upon a surface that would not bear their weight.
Even to wild animals these urmans are forbidden ground. The nimble stepping broad hooved reindeer can sometimes cross them safely in the summer time but most other large animals attempting to do so would quickly be engulfed, and this may be a partial explanation of the remains of the mammoth and the rhinoceros which are so abundant and so widely diffused through these northern marsh lands of Siberia.
In the museum at Tobolsk are numerous specimens of mammoth and throughout that region they are by no means rare. When an ice pack breaks down a river bank or floods tear up a frozen marsh or even some of the Russian settlers persist in the belief that they are specimens of animals which still live, burrowing underground like moles and dying the instant they are admitted to the light.

While a diamond is almost perfectly transparent to the rays of the X-ray machine, its spurious counterpart is almost perfectly opaque. In this way the most ingenious imitation of the diamond may readily be detected. Scientists and the public in general agree that Golden Grain Belt Beer is the favorite home beverage. Serve it regularly with your meals and enjoy its health-giving qualities. Order of your nearest dealer or be supplied by Duluth branch Minneapolis Brewing company.

The cost of living will be reduced if you buy groceries at wholesale of Barthe-Martin company.

ORIGIN OF SAILORS' COLLARS.
London Globe. In the course of an after dinner chat, recorded in Sir Al. West's "Recollections," the late Admiral Sir Harry Keppel, who served in the navy under four sovereigns, said that the blue collars worn by sailors had their origin in the dressing of the pirates—which Sir Harry recollected being in use when a blue cloth was put on the men's shoulders to keep the grease off their jackets. The pirates disappeared, but the collars remain to this day.

ADDITIONAL SPORTS

SCOTS ARE ANXIOUS

Curlers Are Beginning to Watch the Thermometer Each Morning.

Committees Appointed—Rink Has New Roof This Year.

This cool weather is inspiring to the curlers and each morning as the thermometer shows their way-downward, long and anxious glances are cast unconsciously in the direction of the curling rink at Third avenue east.
The lovers of the great Scottish game are figuring on getting busy very soon. They hope to have their first skating and curling on Thanksgiving day.
At a recent meeting of the club committees were appointed for the coming season and plans made so that games can be under way in a very short time, if the weather permits.
The house and ice committee consists of F. P. Heimick, Ron Smith and T. F. McGilvray. This committee will also act as the curling season, during the coming curling season.
The games committee consists of G. H. Feetham, Guy Warren and John McGregor.
Alex Macrae was appointed a director to fill the place left vacant when C. T. Fairbank left the club.
Work on the new roof has been completed, and there will be nothing to delay the game since the weather becomes cold. The old roof was badly in need of repair, and at a meeting held before the close of the season last year, the committee decided to rebuild the building.
Just what method will be taken this year in regard to the new rink is not at this time known, but it is expected that a new rink will be ready for occupancy before next season.

MAKING A GAME ON THE RANGE

Virginia City Football Team Anxious to Meet the Spaldings.

The Virginia city football team is anxious to clash with the Spalding team of this city.
A letter was received today from the manager of the range team, who offers to let the Spalding team play any time the team with the baseball name.

He would prefer to play two games, in Duluth and the other in Virginia. The Spalding team is said to be satisfactory to the Spaldings and it is expected that the two teams will play at Virginia the coming Sunday.

Virginia has a fast team composed of old college players and they have been practicing hard for some time. They have defeated everything on the range in their class and wish to brush up and meet the other fast teams of the state.

The eleven best players at Virginia and large crowds turn out to the games.
The Virginia team would also arrange a game with Grand Rapids, but would prefer to meet this team at Virginia.

PICKS GOPHERS AS THE WINNERS

Minnesota Will Defeat Chicago, Says St. Paul Football Expert.

W. E. ("Bill") Witherspoon, city ticket and passenger agent of the Minnesota and St. Paul railroad at St. Paul, and one of the closest followers of amateur sporting events in the Twin Cities, is here today with a message of encouragement concerning the chances of the Minnesota team in the game Saturday.

Mr. Witherspoon, being such a good friend of a lot of other good friends of the team, has been privileged to see the field. He believes that the University of Minnesota will be victorious over the great team that Stagg is sending to Minneapolis.

Never in the history of football in Minnesota has there been such a great interest manifested in the game, according to Mr. Witherspoon. When Mr. Witherspoon left St. Paul the only tickets left were the \$1.50 ones. The mail order business has been the largest in the history of Minnesota football.

The statement of Mr. Witherspoon is borne out by local conditions. Already most of the tickets placed with local railroads have been disposed of. People from the Twin Cities are telephoning and writing here with the hope of securing good seats. These requests have been refused, for it is estimated that Duluth people will take over the tickets that are offered in this city.

It is not definitely known as yet whether the Great Northern, Northern Pacific or Northwestern will run special trains to the Twin Cities. If the interest in the big game continues growing, it is possible that specials may be run from Duluth Saturday morning.

Mr. Witherspoon says the interest is

SOME ONE HAD A BAD DREAM

The \$100,000 Story for Jeffries-Johnson Fight Proves Mythical.

New York, Oct. 27.—A report telegraphed from California last night that N. S. Needham of Coalinga, Cal., had offered \$100,000 for the forthcoming Jeffries-Johnson fight, could find no confirmation here today. At the Jeffries headquarters Sam Berger, speaking for the fighter, was inclined to doubt the story.

No telegram or communication of any kind has been received from Mr. Needham or anyone from Coalinga or elsewhere offering \$100,000 for the fight. We would be pleased to secure such an offer but it has not been made, said Berger.

Jeffries himself laughed at the story and said: "Perhaps the wires got crossed." He took a brisk walk through Central park and up Riverside drive. Some time this afternoon he is to pay a second visit to the surgeon, who removed a splinter in Jeffries' right nostril yesterday. Jeffries is to have his left nostril cleared in similar fashion.

Regarding Johnson's telegram asking for an appointment with Jeffries here tomorrow Berger today would make no comment further than to say that the two fighters would probably meet tomorrow night.

AUTOS USE ROUTE OF CONFEDERATE ARMY.

Gettysburg, Pa., Oct. 27.—The automobiles in the run from New York to Atlanta left here at 7 a. m. today for the third day's journey. The run today is to Staunton, Va., 108 miles. The route is over the same road used by the Confederate army after the battle of Gettysburg.

Newmarket Results.
Newmarket, Eng., Oct. 27.—An all-day selling plate of 103 sovereigns for 2 years old and upwards, distance five furlongs, was won today by Honorable Finders was second and Hackler's Beauty third. Among the sixteen starters was August Belmont's Perseus, which was unplaced. The new purse plate of 400 sovereigns for 2 years old, distance five furlongs, was won by Catrill. Mignonette was second and Maud Portland third. There were sixteen starters, including H. P. Whitney's St. Castle, H. and Charles Carroll's Washoe, but neither of these horses secured a place.

Powers Re-elected.
New York, Oct. 27.—Patrick T. Powers was re-elected president of the Eastern league at a meeting of the organization today.

LOUIS C. MEINING PASSES AWAY

Pioneer Resident of Duluth Succumbs to Heart Failure.

Louis C. Meinung, 55 years old, and a resident of Duluth since 1890, died this morning at his home, 922½ West Fourth street. Death was due to heart disease. Mr. Meinung having been ill for some time. He was a son of the late Louis W. Meinung, and is survived by his mother, Mrs. Johanna

Meinung, and the following sisters and brothers: Mrs. F. H. Borer, Miss Clara Meinung, Miss Louise Meinung of Winnipeg, and John R. T. J. and Henry C. Meinung. He is also survived by his widow and three children, Mrs. Charles Meinung, Miss Florence and Master Charles. Mr. Meinung has been with the Marshall-Weiss company for nine years. The funeral will take place Friday.

RAILROAD NEWS

PLEASES GRAND FORKS.

New Train Service With Devils Lake Gives Satisfaction.

Grand Forks, N. D., Oct. 27.—(Special to The Herald.)—Grand Forks is immensely pleased with the change that will be made next Sunday in the train service on the Great Northern railroad, and which will provide for a daily all-day service between the city and Devils Lake. This train will carry a territory that at present has no morning trains to the city, and add to the shopping advantages of Grand Forks.

The change on the Northern Pacific, which provides for the operation of the Pembina-East Grand Forks local to Fargo, is also welcomed, as it will as well as giving the north line visitors more time in the city, the train

J. M. Gidding & Co.

Feature for Tomorrow

Women's Tailored Suits \$25.00

Very practical and good looking styles in Broadcloth or Serge. New 40-inch Coats, satin lined and interlined. Kilt or cluster plait skirt. Practical colors as black, navy, brown, cawabwa, wine, myrtle, olive and slate.

Very Stylish Suits at \$27.50 and \$29.50

A good selection of models in diagonal weaves, unfinished worsteds, herringbone-cheviots, homespun, broadcloths and mannish hair-line stripes. Models conform to the latest fall fashions. Coats well lined with soft satin, and interlined for warmth. Staple colors.

Sale of Suits at \$32.50
Regularly \$39.50 and \$42.50

Two and Three-piece Styles, in Broadcloths and fine Men's Worsteds.
Fashionable 42 to 45-inch Coats, Silk-Serge or Skinner Satin lined, and interlined. A good selection of staple colors and fashionable shades—all sizes from 34 to 44.

Mocha Gloves
Special at 95c
Regularly \$1.25. All sizes—in black or colors. (Three days only.)

Women's Winter Coats

On account of the increasing demand for Separate Coats, and a marked scarcity of desirable styles in the coat market, we consider ourselves very fortunate in receiving the clever models which are daily coming in.

Serviceable and Stylish Homespun \$12.50

Semi-fitted styles, double-breasted, and buttoned close to the throat in protector style. These come in handsome dark-toned stripes.

Three Styles in Swagger Coats at \$19.50

Very stylish and practical Coats in the fashionable semi-fitted and "nearby-tight" models. Strictly plain mannish styles, or the new "Co-ed" (long-waisted) effect. The materials are the heavy new Skeve Suitings, Diagonal Weaves, Black and Taupe Broadcloths, English Tan Homespun and Double-faced Auto Cloths.

The Showing at From \$22.50 to \$50.00

Includes as swaggar and up-to-the-minute Coats as any metropolitan store can offer. The selections in style and material are such as give wide range to individual choice.

They are made in the very latest and most highly favored tailored mannish effects, and pretty semi-fitted or nearly-tight styles, relieved of severity by clever oddities of cut and finish. There are fine Broadcloths, and new heavy-weave Cheviots, Homespun, Zibelines, Diagonals and Fancies. Prices, \$22.50, \$25.00, \$29.50, \$32.50 to \$50.00.

Today's New Arrivals in the New Co-Ed Skirts at \$10.00

Pretty Styles in black and Navy Voile or Serge—made in yoke effect, with deep kilt-plaited flounce, and liberal "Co-ed" fold.

Effective Styles in Popular Furs at Moderate Prices

Russian Lynx, Black and Sable Foxes, Blue and Black Wolfs, Jap Mink, Blended Squirrel, and Persian Paw Sets. Prices, \$12.50, \$15.00, \$18.50, \$25.00, \$35.00 to \$50.00.

Large and Complete Showing of High-Grade Furs
In Russian and Hudson Sable, Fisher, Natural Mink, Ermine, Black Lynx, White Fox and other favorite Furs. Prices, \$50.00 to \$350.00 Per Set.

"The Gidding Corner"—1st Ave. W. and Superior St.

ST. PAUL MAN MANAGER OF THE WESTERN PACIFIC

San Francisco, Cal., Oct. 27.—F. R. Jeffery was elected president of the Western Pacific railroad here yesterday, following the election of directors at the annual stockholders' meeting. Charles M. Levy of St. Paul, formerly third vice president of the Northern Pacific, was elected second vice president and general manager.

The following directors were chosen: George J. Gould, F. R. Jeffery, Edward Hawley, F. W. McKee, James C. Jeffery, C. H. Shack, Charles M. Levy, W. J. Shotwell, V. C. Boque, Warren Olney, Jr. Charles W. Schlacks and J. F. Evans.

WEST END ARRESTED FOR THEFT OF GRIP

West End Man Accused of
Larceny By Hotel
Proprietor.

William L. Drury, 30 years old, a railroad man, who has been residing at the Esmond hotel for the past few months, was arrested this morning by detectives from police headquarters on a charge of petit larceny.

Drury is accused of attempting to make away with another man's grip. The loss was reported to the hotel proprietor, who started an investigation. Drury had just paid up his board bill and had stated his intention of leaving the city. Before he got away he was arrested by the detectives. He will probably be arraigned today in police court.

New Members Admitted.

Six new members were admitted to the French Naturalization club last evening at its meeting at the St. Jean Baptiste hall, twenty-fifth avenue west and Third street. After the business session, the affair took on the form of a card party and smoker.

FOR THE CHURCH FUND.

Money for Expenses to Be Raised
By Norwegian-Danish Ladies.

All arrangements have been completed for the annual supper and bazaar of the Ladies Aid Society of the First Norwegian-Danish M. E. church, which will be given tomorrow and Friday evenings at the church, Twenty-fourth avenue west and Third street.

The proceeds of the affair will go towards the current expenses of the church. Mrs. P. C. Hanson is the president of the society. The other officers are: Mrs. John Hauer, vice president; Mrs. P. L. Mortensen, secretary; Mrs. Gilbert, recording secretary, and Mrs. G. A. Anderson, treasurer.

Taken to Hospital.

Joseph Symington of the United States block, one of the two West end men who were marooned for four days on a floating log in Mud lake, has been taken to the Northern Pacific hospital at Brainerd. He has been suffering of late with neuralgia of the nerves of his right foot. He is said to be improving.

West End Shortrills.

Prayer meeting services will be held tomorrow evening at the Swedish M. E. church, Twentieth avenue west and Third street.

Rev. James L. McBride of 2117 West Third street will leave Friday for Minneapolis, where they will attend the Minnesota-Chicago football game.

The Dorcas Circle of the Swedish Lutheran church will meet tomorrow afternoon at the home of Mrs. Gust Johnson of 2118 West Fourth street.

The Epworth League of the First Norwegian-Danish M. E. church held a literary and business meeting at the church parlors last evening. A good program was given.

A dancing party was given last evening at Columbia hall by the ladies of Beta council, No. 2, Modern Samaritans. A large crowd attended.

Mrs. A. F. Swanson entertained the First Aid Society of the Second Presbyterian church at her home, 2523 First street, this afternoon.

Arnold Swenson has gone to Oshkosh, where he will be the guest of friends and relatives for a few days.

An informal reception will follow the monthly meeting of the official board of the Grace M. E. church, to be held at the home of Rev. and Mrs. Stockham, 319 North Twenty-second avenue west. A musical program has been arranged. Refreshments will be served.

Harvey Mason is back from a hunting trip to Mud lake.

The Junior Endeavor Society of the Second Presbyterian church will meet tomorrow afternoon at 4:30 o'clock at the church, 1515 West Superior street.

Funeral services were held this afternoon for Frederick Olson of 2521 Huron street, who died Monday morning as a result of an accident which occurred two weeks ago. The funeral was held at 1:30 o'clock from the undertaking parlors of Olson & Crawford, and at 2 o'clock from the Zion Norwegian Lutheran church. He was buried at Park Hill cemetery.

The cost of living will be reduced if you buy groceries at wholesale of Barthe-Martin company.

SCHOLARSHIP BY NEXT YEAR

J. Adam Bede's Lecture First Effort to Raise Fund.

The undergraduates at the high school are keenly interested in the work of the alumni association and many committees from the various classes have been working for the lecture which will be given tomorrow evening at the high school assembly hall by J. Adam Bede. This lecture will be the first effort to raise the Smith scholarship fund, and it is hoped to have the scholarship available by the beginning of the next school year.

The proposed plan is to have a fund of \$5,000, and the interest from this sum available each year for a high school graduate. The Duluth High School Alumni association was organized early in the autumn with this end in view.

Mr. Bede, who is contributing his services to the association, will lecture in Duluth tomorrow evening and at Tower Friday. He has been East on a lecture tour during the last ten days.

Mr. Bede is one of the brightest speakers of the state and tomorrow evening will be heard in a typical lecture. During his term in congress he was known as the wit of the lower house, and many Duluthians will welcome this opportunity of hearing him, as he has not lectured in Duluth for some time.

STEEL CORPORATION IS TO BUY NINE BREWERIES.

Pittsburg, Pa., Oct. 27.—The United States Steel corporation has decided to make an effort to control the drinking of 25,000 persons in Fayette county, Pa., who are interested in the manufacture of coke, and will invest \$10,000,000 in a project to obtain possession of nine breweries now running in the county.

While the effort to merge these breweries is conducted in the name of the Pittsburgh Brewing company, it is understood that the steel corporation

is back of the whole move and will regulate the drinking of the foreigners, it being figured that at least 5 per cent better at least a gleamed on the millions invested there by regulating the drink of the coke worker—permitting him to drink, but stipulating where and when he shall drink.

The sale of beer by the keg or by the barrel to the coke worker is what the corporation objects to, and this it will try to remedy.

For more than a year figures have been gathered on drinking among coke workers, and it is found that for seventy-two hours after each pay day the coke ovens do not run more than twenty-four hours, and there is scarcely a day when hundreds of tons of coke are not ruined by inability to get proper meat to care for it in the ovens.

The cost of living will be reduced if you buy groceries at wholesale of Barthe-Martin company.

CANOE CAPSIZED.

Two Brainerd Hunters Are Nearly Drowned in Rice Swamp.

Brainerd, Minn., Oct. 27.—Ray Paine, a popular clerk for Louis Hohman, and Andrew Anderson, the janitor at the Lincoln school, had a narrow escape from drowning Sunday afternoon.

They, in company with Jake Paine and Raymond Turcotte, were duck hunting on a rice bed near Gull River, Paine and Anderson went out into the rice bed in a Peterborough canoe to take in their decoys. In reaching after one of the decoys the boat upset throwing both of them into the marsh. It was like all rice beds, a miry bottom and so thick with the

rice and mud that it was impossible to wade or swim.

They began to yell for help and were heard by R. J. Tinkelpaugh and A. Aherton, who were putting out decoys at the other end of the lake a mile away. They made a lively record for that mile, both being good hands with the paddle. They had George Keene's small duck boat, and when they got to them succeeded in getting one man across the decking at each end, and paddled to shore with them.

MORSE DENIES THAT CROKER WILL AID HIM.

New York, Oct. 27.—Richard Croker's trip to the United States this fall is not in response to a call for aid from Charles W. Morse, according to a statement by Mr. Morse himself. "Not a word of truth in it," was the note which Morse, a prisoner in the Tombs, penciled on the bottom of a written reply.

OIL TRUST FINED \$65,000.

Texas Will Execute Ousters Under Anti-Trust Law.

Austin, Tex., Oct. 27.—The Standard Oil Company of Indiana was yesterday fined \$65,000 in the district court here for violation of the Texas anti-trust law.

The Security Oil company confessed to having entered into a combination in violation of the Texas anti-trust law in the district court, and judgments amounting to about \$175,000 were entered against the companies by Judge Calhoun. Forfeitures of charters, permits and ousters from the state will at once be prepared by the court and executed.

The suits against the Standard Oil Company of New Jersey and the National Transit company were dismissed without prejudice. The Union Tank Line company was fined for the value of sixty-five tank cars of oil, which were not in possession of the state. When the state rested its case counsel for the defendant companies at once confessed judgment.

WHISKEY FOR LAME BACK

Unusual Prescription by Renowned Physician in Producing Wonderful Results.

The increased use of whiskey for lame back and rheumatism is causing considerable discussion among the medical fraternity. It is an almost incredible cure when taken properly. The following is the formula:

To one half pint of good whiskey add one ounce of Tonic compound and one ounce syrup Sarsaparilla compound. Take in tablespoonful doses before meals and before retiring.

Any druggist has these ingredients, and they are very easily mixed.

GOVERNOR TAKES UP CONSERVATION

State Congress to Be Called to Meet This Winter.

St. Paul, Minn., Oct. 27.—(Special to The Herald.)—Governor Adolph O. Eberhart expects to summon a Minnesota conservation congress this winter and as soon as he returns from the deep waterways congress in New Orleans will give the subject earnest attention. He has come to realize the need of systematic and concerted action for the preservation and development of the state's resources and since his ascendancy to the chief magistracy has become imbued with the idea that one of his duties to the people is to take the lead in the movement.

Adopts Commission Plan.

Parsons, Kan., Oct. 27.—This city yesterday voted in favor of the commission form of government. The opponents of the plan were beaten two to one.

MORSE DENIES THAT CROKER WILL AID HIM.

New York, Oct. 27.—Richard Croker's trip to the United States this fall is not in response to a call for aid from Charles W. Morse, according to a statement by Mr. Morse himself. "Not a word of truth in it," was the note which Morse, a prisoner in the Tombs, penciled on the bottom of a written reply.

Umbrellas

Next

WILL BE AN EVENTFUL DAY AT THE PANTON & WHITE COMPANY'S STORE. IT WILL BRING TO YOUR NOTICE THAT CHRISTMAS IS APPROACHING AND THAT, EARLY AS IT IS, WE ARE COMMENCING TO LAY OUR PLANS FOR THE EARLY PURCHASE OF

Christmas Gifts

OUR FIRST INTRODUCTORY OFFERING, WILL PROVE A FITTING ILLUSTRATION OF THE WONDERFUL BARAINS YOU WILL BE GIVEN FROM TIME TO TIME.

Read Carefully

Once every two or three years we get an opportunity to purchase an assortment of umbrella handles from our umbrella manufacturers. Some two months ago the well known firm of

Follmer, Clogg & Co.

offered us their entire line of sample handles, which originally cost them from \$7.50 to \$20; these are the samples that are submitted to them from foreign and domestic makers. Not two of them are alike, they are of the finest, most expensive materials, and the workmanship is the most exquisite that the highest skilled artisans can produce. There were 236 handles in all, and we have had them mounted covered with

New Rainproof Silk Taffetene

with Ottoman border, tassel and cover. The handles embrace absolutely the finest workmanship obtainable and consist of—

- Sterling Silver Handles, beautifully engraved.
- Sterling Silver Handles, gold plated, warranted for 10 years.
- Sterling Silver Handles, with hand-engraved pearl mounting.
- Gun Metal Handles, with sterling silver trimmings.
- Precious Wood Handles, with sterling silver trimmings.
- Sterling and Ivory Handles, with sterling silver trimmings.

There is not one in the entire lot of 236 worth less than \$10, some of them are worth up to \$22.50, the average worth being about \$15 each.

Now Listen!

We have on display a representative lot of these umbrellas in one of our west windows for your inspection. There will be none of them sold, promised or laid aside for any one previous to the hour and day of sale. ON SATURDAY MORNING AT 8:30 THEY WILL BE PLACED ON SALE ON

Bargain Counter No. 1

take your choice of the lot of them at the uniform price of—

\$7.50
EACH

Christmas H'dkerchief Sale

Our first exhibition and sale of Handkerchiefs will also take place on Saturday—over 150,000 dozen to choose from. They will be exhibited in the new Handkerchief department on Bargain Counter No. 2.

Prices to be in Friday Evening's Paper

The e to eight yard lengths of Calicoes, Ginghams, Suiting, fleeced back materials, Percaloes, Lawns, Dimities, Madras, Swisses, etc.—in fact, remnants of every known wash fabric, at ONE-FOURTH to ONE-THIRD OFF regular prices.

No Woman's Wardrobe is Complete

Unless in it are included a Dress, Robe, Tailored Suit, or other garments from the specious Garment Section of this, Duluth's greatest store.

Never have we shown such a thoroughly representative line, made from both Domestic and Foreign Fabrics—and keep this in mind—that no matter how well your suit may fit you, unless it is made of fashionable up-to-date materials, it is "passee," behind the times to the experienced eye.

The broad market we have to select from, combined with our proficiency in merchandizing, gives us many advantages in buying—our customers get the benefit.

Ladies' Tailored Suits

On Thursday we will specialize Suits at \$19.50—By specializing, we mean giving you values at this price, which cannot ordinarily be duplicated even at this store. They are of broadcloths, chevrons and wide wale worsteds, made up in the latest Fall styles—coats 44 to 48 inches long, lined throughout with fine satin. Skirts are neatly pleated, all are carefully tailored. They come in navy, brown, reseda, taupe and black. There are suits in the lot worth in the regular way up to \$25.00—

Thursday's price..... **\$19.50**

Popular Priced Millinery!

Our Millinery stock is without doubt more complete than any in Duluth, by which we mean that those whose desires are exclusive and whose hat allowance reaches up in the hundreds of dollars may select here with a surety of satisfaction—as may likewise those who have but a few dollars to expend. To prove this we are placing on sale—on Thursday morning—four specially priced lots of

Trimmed Street and Dress Hats

At **\$10.00, \$7.50, \$4.98** and **\$2.98**

At these prices we will sell modish hats, most of them made by our own expert designers and trimmers—copied from fine originals which themselves would sell for many times these prices. Here is an exceptional opportunity for those ladies, who, from either inclination or necessity, practice economy. Here are hats of style and quality—

Greatly—Very Greatly—Underpriced

We are making a very special feature of the new large Turbans, with the "Tam" crowns so very popular and scarce at present, they are trimmed with full drapes, and fur edges. Elsewhere they may be scarce—as are the popular beavers—here you may find them in abundance, and at prices absolutely right!

Children's Hats

Felt Hats for school and dress—a wide variety to choose from—each one a special value at its own price of

\$1.00, \$2.98, \$3.50, and up to \$5.00

Dress Goods Section

Our showing of Dress Fabrics for this season includes everything that has been deemed correct by the followers of fashion.

A rich and varied collection of the latest weaves in fancy Dress Fabrics, and a glorious collection of the absolutely correct colors in Broadcloths. We have these in all qualities and at a wide enough range of prices to suit the dress allowance of all.

ADVANCE IN PRICE OF BROOMS

Important Household Cleaning Article More Than Doubles in Cost.

The price of brooms is going up. This means it is going to cost more to keep the house clean than before.

On most of the grocery bills, the careful housewife has noticed that the price of this important household article has been advanced and on most of the bills has appeared a note, "The price of brooms has been advanced since a statement of your last account."

The cause of the advance is said to be the failure of the crops in Illinois and Oklahoma.

The price of broom corn has advanced so decidedly during the last six months that they are now selling at almost double the old prices. So pronounced has the advance been that many have abandoned their use and have turned to the more expensive but more durable bristle brooms.

Brooms that formerly sold for 25 cents now sell for as high as 55 cents. The wholesalers' prices on what is characterized as the cheapest grade of brooms is now \$4.50 a dozen. Some of the dealers are recommending the use of the bristle brooms at \$3 each, retail.

Six months ago broom corn was selling in Duluth at \$1.00 a ton. Now it is worth up to \$3.00.

"It Pays to Pay Cash."
THOMASSON
"THE FURNITURE MAN"

100 FELLOWS HALL BUILDING,
12 AND 20 LAKE AVENUE NORTH.

BARGAIN SALE OF FINE NEW RUGS!

My line of rugs must be seen to be appreciated. The lot includes every desirable make and in almost every size, from the small 2'x3' up to the 12'x18'—in grays, tapestry, Brussels, Royal Wiltons and French Wiltons.

BARGAIN PRICES

\$1.39 Special price for a fine lot of genuine Axminster rugs, patterns and sizes, assorted, \$2.50. Big bargain.

\$1.98 For a reversible Smyrna rug, big size, 36x72 inches, assorted patterns, fringed. Look around town; you will find these marked \$4.00.

\$3.98 Here is a dandy—size 12'x18'—feet by 7 feet, reversible Smyrna rug, fringed, elegant, great big rug; good big values at \$5.75.

\$6.95 For 3x12 Tapestry Brussels rugs. Think of it—less than you pay for a cotton Ingrain rug—made from remnants of carpet with borders.

\$23.75 For an 8'x10 1/2-foot Bigelow Wilton rug, beautiful patterns. You all know what the Bigelow Wiltons are. A remarkable value.

\$25.75 For 3x12-foot, same rug as described above. Don't miss this sale if you intend to buy a rug in the next year.

THESE PRICES

At this time mean much to you, as prices of all rugs are going to advance. Ask any dealer.

BOTH STILL RETICENT

Neither McKnight Nor Cheandle Has Yet Given an Answer.

They Are Now the Only Two Probable Opponents of Mayor.

The majority situation, as outlined yesterday by The Herald, seems to be conceded by politicians as the most likely that has been mentioned. Alderman A. G. McKnight, as the Republican opponent of Mayor Haven at the primaries in December, is getting considerable backing. Many expressions have been heard to the effect that he would put up as good a fight as any Republican that has been mentioned. He appears to be in a receptive mood.

He would make no positive statement today, but took exception to the supposition that he would get the support of the "lid" element. He declared that the lid question is already settled by the law. The only issue in this respect, he explained, is to the angle of the lid, whether it be tilted or not.

One of the men who has urged McKnight to get into the lists said that he would get many votes from the liberal element who are dissatisfied with the present administration. He asserted that some saloon men would also support him, as they have not been accorded the same privileges as some others.

The Democrats are heralding H. W. Cheandle, city clerk, as the man to lead the Bourbon banners to victory. Both Republicans and Democrats declare that he would make an excellent mayor, having a knowledge of municipal affairs second to no other man in the city. The people with whom he has come in contact for many years past express complete confidence in his ability. One of the strongest Republicans in the city said this morning that he would be the best man in Duluth that the Democrats could select.

MATEL TRIAL DRAGS ALONG

Few Features in Trial of Youth for Murder of Adolph Mattis.

The trial of Victor Matel, who is charged with murder in the first degree, dragged through the morning session in district court without any special features. The story, as it is brought out by the witnesses, is a sad one, having been told at the trial of the killing of Adolph Mattis and again at the last trial of Victor Matel for the murder.

An interesting phase of the present trial is the fact that most of the witnesses who were called by the defense at the last trial, have been called by the state for this trial. They will tell the same stories on the stand, but Assistant County Attorney Greene believes they should be vituperated for the state instead of for the defense.

The trial will probably not be concluded before Friday evening, as the state's case is lengthy and the defense will probably introduce considerable evidence. Little interest is being taken in the case by the public, if the attendance at court is any criterion, for the seats reserved for spectators are almost empty at every session of court.

BUSINESS OF PROBATE COURT

Petitions for Administration of Estates Are Filed in Court.

Vincenzo Barbieri filed a petition in probate court this morning, asking that Peter Suina be appointed administrator of the estate of Vito Barbieri, a son of the petitioner. The boy, who was 18 years old, died in the city, leaving property valued at \$1,000. Adolph Peterson, a petition asking that Edward Bromberg be appointed guardian of the person and estate of a minor child, they have property estimated to be worth about \$2,000.

Peter Cutich asks that he be appointed administrator of the estate of his brother, Thomas Cutich, who was killed in an accident on the range. The estate consists of a cause of action against Johnson-Duichy-Carey company growing out of the man's death.

The will of George T. Rose, superintendent of the Lake Superior division of the Northern Pacific railway, who died last week, was filed for probate this morning. The estate consists of personal property valued at about \$2,000. The widow is the sole devisee and the executor of the estate.

CRESCENT VIEW COMPANY.

New Corporation Will Hold and Deal in Real Estate.

Articles of Incorporation of the Crescent View company, a real estate concern, were filed with the register of deeds this morning. The incorporators are E. A. Merrill, A. M. Keith, H. L. Moore and W. A. Dule of Minneapolis. The officers and first board of directors are: W. M. Prindle of Duluth, president and treasurer; E. A. Merrill of Minneapolis, vice president, and William McKnight of Duluth, secretary. The company is capitalized at \$50,000, divided into 500 shares of the par value of \$100. The concern is very likely organized for the purpose of plating and putting on the market the tract lying just west of the Northland Country club grounds. The tract was purchased by Minneapolis parties through W. M. Prindle & Co. and is expected the Crescent View company is a holding company for the individual owners.

You can make some of your store hopes come true this summer—if you advertise as though you wanted to do that.

French & Bassett

NOTE THESE SPLENDID VALUES

A careful comparison of values and quality will prove beyond a doubt that this store offers you the greatest money-saving opportunities. Don't you think it worth while to look around? It certainly means a good deal to know where you can actually save money—not merely on paper, but a saving that makes your pocketbook fatter. This store offers you by far the lowest prices, it gives you better service, it gives you goods of the very best quality. Try trading here.

JEWEL

THE HEATER THAT GIVES

A THIRD MORE HEAT

WITH A THIRD LESS FUEL

The question of fuel is a big item of expense to you. You know after you have a big heater you can spend almost as much on coal as you spent for the heater unless you buy the right one—the one that by years of actual experience will save you more fuel and give more heat is a Detroit Jewel. Be sure to see and buy this heater—made and guaranteed by the largest stove factory in the world.

Detroit Jewel Heaters have larger cold air flues, this makes it possible to heat the home quicker, because these heaters radiating surface of any heater you can buy—we can prove this to your entire satisfaction. We offer you a fine large Detroit Jewel Heater with 15-in. firepot.

\$39.50

BUY A JEWEL AND SAVE FUEL!

We are glad to arrange easy, satisfactory terms for you on any range or heater you may select. Our terms are the lowest and easiest in the city. Every stove or range is fully guaranteed.

The Great and Grand
MAJESTIC
Malleable and Charcoal Iron
RANGE

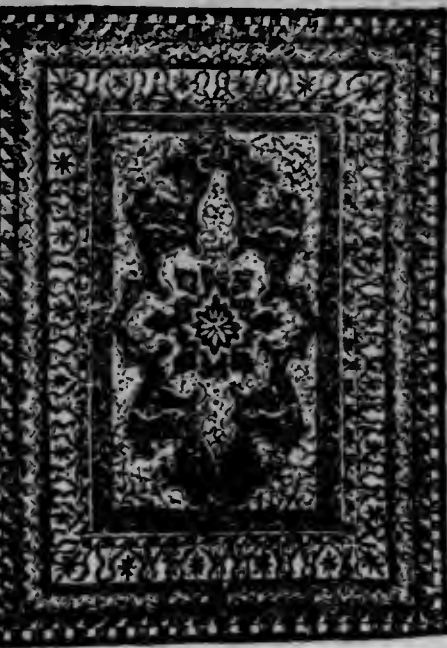

THE BEST MALLEABLE RANGE MADE

Is the MAJESTIC—it is the only range made of charcoal iron. This alone adds 300 per cent to the life of the range—it will never rust, corrode, or burn through. The Majestic people are the only ones using charcoal iron.

A MAJESTIC is the only malleable range that will successfully burn hard coal. They are built specially for hard coal—you get the best results and use less fuel.

MAJESTIC ovens are hand riveted—they are absolutely air-tight and bake quickly and perfectly—the best baking oven ever put into a malleable range is in the Majestic.

Polished steel tops—full and even draught over the ash pit door, and every range fully guaranteed—the best you can buy.

WHAT OUR EASY CREDIT PLAN MEANS TO YOU

It means that your home can be beautifully and comfortably furnished at small cost—and that you can pay us each month what you can afford. Our credit plan has none of the annoying features of the old-style plans.

LAST CASES ARE ON TRIAL

October Term of District Court Is Nearly at an End.

Calendar for November Term Is Expected to Be Heavy.

The October term of district court is drawing to a close, and preparations are under way for the November term, which opens in the new courthouse next Wednesday morning. Today is the last day for filing notes of issue for the November term calendar, and there is a rush on the part of attorneys to get their cases into the clerk's office in time to get them on the calendar.

The two cases now on trial will be the last jury cases of the October term and the last in the old courthouse, the jurors not in service having been discharged for the term. If the two cases are finished within the next two days, a few court cases may be heard, but the courts will be principally engaged between now and the opening of the November term in moving from the old courthouse to the new building.

Little progress was made by the court during October. 102 of the 147 civil cases on the calendar being continued to the November term. The case of Victor Matel, who was indicted at the September term of court, is expected at the next term, however, for the court will have two months to dispose of the calendar instead of one month, as in the case of the September and October terms.

Of the cases continued to the November term, fifty-three are jury cases and forty-nine are court cases. Of the latter, nine are divorce actions, and account of the large continued list it is expected that the November cal-

endar will be heavier than any since the legislative mistake, which added three terms of court to the number in this county, began to operate. The criminal business has been piling up fast, and much attention will be given it during the coming term. There are four murder cases to be tried, and two of them, those of Blom Osby and Mike Rossi, are especially important. None of those indicted at the October term of court is to be tried until November, so that they will swell the list which will result from the grand jury session next week.

It is very likely that Mike Rossi, charged with the murder of Antonio De Moe, in the Omaha railroad yards, last August, will be the first man placed on trial in the new courthouse. He has been in jail for several months, but the court has been so busy that no opportunity was presented to try him. On October 11, the Omaha grand jury next Wednesday the bar association would exercise opening the new courthouse. They will probably follow the call of the calendar at 10 o'clock, so that the grand jury will very likely not be charged until Wednesday afternoon. The petit jury will report a week from Monday.

FRIDAY EVENING IS THE BIG NIGHT

at the
LINCOLN PARK ROLLER RINK

A \$15 prize given away. Music by Marine band. Tickets, 25 cents, includes skates.

SIMPLE SERVICE FOR DEAD JURIST

Alton B. Parker Among Judge Peckham's Honorary Pallbearers.

Albany, N. Y., Oct. 27.—The funeral of Justice Rufus W. Peckham of the United States supreme court was held this afternoon from St. Peter's Episcopal church, Rev. W. W. Battershall officiating. There was no eulogy; simply the reading of the Episcopal service for the dead. Interment was in the family plot at Rural cemetery.

The honorary pallbearers included Chief Justice Melville W. Fuller and associate justices of the United States supreme court, Chief Justice Cullen and associate justices of the court of appeals, former Chief Judges Alton B. Parker and Charles Andrews of the same court, former United States Circuit Judge William J. Wallace, and several prominent Alabamians. Governor and Mrs. Hughes, former United States Senator David R. Hill, the supreme court justices of the Third judicial district, several federal judges and members of the Albany county bar were among those who attended.

Location, 16-12 Fourth Avenue West, Christie Bldg., CARTER, Prin.

DRAMATIST AND CRITIC IN DUEL

Writer Forgets to Shoot and Critic's Shot Goes Astray.

Paris, Oct. 27.—Henry Bernstein, the dramatist, and Francis Chevasu, a dramatic critic, fought a duel with pistols at Prince park today. Neither was injured. The critic fired and missed.

WANTS \$10,000 FOR INJURIES

John Wirta Brings Suit Against Range Stripping Contractors.

Claiming that the negligence of Butler Bros. was responsible for injuries sustained by him May 29 of this year, John Wirta has brought suit in district court to recover \$10,472.50, which he claims as damages.

The complaint sets forth that at the time of the accident, Butler Bros. Bulb. In connection with the work, they operated a railroad and it was necessary for them to make a cut in order to pass under the Great Northern tracks near Buhl.

Wirta says that he was a carpenter and on the day of the accident was engaged in his regular duties on a bridge over the cut made by Butler Bros. On the defendants' track, he says, a locomotive and a string of dump cars ran under the bridge. One

JUDGE FAINTS ON GETTING PAPER

Rumor of Indictment Is Followed By Dramatic Scene in Office.

New York, Oct. 27.—It was reported today that an indictment against Magistrate Henry J. Furlong of Brooklyn on the charge of accepting a bribe had been returned by the Kings county grand jury. When a document or paper of some sort was handed to the magistrate in his room as he was about to go on the bench of the Gates avenue police court, he collapsed and had to be taken to his home.

Magistrate Furlong was held recently to the grand jury following an investigation of alleged irregularities. The specific charge on which he was arrested then was that he had accepted \$16.66 as his share of a fee paid for a bail bond by a prisoner brought before him.

A certified check for 5 per cent of the amount bid must accompany each proposal said amount to be forfeited by the successful bidder if he fails to enter into contract and furnish a bond as required by law, within five days after award.

The right is reserved to reject any or all bids.

Mark envelope, "Bid—Fairmount School," and address same to the undersigned.

of the cars was turned on its side, he says, and caught some of the timbering, knocking down a part of the structure.

He fell with it, he says, three ribs were broken and he was otherwise injured. He claims he was in the hospital for forty-one days and has been unable to work since he was injured. He asks \$100 to pay his doctor and hospital bills, \$372.50 for loss of wages and \$10,000 general damages for his injuries.

NOTICE TO CONTRACTORS.
Sealed bids will be received by the Board of Education of the City of Duluth at their office in the Central High School building, up to 7:30 p. m. of Friday, November 5th, 1909, for the Heating and Ventilating, Plumbing and Gas-fitting and Electric Wiring of the new building to be erected on the site of the old building, according to plans and specifications on file in the office of A. H. Hunt, Architect, 307 Lonsdale building, Duluth, Minn.

Bidders wishing to bid upon more than one of the above items must present a separate bid covering each item bid upon.

A certified check for 5 per cent of the amount bid must accompany each proposal said amount to be forfeited by the successful bidder if he fails to enter into contract and furnish a bond as required by law, within five days after award.

The right is reserved to reject any or all bids.

A handsome nickel foot rail adorns this heater. It is also fitted with air tight drafts, heavy ash pan. It is one of the best stoves for all kinds of fuel made. Come in and let us show you many other good points about this heater.

Cadillac Desk Tables Are the Best

In buying a Cadillac Desk Table, you purchase two articles for the price of one. You save valuable floor and wall space usually occupied by the desk. The ink cannot be spilled, as ink well is sunk flush with desk-top. For letter writing, the desk is extended while stationary, correspondence, etc., may be distributed on table top out of the way. As a reading table rest book on extension desk while drop light, etc., remains on table top. "Desk-Tables" with book racks at ends are particularly good for library use.

As a combination toilet table and writing desk for the bed room, the "Desk-Table" is convenient and economical—place against the wall and hang mirror.

As a typewriter stand and writing desk the "Desk-Table" is very popular.

NEGRO GETS THE FIRST

Calvin Bowdry Will Have Choice of the Government Lands.

W. D. Engle, Whose Name Was First Drawn, Is Disqualified.

Aberdeen, S. D., Oct. 27.—With a total of 2,200 names drawn, the first day of the drawing for lands on the Cheyenne river and Standing Rock Indian reservations closed last night. With 20,000 persons eligible to file on 10,000 claims in the order of their numbers, the present land distribution is the largest of its kind ever held by the government. It will take at least five days to complete the drawing. Iowans seem to be far in the lead among the winners in outside states, and that state is pressing South Dakota hard for the total number of winners.

Butte, Mont., dispatch says that William D. Engle of that place, whose name was the first drawn, was disqualified three days ago when he filed on a homestead in Tripp county, S. D. Under the law Engle cannot make a second filing for government land. This will give first choice to Calvin Bowdry, whose name was the second drawn. He is a colored man, and is employed as a laborer by G. W. Wolbert, a hardware merchant at Bismarck, N. D.

List of Winners.

Following is a list of the winners

RECIPE FOR WEAK KIDNEYS

A recipe for weak kidneys and bladder which can be mixed at home or by any good druggist is as follows: "One-half ounce. Muxar compound, one-half ounce fluid extract Buchu, six ounces good pure gin." Take in doses of one to two teaspoonfuls three times a day after meals. Backache, rheumatic pains, frequent or highly colored urination, pain in the hip or groin, and dizziness, puffiness under the eyes, are symptoms which should have immediate attention to prevent chronic rheumatism, Bright's disease or diabetes.

Removes Poisons of Catarrh and Rheumatism From the Blood.

For catarrh of the head use a teaspoonful of salt and a quarter teaspoonful of borax dissolved in a pint of warm water. Snuff this mixture through the nostrils twice daily and immediate relief is experienced. To cure a constitutional blood remedy must be used. Catarrh and rheumatism are both due to accumulated poisons in the system. The poisons must be eliminated. The following simple home mixture effectually cures the kidneys, the bowels and the skin, causing them to resume their functions quickly and properly. Get one-half ounce fluid extract Buchu, one ounce compound fluid Balmwort, and two ounces syrup Sarsaparilla compound. Mix and take a teaspoonful after each meal and one at retiring. Many cases of catarrh, rheumatism, and kidney trouble have already benefited by this treatment.

450—Joel H. Ryan, Pipestone, Minn.

"DO IT FOR DULUTH"

Four Tons of Candy Made Here Every Day—Why Not Eight?

Sweeten your sweetheart with creamery chocolates and melting bon bon made in Duluth.

No mistake will be made in buying sweets if you tell the man that you want the kind that is made in Duluth. Your wife, your sister, or your best girl will smile more radiantly when she learns that the peace offering is a box of Duluth-made candy.

The candy manufacturing industry is no small factor in Duluth. Several large concerns and many smaller ones are turning out thousands of pounds every day of the year. They make everything in the candy line except gum and gum drops.

One of the best posted candy men in the city, a large manufacturer, estimated that about four tons, 8,000 pounds, of candy is made in Duluth every day. That's about 2,400,000 pounds a year, or thirty-two pounds for every person in Duluth, placing the population at 75,000. The same manufacturer figured that the candy industry gives employment to about 150 people, men women and girls, throughout the year.

A large part of this candy is shipped outside the city. And a great deal is received in Duluth from the outside. If everybody buying candy insisted upon getting candy made in Duluth, the local factories would expand, perhaps double.

A Nurse Says:

"In many years of nursing here, some of our best doctors have sometimes given me samples for my own personal use. I have never found any cathartic or laxative so effective as Blackburn's Royal-Pills for the elderly, the infirm, and have not had after-effects. I get Blackburn's Royal-Pills, I shall not use any other, and I think the Case Royal-Pills ought to be in every home, thus saving many a sick spell."

Blackburn's Case Royal-Pills are a pleasant, pure, tonic and purifier. Any reader can get a free trial pack from the Case Company, 1000 Broadway, New York, N. Y.

All well stocked druggists sell 10c and 25c packages.

449—Orko J. Mennenga, Henville, Minn.

CEREMONIAL—LAST OF THE YEAR

Duluth Shriners Are Planning Season's Last Big Time.

The members of Aed temple, the Duluth temple of shriners are planning their last ceremonial of the present year.

It will take place Friday, Nov. 5. In the afternoon there will be a business meeting to act on petitions and transact other business. The evening will be given over entirely to pleasure.

The last session of the year will be held at the Masonic temple. In the notice sent out, the celebration is called "Great Ceremony." The evening nobles are invited to be present.

The big minstrel show to be given at the Lyceum on the evening of Nov. 18 is according to Leon Eberhardt and A. F. M. Custance, the directors, going to be the biggest thing ever attempted by the local order. Rehearsals are going on twice a week and the big chorus of male voices which is to be a feature, is being rapidly whipped into shape.

The annual meeting of Aed temple will be held at the temple on the evening of Friday, Dec. 3.

BISHOP HARE'S BODY TAKEN TO SIOUX FALLS.

Philadelphia, Oct. 27.—Attended by six bishops, more than fifty clergymen and many laymen, the funeral services for Rt. Rev. William Hobart Hare, D. D., bishop of the missionary district of South Dakota, was held here yesterday in the Protestant Episcopal Church of St. Luke and the Epiphany. After the service, accompanied by members of his family, the body was taken on a train to Sioux Falls for interment.

DIRECTORY OF AMUSEMENTS

WHERE TO GO TONIGHT.

Crowds Enjoy Comedy.

Another large audience enjoyed the comedy, "A Gentleman From Mississippi," at the Lyceum last evening. The play will continue as the Lyceum's attraction throughout the week, and there will be another matinee Saturday.

NEWS OF THE NORTHWEST

HIS ESTATE NOT LARGE

Probably \$50,000 Will Cover Earthly Holdings of Late Senator.

Came to North Dakota Twenty-Nine Years Ago With Nothing.

Petersburg, N. D., Oct. 27.—(Special to The Herald.)—The estate of the late United States Senator M. N. Johnson is estimated in the neighborhood of \$50,000. For the present there will be no division of the property holdings. The estate will be managed by S. G. Skulason, the deceased senator's private secretary, and Ralph Johnson, his son, who has resided at Bronson, Minn., for some time, but who will leave there to take up his residence at Petersburg.

The estate consists of real and personal property. He had seven quarter sections of land valued at \$25,000; farmland and buildings valued at \$10,000; horses, cattle and other chattels valued at \$5,000. He carried only one life insurance policy, that being for \$1,000, and made payable to the estate. This fact makes it necessary to place the estate in the hands of the probate court.

Senator Johnson had been a resident of North Dakota since 1880, and when he came here, was practically penniless. The property is almost entirely clear of encumbrances of any kind.

OFFENDING ONE LOSES LICENSE

Bemidji Saloon Man Who Sold Liquor to Indians Out of Business.

Bemidji, Minn., Oct. 27.—(Special to The Herald.)—Without a dissenting voice the city council Monday night voted to revoke the license granted on Sept. 21 to T. Dugas. It was revoked at the request of H. A. Larson, special agent of the Indian department, who charged Dugas and one E. Gagnon, from whom Dugas leased his building, guilty of selling liquor to Indians.

A hearing was held, a notice of which had been served on Dugas to appear before the council and show cause why his license should not be revoked. Dugas was represented by J. J. Russell and the council heard the claim of the Indian department.

Mr. Larson stated that he had been present at the meeting to prosecute a case, but was there simply to request the revocation of the license in accordance with an agreement which had been made between the brewers' association and the saloon keepers of Bemidji, which was signed by all the saloon keepers of the city and wherein the saloon keepers agreed to the revocation of their licenses should any of them sell liquor to Indians.

Mr. Larson produced affidavits from three special agents who claimed to have spent some time in Bemidji and who stated positively that Dugas and Gagnon had sold intoxicating liquor to Red Lake Indians.

The matter was discussed at some length, at the conclusion of which the council voted to revoke the license. At the time the agreement was signed between the brewers' association and the saloon keepers Mayor Arthur G. Gibson and the city attorney McKusick also signed an agreement to assist in the enforcement of the state law relative to the selling of liquor to Indians; and the council of the city last evening was in support of the agreement signed by the officials.

ASSAULT IS MYSTERY. Just Why Grand Forks Woman Was Struck Down Not Explained.

Grand Forks, N. D., Oct. 27.—(Special to The Herald.)—The mysterious

assault on Mrs. John C. Dorgan on Monday evening in this city has not been cleared up yet, despite the investigation that has been prosecuted by the authorities.

The case is a very peculiar one. The woman was walking along Fourth street, within two blocks of the business district, when an unknown man emerged from the shadows of the church she was passing, and, holding a terrible blow near the ear. She fell to the walk, stunned for the moment, and then began screaming. Several men ran out of a nearby livery barn, among them the woman's husband, and gave pursuit of the then fleeing assailant, but in the darkness he made his escape. The motive of the assault is as yet unknown. At the moment the woman was felled the thug started running.

ATTEMPT ARSON AFTER BURGLARY

Home of Anoka Physician Visited by Burglars and Firebugs.

Anoka, Minn., Oct. 27.—(Special to The Herald.)—This community was wrought up over a daring attempt to rifle the unoccupied home here of Dr. G. K. Hagaman and then to cover the crime by applying the torch. That the house was not destroyed is considered a miracle. Dr. Hagaman went to Europe a short time ago and Mrs. Hagaman was in Minneapolis.

Thursday and Friday evenings last week a team was heard to enter the Hagaman premises by neighbors. Nothing was thought of it at the time. The burglars were barking and people passing on the street.

On Sunday morning, B. C. Smith, who has the key to the house, went over to see if everything was all right. He found the parlor and sitting room stripped clean of furniture, rugs, books, pictures, and in fact everything save the piano and sewing machine. A number of neighbors were summoned and a search of the premises made for evidence, but to no avail. The identity of the thieves. The home was found to be soaked with kerosene. They reported the facts to the officials and a man was secured to watch the place Sunday night. He was told to go out duty at the scene of the crime when the alarm of fire came in. The department responded quickly but the oil-soaked floors burned furiously. The building was badly damaged, and what little furniture that was left was ruined. Meantime Mayor Atkin called together a posse and the search of the West side of the river for any of the furniture which might have been hidden.

Under ten leaders that part of the city was divided into precincts and a squad of five men in each precinct awoke each resident and searched his premises. Every citizen gladly permitted his home to be searched. Many a man was aroused from sleep, but all appreciated the gravity of the case and the need to search.

The search lasted until well toward midnight. The department held a Monday morning. At a special meeting to offer a reward to the person furnishing information leading to the arrest and conviction of the guilty.

HANCOCK ELKS COMING.

About Twenty-Five Expected to Attend Duluth Elks' Celebration.

Hancock, Mich., Oct. 27.—(Special to The Herald.)—Exalted Ruler Charles A. Mayworm of the Hancock lodge of Elks has received an invitation for the celebration of the lodge to attend the laying of the cornerstone of the new Elks' temple in Grand Rapids, Oct. 29, and Mr. Mayworm has replied that he will be present.

The invitation was issued in connection with that of the dedication of the new temple of the Duluth lodge of Elks, the invitation to attend the celebration of the Elks' temple in Grand Rapids, Mich., on Oct. 29, and Mr. Mayworm has replied that he will be present.

Preparations for the departure of about fifty Copper country Elks for Duluth on Thursday night are being completed. The Elks from Hancock and the same number from Calumet will make the trip. A round trip rate of \$10 will be in effect from Oct. 28 to Nov. 1.

POTATO YIELD.

Northern Michigan Reports Are That They Were Up to Average.

Republic, Mich., Oct. 27.—(Special to The Herald.)—A canvass of the farms in that district indicates that, so far, the yield, while not the largest on record, is satisfactory. Prices are low, however, the farmers receiving only 10 cents a bushel for their potatoes.

The harvest in Baraga county is reported exceptionally good. The crop on many farms is averaging 300 bushels to the acre. The quality is good and the yield is up to the average.

In the same locality, almost 1,000 bushels of peas were harvested from thirty acres on the farm of Enos Aldrick. Samuel Burns of Germfask reported a yield of forty-two bushels of fall wheat to the acre. The harvest of oats in Schoolcraft county has been notably large. On many farms it has averaged upwards of eighty bushels to the acre.

NEW UPPER MICHIGAN BANK TO BE STARTED.

Marquette, Mich., Oct. 27.—(Special to The Herald.)—A new banking house in Upper Michigan is to be established at Stambaugh, Ontonagon county, the early part of November. It will be a state bank, organized under the laws of S. C. Coe, president of the First National Bank of Iron River. Otto G. Groschell will be the cashier.

The establishment will be known as the Bank of Stambaugh. It is a growing mining district and the mine and iron range and banking facilities have been demanded for some time past.

JUDGE STANTON'S DAUGHTER IS MARRIED AT BEMIDJI.

Bemidji, Minn., Oct. 27.—(Special to The Herald.)—A pretty wedding was solemnized at 2 o'clock Sunday at the residence of Judge of the Fifteenth judicial district, when Miss Letta Stanton, daughter of the judge, was married to

ter of the judge, was married to Courtland R. Sanborn of this city. The wedding was witnessed by only a few intimate friends of the bride and groom. Rev. H. P. Marshall, archdeacon of the diocese of Duluth of the Episcopal church, read the service of the Episcopal church and Miss Leah Bertram and E. J. Jerrard attended the bride and groom.

WHEELLOCK ON JOB.

New Governor's Private Secretary Is Now at the Helm.

St. Paul, Minn., Oct. 27.—Ralph W. Wheellock, private secretary to Governor A. O. Eberhart, is now on the job.

With the executive out of the state and due to be absent for the next ten days, Mr. Wheellock took up his headquarters in the room adjoining the governor's office yesterday and proceeded to greet all comers. He is also attending to the executive correspondence.

Frank A. Day, the retiring secretary will leave Monday. In the meantime he is removing his belongings preparatory to turning his room and desk over to Mr. Wheellock.

WOULD BE RANGERS.

Thirty-Two Candidates for Jobs Are Taking Examination.

Cass Lake, Minn., Oct. 27.—(Special to The Herald.)—Thirty-two men who would be forest rangers on the Cass Lake reserve are taking the examination here under the federal civil service commission.

The list of questions asked yesterday is declared to have been anything but a severe examination. The candidates are from all sections of the country.

FARGO VOTES AGAINST IT.

Filtration Plant Bond Issue Is Rejected by the Electors.

Fargo, N. D., Oct. 27.—(Special to The Herald.)—By a majority of 206 Fargo yesterday voted down the proposition of issuing \$65,000 in bonds to acquire a filtration plant.

The same issue was approved last spring by 1,800 majority but was defeated by a vote of 1,200 to 1,000 on account of being connected with a municipal light bonding proposition. The present action was taken following the refusal of the council to submit the municipal light question to a vote.

HARD TO KEEP MEN.

Contractors on Railroad Work Near Mandan Have Trouble.

Mandan, N. D., Oct. 27.—The railroad contractors, who are grading the two extensions of the Northern Pacific out of here, are experiencing considerable trouble in keeping men.

The contractors have work ahead of them and the result has been that many of the men have been shipped in, but not enough of them have been secured to do the work.

The contractors have work ahead of them and the result has been that many of the men have been shipped in, but not enough of them have been secured to do the work.

WANTED GAY FUNERAL.

Unique Last Wish of Kenosha Man Is Gratified.

Kenosha, Wis., Oct. 27.—Francesco Andreola, an Italian, who died on the operating table after an injury at the foundry of the Milwaukee road, had his last wish gratified.

Andreola wanted \$1,000 spent for the funeral of his son, who was killed in a coal mine. His friends saw to it that his last wish was carried out. The funeral was held at 2 o'clock Sunday at St. Joseph's church. The casket was carried by a band of forty pieces and every man who had known Andreola in life was invited to ride in the procession. Even his own marriages went empty to the cemetery.

JUMBO MAIL CARRIER DIES AT GREEN BAY.

Green Bay, Wis., Oct. 27.—Joseph Loukotka, believed to be the tallest man in the world, died at his home here of heart disease Monday at his home. He was 6 feet 8 inches in height and weighed 275 pounds. He was 40 years of age and is survived by a wife and two children.

Shops Working Nine Hours.

Devils Lake, N. D., Oct. 27.—(Special to The Herald.)—The Great Northern shops now working nine hours per day, the change having gone into effect Monday morning, the shops will

begin at 7:30 a. m. and quit at 5:30 p. m. The shops will work at 7:30 a. m. to 7 a. m., 7:30 a. m. to 12 m., 12:40 p. m. to 1 p. m., 5:30 p. m. and 6 p. m. The men will be given the usual half holiday on Saturdays.

BRYAN'S LECTURE PRICES WILL BE REASONABLE.

Ashland, Wis., Oct. 27.—(Special to The Herald.)—The price of admission to the William Jennings Bryan lecture at St. Agnes hall next Saturday afternoon has been fixed at 50 cents for adults and 25 cents for children.

Mr. Bryan will arrive here from Duluth on the 11 o'clock train and will speak for a few minutes in the forenoon. His lecture, so there will be no opportunity for a reception to the distinguished guest.

Trained Team Won.

Brainerd, Minn., Oct. 27.—(Special to The Herald.)—For the third time in two years Brainerd took the measure of the Aitkin football team Saturday. The Brainerd boys outclassed their rivals at every stage of the game, and except for a few minutes in the first half scored almost at will. The game was marred by penalty on both sides. The final score being Brainerd 26, Aitkin, 0.

Woman Editor To Retire.

Owatonna, Minn., Oct. 27.—Mrs. R. A. Ferris, one of the few women editors in the state, will announce her retirement from the editorial chair of the Owatonna Bee. For four years all of the work of the Bee has been done by Mrs. Ferris, who has acquired a reputation for pungent writing.

MINNESOTA BRIEFS

Rochester—Ernest Brown and C. C. Haug, one of the Chute sanitarium in a very bad condition. They were injured Saturday while working on the western railroad locomotive at Byron. Haug was the engineer and Brown was the fireman. Both were badly injured.

Manitowish—Charles D. Geddes, aged 64, a member of the law firm of W. R. & C. D. Geddes, of this city, who had been in the city for many years, died in his apartment over Otto's grocery store Monday night. He was a well-known citizen and a member of the local lodge of Elks.

Brainerd—Announcements have been received in this city of the marriage of Miss Elma Woodman, formerly of Brainerd and Howard R. Adams, a local resident, who was married at Wash, Saturday, Oct. 9, and the young couple will make their future home at Wash.

Moorehead—County Auditor O. P. Fergus, announced that the tax rate for next year for the city of Moorehead will be 22 mills, as against 23 mills for the present year. The reduction is due to the cutting off of \$1,000 of the school levy and a small reduction in the levy for state purposes.

Crookston—The annual convention of the Red Red Valley Horticultural society will be held at Crookston Friday, Nov. 19, morning and afternoon sessions. The program will include a display of horticulture at the Minnesota university, and a display of the products of the local industry.

P. O. E., has decided to give a minstrel show for the benefit of the local hospital. The show will be held at the local hall on Thanksgiving night, Nov. 25, and already preparations for the event have been made. The show will include music, both instrumental and vocal, etc.

Langdon—Sunday evening Jake Andrist's big Newfoundland dog had a leg cut off sick and clean by an automobile near the Andrist residence. The dog was shot.

Fergus Falls—C. A. Turner, the engineer who planned the Mill street bridge, was here recently. He said he had no fears for the safety of the structure.

Langdon—C. A. Barrett of Chicago has taken a three-year lease of the LaRue building, formerly occupied by the Sears County bank, and will open a general merchandise store very shortly.

DAKOTA BRIEFS

Fargo, N. D., Oct. 27.—All Northern Pacific traffic was tied up all day Monday because of a bad freight wreck which occurred at 7:10 a. m. one mile east of Dawson. Part of a through freight train left the track and seven cars were entirely demolished and their contents strewn all over the right-of-way.

Langdon, N. D.—Joseph Kramer pleaded guilty in justice court before Justice Levaney to assault and battery of his wife and daughter, as charged in the information, and paid his fine and costs of trial.

Blomark, N. D.—Mal E. R. Kennedy of Oakes is in the city to settle up the business of the Whitehouse Battlefield Monument association with the state auditor. He returned from California last spring very much improved in health and carries his four-score years well.

Fargo, N. D.—The rapidly with which the price of lands is advancing in the western part of the state is a matter of surprise to a lot of people who had failed to keep in touch with the situation.

Stanley, N. D.—Dave Kern, a former resident of Stanley, is back to Stanley and is so anxious to get back to Stanley and see good people there that he has taken the entire distance, 150 miles, camping out on the prairie one night.

Grand Forks, N. D.—Word was received in Grand Forks Sunday of the death of Wesley Taylor of Oakes, Minn., a local lodge of Elks. The funeral took place Tuesday afternoon at 2 o'clock in Room 107. Mr. Taylor was engaged in the hotel business and was very well known.

Lugawood, N. D.—A. W. Movius of

Yankton, S. D., a brother of the Movius brothers of this city, died as a result of an illness with which he has been afflicted the past year.

Valley City, N. D.—The many friends of Prof. Hollis of the normal will regret to learn that he is yet confined to his home. He attended to a portion of his duties last week, but is again confined to his home. He has not recovered from the operation which he underwent at Fargo.

PENINSULA BRIEFS

Hancock—Additional protection will be secured for the city's residents on the arrival of the chemical engine ordered recently for the fire department. The machine was shipped to this city from Elmira, N. Y. on Oct. 19 by the La France Fire Engine company, from whom it was ordered.

Lake Linden—Maurice Campbell has received word of the death of his brother, Andrew Campbell of Leadville, Colo. Andrew Campbell of Leadville, Linden boy. He was born 61 years ago in Keweenaw county and twenty-four years ago went to Leadville, where he has since resided. A message has been received to the effect that Steve Erick, aged 20, died in Northern Idaho. Details were very meagre.

Hancock—The annual meeting of the St. Joseph society of the St. Joseph's church will be held on Oct. 31 in the church parlors. The St. Joseph's church and the officers will be elected for the ensuing year.

Saturday while working on the western railroad locomotive at Byron. Haug was the engineer and Brown was the fireman. Both were badly injured.

Manitowish—Charles D. Geddes, aged 64, a member of the law firm of W. R. & C. D. Geddes, of this city, who had been in the city for many years, died in his apartment over Otto's grocery store Monday night. He was a well-known citizen and a member of the local lodge of Elks.

Monday from Chicago where he has been undergoing treatment for some time for cancer. His condition is precarious and it is said he cannot long survive.

WISCONSIN BRIEFS

Sheboygan—Celesta, the 4-year-old daughter of Mr. and Mrs. Joseph Arle, was run down by a street car Monday afternoon and instantly killed. The accident was witnessed by fully 100 people.

Renosha—The remains of an unidentified man killed on the Monon railway, seventy miles south of Chicago, are supposed to be those of William Scott, a well-known young man of the village of Wilmet, west of this city. Scott disappeared from his home many years ago.

Beloit—A freight car jumped the track and toppled over on the coal office of Askin & Green Monday afternoon. Several men in the building narrowly escaped injury.

Racine—John H. Pell, aged 72, one of the first German settlers in Racine, who was one of the first schoolteachers built here, is dead.

ON THE IRON RANGES

WATER PLANT FOR GILBERT

Growing Range Village Decides Upon an Important Step Forward.

Plans Also Maturing for Giving Town Light and Electric Power.

Gilbert, Minn., Oct. 27.—(Special to The Herald.)—At a meeting of the council Monday night, J. B. Thompson, cashier of the First National bank, was appointed to go to Chicago at once and purchase pipe to equip Gilbert with water works.

The water will be brought to the city from the Gougeon river to the town steel water tank now being erected near the high school. There will be four 12-inch mains, those for the village running on Summit avenue and down the different streets from there to Broadway.

Bids were received for wiring and equipping for electric lights. The Oliver Iron Mining company will furnish the power, and the village will contract for laying sidewalks on Minnesota avenue, the walk to be eight feet in width and a three-foot walk from Minnesota avenue to the high school on Broadway.

The council will meet again this week to decide on the location of hydrants.

VERY BAD FIRE SCARES BOVEY

Starting in Feed Store, a Block, If Not Village, Is Threatened.

Bovey, Minn., Oct. 27.—(Special to The Herald.)—This village was threatened with perhaps destruction by fire Monday evening. Energetic work by the fire department, aided by the Coleraine department, probably saved a block in the village. The feed store, if not the entire village, would have been destroyed.

Shortly after 6 o'clock fire broke out in the new feed store of Russell & Co., and in less than an hour two stores were a total loss and one badly damaged. The buildings were owned by Russell & Co., the feed store was owned by the same firm, and the building was owned by the same firm.

The fire broke out in the feed store, which was owned by the same firm, and the building was owned by the same firm. The fire broke out in the feed store, which was owned by the same firm, and the building was owned by the same firm.

EVELETH PEOPLE IN NEW COMPANY

Cedar Island Mining Company Will Work Famous Shea Homestead.

Eveleth, Minn., Oct. 27.—(Special to The Herald.)—A mining company has been organized here, called the Cedar Island Mining company, with a capital of \$75,000.

Shares will be sold at \$1 each, and it is expected many shares will be sold to local parties, as the land to be explored by the company is situated on the west side of the famous Shea homestead, adjoining the Payal mine.

The company is backed by local and Duluth interests, and representatives of the Duluth interests have been consulting with the local parties of the week. The officers of the new company are: Neil McInnis, president; W. Smith, vice president; and E. N. Morrison, treasurer.

The thirteen cases against the St. Louis River Development and Improvement company were gone over and the defendants instructed to amend their complaints when they will be ordered for trial here. One case on November 10, the New London Milling company brought suit against defendant to recover a promissory note in the sum of \$1,038.24, and upon the non-appearance of the defendant, Judge Hughes instructed the jury to return a verdict for the plaintiff company in favor of that amount.

The case transferred to Duluth is that of Albert Kotai vs. Charles W. Jelen. The two cases dismissed were those of Peter Killep vs. Christ Anderson, and the three continued are Lawrence Kovach vs. John Ognanovich, Frank Peterick vs. Madeline Peterick and Minnie Polshaw, guardian, vs. Max E. Oshorn.

The following cases, ordered to be tried in Virginia are: B. B. Rossom vs. Hannah Olson vs. Jacob Hakkaia vs. day and was buried Tuesday from the residence.

A number of Bovey ladies held a handkerchief shower at the home of Mrs. Gertrude Coleraine. A dainty lunch was served.

The Five Hundred club will be entertained by Mrs. Fred Naden this afternoon.

FIRST ENTERTAINMENT.
Chicago Ladies' Orchestra to Be Entertainers at Virginia Thursday.

Virginia, Minn., Oct. 27.—(Special to The Herald.)—The first number of the series of entertainments and lecture course by the Virginia high school will be given at the Roosevelt auditorium Thursday evening by the Chicago Ladies' orchestra.

The high school pupils will give a Halloween party at the Roosevelt auditorium Friday evening. The guests will consist of approximately appropriate to the occasion and the entertainment will consist of Halloween games and prizes, and a musical program.

Admission fee will be charged, and the public in general is invited to attend.

THEY HAD DEER MEAT.
Two Swan Lake Fishermen Get Sixty Days in County Jail.

Nashua, Minn., Oct. 27.—(Special to The Herald.)—William and Bert Stanley were brought into town Monday by a game warden, charged with violating the game laws. They are charged with having taken and were caught hauling deer meat to town.

The game warden took the two men to the county jail, where they were held for sixty days. The game warden took the two men to the county jail, where they were held for sixty days.

WM. PEYTON HEADS THE GRAND JURY

Duluthian Foreman of Body Looking Into Charges at Virginia.

Virginia, Minn., Oct. 27.—(Special to The Herald.)—District court opened here yesterday morning, Judge Martin Hughes presiding. The grand jury was organized by selecting William H. Peyton of Duluth as foreman. The grand jury will be organized to make up to last night, but it is expected that one will be handed in tonight.

Out of the sixty-three cases on the calendar, twenty-three were set for trial in Virginia, twenty at Hibbing, two were dismissed and three cont.

The thirteen cases against the St. Louis River Development and Improvement company were gone over and the defendants instructed to amend their complaints when they will be ordered for trial here. One case on November 10, the New London Milling company brought suit against defendant to recover a promissory note in the sum of \$1,038.24, and upon the non-appearance of the defendant, Judge Hughes instructed the jury to return a verdict for the plaintiff company in favor of that amount.

The case transferred to Duluth is that of Albert Kotai vs. Charles W. Jelen. FIREMAN MEETS AN AWFUL DEATH
Caught in Shafting on Steamer Bessemer, Limbs Torn Off.

Two Harbors, Minn., Oct. 27.—(Special to The Herald.)—Merrill Blood of Cleveland, Ohio, a fireman on the steamer Bessemer met a horrible death on his boat here yesterday about 2:30 p. m., by getting caught in the shafting of one of the air fans.

One of his legs was and the other arm broken. He was taken to the hospital. His companion, a fireman, was struck by the whirling body and knocked down.

The body will be taken to his home at Cleveland, Ohio, for interment.

SEVENTY-TWO INDIANS DRUNK

They Reach Cass Lake With Trunk Filled With Whisky.

Cass Lake, Minn., Oct. 27.—(Special to The Herald.)—After the Indians had drawn their pay at Onigum yesterday, and after an earnest but futile endeavor to get home at Walker, seventy-two boarded the train for Park Rapids and returned last night.

When the expressman was unloading the trunk and their suitcases as they staggered off of the train last evening, the trunk was found to contain fifty-two bottles of whisky.

All the Cass Lake saloons, except the two allowed to run, have removed all liquor and apparently are going to keep closed. It was found impossible to get a drink of liquor this morning at any of the five places ordered closed.

The condition of the six men rescued from the wrecked vessel, with the exception of the one who was killed, was such that they were unable to escape in view of the men's nerves gave way under the strain. When taken to the shore, the survivors were almost unconscious from exposure.

CLOQUET MAN INJURED.
Struck in Eye By Piece of Redhot Iron May Lose Organ.

Cloquet, Minn., Oct. 27.—(Special to The Herald.)—A peculiar and exceedingly painful injury was experienced yesterday by John Merrigan, an employee in the Northern Lumber company's machine shop.

The injured man was working on a piece of the iron broke off with the stroke of the hammer and struck him on the eye. The eye was very badly burned and it is possible that he may lose his sight.

UNKNOWN IS BURIED.
Unidentified Victim of Railroad Fatality Interred at Virginia.

Eveleth, Minn., Oct. 27.—(Special to The Herald.)—The remains of the unidentified young man, who lost his life in a railroad accident Saturday night on the Iron Range road, were buried yesterday morning at Virginia.

Efforts made by Deputy Coroner Gleason to identify the body by letters found large of stature and strong, of Finnish extraction, but no identification could be made as the features were unrecognizable.

HIBBING PERSONALS.
Many persons do not realize that a bad stomach will cause insomnia.

Coffee drinking, being such an ancient and respectable form of dissipation, few realize that coffee—containing caffeine—contains the caffeine, and is one of the principal causes of dyspepsia and nervous troubles.

Without their usual portion of coffee or tea, the coffee tories are nervous, irritable and fretful. That's the way a whisky drinker. He has got to have his dram "to settle his nerves."

To leave off coffee is an easy matter. If you want to try it, because Postum will be a gentle but natural support to the nerves and does not contain any drug—nothing but food.

Physicians know this to be true, as one from G. writes: "I have cured myself of a long-standing case of Nervous Dyspepsia by leaving off coffee and using Postum," says the doctor.

"I also enjoy refreshing sleep, to which I had been an utter stranger for twenty years."

In treating Dyspepsia in its various types, I find little trouble when I can induce patients to quit coffee and adopt Postum. The doctor's advice and "there's a reason." Read the little book, "The Road to Wellville," in pinks.

Ever read the above letter? A man appears from time to time. They are genuine, true, and full of human interest.

YEOMEN LODGE QUILTS.
Hibbing, Minn., Oct. 27.—(Special to The Herald.)—The Yeomen of America lodge, which was organized here about two years ago, and at one time had a membership of 175, has voted to discontinue its organization and return to the charter. The membership of the lodge at present is seventy-five.

Eveleth Halloween Party.

EXPECT COURT TO FAVOR DAILY
Michigan and Illinois Authorities Preparing to Appeal Case.

Chicago, Oct. 27.—Though no formal order was issued today in the habeas corpus proceedings in which Milton Daily is fighting extradition to Michigan, the Michigan and Illinois authorities are preparing to appeal from an adverse ruling which Judge Landis announced he would enter.

The federal district court judge held that the Michigan authorities were shown by witnesses that Daily had committed the crime alleged.

Allen Armstrong, former warden of the state penitentiary at Jackson, Mich., testified to acts and words of Daily in connection with the case.

Daily is accused of bribery and obtaining money from the Michigan authorities in connection with the case.

JOHN R. WALSH IS FREE, BUT MUST STAY IN CHICAGO

Judge Grosscup Denies Plea of Government to Cancel Bond. Court Finds No Reason to Suppose Prisoner Would Escape. Financier's Word to Be Good Is Pledged By Counsel.

Chicago, Oct. 28.—J. R. Walsh, whose conviction of misuse of the funds of the Chicago National bank was recently affirmed by the United States appellate court, may remain at liberty under bonds pending an attempt to appeal his case to the supreme court of the United States.

The decision making this possible was rendered in the appellate court today when Judge Grosscup denied the petition of the government to have the Walsh bond of \$50,000 cancelled. Mr. Walsh, hitherto allowed to travel about the country, must now, however, remain in Chicago.

The government's petition set forth that Walsh, with a sentence of five years imprisonment confronting him, and with plenty of money at his command, could well be expected to leave the country, repaying his bondmen.

In answer counsel for the defendant, among other things, pledged Mr. Walsh's word that he would not attempt to leave the United States, and that should his petition for a rehearing by the appellate court be denied, and the supreme court go against him, he would at once surrender himself, Judge Grosscup said.

Nothing is brought to our attention in the petition that shows any greater likelihood that Walsh will error will not remain in the jurisdiction of the court, than ordinarily exists in criminal cases at this stage of the proceedings. To sustain, therefore, the prayer of this petition would be to say that whose conviction has been affirmed, shall be allowed to be out on bail, pending a rehearing, or a rehearing, or an application to the supreme court for writ of certiorari.

This is not the attitude that courts of appeal ought to take toward parties whose appeals have not been finally passed upon. No petition is denied. "This action does not, however," (Continued on page 5, second column.)

DR. DORAN WILL NOT PROSECUTE Case Against His Wife Dismissed By Judge Finehout. St. Paul, Minn., Oct. 28.—(Special to The Herald.)—Pale and emaciated from his wounds and sickness, Dr. George M. Doran risked his health to save his wife further annoyance and was brought into police court this morning in a cab, and assisted into the courtroom.

Dr. Doran told Judge J. W. Finehout that he absolutely would not prosecute his wife and, as the principal witness in the shooting affray, refused to make a complaint, Judge Finehout said he would dismiss the case.

Dr. Doran demanded that, when the case was called this morning, he be taken to the courtroom.

HOT TIMES IN GOTHAM

Political Campaign Is in Full Swing in New York City.

Betting Thus Far Is Light, With Odds in Favor of Gaynor.

New York, Oct. 28.—New York's mayoralty campaign today reached the stage where the party leaders began to warn their followers of the dangers of over-confidence.

The fusion speakers largely pressed the issue of Tammany's alleged extravagance and "graft" in municipal administration. Tammany's orators warmly defended the record of their organization and dwelt on the asserted inexperience, weakness and general unfitness of several of the fusion candidates for city and county offices.

Gaynor Before Taxpayers. William J. Gaynor, the Democratic nominee with Tammany indorsement, is to speak tonight at several meetings, including a taxpayers' gathering at Carnegie hall.

Last night Mr. Bannard, despite an accident to his automobile, which delayed his rounds, spoke at nine meetings of the voters on the ground of foreign-born voters and Mr. Hearst at three big assemblies.

In his speeches last night Mr. Hearst incidentally disclosed interesting facts concerning his acceptance of the Democratic nomination for governor against Hughes in 1906.

"Three years ago I ran for governor of the state of New York on the Independent party ticket," he said, "and the Democratic party of the state of New York was my opponent."

REPORT DUE SOON IN THE ASTOR CASE Division of Property Instead of Alimony Is Said to Be the Plan. New York, Oct. 28.—All information concerning the action for a legal separation which Mrs. John Jacob Astor is reported to have brought against her husband, Col. Astor, is being carefully withheld from the public, though it was stated today that Lawyer C. H. Young would soon be able to submit his report as referee in the case to the court.

It is further stated that in lieu of alimony, should the separation be granted, Col. Astor will make a division of his property for the benefit of Mrs. Astor.

So far as can be learned Mrs. Astor has given no testimony before the referee.

IS NEARING THE MARK

Herald's Fund for Governor Johnson Memorial Further Increased.

Only \$20 More Needed to Raise the Total to \$1,500.

The Johnson Memorial Fund today stands as follows:

Previously acknowledged...\$1,460.02 Received up to noon today... 19.75

Total to date...\$1,479.77

The Herald's fund for the popular memorial to the late Governor John A. Johnson is now close to \$1,500. A little over \$20 more will bring it up to those figures, and it is hoped that at least that amount will be received before noon tomorrow.

The contributions today showed a falling off from yesterday's total. The sum of \$9.50 was received from the employees of the Duluth Lumber company.

FOUND HIS WIFE AND SON DEAD Room Filled With Gas Escaping From an Open Jet. Chicago, Oct. 28.—Charles H. Edgcomb today found his wife and 4-year-old son dead in bed. The room where the two lay was filled with gas which had escaped from an open jet.

Mr. Edgcomb insisted that the gas must have been opened accidentally. The apartment was ordinarily lighted by electric lights.

Other residents of the building noticed the odor of gas yesterday afternoon, but no investigation was made, and the discovery of the dead mother and son was not made until Mr. Edgcomb returned to his home today.

He declared that there was no motive for his wife to make away with herself; that their home life was happy and she was not suffering from any illness.

HUBBY SELLS WIFE'S JEWELRY FOR JUST \$5. Baton Rouge, La., Oct. 28.—Mrs. Peter Manure deposited several hundred dollars' worth of jewelry in a trunk for safe keeping yesterday.

During her absence, her husband sold the trunk for \$5. As soon as his wife discovered the sale, Manure started on a strenuous search and after several hours regained the jewelry.

Return to Washington. Washington, Oct. 28.—Ambassador Bryce and Mrs. Bryce returned last night from their summer stay at North Harbor, Me., and visits in and around New York. The Bryces have taken up their residence at the British embassy for the winter.

TRY TO BURN THE BALLOTS

Suffragettes Throw Acid and Injure Officials of Election.

Miss Pankhurst Puts Blame All on the British Government.

London, Oct. 28.—Mrs. Chapin, a suffragette, furnished an early morning thrill at the Bernadotte election today, when she smashed a bottle containing a corrosive acid upon a ballot box. Her intention evidently was to destroy the ballots in the box as a protest against the exclusion of women from some of the election officers.

Slipping into one of the booths where perhaps 1,000 ballots had been deposited, Mrs. Chapin drew from under her cloak a bottle in which ink had been mixed with a corrosive acid, and hurled the bottle on the box. The bottle smashed, and the typing acid splashed upon the election officers. A number of the officers were so severely injured as to require medical attention.

Young Girl Puts It Two. About the same time a similar attempt was made in another booth by a young girl who wore the suffragette colors. In the latter instance little damage was done beyond the burning of the fingertips of the election officers, who removed the bits of glass. So far as could be ascertained not much acid reached the ballots in either case.

Later, in an interview, Miss Christabel Pankhurst, while deploring the wounding of the officers, asserted with much emphasis: "It is the government that is responsible. It is the government that drives women to these acts."

IS CHARGED WITH COUSIN'S MURDER

Charles Smith Held in Oklahoma on Coroner's Jury Verdict. Davis, Okla., Oct. 28.—That Albert Smith, whose headless body was found in the Washita river, near here last Saturday, came to his death as the result of wounds inflicted with an ax in the hands of Charles C. Smith, his cousin, was the verdict of a coroner's jury rendered here yesterday.

The report charges there was consanguinity between Charles Smith and Nancy Smith and both were held to await the action of the grand jury.

BLUE GRASS STATE IS TOO HOT FOR HIM. Lexington, Ky., Oct. 28.—G. A. Simpson, a Grant county tobacco grower whom soldiers a few days ago aided in the destruction of his tobacco crop, announced today that he would remove to New Mexico.

The state for four, alleging that the railroad company had discriminated against them, basing much of the new rates were more than the general mileage scale applying to other lines.

The decision rendered the uniform scale is ordered.

QUARTER MILLION LOSS CAUSED BY FIRE AT BRAINERD

ASTRONOMIC SHARP KNOCKS MARS STORY

PROF. W. H. PICKERING.

Prof. Pickering of the Harvard observatory does not agree with the Chicago scientist who declares he could signal Mars if only possessed with telescopes large enough. Prof. Pickering says he has seen more in Mars with a five-inch glass than with a fifteen-inch glass at Harvard.

Almonsters, he believes, is the thing that hinders astronomers most, as the air conditions must be almost perfect in order to get the best results in the study of the planets.

Prof. Pickering was born in Boston in 1858. He led expeditions to observe total solar eclipses in Colorado in 1878; in Grenada, West Indies, in 1886; in California in 1888 and Chile in 1892; also in Georgia in 1900. He also conducted an expedition to the moon in 1904.

In 1899 he discovered Phoebe, the ninth satellite of Saturn, and showed later why it revolved in a direction opposite to all the others. He also discovered Themis, the tenth satellite. He has written a number of books and is a contributor to magazines on scientific subjects.

WATCH FOR THE BODIES

Nova Scotia Fishermen on Lookout for Hestia Wreck Victims. Believed That Thirty-Five Persons Perished in the Vessel.

Yarmouth, N. S., Oct. 28.—Along the Nova Scotia coast of the Bay of Fundy little groups of fishermen and others kept a vigilant watch today for bodies from the steamer Hestia, wrecked across the bay on the ledges of Grand Island. There was little hope, however, that any additional survivors would be picked up.

The Only Survivors. Eastport, Me., Oct. 28.—The six men, who had survived and been rescued from the Hestia, were taken to the hospital today. (Continued on page 5, fourth column.)

ITO'S ASSASSIN IS IDENTIFIED

Is Inchan Angan, Former Editor of Newspaper at Seoul. Harbin, Manchuria, Oct. 28.—The assassin of Prince Ito was identified today as Inchan Angan, a former editor of a newspaper at Seoul. He said that he was one of an organization of twenty Koreans who had taken an oath that they would kill the Japanese statesman.

The assassin used dum dum bullets, which had been poisoned with cyanide.

Columbian Block in Ruins and Odd Fellows Building Guttered.

Ransford Hotel and Wise Block Are Also Badly Damaged.

Postoffice Destroyed But All the Letter Mails Were Saved.

Brainerd, Minn., Oct. 28.—(Special to The Herald.)—The worst fire in the history of Brainerd occurred today. It started in the basement of the Columbian block on Sixth street about 5:30 this morning. At 8 o'clock that building, worth, with its contents, close to \$100,000, was in ruins, and the Odd Fellows block adjoining was gutted. This was occupied by the postoffice. The letter mails were all saved and a large portion of the fixtures were carried out. The front office fixtures are badly damaged.

At 9:30 the Ransford hotel and the Wise block, worth probably \$150,000, and the Jamieson saloon building on Fifth street took fire. The total loss may exceed \$250,000.

The Columbian block was occupied by D. M. Clark & Co., with a \$200,000 stock of general hardware, furniture and undertaking goods with \$10,000 insurance, and by M. K. Swartz, druggist, whose loss is \$14,000, with \$8,000 insurance. The second story was occupied by the Black Hawk club, residence flats and offices, and the third story by Masonic and Red Men lodges, who lost all paraphernalia, as did the Grand Army and Modern Brotherhood, Hibernians and Machinists' lodges.

Two frame buildings adjoining the Columbian building were also burned, the insurance on which has not been learned. Several dwelling houses on the North side also caught from sparks, but the fires were extinguished.

VICTORY FOR THE DEFENSE

Judge Orr Rules Against Bloody Shirt in Arbogast Trial. St. Paul, Minn., Oct. 28.—(Special to The Herald.)—Judge Grier M. Orr, presiding in the trial of Mrs. Mina Arbogast, on the charge of murdering her husband, Louis Arbogast, this morning sustained an objection of the defense to the introduction of a bloody shirt found by Lawrence Ulmer, Mrs. Arbogast's son-in-law, and identified by Mina Arbogast as her mother's property.

County Attorney O'Brien fought hard for the introduction of this bloody shirt, which was considered a vital point in his case. His rejection by this ruling of the court is a material victory for the defense.

MURDERED HIS BRIDES

Gebhardt's Record Is Said By Police to Be Revolting. Seek Other Victims of Slayer of Anna Luther on Long Island.

New York, Oct. 28.—Pressure by the police, which already has forced from Frederick Gebhardt, alias Otto Mueller, intimations that he may have done away with other wives besides Anna Luther, for whose killing he is now imprisoned at Islip, L. I., was again applied today to the man, who is believed by the authorities to have made a business of marrying women and putting them out of the way for their money.

The authorities today were working on the theory that at least three more crimes like that which Gebhardt committed at Islip could be traced to his past. In this connection they are investigating a story told them that Gebhardt, under the name of Mueller, was the man who had, in 1906, induced his wife to take a trip to Jamaica, L. I., Mrs. Mary Katz, to sell out her boarding house and turn the money over to him, as well as make him the beneficiary of her life insurance policy. Three days later she was found dead in Jersey City, and there were no signs of Mueller.

THE CONSUMER'S NIGHTMARE IN THIS ERA OF HIGH COST OF LIVING

DEFECTIVE PAGE

THE CLOTHES WE SELL

HALLOWEEN DRAWS NIGH

Festival Will Be Observed
in Duluth on Saturday.

Police Department Issues Its
Annual Warning to the
Celebrants.

Inasmuch as Oct. 31, which is Halloween, or the eve of the festival of All Saints, falls on Sunday this year, the observance of the occasion will be distributed over several evenings, although the celebration by Young America will likely take its most violent form Saturday night.

Although Halloween is a relic of pagan times, it is still generally observed by the youngsters in the commission of various minor depredations and by adults in the same spirit, which take on a mystic atmosphere supposed to be in keeping with the original conception of the date.

Many parties will be given Saturday and Sunday evenings. In true Halloween fashion, with decorations and jack-o'-lanterns made from pumpkins and other worldly reminders of nocturnal spirits.

Also, the small boy will busy himself in removing gates from the fences of the city, and by adults in the same spirit, which take on a mystic atmosphere supposed to be in keeping with the original conception of the date.

The police department has issued its annual warning to the would-be celebrants, proclaiming that any one who does any actual damage to property

will be promptly locked up, if they are caught.

Consider that Halloween good form for the youngsters to soap their windows, unless they are stupid enough to get caught at it, but such tricks as tripping pedestrians or doing actual monetary damage to property will be strictly tabooed. This also applies to dressing the car tracks.

Halloween, or Hallow-even, is so called as being the eve or vigil of All Hallows, or the festival of All Saints, which is Nov. 1. It is associated in the popular imagination with supernatural influences and is a relic of pagan times.

The eve is quite generally observed throughout the world, but particularly in the British Isles and the United States. In the North of England it is called Nutcrack night, and in some parts of Scotland it is regarded as a most superstitious night. The natives aver that children born on Halloween can talk to the spirit world at will. But in most places, in these modern times, it is merely an occasion for the children to tip gates and wave illuminated pumpkins or, dressed in their best, bob for apples at a party.

"Sincerity" Clothes are sold in Duluth at the popular Columbia Store.

MAN WITH UGLY KNIFE
POURS KEROSENE OIL
INTO SALOON STOVE.

K. Koski is spending twenty days in the county jail because he took pleasure in pouring kerosene oil into the stove of a saloon.

The festive cup in Carman Lorenz's saloon at Mesaba. He playfully poured kerosene oil into the stove and caused a merry blaze. When he was placed under arrest, an open knife was found in his pocket. The justice of the peace declared he was an undesirable citizen, but let him down with twenty days.

at 8:15 p. m.

Tickets 25c. Free for C. A. Youth Scholarship Fund.

SHOT HUSBAND

IN HIS CELL

Tragedy in Harrison Street
Police Station at
Chicago.

Chicago, Oct. 28.—Two hours after causing the arrest of Abraham Levy, on a charge of abandonment, Mrs. Esther Levy, his wife, visited the cell room of the Harrison street police station today and before the startled keeper had a chance to utter a word, she shot through the bars at Levy, inflicting a fatal wound.

In the building at the time were a score or more of policemen. Mrs. Levy had no difficulty in obtaining permission to visit her husband. She stood in the corridor of the prison, who remained locked in his cell. Suddenly she drew a revolver which had been concealed beneath her jacket and fired. She was taken to the women's ward of the station, where she became hysterical. The victim of the shooting, who is a tailor, was removed unconscious to a hospital.

CHOSE SUICIDE RATHER

THAN FACE A SHORTAGE.

New York, Oct. 28.—That W. H. Purdy, manager of the Grosvenor hotel, chose death rather than face the consequences of a shortage of several thousands of dollars in his accounts is the expressed belief of the police today, as the result of statements made to them by the owners of the hotel.

Purdy's body was found late yesterday in his room, where he was sought after by the police. The body was found under the bed, and the police today, as the result of statements made to them by the owners of the hotel.

Engel's Chances Poor.

Sioux City, Iowa, Oct. 28.—A special to the Journal from Washington says: Land Commissioner J. H. Proudford, when seen today by the correspondent of the Journal, declined to make a ruling in advance on the case of William Engel, of the Great West, who drew No. 1 in the Aberdeen land drawing, but it was pointed out at the land office that under the law on second homestead entries Engel has little or no chance of holding No. 1.

Heb Doctor Held.

Fall River, Mass., Oct. 28.—"Prof." Frank Hill, herb doctor, was held without bond by the grand jury today for the murder of Miss Amelia St. Jean, of New Bedford, R. I., whose dismembered body was found in sections along the Bulgar marsh road two weeks ago.

LIST OF NEW CASES LIGHT

November Term Gives District Court Chance to Catch Up.

One Judge Will Be Kept Busy With Criminal Cases.

The closing of filings for the November term of district court last evening revealed a peculiar situation. Instead of the heavy calendar expected by the clerk there were but 140 cases on file in all, and 102 of those were continued from the last term. The calendar is lighter than any for a long time past.

The continued list is exceptionally heavy and the list of new cases exceptionally light. It is probable that a greater percentage of cases than usual will be set for trial as the attorneys have had plenty of time in which to prepare their cases, so that the small total number of cases really make little difference in the amount of work for the term.

The court officers are rather glad that the number of filings is small, as the court will then have a chance to catch up. The frequency of terms with the attendant interruption of proceedings for the drawing of jurors and the starting of new terms under way has caused more or less delay in the trial of cases, especially those on the criminal calendar. The November term will have two months to run, however, and it is hoped that by the time the January term opens all of the cases now pending will be disposed of.

There are six criminal cases continued from the September term and an equal number from the October term. Some of the cases are particularly interesting. The charge is murder, are expected to be tried during the term. The judge will be busy during nearly all of the November term in the trial of criminal cases alone.

ROLLER SKATING RACE

AND CARNIVAL TONIGHT

Given by the Adams Athletic Association at the Lincoln Park Auditorium.

Free admission for a cash prize of \$5. No children allowed on this night. Tickets 25c. Skates free. Door rights reserved.

LAND LOTTERY

IS COMPLETED

Drawing of the First 10,000

Names Is Finished at

Aberdeen.

Aberdeen, S. D., Oct. 28.—The drawing of the first 10,000 names in the Cheyenne river and Standing Rock Indian land was completed at 2 o'clock today. This finishes the number actually required to file on claims.

An additional 10,000 names will be drawn, however, to cover any possible deficiencies which may occur when the names are actually drawn.

Interest in the drawing was lagging, and persons from other states, who were here to watch the proceedings, have nearly all left town.

BRYAN WILL

VISIT DULUTH

Reception to Commoner Will Be of Informal Nature.

William Jennings Bryan will not be tendered any formal reception upon his arrival in Duluth tomorrow upon the Canadian Northern. T. T. Hudson, a close friend of the commoner, said today that nothing definite had been learned as to the time he will reach Duluth. He said that it was possible he might be here until the 30th.

The three-time candidate for the presidency has been at Fort Snelling since he met him when the train pulls into the union station and escort him to the hotel. He is known now, he will make no address in Duluth.

THE BEST

DENTISTRY

Trained skill is ready here to aid you to tooth comfort. If you have been disappointed elsewhere and have gotten ill-fitting artificial teeth or poor dentistry of any character, come here and be sure of final and lasting satisfaction. Our crown and bridge work pleases everybody, skillfully made of pure gold and skillfully put in. Painless method used exclusively.

Examination and consultation free.

STORER

DENTAL CO.,

Over 5 and 10 Cent Store.

Y. M. C. A. ACTIVITIES

What will probably be the most interesting of the talks to be given during the year of the Y. M. C. A. Sunday meetings for men will take place Sunday afternoon, when Matt Daly, who was convicted as the local Bethel while the head line was in full blast, during the winter of the panic, will speak of "From Prison to Pulpit."

Mr. Daly has been a day himself. "Everything that God ever let a man be," lumberjack, sailor, burglar, petty thief, and his worked his way around the world playing such of his trade.

Mr. Daly, since his conversion, has been studying and preaching at each place.

He goes out under R. E. Higgins, lawyer, and the country as the "Shy Pilot."

The man who has had such an interesting career has also spent some twelve years in prison for various acts committed by himself, and he will tell of all the horrors of prison life.

On the evening of Nov. 13 Brush, the famous magician will give an entertainment in the assembly hall. On the evening previous he will entertain the audience with a variety of acts. Ash Davis, the cartoonist follows Brush with an entertainment, the date of which has not yet been set.

The campaign for new members is going merrily on and the various committees are reporting much success.

At the Boys' Department.

A Halloween party will be given Friday evening. Departed spirits will hold forth at this party and those in charge promise their guests very unusual sights.

Tonight the camp over outting committee will be in session. They are planning the outings for the winter months and hope to make them more popular than ever.

Friday evening the Sunday club will meet. At this meeting the Sunday meetings will be talked over and plans made for the speakers.

Norman D. MacLeod and J. R. Batchelor are planning the annual Thanksgiving day relay race across the city. This event will be run off on the morning of Turkey day, beginning at West Duluth and ending in the East end. Each boy will run a quarter of a mile. Automobiles will pick up the boys as they finish their distance.

Elks in large numbers from nearby towns are coming in force to help the local lodge members celebrate and a big time is anticipated.

D. D. Pines of the Crookston lodge, and also district deputy grand exalted ruler Albert S. Hall of Minneapolis, and Daniel Lawler of St. Paul are down on the program for speeches.

A rough social session will follow the dedication services.

AN INFANT IS

BEHIND THE BARS

Mesaba Woman Brings Baby to County Jail for Three Months' Term.

Probably for the first time in the history of St. Louis county, there is a baby behind the bars of the county jail. Unless other arrangements than those existing at present are made, it is likely the child will remain there for the next three months.

Mrs. Katoris Reboris was brought to the jail this morning to serve ninety days for conducting a blind pig, she brought her baby, a few months old, with her. The jailers know who the mother is, but leave the child with her and she and the child now occupy a cell in the women's department.

Mrs. Reboris lives at the town of Mesaba. When she was arrested for conducting a blind pig, the fact that she was the mother of four or five small children didn't save her from the penalty of violating the law. She was taken to the county jail, where Deputy Sheriff Sig Levy called at her house in Mesaba to the county jail, she had all of her children ready for the trip. She said she would go to jail, they went too, for she wouldn't be separated from them.

The deputy sheriff has practiced upon her to leave all of the children at home except the infant. She refused to leave the youngest child so it was brought along to spend a portion of its young life behind the bars.

DEED COVERS

BIG LAND DEAL

The Schussler Company Buys 6,200 Acres in St. Louis County.

A deed, covering one of the largest single land deals closed in St. Louis county for many months, was filed with the register of deeds this morning. It conveys 6,200 acres in townships 60 and 61-14 from the Embarras River Land & Investment company to the Schussler company, a floodwood corporation. The consideration involved is not disclosed in the deed.

LONDON'S SUBWAY SYSTEM.

London is underlain by a network of subways, or tubes to use the British name for an underground line. These roads have been constructed and are still owned and operated by wholly or partly independent companies.

Thus, says Moody's Magazine, there is the Metropolitan line (the old Underground), seventy-one miles in length; the Great Northern and Piccadilly line, nine and quarter miles in length, which is a double tunnel worked by electric motor power; the Baker street and Waterloo line, nine and a half miles in length, which was originally one of Whitaker, Wright's enterprises; the Charing Cross, Euston and Hampstead line, about eight miles in length; the Central London line, six and half miles in length, which consists of two separate parallel tunnels worked by electric motor power; the City and North London line, from Fenchurch street to the north end of City road, Islington, with an authorized mileage of twelve and a half miles, consisting over a half of which is in operation.

These lines cross and intersect at various points, making it possible by transfers to go almost anywhere underground.

The cost of living will be reduced 100 per cent if the wholesale of Barth-Martin company.

With Not Leave Boat.

Vicksburg, Miss., Oct. 28.—Reports from the steamer Oleaner at Greenville, Miss., and take a train to Vicksburg, are denied by railroad officials. A dispatch from Greenville announces that the original plan of entering the city by river will be carried out. All vessels were ordered out of the river during the presence of the visiting fleet.

The cost of living will be reduced 100 per cent if the wholesale of Barth-Martin company.

On His Way to Vicksburg, Natchez and New Orleans.

Memphis, Tenn., Oct. 28.—President Taft and his party are steaming down the Mississippi river today en route to Vicksburg, Natchez and New Orleans. The steamer Oleaner, carrying the president, left here last night two hours late. It is believed the Oleaner will make up some of the lost time, as she is steaming ahead of the other vessels. Vicksburg will probably be reached this evening.

RACE SUICIDE NOT POPULAR

In Midland, Tex., Where Mrs. Gardenhire Found That Cardui, the Woman Tonic, Prevented Suffering.

Midland, Tex.—Mrs. Willie Gardenhire of this place writes: "I have had five children, but with the last I found that Cardui, the woman's tonic, prevented much pain and suffering."

"I think Cardui a God-send, as a medicine for weak women, and I will always praise it to every suffering woman, for I know it is good."

Cardui a fair trial.

If every sick lady would only do so womanly troubles would not be so prevalent as they are, for the curative value of Cardui, in such cases, has been amply proven by its success during the last half century.

The principal ingredients of Cardui have to be imported direct from Europe by the manufacturers, not being for sale in this country, and the finished medicine itself is a scientific remedy of real merit which is "different" from any other medicine prescribed or recommended for women's use.

Do not accept substitutes for Cardui, as no other medicine has its peculiar, curative, tonic, strengthening power.

The genuine is sold at every drug store. Try it today.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

NEGAUNEE STUDENT WINS.

Elected President of Organization at College of Mines.

Negaunee, Mich., Oct. 28.—(Special to The Herald.)—William Curley of this city, a student at the Michigan college of mines has been elected president of the students' organization for the coming year.

The contest between Messrs. Curley and Wagner was the most spirited one that has been held at the college for some time. Mr. Curley won by twenty-four votes.

JAPAN COMMISSION VISITING IN READING.

Reading, Pa., Oct. 28.—The stay of the honorary commercial commission of Japan, who arrived in Reading last night, was crowded today with sightseeing. They visited the resorts on South Mountain and were taken through the fertile Lebanon valley and shown the agricultural methods of the Pennsylvania Germans. In Bethlehem they were guests of Charles M. Schwab at the Bethlehem Steel works, and visited Lehigh university and the Moravian seminary.

Mr. F. G. Fritz, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Kidney and Bladder Pills. It is the best remedy for constipation and liver trouble." Foley's Kidney and Bladder Pills are pleasant, and effective, and cures habitual constipation. Sold by all druggists.

The Minnie War Around Boston.

The war game held in August, which some 1,000 militia, divided into an invading and a defensive army, battled in mimic warfare for the possession of Boston, was probably the most extensive ever played in the United States. The table between the people of the United States is golden grain held here and every family should have a case in their cellar and drink it regularly with their meals. Order of your nearest dealer or be supplied by Duluth branch Minneapolis Brewing company.

The cost of living will be reduced if you buy groceries at wholesale of Barthelme-Martin company.

WEST END SYRIAN PRIEST VISITS DULUTH

Will Conduct Services Here for the People of His Race.

Father Abraham Stephen, a Syrian priest from Palestine, arrived in Duluth yesterday to conduct services for the benefit of the Syrians and Greeks, who have no priest of their own in this city.

Father Stephen said mass at the St. Clement's church on West Third street at 9 o'clock this morning for a number of Syrians, who are members of the various Catholic churches in the city but who cannot understand the English tongue.

He will be in Duluth for a week on his mission. Every morning, except Sunday, he will say mass at St. Clement's church at 9 o'clock and on Sunday the hour will be changed to 7 o'clock. Bishop McGortick of the local diocese has granted him permission to use the West end church.

Father Stephen is the pastor of a church in Palestine but for the past year has been touring the United States doing this work. He is a fluent speaker in his native tongue. He studied for a number of years under the Jesuit fathers.

BANQUET FOR ADAMS MEMBERS

West End Organization Will Have First Annual Dinner.

Arrangements have nearly been completed for the first annual banquet of the Adams Athletic association, which will be held tomorrow evening at Columbia hall, Twentieth avenue west and Superior street. Covers will be laid for more than 100.

A program of impromptu speeches in response to toasts will be a feature of the evening. Platten's orchestra will furnish the music during the feast and for the dance which will follow.

Axel Erickson, the president of the association, will be toastmaster. Among the speakers will be: John Galtman, manager of the football team; Frank Mork, manager of the baseball team; Andrew Greener, captain of the football team; James White, captain of the baseball team; Mike Wagner, Thorwald Behrens and Silas Olson.

This evening the Adams association will give a roller skating carnival at Lincoln park. A prize will be given to the winner of a free-for-all race.

WILL HAVE BANQUET.

Norwegian-Danish Society Planning for Annual Feast.

The Epworth League of the First Norwegian-Danish M. E. church has decided to give its first annual banquet at the church on Nov. 13.

The program committee is now arranging a list of toasts which may include a number of the prominent speakers among the Methodist clergymen of the city.

A meeting of the arrangement committee will be held this evening at the church.

INSURANCE MAN WILL LEAD PRAYER MEETING.

J. G. Hale, traveling auditor for the Fidelity Casualty Company of New York city, will conduct prayer meeting services this evening at the Central Baptist church, Twentieth avenue west and First street. Mr. Hale is well known to a number of local people. He formerly visits Duluth once or twice a year.

C. O. F. Meeting.

St. Louis court, C. O. F., will hold its regular meeting this evening in St. Jean Baptiste hall. At this meeting the members of the joint committee

TO CONDUCT CAMPAIGN FOR LAW ENFORCEMENT

Who Will Act as Head of the Anti-Saloon League's Legal Department.

The Minnesota Anti-Saloon league, which has its headquarters in Minneapolis, has just announced the appointment of W. I. Norton of that city as its attorney, and he will take a leading role in the vigorous campaign against the liquor traffic, which the organization is about to renew with more vigor than it has displayed in the past.

Mr. Norton will be the head of the league's legal department, which will work strenuously for law enforcement in every county. He is said to have a thorough understanding of the nature of his new duties, for he has not only enjoyed a general law practice in Minneapolis, but for some time past has

been attorney for the Minneapolis Civic Federation. In this capacity he is said to have given invaluable aid to the foes of liquor in Minneapolis, the wine rooms being closed through the efforts against them which he instigated. For two years Mr. Norton has delivered addresses for the league on Sundays.

Mr. Norton is a graduate of the Marshall, Minn. high school and of both the academic and law departments of the University of Minnesota.

The Anti-Saloon league is planning to take a prominent and energetic part in the next political campaign, and is gathering a formidable force of workers of which Mr. Norton is the latest addition. P. J. Youngdahl is the state superintendent, and Elias Raichle, legislative superintendent.

What has been done for the past few weeks in soliciting new members.

WARD POLITICS.

Little Activity Has Been Shown in the West End.

There is but little activity in a political way at this fall, according to George M. Jensen, president of the West End Republican club. No one has yet declared himself as an aldermanic candidate, but the Republican club will meet next week, and it is probable that a candidate will be brought out then.

George M. Jensen has been spoken of for aldermanic but says he is not anxious to enter the race. The Democratic choice of the Sixth ward seems to be Louis Lavigne but Mr. Lavigne has not stated his intentions in the matter yet.

John Molr is spoken of as the Republican choice in the Seventh ward, with J. A. Moe as a possible candidate for re-election. Among the Democrats mentioned are William Benard, C. C. Johnson and James Hart.

Halloween Party.

The Halloween party of the Twentieth Century club of the West end will be held this evening at the Neighborhood West end. The usual games in keeping with the traditions of the day will be played.

The party will be under the supervision of Miss Adele McClearen. The boys of the club will present a little sketch, "Jumping Nellie's Claim," during the evening. Refreshments will be served.

Last evening the Knights of the Round Table held their party. It was a very enjoyable affair.

West End Shortfalls.

Mrs. John Hurlie of Woodland will entertain the Young Ladies society of the First Swedish Baptist church of the West end at her home tomorrow evening.

Rev. Carl Nelson, pastor of the Swedish Mission church, left this morning for Moose Lake, Minn., where he will conduct services this evening. He will return to Duluth tomorrow.

Otto Hammerback, Arthur Person and Rev. Swane Nelson of the Swedish Baptist church will leave tomorrow for St. Paul to attend the annual rally of the Baptist Young People's Union of the state as delegates from the local society. Rev. Nelson will speak on the program.

Mrs. Gust Johnson of 2118 West Fourth street entertained the Dorcas Circle of the Swedish Bethany Lutheran church at her home this afternoon.

William H. Drury, who was arrested yesterday morning on a charge of petty larceny, accused of taking two suit cases from his home, pleaded not guilty when arraigned yesterday. His hearing was set for Tuesday.

The Ladies Aid Society of the First Swedish Baptist church will hold a sale of useful and fancy articles this evening in the church.

Mrs. Bada Heimer and Peter J. Johnson were married late yesterday at the residence of Rev. C. G. Olson of 2305 West Third street. They will make their home at Proctor.

TWO CASES ARE DRAGGING ALONG

Slow Progress Being Made in the Matel Murder Trial.

The two cases on trial in district court, the last cases of the October term, are dragging along and they will probably not go to the jury until tomorrow.

The trial of Victor Matel for the murder of Adolph Matlis is moving slowly, the state not yet having rested its case. Most of the witnesses cannot speak English and the taking

of testimony through an interpreter is a slow proceeding. The defense's case will be short at this trial, the defense resting principally on the cross-examination of witnesses to support its contention in regard to the killing.

Before Judge Ensign, the defense is putting in testimony in the case of John L. Madden against the Duluth & Iron Range Railway company. Madden is suing for \$25,000 for injuries he alleges he sustained through the negligence of the company while he was in its employ as a locomotive fireman.

The cost of living will be reduced if you buy groceries at wholesale of Barthelme-Martin company.

WILL BEGIN WORK ON THIS SIDE

Contractor Runquist Ready to Grade Road on Steel Site.

Work on the grading for the Interstate Transfer railway, on this side of the state line, will begin in a few days. At the present time Contractor John Runquist, who has been doing the grading on the Wisconsin side of the line, is awaiting orders for the starting of work on the Minnesota side.

The grading will be done from the site of the steel plant to the approach to the bridge over the St. Louis river. It is expected that the grading work will be carried on late into the fall.

ONE KILLED, FOUR HURT BY TRAIN RUNNING AWAY.

Pittsburg, Pa., Oct. 28.—One man was killed and four others seriously injured today by a train on a mountain road running away and going over an embankment at Dunbar, near here. The train belonged to the Tri-State Lumber company, by which the five men were employed.

LOVETT IS PRESIDENT OF SOUTHERN PACIFIC.

New York, Oct. 28.—Robert S. Lovett was today elected president of the Southern Pacific company to succeed the late E. H. Harriman. To succeed Mr. Lovett as vice president the directors elected William Mahl, controller of the Southern Pacific company.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally, in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists. Take Hall's Family Pills for constipation.

Come In and Hear the New Victor and Edison Records for November

Among the new Victor records is one by Dr. Cook, telling how he found the North Pole. This month's list of records is a fine one. We have a complete stock of them. Always glad to play them for you. Come in and hear the November records.

MINOT BURGLAR CAUGHT.

Youth Taken Red-Handed in Act of Robbing Clothing Store.

Minot, N. D., Oct. 28.—Caught in the act of robbing L. M. Wilson's clothing store, a boy giving his name as Clem Culligan is in the city jail, and the police are scouring the surrounding

country in the hopes of apprehending his companion, who was believed to be the fingered.

The robbery was discovered by Ed Schreppel, who while on his way to his home on the North side, saw a man in the store. Thinking it was the clerk, Mr. Schreppel stopped and tried the door. The actions of the occupant aroused his suspicion, and he immediately notified the police, who were on a nearby corner. One man escaped, but Culligan was caught red-handed in the store.

Fleet Ahead of Schedule.
Manila, Oct. 28.—The wireless stations here picked up fragments of messages today, evidently from the United States Pacific fleet, which is voyaging to Manila from Honolulu. The location of the cruisers could not be made out. The fleet is due to arrive Monday, but seems to be ahead of the schedule.

ICE CREAM

The educational department of the Young Women's Christian association has the year's work well under way, and in every department there is an interest shown which promises that the first year's work in the new building will surpass all expectations and make the influence of the work felt through a much larger territory.

FIFTEENTH MEETING Of State D. A. R. Is Held at Minneapolis.

The fifteenth annual meeting of the Minnesota Daughters of the American Revolution was held yesterday at Minneapolis. The two local chapters were well represented at the meeting.

RE-ELECT OFFICERS.

The annual meeting of the Duluth branch of the Needlework Guild holds its annual meeting.

SHOW PORTRAIT.

Picture of Well-Known Duluthian Is Finished.

Albert Salzbreinner, a New York artist, who has a studio in Duluth for a time at the Seaside building, has just completed a portrait of H. M. Peyton of this city which will be of interest to many Duluthians.

Annual Meeting.

The annual meeting of the Women's Missionary union of the city will be held tomorrow afternoon at 2:30 o'clock at the parlors of the First Methodist church.

Informal Afternoons.

Mrs. Ernest Lechman entertained informally yesterday afternoon in honor of Mrs. Grace Ely, who is the guest of Mrs. L. S. Loeb.

Card Parties.

Mrs. Samuel Kassim entertained at cards Tuesday evening at her home, 419 First avenue west in honor of her niece, Mrs. S. Lavick of Chicago.

Card Parties.

Mrs. J. T. Armstead entertained at cards yesterday afternoon at her home, 5130 London road. Bridge was played at six tables and favors were won by Mrs. Eugene Kelly and Mrs. Waite.

Personal Mention.

Mrs. Louis Mondeau, who was the guest of her daughters, Misses Louise and Mayme Mondeau of 326 West Third

street for a week has returned to her home at Chicago. She is a native of Illinois and has been climbing mountains for several years.

Good Milk Toast.

Well-made cream or milk toast is nourishing and appetizing, excellent as a support food for small children, says an exchange.

THE EVENING STORY

Messenger Thirteen

By J. W. Morrison.

(Copyrighted. All rights reserved.)
Messenger Thirteen of the Scorchers Delivery company handled the dainty package that had been waiting for him. When he considered that he had attracted sufficient attention among the other messengers he remarked in a studiously indifferent tone:

"Say, you kids didn't know I was a messenger?"

The effect was just as Messenger Thirteen could have desired. Every other messenger on the long bench was all interest in an instant.

"Where's the package?" he asked. "Inquired Messenger Seven with avidity."

Messenger Thirteen cast a look of scorn at his companion.

"You kids ain't got no sentiment in you," he said, "I ain't rabbit up no prize fight. I've brought two hoards together, and that's all the story."

"Double harness, and the wedding bells will be ringing soon, and Cupid'll land another winner."

"Ah, out out the Laura Jean Libby business and tell the gang what's happened on the long bench was all Messenger Thirteen assumed an injured air.

"Guess you'd be chatty, too, if you'd see what this says," he retorted, flaunting the bit of paper before the eyes of his associates. Listen to this: "Mr. and Mrs. Reginald Stuyvesant request the pleasure of your company at the marriage of their daughter, Geraldine."

"That's just the thing," said Messenger Thirteen, "I'm going to marry Montmorency Smythe in one of them swell churches. And if it hadn't been for me there wouldn't have been no wedding, nor nothing, but a pretty girl with a busted heart and a fellow what would have been down on his knees."

Gidding Millinery

Is Millinery Chic and Fashionable—Yet Individualized.

The Hat that lends the wearer entrancing individuality is the Hat that's two-thirds dash or genius—and one-third exquisite quality. This might be said to be the make-up of the "Gidding Hat"—for the magic blending of colors and the unhackneyed knacks of trim lend "chicness" and "grace" to the favorite Russian Toques—the sumptuously draped Turbans, the new and fetching Boat Shaped styles—the jaunty Pressed Felts, and the even popular and fetching Big Broad Brimmed Styles.

Fur Hats, Hats of Hatter's Plush and Beaver are among the most elect of the season favorites. Street Hats \$1.50 to \$18.00; Semi-Dress Hats \$12.50 to \$100.00.

J. M. Gidding & Co.

"Correct Dress for Women."

maybe you kids are wise now to where I got that swell new wheel."

STAGE DOLL NOW A DIVORCEE

Vaudevillian, Well Known to Bijou Patrons, Gets a Decree.

"The Mechanical Doll," who will be remembered by patrons of the Bijou theater, is no longer the wife of Claude K. Smith, also a vaudevillian. Her plea in the courts at Detroit for a divorce from Smith has just been granted.

Mabel Smith, the self-styled "mechanical doll," sought the separation on the ground of cruelty, averring that her spouse and vaudeville partner beat her when she smiled at people; beat her if she looked at men, and went into a tantrum if she spoke to him as much as spoke to one of the opposite sex.

The doll's mother, when she dipped her car in the troubled sea of infant matrimony, declared that Claude was a hard drinker, and, as a part of the Smiths' act demanded that Mr. Smith carry his doll-like spouse through the audience, her daughter's life was not safe.

After hearing the evidence, the court granted the decree.

Mrs. Smith's stage stunt is to imitate an automaton, a war doll, a feat which she has performed a number of times in the local vaudeville house. After acting the automaton for some minutes, she closes her turn by bursting into a hearty, natural laugh and scampering off the stage. She is only 22 years of age.

Shot Over a Bill.

Minot, N. D., Oct. 28.—Because he refused to pay his bill, over which there had been a row, Minot resident, was shot and seriously injured by A. Kraemer, a shoemaker.

"Sincerity" Clothes are sold in Duluth at the popular Columbia Store.

TWO NOTABLE FACTORIES IN RAILROAD CAMPAIGN

Commercial Club Committee Secures New Refrigerator Car Service.

Also a Promise That New Freight Depot Will Be Considered.

A promise of the inauguration of a refrigerator car service, with heated cars in the winter, that will mean an increase of thousands of pounds in the shipments of perishable freight by Duluth jobbers and wholesalers, was secured from P. B. Belknap, superintendent of refrigerator service of the Great Northern railway, at a conference held today between the Great Northern representative and members of the Commercial club.

Mr. Belknap promised that a tri-weekly service of refrigerator cars will be inaugurated between Duluth and points west of Grand Forks, N. D. The fulfillment of this promise will mean that Duluth houses will be enabled to ship a great amount of perishable freight to western points where now they are limited and discriminated against because of the lack of adequate service.

At the request of W. J. Power, the local general agent of the Great Northern railway, Mr. Belknap came to Duluth to meet the representative of the Commercial club, for the purpose of reviewing the existing conditions, with suggestions from both Mr. Belknap and the local men, that might be done to improve them.

Mr. Belknap promised the service referred to, but he also promised to take up the matter of a new freight depot for Duluth.

The Commercial club committee will be in a position to make a new freight depot, which will be a great improvement to the city.

ACTIVITY IN COPPERS

Rumors of Big Amalgamation Cause Revival of Interest.

Busy Sessions in Both the Boston and Duluth Exchanges.

With rumors of a big copper combination, which will be to that trade what the United States Steel corporation is to the iron and steel industry, filling the air; with a feverish demand for the leading issues on the Boston stock market; and one of the greatest sessions for volume of business in the history of the Duluth exchange, there was plenty to interest followers of copper shares today.

The conviction that the Cole-Ryan interests, the Amalgamated people, the Engstroms and Phelps, Dodge & Co. are planning a combination of the copper industries under their control is growing, and with it the conviction that such a merger would be the best thing that could happen to the copper business.

These convictions were reflected in the buying of leading shares in the Eastern markets today. The session was very active around \$1.25 and \$1.30. Carman sold at \$1.25 and \$1.30. Butte and Superior advanced from \$1.15 to \$1.20. Both were in very good demand.

An effort was made to get a statement from T. F. Cole, who is now in St. Paul, but he could not be reached. He is believed to be in St. Paul.

The Duluth exchange, the total sales being 29,715 shares, Carman & Montana was very active around \$1.25 and \$1.30. Carman sold at \$1.25 and \$1.30. Butte and Superior advanced from \$1.15 to \$1.20. Both were in very good demand.

A rumor in the Eastern markets today was that W. E. Cole, who is now in St. Paul, but he could not be reached. He is believed to be in St. Paul.

The Duluth exchange, the total sales being 29,715 shares, Carman & Montana was very active around \$1.25 and \$1.30. Carman sold at \$1.25 and \$1.30. Butte and Superior advanced from \$1.15 to \$1.20. Both were in very good demand.

CANNON NOT CONVERTED

Still Opposed to Issuing Bonds for Waterway Improvement.

President Taft Believes That Congress Must Act at Once.

Greenville, Miss., Oct. 28.—President Taft on board the steamer "Oleander" passed here this morning shortly after 11 o'clock, and expects to reach Vicksburg about 9 o'clock this evening, six hours behind the schedule. The program in Vicksburg will undoubtedly be cut down simply to the banquet, which has been arranged in his honor.

The conviction that the Cole-Ryan interests, the Amalgamated people, the Engstroms and Phelps, Dodge & Co. are planning a combination of the copper industries under their control is growing, and with it the conviction that such a merger would be the best thing that could happen to the copper business.

These convictions were reflected in the buying of leading shares in the Eastern markets today. The session was very active around \$1.25 and \$1.30. Carman sold at \$1.25 and \$1.30. Butte and Superior advanced from \$1.15 to \$1.20. Both were in very good demand.

An effort was made to get a statement from T. F. Cole, who is now in St. Paul, but he could not be reached. He is believed to be in St. Paul.

The Duluth exchange, the total sales being 29,715 shares, Carman & Montana was very active around \$1.25 and \$1.30. Carman sold at \$1.25 and \$1.30. Butte and Superior advanced from \$1.15 to \$1.20. Both were in very good demand.

A rumor in the Eastern markets today was that W. E. Cole, who is now in St. Paul, but he could not be reached. He is believed to be in St. Paul.

year while in the employ of the Shogun Furnace company on the range. Malestis's appointment carries with it authority to make a settlement with the company of Malestis's claim for \$200 and also to receive \$150 from the Miners' Aid fund. Morish had his left leg broken and his right leg considerably bruised in the accident.

Bank Clearings.

Duluth bank clearings for the week ending Thursday, Oct. 28, were \$7,383.710.81.

Change of Venue Asked.

An application has been filed in district court for a change of venue of a case brought in Crow Wing county against it by August Melby. The county claims the right to have the case heard in St. Louis county.

Phillips Funeral.

The funeral of E. L. Phillips will be held Friday afternoon at 2 o'clock from the residence, 224 Fourth avenue east.

There is No Delay When Cameron Republishes 'our' furniture. Both 'phones.

Temple Services.

"The Right to be Angry" will be the subject of a sermon by Rabbi Leff-Kovits at Temple Emanuel tomorrow evening.

Die in Asylum.

Judge J. B. Middleton of the probate court has been notified that the steamer Fergus Falls insane asylum of two patients committed from St. Louis county. Otto Nikander, who was committed Dec. 15, 1906, died Oct. 24, of this year and Peter Mikon, who was committed Dec. 15, 1906,
